

SORE ON THE MAYOR

Republicans Do Not Like the Haughty Attitude of William Henry.

Chaos in the Council Leads to the Discomf of Party Leaders.

Swan Walton Reduced to Lieutenant by His Own Request.

George Moran's Conflict With Strychnine—Union Veterans Elect.

The election has been gone over two months, and the municipal inauguration was an event of two weeks ago. The new administration is in control of both branches of the municipal government, legislative and executive.

Then, there is the council. "The council will be Republican," was the cry of the Republicans.

Political sneers leak out sooner or later. In the case of the council, it is now an assured fact that the Republicans had planned to cut the throats of the Democrats.

Woodward was a teller in the organization of the Fifth precinct. He directed a brother Republican to prepare his ballot for every officer until building inspector was reached.

THE TWO MAYORS.

Mayor Wright, of St. Paul, held a lengthy conference with Mayor Eastus yesterday afternoon. They discussed plans for aiding the city of the gamblers, fakirs and snide auction men who at present infest both cities. It was admitted on both sides that there was a great many of the gamblers in the Twin Cities, but how to get rid of them without much trouble was the question which worried these two great men.

Some system by which the pawnbrokers of the two cities would be forced to comply with the same kind of rules and regulations was also discussed. In fact, the Twin City mayors discussed the feasibility of arranging a permanent treaty, with a view toward making it extremely dangerous for parties to commit any kind of a crime or misdemeanor in either city.
