THE PHILLIES STILL LEAD.

St. Louis Scratches Onto a Victory With Chicago in the Ninth—Cincinnati Gets Snap Judgment on Cleveland in Six Innings—Other Sports.

Table with 4 columns: Team, W, L, Pct, Runs. Rows include Philadelphia, Boston, Cleveland, Brooklyn, Cincinnati.

LOUISVILLE, July 26.—The Louisville lost the third straight game to Pittsburgh today through costly errors and bases on balls. Killen was in the box for the visitors, and kept the Colonels guessing as usual, but they lit into him heavy at times. Hemming pitched his usually good game, but was discouraged by the bum fielding of the Colonels. Killen was given excellent support, and especially by Bierbauer and Glascock, who ate up base hits the same as if they had been hard-boiled eggs. The feature of the game was Smith's three-bagger in the sixth inning, with three men on the bases. Weather threatening. Attendance, 1,300. Score:

BY A SCRATCH. St. Louis, July 26.—For's game was a see-saw, each side alternating in the lead. St. Louis played a magnificent up-hill game. In the ninth inning, with two runs on base, Cronus made a triple, and singles by Brodie and Werden and an error by Lanze gave the runs necessary to win. Attendance, 1,500. Score:

CLEVELAND SHUT OUT. Cincinnati, July 26.—The Cincinnati and Cleveland should have played two games this afternoon, but a heavy rain and windstorm stopped the first game in the sixth inning, with the score standing 2 to 0 in favor of the Reds. Both played without an error. King's fine pitching was the feature of the game. Hoyer, of the Southern league, umpired. Attendance, 3,450. Score:

HIT MULLANE HARD. New York, July 26.—The New Yorks made it three runs in the first inning of the Baltimore by hitting Mullane at the right time and giving German fire support in the field. The game was stopped twice by rain. The score:

A VICTORY AND A TIE. PHILADELPHIA, July 26.—The Phillies and Brooklyn tied in the first of this afternoon, the first of which was a tie and the second the home team won. The first game was evenly pitched, with a shower at the end of the fifth inning. Attendance, 3,000. The score of the first game:

BOSTON'S HITS SEQUENTIAL. Boston, July 26.—The hits of the Washington series on the South end grounds today was a battle of pitchers. The hitting was evenly poor, but the Bostonians outlasted the visitors both in sequence and length of hits. To this fact is their victory due. Attendance, 2,477. The score:

BENEFIT TO CLAYTON. A Great Game Scheduled for Stillwater on Sunday. Harry L. Clayton, the brilliant catcher of this season's Stillwater club, is to have a benefit at Stillwater next Sunday. The St. Paul Picketts, including some of the Wilnot players, have tendered their services for the occasion. All of Harry's many friends should try and attend, for he is in need of some financial help. The game will doubtless be the most interesting of the season, as the following players compose the Picketts: Harry Sampson and Frank Wilder to start the programme, and this was followed by a sweepstakes game between Wilder and Clark. Sampson was put on to play 150. Wilder's biggest run was 11 and Clark's was 10, while the game lasted thirty-two innings. This evening, Clark is selected to play Cowan, and Clow will play Bingham.

Lawn Tennis. CHICAGO, July 26.—Clay's attendance at the national lawn tennis tournament was much better than yesterday. Chase and Clark met Cramp and Orsinger. Chase and Clark won the match by 6-2, 6-4, 6-2. Hobart, of Harvard and New York, and Tobin and Taylor, champions of the Pacific slope, began the afternoon games. Hovey and Hobart easily defeated the Western men by 6-1, 6-1, 6-1. Ryerson and McCormick won handily from White and Widner by 6-3, 6-0, 6-4.

CLEVELAND RACERS. Only One Favorite Got Under the Wire First. CLEVELAND, July 26.—Only one favorite succeeded in winning this afternoon, and then only by the hardest kind of a fight. The day was perfect, and followed. Jay Hawk was a favorite from the first, and won the race in straight heats, and the attendance excellent. He succeeded in getting the 2:14 class, Red Hal and Alvan Swift, first and second choices, were sent to the stables, neither winning a heat in the five trotted today. The race was not finished today. SCRAPS OF SPORT. Tom Foley's Rex, the elegant St. Bernard dog received by him recently from Charles Green, of Chicago, has again disappeared. He offers a suitable reward for his recovery. The animal cannot be of special value to the one who now has him, for the reason that he has no dog's tag, and is a solid build dog without marking, and wears no collar, for the reason that the collar that was worn upon the dog was left upon Mr. Foley's lawn. Dick Moore has gone into active training for his contest with George Kessler before the Twin City Athletic club on the 25th of August. He has taken quarters at Lake Vadnais, and thinks it an improvement, for many reasons over his old quarters at Bass lake. Kessler is training in the gymnasium of the Twin City club in Minneapolis. Capt. Ben's famous Queen, a rough-coated St. Bernard, is the mother of five handsome pups. The sire is John Typewriter, F. V. Bartlett, St. Paul; Typewriter, F. V. THE SCOTTISH GAMES. BUSINESS MEN CONTRIBUTE LIBERALLY FOR PRIZES. BIG PURSES FOR ATHLETES. Gardner and Dixon Busily Preparing for Monday Night's Meeting—The Kid Is Established as Favorite, but Dixon Will Be in It. New York, Chicago and San Francisco are the only cities in America that can be said to lead St. Paul in the success attending their Scottish games. The record of this city in the past is to be decidedly eclipsed by the games this year, to be held Saturday, Aug. 12, at White Bear lake. The committee on arrangements is offering tempting inducements to really first-class athletes in every part of this country and Canada, and to have no Cajedonian Buffalo and no Scotchman at the sports this year, it is safe to say that good men who made a practice of going to those places will come to St. Paul, as well as taking part in the great world's fair games at Chicago. The local committee on prizes reports that besides the trophies anywhere from \$2,500 to \$4,000 will be offered to competitors. A canvass of the business men of the city is resulting splendidly. Funds are being contributed the more readily because every man approached realizes that these games will be not only credit to the managers and participants, but will also spread the growing fame of St. Paul as a center for legitimate sports. Among the contributors who have thus far responded to the committee's call for assistance are these: Hon. W. R. Johnson, Hon. Robert A. Smith, Mayor Wright, Hon. W. W. Erwin, P. H. Kelly Manufacturing company, officers St. Andrew's society, St. Paul & Duluth railroad, A. N. Nelson, county treasurer; J. Burns, county auditor; A. Moore & Co., Griggs, Cooper & Co., Ryan Drug company, H. C. Barlow & Co., Barrett & Barrett, the Crain & Orway Co., W. S. Conrad, George Beuz & Sons, Topfiff & Co., S. GARDNER VS. DIXON. The Omaha Kid Is Now the Favorite. The Phenix Athletic club is kept busy these days issuing tickets for the scientific glove contest between the Omaha Kid and Tommy Dixon that is to occur in the arena of that organization next Monday evening. The Kid is a favorite now, and this may be accounted for by the explanation that he entered the ring before and was ready to enter the ring at the hour specified, and that he was in perfect condition and sanguine of victory. The Kid's showing in his struggle with Solly Smith places him in the first rank of the featherweights of the day. He is especially true since Solly Smith has defeated Johnny Griffin, the Brantree lad, who was considered by many as almost invincible. And this incident has had the effect to make the zealous exponents of the Dixon end a little cautious. Before they made the rashest sort of claims, but this time they are doing mighty little talking. Dixon is training at the gymnasium of the club, while Gardner is at Minnetonka with Tommy Murray.

SCRAPS OF SPORT. Tom Foley's Rex, the elegant St. Bernard dog received by him recently from Charles Green, of Chicago, has again disappeared. He offers a suitable reward for his recovery. The animal cannot be of special value to the one who now has him, for the reason that he has no dog's tag, and is a solid build dog without marking, and wears no collar, for the reason that the collar that was worn upon the dog was left upon Mr. Foley's lawn. He has taken quarters at Lake Vadnais, and thinks it an improvement, for many reasons over his old quarters at Bass lake. Kessler is training in the gymnasium of the Twin City club in Minneapolis. rying and mining. Among the score of general topics are the questions: "Should silver be used only in the arts, or also as money?" and "Should gold be the sole standard for money purposes, or should bimetalism be established?"

GOING TO HADES. Some of Senator Stewart's Pessimistic Forecasts. New York, July 26.—The World prints an interview with Senator Stewart, of Nevada, in which he is credited with saying: "I have no doubt the Sherman silver law will be repealed. The country is going to Hades. I had hoped to help in warding off the catastrophe, but the Democrats and many Republicans, too, seem to have gone crazy. I cannot answer for the consequences, and I am glad I shall not have to share the responsibility. I am afraid Mr. Cleveland made a mistake when he attributed the present trouble to unwise legislation. He may have referred to this mist act of 1873. If so he was correct. But it is better that the Sherman act be mistaken. Its repeal might give temporary relief by decreasing the people and making them believe that the evil had been removed. But the evil lies deeper. It is a deficiency of gold. There was too much of both gold and silver to furnish an adequate basis of circulation and credit. The destruction of silver by the repeal of the Sherman act will destroy more than half of the basis of circulation and credit and leave the United States without sufficient gold to sustain confidence. And the probabilities are that the trouble will go on. I hope wise counsels will prevail and that the business community will look the situation in the face and devise some scheme whereby the circulation and credit of the country will be on a firm foundation. I have no doubt that the Sherman law will be repealed. But if it is repealed without a substitute of some kind it seems inevitably certain that times will grow worse, and continue to grow worse for a long time to come." Senator Stewart's statements.
