

SAINT PAUL.

MONDAY NOTATIONS.

Mayor Wright signed the bicycle ordinance yesterday. Charles Hamilton was sent up sixty days yesterday for stealing a baseball cap. The fire commissioners were to have held a regular meeting last night, but no quorum appeared. John Demm, the crook recently out from Stillwater, was yesterday given thirty days for vagrancy. He is the "strong arm" worker. The book reception for the city hospital, which was to be held at the Y. M. C. A. at the House of Hope church, has been postponed till after the holidays. "Master and Man" is providing a remunerative attraction at the Grand. It is popular in many of its scenes and the stage settings are strikingly realistic as well as being of considerable artistic merit. Diphtheria was reported to the health office yesterday from 282 Lisbon, 283 Charles, 283 Platten creek and 182 Broudo streets, and scarlet fever was reported from the corner of Nash and Mississippi streets. At Hotel Metropolitan—J. H. Barker and wife, B. Haskell and wife, Missoula; Bernard S. Dick, Montana; C. M. Fernald, Hudson; H. E. Cale, Chicago; J. A. Morgan, Philadelphia; F. F. Rooney, Omaha; J. O. Gilpin, New York. Another large audience assembled at the Metropolitan opera house last night to witness the magnificent production of "Fountain" by James O'Neill, and his excellent company. "Fontenelle" will be presented at the Metropolitan for the remainder of the week, with Saturday matinee only.

POLICE PENSIONERS.

Tom Kenaley Placed on the List—Clark's Age Settled.

The only thing done by the police pension fund commission yesterday was to place Officer Thomas Kenaley on the retired list at half-pay, according to the provisions of the law. A communication was received from John Vortzil asking to be placed on the pension roll, but it was referred to the city attorney. It will be recalled that John Clark holds a policy with the Bankers' Life Insurance company, in which his age is stated at less than fifty years. This discrepancy was straggled into the hands of W. Leonard, who wrote the policy, made an affidavit that a mistake was made in writing the policy, and that the insurance company has been cognizant of the fact for a long time. This was satisfactory to the board. William O'Keefe, turnkey at the central station, which was retired on half pay June 24, 1872, and this, close together with that of John Vortzil, was finally referred to a special committee composed of Waterstoff, Doran and Pike. The board came to the conclusion that Mrs. Natak, whose husband is in the insane asylum, is not eligible under the law.

JUNIOR PIONEERS.

They Will Be Entertained With an Address and Music Tonight. The Ramsey County Junior Pioneer association will have the pleasure of listening to an able address this evening at their regular monthly meeting. The address will be delivered by Judge Charles E. Flaudrau, and covers not only historical and reminiscence matter relating to the early days of Minnesota, but a topic which is present attracting the interest of the entire nation will be discussed upon by Mr. Flaudrau, and that is, Immigration. Judge Flaudrau feels a justifiable pride in the position he took upon this question some six years ago, and the fact that his advanced views are now being generally accepted as correct gives added interest to the subject. Charles Potzinger and John Gehm will also assist in entertaining the Juniors by musical selections and songs, and their names are a sufficient guarantee of a pleasant time. All members of the association should be present, as the question of the annual entertainment will be thoroughly discussed.

ANDERSON ENTERED.

A New Senatorial Candidate in North Dakota. Candidates for Senator Casey's seat are growing more numerous every day in North Dakota. This is a good thing for the St. Paul hotels, because no well-informed North Dakotan would ever think of launching a senatorial boom except from St. Paul. Yesterday Editor George B. Winship, of the Herald, H. P. Kueker, and J. Anderson came down from Grand Forks, and with the proper ceremony formally entered W. J. Anderson in the senatorial contest. Mr. Anderson is at present one of the members of Grand Forks county, and formerly held one of the land office positions there. He is an agreeable gentleman and is strongly endorsed by Editor Winship, which is a pretty good certificate in itself.

Sons of Veterans.

At a regular meeting of St. Paul Camp No. 1, Sons of Veterans, U. S. A., held last evening, the following officers were elected for 1892: Captain, George W. Harding; first lieutenant, James P. Porter; second lieutenant, A. S. Spencer; members of camp council, Col. E. H. Milham, H. J. Mannheim, A. L. Bowler; delegates to national convention, A. T. Spicer; alternate, J. P. Porter. We carry all leading brands of Kentucky Bourbons and Pennsylvania Eye Whiskies, California Wines and Brandy, at B. Simon's Wholesale and Retail Liquor Store, corner Seventh and Broadway. All orders promptly filled.

QUALITY counts in everything, especially in articles for house-furnishing. Our comprehensive stock of Carpets, Rugs, Draperies, Parlor Furniture, Brass Bedsteads and Paper Hangings is of the highest quality obtainable, but is low in price. This can be demonstrated by an inspection.

THE COUNTY PRINTING

Commissioners Lavallee and Martin Make a Report of Findings.

Allegations of Overcharges by Mr. Burns Reported as Sustained. Expert Martin Dreis Ordered Dismissed by the Commissioners. The Official Printer and the Board Agree to Expert Examination.

The committee on printing on the board of county commissioners reported to the body in special session yesterday relative to the charges of J. H. Burns, as county printer, as follows: To the Honorable Chairman and Members of the Board of County Commissioners—Your committee to whom was referred the petition of H. D. Brown and other taxpayers asking that the county printing contract be investigated, beg leave to make the following report: The committee, immediately after adjournment of the county board Monday, the 5th inst., called a meeting for Tuesday, Dec. 6, at 4 p. m., and invited the petitioners as well as Martin Dreis, expert printer for Ramsey county, and H. Burns, county printer. Present at the meeting of the committee were H. D. Brown, J. H. Ramaley, J. H. Burns, F. D. Brown, J. H. Ramaley, J. H. Burns, and other taxpayers. The members of the committee present were Commissioners Lavallee, Martin and Dreis. Burns appeared before the committee and objected to investigation being made before there were more specific charges made. H. D. Brown, being asked by Commissioner Martin whether the taxpayers had any charges against Burns, he said that he had, and the chairman held that the charges were specific enough to warrant an investigation. The first item taken up was the charge for the court calendar for November, 1892. The petitioners showed that Mr. Burns had charged Ramsey county for about 344 printed pages in such calendar, Martin Dreis, expert printer, had printed the same calendar for the same amount. The committee to figure out the calendar in question, and let the committee how many printed pages there were, and he answered 192. The committee then asked him to show the contract between Mr. Burns and Ramsey county, and he showed them a contract in place in said contract read "court calendar per printed page 9 cents," and asked for said calendar. He showed them the calendar, he answered it meant 9 cents per printed page. The chair then asked him why he had charged for 344 pages, when in reality there were only 192 pages. He answered that it was customary to figure blank pages in such work. But on being further questioned for said calendar, he admitted that he had made an error in figuring and charging for 344 pages, and that the weights and quality of paper, and also admitted that the figures of petitioners were practically correct. The committee then referred the calendar for the court calendar for the month of November, 1892, to the expert printer, and found an overcharge of \$174. The committee is of the opinion that the calendar for the month of November, 1892, should be allowed on all the court calendar during Mr. Burns' contract, the total allowance made by the county expert printer on the court calendar will be about \$3,000. Your committee therefore recommends that expert printer be employed without delay, and figure all bills paid by Ramsey county during the contract with said Burns, and to take such steps as may be necessary to compel Mr. Burns to refund all money which he has collected in excess of his contract. The committee also recommends the dismissal of one of Martin Dreis as expert printer, believing he is totally incompetent for said position, and that he has not properly performed the duties of expert printer, and that his discharge should be made as soon as possible. The committee also finds in making comparison with previous contract that Mr. Burns did without authority and contrary to custom heretofore insert the words "Court Calendar" in pages of the calendar provided for attorneys' memoranda, for which the petitioners made due allowance in their estimate of excessive charges. In making comparison with the said contract, it is the opinion of your committee that this charge should also be disallowed, and we estimate that this item alone will exceed in nine months \$700. Your committee is of the opinion that the county printing expert did not figure the calendar for the month of November, 1892, as the Paul Dispatch company had the county printing contract, just previous to Burns receiving the contract on printing. Chairman Commission on Printing, T. F. MARSH.

CLARK HARRIS FREE.

The Alleged Bigamist Discharged by Judge Otis. Judge Otis has ordered Clark Harris discharged from the custody of the sheriff. Harris was held to the grand jury by the municipal court on a charge of bigamy. C. Tyson Butcher applied for his discharge on a writ of habeas corpus on the grounds that his legal wife could not testify against him. Judge Otis held that the evidence against Harris was held was insufficient, and does not justify such commitment to jail. Judge Otis denied the motion to amend the affidavit of garnishment in the case of Auguste Grunwaldt against Peter Calles and the Ottawa railroad as garnishee by striking out the word "Illinois" and inserting in lieu thereof the word "Wisconsin."

A PRINTERS' PROTEST.

Danger to Public Welfare in a Proposed Law.

The Minnesota Editorial association, through its executive committee, has addressed the following remonstrance to congress against the proposed law to furnish stamped envelopes at the cost of stamps: To the Senate and House of Representatives of the United States: Your petitioners, on behalf of the Minnesota Editors and Publishers association, respectfully protest against the proposed law to furnish stamped envelopes at the cost of stamps. The effect of such a law would be to eventually destroy the entire industry of manufacturing envelopes by confining the manufacture entirely to the post office department to such an enormous expense as forever to destroy the possibility of making envelopes a self-sustaining industry to the people the benefit of one cent postage. HAM IS REMANDED.

A Note is Entered in One Case, but the Prisoner is Held.

J. W. Ham was taken into Judge Brill's court yesterday to answer an indictment charging him with having made away with the funds of Marie and Leonie Brouillard, trusted with him for investment. The county attorney stated that he could not prosecute Ham, as the evidence upon which he relied was not obtainable. The two Brouillard women started to come here, but got no further than Omaha. Letters received from them show that Mr. Ham had made full amends. Mr. Ham desiring the case be disposed of there was no alternative but to enter a nolle, which was accordingly done. Ham was remanded to jail to await the investigation of the right of the court to proceed against him for contempt in not settling his accounts as assignee of the Bodega concert saloon. There will be an investigation of the authority of the court to proceed in this matter. The street that Ham was extradited on another matter raises a question as to the right to proceed in this case.

NOT READY YET.

The Historical Society's Home Report Unprepared. Secretary Williams did not read his biennial report at the meeting of the state historical society last evening, as was expected. The attendance at the meeting was quite large, but it was decided not to hold the annual session until the date for the next regular monthly meeting. The committee, consisting of George B. Sanborn, Judge Flaudrau, D. A. Montfort, J. B. Little and H. P. Upham, who are taking steps toward securing a new building for the society, were not ready to report. The question of a new home was discussed at length and it was decided to leave the matter entirely with the committee who will meet from time to time and see on the most feasible plan to be followed for obtaining an appropriation and site if possible from the legislature.

PARK BOARD WORK.

The Linnau Park Proposition is Again Laid Aside on Waiting Orders. Several Other Similar Proposals Also go on the Shelf—Com Considered.

It was not an especially productive session of the board of park commissioners that was held at the city hall last evening. The most interesting feature of the meeting was the resurrection of the old and hackneyed Linnau park project. It came up in a new form, and it was laid low through the opposition of Commissioner Horton. It was presented by Commissioner Bredehagen, the West side member, who is a large property owner, and would, consequently, have had to have borne an important part of the assessment had the project gone through. Mr. Bredehagen presented a resolution authorizing the condemnation and citation of some three and a half acres at the corner of Oakdale avenue and Prescott street, and also a resolution authorizing the purchase of the same.
