

## NOT TO THEIR LIKING

**Panama Canal Prisoners Object to Be Treated Like Common Criminals.**

**Newspaper Offices to Be Searched for Evidences of Bribery.**

**In Time the Whole Mass of Corruption Will Be Cleared Away.**

**Cholera Again Makes Its Appearance in the City of Hamburg.**

PARIS, Dec. 17.—M. Charles de Lesseps and his fellow prisoners, arrested for connection with the Panama Canal frauds, protested today against the rigid seclusion to which they are subjected in the Mazas prison. They were confined like common criminals and subjected to the same treatment as robbers and other offenders of the vilest type, and they demanded the privilege of being allowed to see visitors. The examining magistrate promised to consider the request after he had examined the documents relating to their arrest.

It is rumored that several of the parliamentary reporters will be arrested as agents in the corruption of legislators, and several of these reporters are already under surveillance by the authorities. An entry in one of the books of Thierree & Co., the coiffeur firm, shows that Joseph Reinach, son-in-law of Baron Reinach, received 40,000 francs from the firm. Joseph Reinach says that he received the money as a dowry, and that he is willing to return the amount to the liquidator of the Panama Canal company if it can be shown that the money came from his firm.

**To Search Newspaper Offices.**—The office of the newspapers which received money from the Panama Canal company will be searched at once, and unless it is found that the money was entirely expended in advertising the proprietors, or others who accepted money, will be prosecuted. A duel growing out of Thursday's heated debate in the chamber of deputies was fought today. Deputy Arène, Republican, having challenged Deputy Gauriel, Boulangist. Two shots were exchanged, but nobody was hurt.

The determination of the government to clear away all matters surrounding the affairs of the Panama Canal company is undoubtedly founded on the belief that on this course alone relies the safety for itself and for the country. The hesitation now displayed would result in ruin, and as their official lives depend on proving the affair to the bottom, there can be no doubt that in time the whole mass of corruption will be cleared away. Today, acting under orders from the government, the police searched the house of M. Laur, a Boulangist member of the chamber of deputies, and seized a number of documents pertaining to the Panama affair. The ministry will ask the chamber of deputies to authorize the arrest of any of its members found to have been implicated in the scandal. La Libre Parole, M. Drumont's paper, which appears to be exceptionally well informed on Panama matters, states today that the amount of the bribes distributed by the agents of the company reaches the enormous total of 20,000,000 francs.

**Cottin Returning to Paris.**

VIENNA, Dec. 17.—Baron Henri

Cottin, the director of the Panama Canal company against whom an order of arrest has been issued, declares emphatically that the stories that he fled from Paris to escape criminal prosecution are without foundation. As soon as he heard that an order for his arrest had been issued he prepared to return to Paris, and he left this city tonight.

## WATCH WITH INTEREST.

**The Panama Scandal Attracting Attention in Germany.**

BERLIN, Dec. 16.—The developments in the Panama scandal are watched with the keenest interest, and it may be said, anxiety. The one comfort to Germany is that the spectacle of corruption and confusion among the French political leaders lessens the Russian desire to make France an ally. Advice received here from St. Petersburg shows that information recently reached that a certain Russian paper had received from Paris the sum of \$100,000 for advocating a Russo-French alliance. He at once ordered an inquiry to be made, which resulted in the discovery that the report was not true, and that part of the news disseminated by the Panama Canal company had been accepted by prominent persons in Russia. The Russian court party, under the lead of M. Pobedonostzeff, are hostile to a French alliance, and they seized the opportunity to work on the czar's prejudices against French Republicans. The German foreign office is hopeful that Gen. Werder, the new German ambassador to Russia, will succeed in detaching the czar from France, and so lead to grouping of the powers. Another, and to Germany a far more important view of the situation, is that the French Republic may produce an adventurer who would hazard war with Germany as the best stroke to carry himself into power.

## DANGER AHEAD.

**Caprivi's Army Bill Meeting With Stagnant Opposition.**

BERLIN, Dec. 17.—Although the composition of the committee of the reichstag to which the army bill has been referred at first sight appears unpromising for the government, its elements admit of such grouping, under the influence of the committee, that the bill may be passed. The committee, which comprises twenty-eight members, is made up of three Social Democrats, six members of the Freisinnig party, eight Conservatives or Clericals, two Liberals, one Free Conservative, and five Right Conservatives. If the chancellor reduces the money vote to \$10,000,000, modifies the government's demands for an increase in the present peace effective, the bill will have a chance of approval. In his present shape it will stand no chance whatever of becoming a law. The semi-official papers admit that certain changes are essential to the success of the measure, but they express confidence that concessions will be offered that will be sufficient to win over a majority of the committee to the support of the bill in a form that will not materially change its scope.

An ominous feature of the position is the even temper of the Conservative opposition. The traditions of the Conservative party, which are all against opposing the demands of the government, so far as army reforms are concerned, are now set at naught. The anti-socialist threat of the chancellor in his speech, when the bill was presented to the reichstag, to dissolve the house and have a new election in the event of the bill being rejected, has had the effect of any effort upon the Conservatives. The Kreuz Zeitung, whose editor, Herr Pracht, has hitherto been always an ardent supporter of the bill, has now, in a servile representative on the committee, declares that the bill will not pass, adding that a coalition between the Conservatives and Socialists in favor of supporting Chancellor von Caprivi was impossible before the reichstag adjourned.

Lobby report has it that the chancellor

is, feeling indisposed and worried at seeing that it was probable that he would obtain the assent of the reichstag to his full demands for an increase of the standing army, told the emperor that he would resign the care of office. His majesty, however, was not disposed to give the chancellor any encouragement in retreating under fire. He expressed his determination to make the army bill a law, even at the risk of an appeal to the country. He assured Count von Caprivi that he would stand by him under all circumstances. The chancellor gained renewed courage from his interview with the emperor, and assented to remaining in office and fighting the battle through dissolution of the reichstag if need be. Nothing in his speeches in the reichstag showed the slightest sign of the discouragement attributed to him by common rumor; on the contrary, he was quicker and more spirited than ever in defense of his position. With the weapon afforded him by the emperor's promise of support he unquestionably felt himself in a better position to thrust and parry, and his opponents concede that he took full advantage of his personally improved position. Whatever concessions he may offer to the committee he showed no intention in the open house of abating one iota of his proposals.

**DISCOVERED A CUT.**  
Boston & Maine Claims That St. Paul Rates Are Being Slashed.

**A Fast Freight Line Responsible for the Reduced Rates.**  
Consequently It Announces an Open Rate to Meet the Cut.

**First-Class Rates From Boston to St. Paul Placed at 81 Cents.**  
BOSTON, Dec. 17.—General Traffic Manager Berry, of the Boston & Maine railway, has sent the following communication to J. F. Goddard, chairman of the Trunk Line committee, in New York, and to J. W. Mizeley, chairman of the Western Traffic association, in Chicago:

Notwithstanding the proposed iron-clad agreement of the trunk line presidents, I am now in possession of information showing that one of the fast freight lines operating on the Vanderbilt system in connection with the Chicago Great Western railway, has quoted rates to two different concerns, the Vanderbilt roads, and that it has been agreed that the rates shall be made good until the opening of navigation. I have consistently postponed the issuance of a tariff at reduced rates.

**CHOLERA IN HAMBURG.**  
Three Cases Have Been Reported in the Stricken City.

HAMBURG, Dec. 17.—Two fresh cases of cholera have been reported here. Three have been reported in the inner harbor district. In this city there was one fatal case yesterday. WASHINGTON, Dec. 17.—The secretary of state today received a cable message from the United States consul at Hamburg, stating that there was one death from cholera on the 8th and another on the 12th instant, and that two more cases were reported on the 16th.

**ANTI-SEMITISM.**  
Hated of the Jews Growing in Germany.

BERLIN, Dec. 17.—The admission made by Herr Loewe, the Jewish small arms manufacturer, that he offered to supply France with the machinery necessary for the manufacture of labels for the Jews, has been seized upon by the anti-Semitic press. The papers which are making bitter attacks upon Herr Loewe ignore the open fact that Krupp's works continually supply Russia with guns and ammunition, and that they executed large orders for that country at the time of the Russo-Japanese war. The anti-Semitic press, however, has seized upon the fact that Herr Loewe's offer, strengthening the assertions of the anti-Semitic press, that they never amalgamate with any people, and that they are dominated by the idea that they are a privileged nation that may prey upon but must not be absorbed by other nations. Jewish pamphlets are widely circulated. The anti-Semitic press of this is entitled "A Jew House in Christian Fur."

**IMMIGRATION RESTRICTION.**  
Germany Disposed to Aid the United States.

BERLIN, Dec. 17.—Nothing beyond rumor has been heard here of the alleged communications exchanged by the European governments in regard to the American restrictions upon immigration. The report that such communications had been published in the Fremdenblatt, of Vienna, in which the writer railed at America for compelling her invitations to visit the Chicago Columbian exhibition with insulting methods against Europeans that are unworthy of a civilized country. The German press before the war, aiming at the regulation of immigration, is specially designed to arrest the overflow of the laboring and poorest populations, which goes chiefly to the United States. The large land owners of Austria have held a meeting at which, with the view of preventing emigration, it was decided to recommend such reform in the law as would enable peasants to lease and cultivate common lands.

**HOME RULE.**  
Alleged Outlines of Gladstone's Bill Given by London Papers.

LONDON, Dec. 17.—Vanity Fair says that the home rule bill merely proposes the establishment of an Irish congress composed of Irish peers and commoners, which will hold periodic meetings, and prepare measures to be acted upon by the imperial parliament at Westminster. Local authority is to be exercised by parish and county councils. The Pall Mall Gazette, now full-fledged, is well informed, a professor of outline of the bill, similar to that recently published in the New York Times. The Pall Mall Gazette says that the proposed new constitution of Ireland is modeled on the constitution of New Zealand. There is no apparent reason to believe that the statement either of Vanity Fair or of the Pall Mall Gazette is correct. The bill is discussing Mr. Gladstone's bill for Irish home rule. Much interest is exhibited as to the conference of the bill but absolute secrecy is kept.

**The Irish Cardinalate.**  
LONDON, Dec. 17.—A dispatch to the Tablet from Rome says the announcement that the Most Rev. William J. Walsh, archbishop of Dublin, would be made a cardinal at the coming papal consistory was erroneous, adding that it is the pope's intention to elevate the Most Rev. Michael Logue, bishop of Armagh, and primate of all Ireland, to the cardinalate instead of Archbishop Walsh.

**Hay III in London.**  
LONDON, Dec. 17.—Cornelius Herz, who is wanted in connection with the Panama frauds, is in London. He writes to his colleagues in Paris and to the committee, saying that he will return presently, but not, however, he is too ill. He is at the Burlington hotel, and the doors to his rooms are guarded by personal servants. His family is with him. They take their meals at their rooms and go out very little. Herz made his first money in California, and he has since then been a doctor. He saved \$20,000, and then came to Europe, where he made a fortune through his connection with lobbyists in promoting electrical enterprises.

**Secret No Longer.**  
Railroads May Know How Comptroller Vote on Questions.

CHICAGO, Dec. 17.—A ruling handed down today by Chairman Caldwell, of the Western Passenger association, removes all doubt as to whether the vote of any road upon any proposition may be kept a secret from the other members. In his decision Chairman Caldwell well says there seems to be no provision in the agreement for the observance of secrecy, and that he is not warranted in crediting the votes cast by correspondence on any propositions as secret. In this decision Chairman Caldwell reverses the position taken by his predecessor. Some time ago the Rock Island road asked for information as to how a competitor had voted on a certain question, and under the custom in vogue the information was withheld. This brought about a discussion of the subject and eventually led to the present ruling.

**Sunk a Spanish Steamer.**  
LONDON, Dec. 17.—The American ship Mary L. Stone, Capt. Park, from Shanghai, via Manila, for New York or Boston, while entering Manila bay on the night of Dec. 10, collided with a Spanish steamer. The ship was badly damaged and sank. It is supposed that several passengers aboard of her were drowned. The Mary Stone sustained only trivial damage.
