THEY HAVE FIREARMS.

Settlers in St. Louis County Become Angry

OVER THE SURVEY OF A TOWN.

A Claim That Wealthy Lumbermen Are Favored.

A WOOL-GROWER'S TROUBLES.

He Killed a Young Girl While Intoxicated.

NICARAGUA CANAL SCHEME.

DULUTH, Minn., July 22.—The survey of town 45-19, in St. Louis county, has just been completed, and the plat will be filed for entry in the United States land office in the near future. Under the practice of the office, homesteaders have ninety days after the plat is filed to prove up on their claims, and in the case of any contest of those wishing to make entry under the lumber and stone act. Recently the department suspended this practice pending investigation, and the process is likely to be reversed, a step which will favor wealthy lumbermen, who can file under the lumber and stone act. This order has angered the settlers, and trouble is likely to be precipitated in the town just surveyed. It is settled by about forty men, mostly Germans, who have been there four years. W. H. Cook left here last Tuesday with eighteen men to explore land. As the party passed through Tower they were seen by one of the forty settlers, who were in town purchasing firearms, and they left hurriedly for their homes. The newcomers are not acquainted with the short trails, hence the old settlers will have no difficulty in intercepting them. Their plan is to meet the intruders before they reach the township and threaten them with serious trouble if they do not retire.

DIED FROM A BULLET.

Young Girl Killed by a Wool Grower.

GREAT FALLS, Mont., July 22.—A warrant was sworn out today charging John Hobbin, a wealthy wool grower of Collins, Mont., with manslaughter. On July 8, Cora Brotherton and her sister, Mrs. Graham, boarded a train with Hobbin's nephew at the Great Falls and Canada depot, this for the purpose of visiting the ranch at Collins, Hobbin's home, where he was intoxicated, objected to the company and began shooting. A bullet struck Cora, who fell with her sister and Hobbin's nephew the next day. The girl was pronounced as witness against the old man. Her injuries were then thought to be slight, but a telegram from Strathridge states that she died yesterday from the effects of the wound. The reason given for shooting Hobbin was that the young man was his heir and he objected to his fortune passing into the hands of the Brotherton woman, whom he considered disreputable.

THE NICARAGUA CANAL.

A Bill is Drafted for Its Ownership.

DUNQUEN, Pa., July 22.—M. A. Moore, of Dunquhen, has introduced a bill for the government ownership of the Nicaragua canal, which will be offered at the extra session of congress, probably by Senator Stewart, of Nevada. It provides for a company capitalized at \$1,000,000. This company shall purchase Nicaragua \$4,000,000, Cost Rica \$1,500,000, and the Maritime canal \$2,000,000 in stock for concessions. Also repay the \$6,000,000 the canal company has expended. The bill shall be void unless approved by the Maritime Canal company in three months, and unless contracts for the construction of the canal are let in six months within the engineer's estimate of \$10,000,000. The United States shall appoint nine directors, the Maritime Canal company four, Nicaragua one, and Costa Rica one. They shall let all contracts exceeding \$50,000. As soon as the government pays \$100,000 of vouchers it shall stamp \$100,000 of the property of the United States, and the stock issued in excess of the cost of the canal shall be canceled.

METALLIC ALUMINUM.

It Can Be Manufactured for 19 Cents a Pound.

DULUTH, Minn., July 22.—Emil Angerer, of this city, has invented a process by which metallic aluminum can be manufactured at a cost not to exceed 19 cents per pound. Application was made for a patent, but it was refused. The matter was then sent to Dr. C. A. Russell, assistant examiner of the chemical division, and for three days he has been investigating the process. He will make a favorable report. He said tonight: "The present cost of manufacturing the metal is 60 cents a pound, and the output is all from one laboratory. The process discovered by Mr. Angerer is an entirely new one, not novel in its steps, but broadly new, since it involves a hitherto unknown chemical reaction. The process will work on a large scale, and the cost of producing the metal will be reduced to less than 20 cents per pound. When a patent is issued the process will succeed any now in use, and the results cannot be duplicated since only the cost of its production prevents aluminum from supplanting copper, tin and zinc for all ordinary purposes."

GREAT LUMBER FIRE.

Duluth is Visited by a Big Blaze.

DULUTH, Minn., July 22.—The saw mill plant of Duncan, Brewer & Co., the largest of the new mills in Duluth, was completely destroyed by fire this evening. The loss is \$100,000 and the insurance \$100,000. The mill was built two years ago. The fire started in the lat mill and, spreading rapidly, included the planing mill and the sawing plant. The firm has on its docks 108,000,000 feet of sawed lumber, and this was saved only by great effort. There are nearly 10,000,000 feet of unsawed logs on hand, and the work of re-cutting the mill will be begun tomorrow morning. The fire is the greatest lumber fire Duluth has ever had.

300 SIAMESE KILLED

IN THE LAST ENCOUNTER WITH THE FRENCH FORCES.

ONLY ONE TOWN NOT CAPTURED

Without Loss the French Now Occupy All of the Islands—Siam Sends a Reply to France's Ultimatum—Bismarck Gives His People a Talk.

PARIS, July 22.—A dispatch to the Temps from Saigon says: "A telegram from Stungtreng announces that Capt. Villers, commanding the French forces at Khong, reopened fire upon the Siamese on the morning of the 19th inst. In the course of the battle the French captured Fort Dondu, Donzo and Donhan, thus confining the enemy to Fort Donson. The last-named stronghold, though protected by a series of well-constructed fortifications, was captured on the following day without loss to the French, who now occupy the entire group of islands lying to the west of Khong remains to be captured. It is estimated that 300 Siamese were killed and 300 were wounded in the last encounter." A Bangkok dispatch says that the Siamese government, which is anxiously awaiting advice from Great Britain in regard to the French territorial claims, has been informed by Lord Rosebery that the British government must first receive Lord Dufferin's report of the matter.

MOUNTAIN IRON ORE.

The First of It Received by Rail at Duluth.

DULUTH, Minn. July 22.—Ten cars of Mesaba ore from the Mountain Iron mine was received at the new ore dock in Duluth for trans-shipment by water, and marks the completion of the Mesaba road and the ore dock, which is the largest in the world, having a total capacity of 90,000 tons. The dock is the property of the Merritt-Wetmore syndicate, that owns the mines, road, dock and the wharves, and will transport the ore to Cleveland.

THREE HUNDRED HOMELESS

At the Town of Ewen, Mich.—Sad State of Affairs.

DETROIT, Mich., July 22.—A special dispatch from Ishpeming, Mich., to the Tribune says: Three children and a crippled old man are said to be missing since the destructive fire at Ewen, although the report has not yet been verified. Fully 200 families were made homeless and many of them penniless by the fire. Provisions and necessities were received today from Bessemer, Ontonagon, Ashland and other points.

Carlard Will Run.

Special to the Globe.

SIoux FALLS, S. D., July 22.—Judge F. R. Atkins created surprise here this afternoon by announcing he would not be a candidate for re-election as judge in this circuit. A petition has been circulated among lawyers and generally signed, asking Judge John E. Carlard, of this place, to be a non-partisan candidate. Judge Carlard will Monday reply to the petitioners agreeing to make the race.

Tired of Married Life.

MORRIS, Minn., July 22.—Last evening when Arthur Albrecht, a painter, returned home he missed his young bride of a few weeks, and found she had taken all her clothing and also all light household belongings. She had returned to the residence of her cousin, and is believed to be his third of married life.

Silver Mass Meeting.

GREAT FALLS, Mont., July 22.—A great silver mass meeting has been arranged here for Monday night. Resolutions to send to the silver congress at Chicago. The whole section is aroused on account of the closing down of the silver mines at Neihart and Barker Camps, which are tributary to this city.

Defrauded Creditors.

SPECIAL TO THE GLOBE.
SIoux FALLS, S. D., July 22.—W. H. Nelson, who assumed here recently, was arrested this afternoon on an order of arrest for defrauding creditors. Before Nelson assumed he deeded all his property to his sons. Ball was put at \$1,000, which Nelson secured.

Stolen Child Recovered.

SHELL LAKE, Wis., July 22.—The three-year-old child of A. Kempf, that was lost in the woods four miles west of here, was found last night one-half mile from the camp. A party has been sent to the Indians stole the child because of a grudge against the family.

Wisconsin Forest Fires.

ASHLAND, Wis., July 22.—Forest fires approached to within one mile of Ashland last night. The flames could be seen from all parts of the city, and great clouds of smoke filled the atmosphere. Every precaution is taken by the fire department to prevent damage.

Wages Not to Be Lowered.

SPECIAL TO THE GLOBE.
GREAT FALLS, N. D., July 22.—A convention of farmers here today took action recommending the maintaining of the usual good wages for transient harvest hands, thus insuring the employment of the better class of help.

A Year and a Thousand.

DEVIL'S LAKE, N. D., July 22.—Daeley, convicted of conspiracy to defraud the government of land in the Turtle mountain region, was sentenced to thirteen months in the penitentiary and fined \$1,000.

Trowbridge in Jail.

MANKATO, Minn., July 22.—Charles B. Trowbridge, wanted here for forgery, was arrested in St. Paul last evening by Sheriff J. J. Allen and brought to this city. He was jailed awaiting the preliminary trial.

A Horse Thief Returned.

SIoux FALLS, S. D., July 22.—Ed Getzenbender, the alleged Wyoming horse thief, who was yesterday captured here by Sheriff Knott, of this county, left today in the custody of Sheriff Owens, of Newcastle, Wyo.

Whiteman Gaining Ground.

SPECIAL TO THE GLOBE.
OTTONVILLE, Minn., July 22.—In the second trial of the little suit of Mayor Schoen against W. C. Whiteman, editor of the Herald-Star, the jury, after an all-night session, disagreed, standing 8 to 4 for acquittal.

TERRIBLE EXPLOSION.

Two People Killed and Three Wounded.

NEW YORK, July 22.—While the contractors were at work at 1221 street and Fourth avenue an explosion sent a huge mass of rock weighing about twenty tons crashing through the brick building at No. 1221 East 1221 street, killing two people and seriously injuring three, who will probably die. The dead: MARIE POSEY, thirty-five years old, her daughter, MARIE A. POSEY, five years old, her daughter.

THE SIAMESE CAPITAL.

Bangkok a Very Unhealthy City for Europeans to Live in.

Bangkok is a very curious and interesting city of 500,000 inhabitants, 100,000 of whom live in boats on the river. The larger part of the city is uninhabitable by Europeans on account of filth, especially during the dry season. The tide sets back far enough to make the river a cesspool, and the water is stagnant at all times, and for months together rotting carcasses and vegetable refuse float in the current. The water is like pea soup in look, and is so filthy that it is not fit to drink. The natives drink it without clearing, and when a cholera season comes they die by the thousands. The great and terrible bird of the vicinity flock to the city, but cannot devour the corpses that are piled up on the plain. Many times, says an authority, over a third of the people have died in a summer—say, 150,000 or 200,000—but they await their fate with the helplessness of animals or the sulient orp of despair. The wet monsoon ends the epidemic. The rain descends in such torrents as to almost strangle one exposed to it. The filth is washed away, the country laborers crowd in till the population is restored, and all goes on as before.

Three Dead.

WILKESBARRE, Pa., July 22.—Three of the four men who were burned in the Edwardsville accident yesterday died at about twilight this morning. They were: Patrick Malia, Martin Brennan, William Jones.

MAKING SEAT.

Republicans Will Make a Hard Fight to Secure It.

SPECIAL TO THE GLOBE.
WASHINGTON, July 22.—Kansas Republicans are taking steps to make a vigorous contest against Senator Martin. Lawyers have been engaged nominally by Ady, who claims to be elected by the Republican state committee. The scheme will be actively pushed by Chandler and other Republicans, who, while they must vote for the re-election of the senator, if it comes to a vote, would prefer to "see Cleveland a hole" by the delay. If Martin was not elected there was no election. Ady is certainly not in it. The celebrated Jere Wilson will be chief attorney for the Republicans.

THE LLOYD'S BANK.

Conditions Under Which It Will Be Allowed to Resume.

SPECIAL TO THE GLOBE.
WASHINGTON, July 22.—Lloyd's National bank, at Jamestown, N. D., will be allowed to resume business under conditions laid down by Comptroller Eckels today as follows: First, all monies owned by bank by depositors or officers must be paid or secured; second, enough money must be paid in to carry the bank ninety days and enable it to meet all demands from depositors who do not agree to continue their deposits for a time. This money may not be borrowed by the bank, but paid in by the shareholders—new capital, in other words. The probabilities are that the bank will resume with a change of management or not at all. In the latter case a receiver will shortly be named.

Minnesota Reserves Large.

SPECIAL TO THE GLOBE.
WASHINGTON, July 22.—The reports from the national banks of Minnesota, called for on July 13, have nearly all been received by Comptroller Eckels, and early next week the detailed report for the state will be given out. The condition of the St. Paul and Minneapolis banks may be ready for publication on Monday. The reports from all over the state show the banks to be holding large reserves, in some cases the largest in their history.

Sites Changed.

SPECIAL TO THE GLOBE.
WASHINGTON, July 22.—The sites of the following South Dakota postoffices have been changed: William C. Larson, Danville, Turner county; Henrietta E. Gates, Odessa, Hand county; Thomas B. Powers, Westover, Prairie county.

Gets a Postoffice.

SPECIAL TO THE GLOBE.
WASHINGTON, July 22.—Alvah Chamberlain has been appointed postmaster at Fowler, S. D.

READS THE RIOT ACT.

PRESIDENT STURGIS ADDRESSES THE STOCK EXCHANGE MEMBERS.

RASCALS TO BE CLEANED OUT.

The New York Exchange Will Do All in Its Power to Suppress Attacks on Credit—Prosecution of Some Members Possible.

NEW YORK, July 22.—In accordance with a resolution passed by the governing committee yesterday evening, President F. K. Sturgis, of the New York Stock Exchange, delivered the following address from the rostrum of the exchange this morning: "The board of governors of the stock exchange held a prolonged session yesterday night in order to give to you the result of their deliberations. The times through which we are passing are phenomenal in their nature, and have never been equaled by any which have transpired during this generation. It behooves every member of the exchange not only to be loyal to his own sense of honor, but to stand firmly and devotedly to the institution of which he is a member. The community has always looked to the stock exchange for a high character of financial and commercial integrity, and have not been disappointed. Moreover, it is true that during the recent phenomenal shrinkage and depressing complications the public have looked to the stock exchange with respect to the manner in which the members of the stock exchange have lived up to their contracts. "But in all large bodies of men there will be found individuals who, for private ends or public notoriety, will take a stand at variance with their associates. "Would that we had the power to punish as it deserves such disloyalty. But it is our intention, in so far as our power goes, to put a stamp of absolute disapproval upon all the irregularities and all methods of doing business subversive of welfare and injurious to public credit. "Furthermore, the public are apt to be misled by rumors which have their origin in Wall street with the stock exchange, and to give to the exchange the credit of any malicious or false statements which may come from the seething mass who throng in Wall street itself. "President Sturgis read resolutions adopted by the governing committee. These condemned the circulation of false statements, and contained the promise of the committee to do all in its power to stop the practice. The resolutions also contained a ruling that offers to buy or sell securities under any form of contract other than that provided for by the constitution should be deemed a violation of the rules, and punishable by suspension or expulsion. This ruling was intended to put an end to the special requirements, or to the delivery and a payment for securities by which embezzlement might be caused. President Sturgis has called another special meeting of the governing committee for the stock exchange for Monday at the request of the law committee. The purpose is to bring to account under the constitution of the exchange members who spread damaging reports. It is intimated that the committee may also order legal proceedings. President Sturgis said: "We are going to do all in our power to suppress attacks on credit."

TWO HUNDRED CLOSED.

Number of National Banks Suspended Since January.

WASHINGTON, July 22.—Since the 1st of January nearly 200 national banks have closed their doors against less than fifty during the same period last year. The total number of banks have been suspended since January, as follows: The First National Bank of Little Rock, Ark.; the Gate City National Bank of Atlanta, Ga.; the People's National Bank of Denver, Col.; the German National Bank of Denver, Col.; the Kentucky National Bank of Louisville, Ky. This latter bank, which closed its doors today, had the last report received \$380,000 of United States funds. The government will not lose anything by these failures, as each national bank is a government depository has to deposit United States bonds to the amount of government money it is allowed to carry. These bonds, in case of the failure of the bank, are sold on account of the government, and as United States bonds are at a premium in the financial market, there is never any difficulty in realizing. This afternoon Comptroller Eckels ordered bank examiners to check the failed banks as follows: Escott, at Louisville, Ky.; Plummer, at Knoxville, Tenn.; Sawyer, at Russell, Kan.; Stone, at Vernon, Tex.; Lynch, at Milwaukee, Wis.

TOO MANY GOODS.

New England Mills Closing Down on Account of the Overstocked Condition of the Market.

NEW YORK, July 22.—The Herald says: The recent temporary shutting down of the mills that manufacture gingham and cotton goods in Maine, New Hampshire and Massachusetts was fully discussed yesterday by commission men who handle these goods. An almost unanimous opinion was found among members of the trade on the point that the decision to cease for a time was a most excellent one. In some quarters it was held that this action was taken by certain mills because, while there had been an increase in the demand for cotton goods for general wear, there had been a corresponding decrease in the demand for gingham. In other words, cotton goods were more popular with women this season than are gingham. Some mills had been making gingham in large quantities and had accumulated heavy stocks, which they could not dispose of at once. By stopping their manufacture for a few months the market would be "eased" to a large extent, and when the fall trade begins the mills, on resuming, will not find themselves overstocked. Other reasons mentioned for closing were the general lack of confidence in the business circles and the uncertainty

LYNCHED THE VILLAIN.

Howling Mob of Angry People Break Into a Jail

AFTER TWO HOURS OF WORK.

The Wretch Strung Up to a Telegraph Pole.

SHOT BY A WHISKY DRUMMER.

Well Known Merchant in Little Rock is Murdered.

STORY OF BOLD KIDNAPERS.

MEMPHIS, Tenn., July 22.—Leo Walker, the assailant of Miss Mollie McCadden, is now a corpse. The mob, after two hours' work with battering rams, broke into the jail a few minutes past midnight, seized the trembling wretch, and dragged him to a telegraph pole, 100 yards from the prison, and strung him up. The mob was composed of about 5,000 white

KENTUCKY NATIONAL.

One of the Louisville Banks Closes Temporarily.

LOUISVILLE, Ky., July 22.—The Kentucky National bank closed its doors after 10 o'clock this morning, and the announcement was made by the board of directors that payment had been suspended. There was no excitement, and no one would have suspected that the bank had closed up but for a crowd of loafers and newsboys who congregated on the sidewalk. The suspension had been expected, as the bank had a large amount of paper which, though pledged, could not be realized on. The bank was the government depository, and the government has a large sum of money which is amply protected by United States bonds. President Fetter said that he had full confidence in the solvency of the bank, and believed that

There is Plenty of Money.

but it is not being spent. Those who have it are waiting to see where we will stand after congress gets down to business. F. G. Cooper, of J. W. White & Co., also takes a hopeful view of the situation. He says: "All jobbers are now buying only what goods they have to have, and are carrying only small stocks. That means a good deal. They propose the wholesale houses in this city shall carry the heavy stocks. The New York houses don't propose to do this, and therefore the mills must shut down until a bona fide demand for goods arises. I think in sixty days, if not in less time, we shall have a tremendous rush of orders from jobbers. "I do not think the tariff question has anything to do with the shutting down of the mills. The tariff cannot affect the goods in question. "Business men are waiting to see

A GOLD SCARE.

Gen. Warner Blames the Gold Men for Present Troubles. CHICAGO, July 22.—Gen. A. J. Warner, of Ohio, the active spirit in the bimetallic convention, which meets in Chicago Aug. 1, is at the Grand Pacific hotel in conference with local silver men on the arrangements of the convention. Gen. Warner said: "The battle of bimetallicism has been fought in the forum of the world, argument is passed. What is needed is decided action. We expect a large convention. There will be many earnest men present—men who understand the subject thoroughly. The country is aroused as it never was before. A sense of alarm is manifest all over the country at the possibility of the establishment of a single gold standard. The present financial condition is largely artificial, and amounts almost to a public crime. The gold men should be held responsible for it. It is a man who is made to believe that the present money stringency is due to the increase of \$4,000,000 monthly under the Sherman purchase law."

Imports and Exports.

NEW YORK, July 22.—The imports, exclusive of specie, at the port of New York for the week were \$2,900,216, of which \$2,814,232 were dry goods, and \$87,984 general merchandise. The imports of specie at the port of New York for the week were \$1,204,042, of which \$1,173,803 were gold, and \$30,239 silver. The exports of specie from the port of New York for the week were \$1,232,500. Of this amount \$1,123,000 silver went to Europe and \$5,500 gold and the entire party was driven away. Much excitement prevails, and the police are non-plussed. Not a trace of the kidnapers can be found. The only reasonable theory is that Mrs. McDonald's husband some years ago was put in the penitentiary for committing a crime. It is surmised that he has escaped from prison and was one of the kidnapers.

Another Mine Closed.

NORWAY, Mich., July 22.—The Aragon Mine company, operated by the Schlesingers, is in trouble. All its property was attached yesterday. The company is said to owe its employees wages for May, June and July, amounting to \$50,000, and the miners would not permit any ore to be shipped until their wages were paid. As a result, the mine was closed last afternoon, and 400 men are without work.

Wants to Fight.

NEW YORK, July 22.—Solly Smith, the featherweight pugilist who whipped Jimmy Griffin at Roby, is in town trying to arrange a match with George Dixon, the colored featherweight champion. Jack Skelly, who was defeated at New Orleans by Dixon, has just been matched to fight George Siddons on a purse of \$500. Time and place of meeting will be determined upon next week.

Chicago Did It.

NEW YORK, July 22.—George D. Smith, proprietor of the Metropolitan and Columbian restaurants, this city, has given bills of sale of the two places for a nominal consideration. His embarkment was caused by the failure of a hotel and restaurant venture in Chicago. Four months ago he claimed to be worth \$300,000.

Killed in a Wreck.

LIMA, O., July 22.—C. W. P. Jones, printer, Home Rector, Ark., and an unknown tramp were killed in a freight wreck four miles east of Lima at noon today. A broken wheel derailed and demolished eighteen freight cars, the tramps being struck by a car of coal. Damage to the company is heavy and liable delayed eight hours.

THE EARL OF ABERDEEN.

CANADA'S NEW GOVERNOR-GENERAL.

how the silver question is settled. I have just returned from Europe, England and France and am watching and waiting to see what we intend doing about silver. They say there if the Sherman law is repealed, they will prepare for a heavy drain of gold to the United States. This must benefit all of us. The total silver purchased and sold yesterday was \$20,000,000. The purpose is to bring to account under the constitution of the exchange members who spread damaging reports. It is intimated that the committee may also order legal proceedings. President Sturgis said: "We are going to do all in our power to suppress attacks on credit."

PRESTON ALL RIGHT.

Secretary Carlisle Indorses His Action in Purchasing Silver at the London Price. WASHINGTON, July 22.—Secretary Carlisle, after an interview with Acting Mint Director Preston this morning, authorized the Associated Press to state that he fully approves the policy pursued in his absence by Acting Mint Director Preston in purchasing silver, and that the same policy will govern silver purchases in the immediate future. The statement was made in response to a rumor that had been started that Secretary Carlisle would, on his return, reverse the policy of the treasury in purchasing silver. Mr. Preston was entrusted by Secretary Carlisle with entire discretion in purchasing silver when he left on his vacation. This morning, with the approval of the secretary, he is reported to purchase 100,000 ounces of silver at 70 cents, the London price being about 69 1/2 cents per ounce. This lot was fully offered yesterday at 70 cents per ounce and was declined, and a counter offer was made by Mr. Preston of 71 1/2 cents per ounce, which the holder refused to accept. This morning he offered, as stated, 100,000 ounces at 70 cents, 30,000 below the price tendered him yesterday, but Mr. Preston informed the offer that he only purchased silver on silver days—Mondays, Wednesdays and Fridays. The total silver purchased so far this month is about 1,800,000 ounces, besides some "local" purchases, which may bring the total up to 2,000,000 ounces. It is not expected the total of 4,500,000 ounces of silver will be purchased this month, but this does not worry treasury officials, as Secretary Carlisle holds, with Mr. Preston, that the law does not require the treasury to purchase that amount in case it is not offered within the market price.

Officers Hot on the Trail of the Kidnapers.

INDEPENDENCE, Kan., July 22.—The Moody Valley bank robbers are surrounded near Lenap, I. T. The gang have increased this evening in number and are well armed. They are hidden in the timber off Cedar creek and have held up several travelers and driven off cattle from the neighboring ranches. Additional arms and ammunition have been sent to the pursuing party from Coffeyville. Lenap is a little village about sixteen miles southeast of Coffeyville in the Cherokee country. The pursuit is vigorous and why no doubt result in the capture of the robbers.

BANK ROBBERS.

Killed in a Wreck. LIMA, O., July 22.—C. W. P. Jones, printer, Home Rector, Ark., and an unknown tramp were killed in a freight wreck four miles east of Lima at noon today. A broken wheel derailed and demolished eighteen freight cars, the tramps being struck by a car of coal. Damage to the company is heavy and liable delayed eight hours.

Chicago Did It.

NEW YORK, July 22.—George D. Smith, proprietor of the Metropolitan and Columbian restaurants, this city, has given bills of sale of the two places for a nominal consideration. His embarkment was caused by the failure of a hotel and restaurant venture in Chicago. Four months ago he claimed to be worth \$300,000.

THE EARL OF ABERDEEN. CANADA'S NEW GOVERNOR-GENERAL.

WITH A SHOTGUN.

Prominent Wholesale Liquor Dealer Murdered in His Store.

LITTLE ROCK, Ark., July 22.—At 7:30 this evening David Lasey, a drummer, walked into the wholesale liquor house of Levinson, Fridman & Co., on Main street, and emptied the contents of a shotgun into Ben Levinson's body, killing him.

David Lasey is a well-known whisky drummer, and was formerly in the employ of Levinson, Fridman & Co., and is now in the employ of Tracer & Co., of Cincinnati. The shooting was brought about, Lasey said, by Levinson having made improper proposals to his sister, Mrs. Leo Thaelheimer, of New York, who is now visiting in this city. According to Lasey's statement, Levinson sent two notes to the lady requesting her to meet him this evening at a house of assignation. She handed the notes to Lasey, who with his brother took a shotgun and perpetrated the murder. There are open threats of lynching Lasey.

BOLD KIDNAPERS.

A Mother and Three Children Captured by Masked Men.

FORT WAYNE, Ind., July 22.—Mrs. McDonald and her three children lived with her sister, Mrs. Magner, several miles back in the country from this city. Last night several masked men knocked at the door and Mrs. Magner attended the summons. In answer to their inquiry, she said that her sister was up stairs. They then stealthily seized Mrs. Magner, pushed her into a room, locked the door and went up stairs to find Mrs. McDonald. She was seized with her three children, taken out of the house, placed in a carriage and driven away. Much excitement prevails, and the police are non-plussed. Not a trace of the kidnapers can be found. The only reasonable theory is
