

THE TOURNEY OPENS.

Interesting Amateur Exhibition of Billiards at the Balk Line.

Wilmot Defeats Bingham and Sibley Downs Wilder to Start.

Some Good Work Being Done by the Experts on the Alleys.

Second Games of the Series in the Reber Emblem Contest.

As was declared, balk-line billiards pretty nearly even up the respective prowess of about a score of amateur players in St. Paul.

The first game of the series was played last evening at the Balk line club. The two contestants were inspiring and somewhat close up to the very end of the contests.

Wilmot and Bingham led off. Bingham had the best of the game for a long time in the struggle, but Wilmot made the big run of 21 and turned the tide in his favor.

After the first game, Wilmot was again victorious. The game ended 100 to 77 in favor of Wilmot.

Bingham, it is due to say in justice to him, has done very little practice at balk-line billiards, but he promises to take to the table once more with a convincing number of points.

This evening the play will be resumed. Clow will play Bixby and Traylor will play Bean.

ON THE ALLEYS.

Damler's Big Score—Next Game in the Tourney.

Damler, of the Phoenix A. C. Bowling club, has the star record of the year to his credit. In a practice game at Amort's alleys he made fourteen consecutive ten-strikes.

ica. This is the first of a series of three races to be started between these two men, and is for a purse of \$50 a side and a portion of the gate receipts. This race will occur at the Edgerton street rink.

The event of the season in skating circles will occur next Wednesday evening, Feb. 1, at the Junior Pioneer rink, when a St. Paul Bicycle club will hold a carnival of sport on the ice.

They have arranged a lengthy program, including an obstacle race, which they promise shall be the most humorous exhibition on skates ever seen in the city.

GRAND CIRCUIT DATES. They Are Arranged by the Board of Awards.

New York, Jan. 24.—The board of stewards representing the various tracks on the Grand circuit had a meeting today and settled their differences.

The meeting was an obstructive one. The most important matters to come up before the board were the demands of Buffalo for a two weeks' meeting, which were allowed and the admission of the New York Driving club to membership in the circuit.

The agreement under which this assignment of dates was made is for a period of five years. It was decided that hereafter no other track would be admitted to the circuit except by a two-thirds vote of the members.

Ex-Gov. Buckley got a resolution through providing that each association in the circuit should offer a series of races for six, three and four-year-olds, the conditions governing the events to be decided upon later, but the purses were not to exceed \$75,000.

BOTH ARE SATISFIED.

Officials of Lines Boycotted by the Union Pacific Not Worrying.

The Business Thus Cut Off Has Amounted to but Little.

Run to the Coast From Chicago Shortened by the Union Pacific.

Rates in Territory West of Chicago Likely to Be Demoralized.

CHICAGO, Jan. 24.—Opinions differ as to the probable outcome of the fight between the Union Pacific and its trans-Missouri competitors.

Representatives of the Rock Island, Burlington and Atchison roads do not for a moment admit that they have been worsted, and they cheerfully declare that the Union Pacific is welcome to all the benefits it may derive from severing its ticket arrangements with them at junctions on the Colorado river.

The through business in connection with the Union Pacific has amounted to very little of late years, they claim, and its loss will scarcely be felt.

They all have traffic relations with the Denver & Rio Grande, the Colorado and the Rio Grande Western, and are independent of their opponents so far as San Francisco business is concerned, while the Atchison has its own southern route to California.

On the other hand, the Union Pacific, with the aid of its allies, the Chicago & Northwestern and the Chicago & Alton, is making a vigorous fight. It has not only assigned additional agents to this territory, but has also shortened the run between Chicago and the Pacific coast by way of Omaha, and intends to do the same by way of Kansas City as soon as the Alton is ready to make the necessary change in its timetable.

Furthermore, it is said to have completed arrangements whereby persons who desire to purchase round-trip tickets may do so via California via New Orleans and the Southern Pacific and return via the Union Pacific, or vice versa.

Whether any of the principal business that the Union Pacific expects to get the better of its rivals, the latter will have practical no show at all. The Chicago & Northwestern, in connection with the Chicago & Northwestern, makes better time than any other route between Chicago and the Pacific coast, and the Denver & Rio Grande, Colorado and Rio Grande Western, the latter two lines, in fact, are the only ones that will gain or lose materially by continuing the warfare.

It is a question to be decided in the future. The feature of the whole situation is the demoralization that is likely to ensue in the territory west of Chicago. In the opinion of persons not interested in the fight, this sort of competition will soon lead to the paying of excessive commissions, and eventually to establishing of rates.

St. Louis, Jan. 24.—One of the most wonderful finds of ore ever discovered in the West has just been found here. One of the finds is a body of silica and copper twenty feet thick, another of galena ten feet thick, and a third of limestone for 150 feet is mineralized.

It appears that this vast bed of mineral contains more than a hundred feet thick.

HAD WIVES GALORE. Uncle Sam Gets His Clutches on a Much-Wanted Swindler and Bigamist.

CHICAGO, Jan. 24.—J. D. Caldwell, with several aliases, was in the United States court today, charged with missing mails. It is alleged he would write letters asserting that he owned a large fruit and florist establishment in Florida, and would offer commission merchants in the North oranges 20 to 50 cents per box lower than the regular market prices.

His letters all stated that, as he said only for cash, all orders must be accompanied by at least one-half of their cost. The postmasters at the Rock Island and Plant City, Fla., and other points where he expected his letter orders, were requested to forward his mail to him. In this way he did a marvelous business for a time.

Since his incarceration the government has learned that he has a wife and seven children in Carrollton, Ky.; another at Owensboro, Ky.; whose maiden name was Matilda Evers; another who claims to be his wife is a former widow at New Albany, who, before she married Caldwell was Mrs. Ella Jasper. She only lived with him two weeks. In that time he borrowed \$1,700 from her to start a shoe store at Shelbyville, Ind. There he met Ella Green whom he married and took with him to Dalton, Ga., where he deserted her. When next heard of he left "widows" at Cadiz, O.; Maysville, Ky.; Columbus, O.; and Ripley. He courted Mrs. L. J. Green, a widow, in Cincinnati, whom he met at some river town in Illinois. She was a rich widow and he succeeded in fleecing her out of several hundred dollars. It is likely Caldwell will be taken to Leavenworth, Ind., where indictments are pending against him for bigamy.

He has several children and several children are waiting his coming.

WRECKED A HOTEL. Natural Gas Explosion Routs Out the Guests.

ANDERSON, Ind., Jan. 24.—Late last night an explosion of natural gas created a panic among the guests of the Hotel building from top to bottom and caused the guests to rush pell mell into the street with but little clothing.

The explosion was quickly followed by Mrs. J. W. Connors of Chicago, who was a guest at the hotel. The force of the explosion threw her out of bed. She was rescued by a fireman. The fire department was quickly on the scene and extinguished the flames after a damage of about \$10,000.

The explosion was caused by a leak in a gas pipe which allowed gas to escape into the basement of the hotel, where it was ignited by a heater.

An Italian Bootee Scandal. Rome, Jan. 24.—The Tribuna says that the papers seized in the office of Sig. Tullio, governor of the Banca Romana, comprise several conspicious politicians. The papers are valued at \$300,000 with the Guarini Banking company, which closed its doors yesterday.

BABY RUNNING SORE. Worst Slight Ever Seen. Legs, Hands, Arms, Body One Solid, Deep, Itching Sore.

Began Using Cuticura. In Two Weeks Great Improvement Followed by a Complete Cure.

My child began to be sore when two months old—on his face and legs. He cried and I saw how all his body. Every one who saw him said he had a worst sight.

They were his arms, legs and face. His face and ears had great cracks in the flesh, and were so sore that he did not look at a child. He was the worst sore I have ever seen of the kind. We began using the Cuticura Remedies, and in two weeks he was completely cured. His skin is smooth and white, and he seems entirely well. We are so thankful, I would like to tell every one who has a baby about Cuticura.

His Vacant Chair on the Supreme Bench Heavily Draped in Mourning.

CHICAGO, Jan. 24.—The funeral of Justice Lamar will take place Friday afternoon, and it has been decided that the interment, temporarily at least, is to be in the Riverside cemetery.

The body of the late justice will lie in state at the residence of W. H. Virgin, at Vineville, tomorrow and up to noon Friday, at which time the cortege will leave for the house of the Mulberry Street Methodist church under escort of the pall-bearers representing the Chicago bar.
