Van Ness' Great Three-Year Old Captures the Chicago Derby.

The Time Was Very Fast for the Sandy Track at Hawthorne.

For the First Time Sheephead Bay Opens Without the Suburban.

Clara Bauer Lands the Coin in the St. Louis Osage Stakes.

CHICAGO, June 17.—The great Morillo won the Chicago derby today in the presence of 12,000 people. The Hawthorne track was as fast as it gets in midsummer, the weather perfect and all the conditions for the race favorable. The time, 2:10, is faster by three seconds than the distance—one a quarter miles—has ever been covered on this sandy path. Of the eight horses named last night to start, three were scratched, including Edward Corigan's Joe Murphy. Morillo was made favorite in the betting at odds of 1 to 4, on which there was some play on Cushing's Boundless at 4 1/2 to 1. The others had little backing except in the place betting. Morillo was loudly cheered when he appeared on the track. Starter Chinn's flag fell at the first line-up, the start being good. Ingomar had a slight advantage, but Boundless and Morillo in the rear. Miller held a stout rein on the favorite, and kept him back, but Kunzo took the willing Boundless out in front, and the Cushing colt was leading by a length at the stand, followed in order by Ingomar, Henry Young, The King and Morillo. There was little change in this order in the run to the quarter, the

and there were excited shouts for Boundless, the leader. Nearing the half, however, Kunze, on Boundless, held the colt back into the bunch, and Morillo, at one touch of the spurs, moved up from last place to second, being checked as soon as he was well lapped on the leader, Ingomar. Then Kunze, who rode like a crazy boy, shot Boundless forward once more, and he was leading by a length at the three-quarters and running apart from the others and next to the outer rail. From that out the race was between Morillo and Boundless. The latter was leading by a neck after they had rounded into the stretch, but Morillo passed him, and won under a strop pull by a length and a half. Boundless swerved and was badly handled near the finish, but beat Ingomar four lengths for the place. It was the general opinion that had Boundless had a capable jockey Morillo would have been forced considerably to win. The summary of the race follows: Third race, the Chicago Derby, \$5,000 added money; \$750 to second and \$350 to third, one and one-quarter miles—Morillo (Miller), 1 to 4, won under a double pull by one and one-half lengths; Boundless, 4 1/2 to 1, second; Ingomar, 12 1/2 to 1, third to long lengths. The King, 12 1/2 to 1, and Henry Young, 12 1/2 to 1, also ran. Time, 2:10.

EQUITY IN A GALLOP.

PHILADELPHIA, June 17.—Two favorites, a second choice and four outsiders won the races at Gloucester today. The handicap proved but an exercise gallop for Equity, the favorite. Third race, five furlongs—Little Phil won, Congress second, Siles third. Time, 1:34. Fourth race, five furlongs—Equity won, Peck second, North third. Time, 1:46 1/2. Fifth race, five furlongs—Viloria won, Kingslere second, Emblem third. Time, 1:34. Sixth race, four and a half furlongs—Miss second, Lita second, Boyant third. Time, 1:57. Derby Candidates From the East Now on Their Way to Chicago.

NEW YORK, June 17.—It is seldom that racing men form such pronounced opinions regarding the winning chances of a certain horse at a race as they have this year for the Suburban handicap in advance of the day of the race. Every man having any connection or interest in racing seems confident that he can pick the winner, and that, too, strange as it may seem, while nearly all admit the race to be an open event, with a possibility for any of several candidates to win.

LACKED THE SUBURBAN.

Opening Day at Sheephead Bay Minus the Star Attraction.

SHEEPSHEAD BAY, June 17.—For the first time since its inauguration the Suburban was not the star attraction on the opening day at Sheephead Bay. It is a matter of congratulation that the event was not decided on a slow race. The weather did all it could to mar the sport, but there was an immense throng of patrons on hand and both tiers of the grand stand were comfortably filled when the bugle call signaled the commencement of hostilities. The inaugural even was a five furlong sprint. Walcott was the good thing and was favorite. Sir Matthew was installed a dual second choice with Sirocco. Sirocco won his race from the start, but however, he romped past the post in an easy gallop in the remarkable fast time of :50 4-5, which is the fastest ever made over this track. Sir Matthew, ridden by J. H. Garrison at that, finished fourth. He was beaten by a neck by Walcott for third money. In the second race Hurlingham, Hornpuff and Fenatics were the leaders up to the bend, with Ontario and Parsang close up. Directly they straightened out, however, Fenatics hurled to the front, and easily passing Hurlingham, won by a length and a half. Lola led the way and won the third race easily by two lengths. Sir Lucas, who beat Montpool the same distance. In the next race Tarral hustled Lidgerwood into the lead at the outset, and set a killing pace clear around to the home stretch, where he was in difficulties. Sir Francis and Sir Walter then moved into the lead. A desperate drive then followed. Sir Walter outstayed the other baronet, and won a grand race by a neck. Sir Francis beat Lidgerwood by a neck for the place. Lowlander was the pacemaker to the stretch in the fifth race. Kikenny then went to the front and, staying there to the end, won in a gallop by two lengths. Lowlander beat Dr. Hasbrouck by a neck for the place. Results: First race, five-eighths of a mile—Sirocco, 12 1/2 to 1, won; White Rose, 12 1/2 to 1, second; Fenatics, 12 1/2 to 1, third. Time, 59 4-5. Second race, five and a half furlongs—Hornpuff, 12 1/2 to 1, won; Decatur, 12 1/2 to 1, second; Hurlingham, 12 1/2 to 1, third. Time, 1:22. Third race, half a mile—Lola, 15 to 1, won; Sir Lucas, 15 to 1, second; Hurlingham, 15 to 1, third. Time, 1:12. Fourth race, three-quarters of a mile—Sir Walter, 12 1/2 to 1, won; Fenatics, 12 1/2 to 1, second; Lidgerwood, 12 1/2 to 1, third. Time, 1:22. Fifth race, one and one-eighth miles—Kikenny, 15 to 1, won; Lowlander, 15 to 1, second; Dr. Hasbrouck, 15 to 1, third. Time, 2:12. Sixth race, seven-eighths of a mile—Lidgerwood, 12 1/2 to 1, won; Fenatics, 12 1/2 to 1, second; Sir Walter, 12 1/2 to 1, third. Time, 1:22. Seventh race, seven-eighths of a mile—Lidgerwood, 12 1/2 to 1, won; Fenatics, 12 1/2 to 1, second; Sir Walter, 12 1/2 to 1, third. Time, 1:22.

PLUTUS WINS THE HIMYAR.

His Owner Enriched to the Amount of \$3,100.

CINCINNATI, June 17.—The large crowd at Latonia today saw a good program of racing carried out on a slow track. Two well-backed favorites won, while La Colonia, at equal odds with W B at 3 to 1, captured the third race. Fountella, in the first race, sold from 6 to 5 as high as 12 to 1, and was a complete surprise. Plutus, at 6 to 1, won the Himyar stakes (worth \$3,100 to the winner) after a hard struggle with Decapod. Summary: First race, selling purse for three-year-olds and upward, six furlongs—Fountella won, 12 to 1, second, 1:49. Second race, selling purse for three-year-olds and upward, mile and seventy yards—Lola won, Le Grande second, Harry Smith third. Time, 1:59. AFRAID OF OVATIONS.

Reason Why Senator Hill Will Not Come West.

NEW YORK, June 17.—The World says: A close friend of Senator David B. Hill told a World reporter yesterday that the senator had abandoned his intention to go West as chairman of the subcommittee on immigration instructed to inquire into the evasion of the law by the Chinese Six companies, and also as a member of the committee on territories, delegated to inquire into the advisability of admitting New Mexico, Arizona and Utah to statehood. In explaining the senator's reason for not going, he said: "The senator has received letters and telegrams from all over the West begging him to name dates on which he will be at a given place, receiving and other demonstrations in his honor. These have been so numerous that he has concluded his acceptance would place himself in that attitude the senator has decided to remain in the East and attend to his law practice."

IMPORTS OF GOLD.

London Reports That Yellow Metal May Be Sent to New York This Week.

There Has Been a Marked Improvement in Chicago Financial Circles.
NEW YORK, June 17.—The shipments of currency by the banks of New York to the interior today aggregated \$1,250,000, which \$400,000 was obtained at the subtreasury in exchanges. Notices were sent to the banks at Detroit that, inasmuch as they have required sixty days' notice for withdrawals by depositors, the calls by them on New York banks for currency will not be responded to. In regard to rumors of gold imports a member of a firm which has been most conspicuous in facilitating the exodus of the precious metals said: "It is too soon to talk about gold imports, positively. The exchange market is not settled at all, and it is liable to violent fluctuations as long as the money market is so disturbed as at present. I do not see how any one can say positively that gold will or will not be imported on thirty and sixty days' time under present circumstances."
The imports of specie at the port of New York for the week were \$182,425, of which \$121,740 were gold and \$70,675 silver. The exports of specie from the port of New York for the week were \$282,642, of which \$141,517 were gold and \$141,125 silver. Of this amount \$807,120 were sent to Europe and \$14,813 gold and \$1,725 silver went to South America.
LONDON, June 17.—It is expected that shipments of gold will be made to the United States next week, though no engagements have as yet been actually announced.
CHICAGO, June 17.—In financial circles there has been marked improvement for the week. Early in the week a number of banks at Kansas City and other Western cities had to experience runs by small savings depositors very similar to the event in Chicago two weeks ago. The strain resulted in a few small failures, but on the whole the atmosphere was clear and the tone of affairs improved. Later in the week the action of the New York associated banks in voting to issue clearing house certificates, and the probability that this plan would be adopted in many other money centers, went very far towards fortifying banking circles against runs. At Chicago monetary institutions the break has been uneventful. Money on time loans has reached 7 1/2 per cent, while holders have been discriminating between good collateral. The banks are more hopeful than for weeks. Banks are receiving returns from all quarters, and the increased attendance at the world's fair is expected to swell the receipts.
