The Fiscalitor Season.

A funny episode occurred at the Farmers' and Mechanics' bank during the run, yesterday, which goes to illustrate the speculative penchant of the American people. There was quite a line of people waiting when a badly rattled individual stepped to the front of the line and asked the cashier if he would give him \$40 for his place.

"All right," said the individual addressed, as he stepped to the front, and the man handed him the consideration. The man who had given up the bonus took his place in the line, and as he did so the other man walked to the rear, saying that he only had on deposit the sum of \$30, and that as he was \$14 ahead he thought he could afford to stand pat.

"I suffered 8 years"

"From woman's early troubles. "I could find no permanent relief until, one year ago, I tried Lydia E. Pinkham's Vegetable Compound. Relief then came with it almost immediately, and at this time I am a well woman. "I absolutely know, not only by my own experience, but by others also, that this is a harmless and sure remedy for:—

"Irregularity, suppressed or painful menstruations, weakness of the stomach, sick headache, and female complaints generally. There is no need of so much female suffering. Here is the remedy. It is wicked not to accept the relief it will bring."—Mrs. J. A. Rice, Florence, Ky.

The first division will proceed up Nicollet, and the divisions will fall in line as the parade passes. The line of march will be up Nicollet, across on Tenth street to Hennepin, and then back to Nicollet, again, as soon as the march can be made without having the head of the parade come in conflict with the tail. There are six divisions, as follows:

First Division—United States troops and University cadets.

Second Division—State militia, Hibernian rifle corps, Veterans and other armed troops.

Third Division—The Grand Army posts, preceded by drum corps.
