

TOO HOT FOR VICKERY.

VON DER AHE'S BROWNS TAKE REVENGE ON THE PHILLIES.

THE SPIDERS WIN WITH EASE.

Brooklyn Beats Louisville in an Old-Time Slugging Match—Long Game at Cincinnati—Pittsburg Drives Smith From the Box, Duryea's Waterloo.

St. Louis, July 11.—Vickery pitched seven innings for Philadelphia today, and was batted hard by the Browns, who were bent on redeeming yesterday's defeat. Breitenstein pitched a magnificent game, and was admirably supported by the St. Louis outfielders in a phenomenal work. Attendance, 2,457. Score: St. Louis, 11; Philadelphia, 0.

CLEVELAND, July 11.—Nichols was batted hard today, and the Browns won with the return of Capt. Tebeau to the team. His leg is still in a condition that prevents his running, and he only played at third, with Tebeau on first. The latter signaled his advent by batting in six of Cleveland's runs. Fielding by both teams very good. Attendance, 2,000. Score: Cleveland, 9; Cincinnati, 0.

LOUISVILLE, July 11.—The game between the Louisville and Brooklyn clubs today was an old-time slugging match on both sides. The Browns had the best of things. Stratton was taken out of the box at the end of the fifth inning and Rhodes put in. Brooklyn scored but one run in the sixth. The features of the game were the hitting of Tom Brown and the all-around playing of Tom Corcoran and McKinney. Weather cloudy. Attendance, 1,478. Score: Louisville, 8; Brooklyn, 1.

CINCINNATI, July 11.—The Reds and the Baltimore boys played a sloppy and long drawn out game this afternoon. The hitting was ragged and the pitching on a narrow margin. A riot was almost precipitated by dirty ball playing on the part of Mallonee and St. Louis. McGraw. The former tried to hit Latham with a pitched ball, and the latter deliberately jumped on his hand with his spiked glove after he had made a head-first slide into second base. Weather clear. Attendance, 2,518. Score: Cincinnati, 10; Baltimore, 2.

PITTSBURGH, July 11.—Pittsburg got away with New York today, and won a scratch. Ward's men could not hit Gumbert, and played miserably in the field. Pittsburg opened up on left-handed Schmidt in each of the first two innings, and was compelled to take to the woods after the first inning, and Davies was substituted. He was hit with a ball, and was not given another chance. The men behind him, Demming's fielding and Glasscock's batting were the features. Attendance, 2,440. Score: Pittsburg, 10; New York, 1.

CHICAGO, July 11.—"Cyclone" Duryea was the easiest mark the Colts have run since the start of the season. He cut their batting averages and won under a full. McPhillip pitched a superb game and hit seven times allowed but three hits and gave one base on balls. In the eighth, Anson tried Parker, an amateur pitcher from the city league, and the latter was hit with a ball and struck out three runs. Attendance, 900. Score: Chicago, 5; Cincinnati, 1.

DIXON HAS THE CALL. In the Go With the Omaha Kid Before the Phenix Club. Tommy Dixon seems to have the call for the scientific glove contest before the Phenix Athletic club this evening. This fact is surprising to the votaries of the many art who have followed the Omaha Kid in his exhibitions of the béisbaten art in this city for the past few months. Still, the Kid is not in favor of supporters. There are hundreds, in fact, in St. Paul who are certain that the little fellow who secured the decision against the wonderful Californian, Billy Smith, a few months ago, before this same club, is almost certainly the one to win this evening. They keep the betting pretty close. The conditions are that the two are to weigh in this evening at 120 pounds, and there is not the slightest danger that there will be a forfeiture on this score, for they are now some pounds below the prescribed figure. They are in perfect form, and ready to show that they are masters of their art. The Kid is a picture of health, and his gloves must give him a big support. He boxes with both hands, and in this more than can be said of most exponents of the art. Dixon relies mainly upon his stalwart right. It is true that he is quick and shifty, but, seemingly, he has no advantage in this respect over the Kid. He has the longer reach, however, and this fact may tell for his good.

It is not generally known that Tommy Dixon has the ambition to meet George Dixon, the colored featherweight wonder. It is a fact, however, and negotiations are now pending for a contest between them for the championship of America. This thought leads to a little criticism on the contest of night before last between Johnny Griffin and Solly Smith. The papers of the country are claiming that it was for the American championship, but if the records of the pugilists are closely observed it must be noted that George Dixon holds the title, and neither Griffin nor Smith can dispute it until they defeat the little Ethiopian. Of course, they may accomplish this feat, and Smith is signed to try it in August before the club that will hang up the largest purse

GREAT BICYCLE EVENT.

The Twenty-five-Mile Race to Come Off Saturday.

On Saturday afternoon at 4:30 o'clock will come off at Como Park the chief bicycle event of the year, the twenty-five-mile road race. There are fifty entries, and eighteen or twenty prizes will be given. As the cars are now running to Como, it is expected at least 10,000 people will see the races. The first time prize will be a gold medal, and the second time prize will be a pair of racing tires, and the third prize a bicycle. Of the other prizes the first will be a \$50 gold suit watch, and the second a bicycle suit. A dozen other valuable prizes will also be given. Most of the entries are from St. Paul and Minneapolis, but there are a few entries from other points. A list of the names will appear in the Globe of Friday morning. The prizes will be placed in the Plymouth window on Thursday.

ROBERTS IS SILENT.

He Pays No Attention to Frank Lee's Offers. LONDON, July 11.—In an interview to-day Frank C. Lee, the American billiard champion, who recently defeated John Roberts Jr., the English champion, says he is anxious to play another match with Roberts, and that he had done everything possible to have another game. He had conceded every point that Roberts had asked, and had offered to play on the same table that was used in the first game at Hingley's circus. He had also offered to play the two-inch ball game and to have corner and jammed ball play, and he wanted the stakes fixed at \$500. To all his offers Roberts had made no reply, and Lee said he was disgusted with the way Roberts was acting. Lee added that he had secured passage for New York on the steamer Paris, which sails on Saturday, and that he would be willing to remain in England and lose his passage money if Roberts would accept his offers for another match.

BIRD IS A BIRDIE.

A St. Paul Boy Takes Four Races at Mankato. Special to the Globe. MANKATO, Minn., July 11.—At the bicycle tournament held in this city to-day B. B. Bird, of St. Paul, won four of the eight races, and set the state record in the mile handicap by 3/4 of a second, and carried home four prizes and one medal. First race, one mile, novice, won by Hawley Stevens; time, 1:20. Second race, one mile, novice, won by B. B. Bird; time, 1:20. Third race, one-half mile, handicap, won by Bird; time, 1:00. Fourth race, one-half mile, handicap, won by Bird; time, 1:00. Bird's record in the mile handicap was 3/4 of a second, and carried home four prizes and one medal. First race, one mile, novice, won by Hawley Stevens; time, 1:20. Second race, one mile, novice, won by B. B. Bird; time, 1:20. Third race, one-half mile, handicap, won by Bird; time, 1:00. Fourth race, one-half mile, handicap, won by Bird; time, 1:00.

CLAIM NOT ALLOWED.

Johnson Did Not Get the Contest of Race at Detroit. DETROIT, Mich., July 11.—Today at the Detroit wheelmen, the state mile record of 2:24 was lowered to 2:17 by J. P. Bliss, of Chicago. About 1,000 people who were present enjoyed good racing. There were eight events, as yesterday, and all were hotly contested. The first good time was made. The decision in the final heat of the one-mile open race yesterday, the runner who was tested by A. W. Johnson, of Traverse, was announced today. It gives the race to Guy L. Gary, of Chelsea, Mass., in 2:17. Johnson, of Traverse, was second, in 2:23. Githens, Chicago, third, and F. H. Tuttle, Syracuse, fourth. Johnson won the one-mile open race in 2:23.

Wheeling to the Fair.

PARIS, Mo., July 11.—Elmer Whitehead, George Walters and Otto Praeger passed through here today on bicycles on their way from St. Antonio, Tex., to the state fair, which started on June 13, and have traveled 1,250 miles in sixteen and a half days, having laid out twelve days on the road. They expect to reach Chicago in a few days.

Plimmer and Lyons Matched.

New York, July 11.—Billy Plimmer, the recognized bantam-weight champion of the world, and Dolly Lyons, who lately achieved considerable glory by defeating Dick Hogan, were matched for a second fight at New York on July 29. They will fight at 112 pounds.

Virginians Defeated.

CHICAGO, July 11.—In the intercollegiate base ball tournament today Virginia defeated the University of Virginia by a score of 8 to 0.

POWDERLY SCORED.

Gompers Criticizes the K. of L. Leader for His Declarations. New York, July 11.—Speaking of T. V. Powderly's plan for the labor union of the future, which would do away with both the Knights of Labor and the Federation of Labor, Gompers says: "Mr. Powderly says that both the Knights of Labor and the American Federation of Labor have proved themselves failures. Mr. Powderly has always been looked upon as an authority in matters pertaining to the Knights of Labor, and I see no reason to dispute his statements regarding the order; but he places the American Federation of Labor in the same category. He is antagonistic to the American Federation of Labor because he does not understand its success. The trades unions are the product of existing conditions, and the defenders of the interests of the wage workers. The workmen of America are not so served from the organizations which have protected them and advanced their interests, secured higher wages, less hours of toil and a standing before their employers. Mr. Powderly has always been a man who has been at the head of his organization for so many years and declared it a failure, would hardly be the one to induce workers to abandon the other labor organizations. As to the farmers, I have every sympathy with them in the wrongs that they have received at the hands of the large corporations which discriminate against them. I have a great deal more sympathy, however, for the farmers on the farm. Mr. Powderly is not the only one who has taken an active part in the labor movement and become discredited by the first stories of adversity. Of what use to the wage workers are men who are supposed to be leaders when they practically declare the organizations and efforts impotent? It is at such times that courage and fortitude are most required."

SIR WALTER A KING.

The Game Little Colt Wins the Lorillard Stakes.

ST. LEONARDS WAS THIRD. Owners of the Winner Get \$15,000—230—Jack of Spades Lands the Control Stakes—Kingston Defeated by Tormentor—Morello Captures the Drexel Stakes.

MONMOUTH PARK, July 11.—A brilliant programme, coupled with perfect weather, induced another large crowd to make the trip to the Monmouth plains today. The first race was an open affair, so far as the betting was concerned. There were only two horses in it, according to the calculations of the talent. Kingston's victory Saturday was too good to warrant the event being put off to the post first favorite this afternoon. An anchor was cast to windward by the talent turning its attention to Idlesleigh and backing him down to 7 to 5. Tormentor, despite the fact that he ran a good race Friday and was very heavily laid with today in the matter of weight, was practically ignored in the mix. He went being in 15 to 1 obtainable against him. The race was his from start to finish, while poor old Kingston struggled bravely to the last, and beat Idlesleigh out by the space of a neck. The result was a complete triumph for the bookmakers, but a bitter pill for the talent to swallow. The second event was another factor for the backers of favorites.

Sir Walter's Victory.

The race for the Lorillard stakes was a surprise to many. It was won by the game and handsome little colt, Sir Walter, who was a dual second favorite with Don Alonso. St. Leonards, the favorite, was beaten by Sir Walter, and it was only by dint of superior efforts on the part of Simonas that the Keene's candidate lasted long enough to get into the race. There was a delay of about ten minutes before the start, and it was not until they were within a couple of furlongs of the finish. Dog-walker, who was the favorite, was beaten by Sir Walter, and it was only by dint of superior efforts on the part of Simonas that the Keene's candidate lasted long enough to get into the race. There was a delay of about ten minutes before the start, and it was not until they were within a couple of furlongs of the finish. Dog-walker, who was the favorite, was beaten by Sir Walter, and it was only by dint of superior efforts on the part of Simonas that the Keene's candidate lasted long enough to get into the race.

Beaten Off in the Stretch.

Messrs. Keene have now tried St. Leonards in the second race of the day, and they may be satisfied that St. Leonards is not the world-beater they are thought to be. A lot of money was won by Sir Walter's victory. His race for Realization stakes made many friends for him. He had his field beaten on that day by a wide margin, and three furlongs, but could not stay the additional two furlongs. The gross value of today's stake was \$18,200; \$2,000 of the money goes to the winner, and \$1,000 to the runner-up. The time is within a second and a fraction of the record. Results: First race, six furlongs—Tormentor won, Kingston second, Idlesleigh third. Time, 1:12 1/2. Second race, five and a half furlongs—Sir Walter won, Don Alonso second, Idlesleigh third. Time, 1:12 1/2. Third race, mile and a sixteenth—Reginald won, Sport second, Life Boat third. Time, 1:48 1/2. Fourth race, seven furlongs—Lyceum won, Rosa H second, Poor Jonathan third. Time, 1:58.

MORELLO IN A GALLOP.

CHICAGO, July 11.—Morello, who last Saturday was beaten by a common sell on the track, came out today and, with 127 pounds on his back, won the Drexel stakes in a gallop, defeating such good ones as Charnion, the pride of the West, and Buck McAnn. Morello was the talent's choice for the race, but on his previous performance one could not very safely bet on him, and he went to the post with very little backing. He was the first attempt, with Tyro in the lead, Morello second, Buck McAnn third and Charnion last. Morello won the race in a very short time, but his time was not as good as that of the other horses. He was the first to reach the quarter pole, and passing the half-mile mark the pair were on even terms, but Morello was in front of the other horses. He was the first to reach the three-quarter mile mark, and he was the first to reach the mile mark. He was the first to reach the three-quarter mile mark, and he was the first to reach the mile mark. He was the first to reach the three-quarter mile mark, and he was the first to reach the mile mark.

Weather and Crops.

WASHINGTON, July 11.—Following is the weekly crop report: The weather has been especially favorable for harvesting throughout the winter wheat belt. Hay harvest is progressing in Minnesota and Nebraska, and the crop is reported as much improved and in excellent condition in the principal corn producing states. Wisconsin—Corn never finer; potatoes good; laid long mud grain in southern half of state. Minnesota—Crops injured beyond recovery by drought. Wheat thin, heading short, but filling well; some rust; harvesting begun; potato bugs numerous. Iowa—Hay and winter wheat harvest is in progress. North Dakota—Wheat is generally heading in the north; corn and potatoes in fine condition. South Dakota—Corn in remarkably good condition; effect of drought not so bad as in other sections. Montana—Hay crop not up to average, and in some localities grass is drying up for want of rain.

Bible Society Work.

NEW YORK, July 11.—The seventy-seventh annual report of the American Bible society, the first numbers of which came from the press yesterday, tells of the work that body has accomplished during the past year. Receipts were \$775,937.75, and expenditures \$56,507.10. The sum of \$15,235.35 was appropriated for the foreign department during the present year. A record is made of the death of Deacon William G. Brown, of New Hampshire, perhaps the most widely distributed Bible in the world. He died at the age of seventy-six, and had been engaged in the work of distributing Bibles 1949. During his life he had distributed more than 120,000 copies of the Scriptures.

The New Comet.

NEW HAVEN, Conn., July 11.—Prof. E. J. Moulton's observations is making observations on the "naked eye" comet discovered by a Salt Lake City amateur Saturday night. The professor described the comet as an exceedingly beautiful object in appearance about the size of a star of the second or third magnitude. A number of photographs were taken for the purpose of making a closer examination of the work, and that the inflammable fluid was thus ignited.
