THIRD STREET PAVING.

Figuring on the Cost and Material—Granite for the Lower End.

At the last meeting of the assembly a resolution was passed ordering the preliminary orders to be sent to the city and county of repaving Third street.

The two auditors, with Channing Seabury, were in conference at the capitol yesterday afternoon, but the end of the conference was as above stated, the two auditors standing together.

The question of paving Third street with granite blocks from Broadway to Robert street was one of the phases of the discussion yesterday. The idea advanced was to use granite between Broadway and Robert street and then repave the balance of the street with the cedar blocks taken from the street which were zoned. This, it was argued, would be a good plan, the heavy trucking on the lower part of the street soon spoiled cedar block pavement, and the use of granite would be

MEN AND MEASURES.

The Commercial club is awake at last. If William Pitt Murray will kindly attend a session in the legislature a pleasant change may result.

When the pool bill passes, the next measure will be a bill for an act to prohibit progressive euchre parties.

The county assessor must be a freeholder. The fair-minded Mr. Johnstone had better invest in a corner lot somewhere.

D. D. Merrill for mayor, Tom Cochran for treasurer and Ham Davidson for comptroller is the ticket the reformers are talking up now. What a corker that would make, anyhow.

much cheaper in the end. It was thought enough of the blocks between Robert street and Broadway to put them in a state of preservation to use in the repair of such portion of the pavement as needed it west of Robert street. By this plan an assessment would be saved property owners which, according to statements made by realty owners on the street, would be greatly appreciated at this time.

A definite conclusion was reached by the board, but it is probable the reports of the council will give the figures for this plan, as well as for the entire repaving of the street.

THE HEARTLESS MAID.

Has Her Swain Arrested—A Double-Ended Tale.

William T. Bowman, a waiter by occupation, was arrested yesterday afternoon on a charge of disorderly conduct. There is, however, more to the charge than the complaint would indicate.

May Gemmel followed him to the law mentioned city, and she, to escape him, came to St. Paul about two weeks ago. On Saturday, she says, Bowman met her on the street and followed her to her letter city, and she, to escape him, came to St. Paul about two weeks ago.
