WINNIPEG GETS NO PRIZE.

Bright and serene the sun shone re-embled upon the continued series of gallant victories that were scored at Lake Minnetonka yesterday by the sturdy athletes of the Minnesota club. It was the last day of the regatta, and it signified a meeting of the Minnesota and Winnipeg rowing association, in which the brilliant Minnesota, of St. Paul, lost but one little race.

Minnesota partisans are naturally so disappointed they are really "sore," and they offer excuses galore. They will claim, until the St. Paul boys repeat the exploits of the last two days, that all the handy Lurlines of the Flour City need more care and judgment in steering. That was the common story last evening, and it was heard all along the line; but the oarsmen themselves do not participate in this sort of excuse

a matter of course, the great feature of the day, and the entire regatta. For that matter, was the first event of the day, the senior fours. It was a race that had been looked forward to with eager expectancy by every oarsman in the entire association every since the regatta of last season.

It is related sub rosa that there have been a few heartaches because of the race last year, and each crew that was to participate in the battle on the lake yesterday had determined to demonstrate beyond all further controversy or question their standing in the boating world. They came out yesterday strung to the utmost tension, and the excitement grew to an intensity that has never been equaled in the association when the three teams went to the start. The Duluth club had no team to put in, and the candidates were the Lurlines, the Minnetonas and the Winnieps. The betting was 4 to 5 against the Minnetonas, 6 to 4 against the Lurlines, and 5 to 1 against the Winnieps. Soon after the Minnetonas were forced to prohibitive odds, for it was a cinch they would win, and after this chance there was little betting, for the people all seemed to have a sort of an idea that the crew from St. Paul was invincible, and they were right. The crew was composed of Archie Wright, stroke; George O. Nettleton, 3; Percy Houghton, 2, and W. N. Armstrong, bow. Could this be well improved upon in this neck of the woods? The echoes come back from the wooded borders of Lake Minnetonka, "No!"

But the Minnetonas folk had not despaired of a victory for the Lurlines. They could not believe that the rival city lads could walk off with so many trophies, and they heroically averred that W. H. Grosskopf, stroke; A. L. Buffington, 3; F. Fitzzler, 2, and G. S. Taylor, bow, must win some glory out of the meet, and here was their only chance. It was now or never.

AFTER THE RACES.

Society Turns to Social Joy at the Lafayette.

The entertainment furnished the visiting oarsmen last night at Hotel Lafayette quite surpassed anything of the kind that has taken place this season. The ballroom, the center of attraction, was thronged with beautiful women and pretty girls. Some of the most gorgeous toilets were seen, though have ever dazzled the eyes of the sterner sex, and they were not unappreciated. The oarsmen seemed to be chief favorites—and not only the brave Minnetonas, who had won all the laurels; for in his speech delivered when the prizes were being distributed, E. A. Jaggard said that any lady in the room would sooner have one dance with a Winnipegger than two with a Minnetona club man. He was right. The pretty girls had all the dancing they wanted, for there was a larger number of the men than women out from town to see the races.

Among those who were out were Miss Gordon, H. P. Ruzg, Mr. and Mrs. C. B. Gilbert, Miss Monfort, Bert Bigelow, Harry Lee, Miss Sloan, Ed. Holbert, Miss Baker, Will H. Baker, Rachel Berkey, Mr. and Mrs. George O. Nettleton, Miss Hester Pollock, T. B. Archibald, C. E. Macdonald, A. Dreyer, Judge Kelly, Miss Rose Kelly, Miss Julia Crooks, Miss Mamie Kelly, Emilie L. Buffington, Miss Mary Bass, E. L. Hersey, C. Hersey, Mr. and Mrs. J. J. Parker, S. Lee Davis, H. C. Hope, P. A. Sharpe, Mr. and Mrs. John L. Kelly, Mrs. W. G. SAVINGS BANKS.

Reasons Given by New York Bankers for the Sixty Days' Notice.

NEW YORK, July 29.—There was a very exciting scene at the opening of business on the stock exchange this morning. There were no less than three important over-night developments, no tinkering of any which was known when business closed last night. These were the action of the directors of the General Electric at their meeting which lasted until 4:30 last evening; the news that the Chicago Gas directors were discussing a bond issue and a reduction of dividend; and the con-

DRAMATIC SCENE IN THE FOREIGN MINISTER'S OFFICE.

JOY ON PARIS BOULEVARDS.

SAN JUAN DEL SUR, NICARAGUA.

July 29.—It is difficult to obtain information from the interior, but reports have reached here that Gen. Zavala has strongly fortified Granada and has organized an army of 4,000 men to defend the city. Details of the battles fought at Mateares, where the government forces made their first defense of Managua, and the one at Managua, in which the government's troops were forced to evacuate the capital, are gradually coming in. Gen. Zavala, who added to the overthrow of Saca and afterward joined the revolutionary party of Leon, led the attacking troops on each occasion.

A determined resistance was made by the government forces commanded by Gen. Avila, the commander-in-chief. There was desperate fighting at each place. The loss of life was enormous. Gen. Zavala, president of the Granada government, admits that 600 men lost their lives in two engagements, but the lowest estimate placed by impartial observers upon the combined loss of the two in the battles of Mateares and Managua is from 1,000 to 1,400 lives. The fighting was at close range and the most desperate ever witnessed in Nicaragua.

SIAM IS SQUELCHED.

The ultimatum of the French is accepted.

PARIS, July 29.—Prince Vadhana, Siam's minister, went to the foreign office this morning to communicate to M. Develle, minister of foreign affairs, Siam's decision to accept the terms of France's ultimatum. He was received by M. Revoil, chief secretary, who, without waiting for the prince to speak of his mission, informed him that M. Develle would be unable to receive him, as with the departure of M. Pavie on the Forfait from Bangkok, all diplomatic intercourse between France and Siam had been stopped. M. Revoil was proceeding to express his regrets, when Prince Vadhana exclaimed: "But I bring a flag of truce; we accept the ultimatum."

M. Revoil did not wait to hear more. He bowed to M. Develle's presence shouting: "Siam accepts the ultimatum."

He then explained that Prince Vad-

ALL OF THESE WERE IMPORTANT FACTORS IN THE SPECULATION, AND CARRIED WITH THEM A READJUSTMENT OF VALUES THAT BROUGHT THE BROKERS DOWN EARLY TO TAKE ADVANTAGE OF THE BIGGEST CROWD IN THE ROOM WERE AROUND THE CHICAGO GAS AND GENERAL ELECTRIC POSITIONS.

RIGHT AT THE OPENING AN EVENT OCCURRED IN THE CROWD THAT CALLED OUT UNANIMOUS CONDEMNATION, AND OF WHICH THE CHIEF ACTORS ARE LIKELY TO BE HEARD MORE.

THE DECISION OF THE DIRECTORS WAS CONSIDERED THE TURNING POINT IN THE COMPANY'S AFFAIRS, AND MOST PERSONS LOOKED FOR A BETTER MARKET FOR THE STOCK.

AMONG THOSE IN THE CROWD WERE BROKERS P. N. SPOURLE AND FRANK SAVIN. SAVIN WAS BIDDING FOR THE STOCK ABOVE THE

CLOSING PRICES.

and other brokers were also, as is usual, bidding in the same way. There was, however, no stock offered until just as the chairman's gavel dropped, when \$20 bid for 500 shares of Sprague, to the amazement of everyone in the crowd, cried "sold" before any higher bids could be made. The crowd was agitated at this transaction, and threats were made to take the case before the governing committee. Doubts were also being all to the genuineness of the transaction, which was regarded as a bear move to fix a low opening sale for the stock. The next sale after this extraordinary transaction was at 39, or 9 points from the opening, and was moderately well attended on both sides of the exchange, and emphasizing the queer nature of the first transaction.

The stock then sold at 38@37 1/2@38. Chicago Gas opened without such incident as the above, but was very weak. It closed last night at 47, opened at 44, sold down to 40, and back to 43 1/2.

The money market was merely nominal today, call loans being quoted at 4 per cent, and time loans at 5 per cent. Movement of currency was lighter today than on any day in two weeks. Only \$150,000 in currency and gold was withdrawn from the treasury today for shipment out of town, and the local currency was not aggregated over \$500,000. The estimate of the shipment of currency to the interior for the week is \$5,000,000. The banks, however, received \$8,000,000 from the interior, and \$1,750,000 was imported, making the net loss of money about \$250,000 for the week.

Silver was dull and neglected. The closing quotation was 70 1/2c bid. Commercial silver declined to 60 1/2c and Mexican dollars to 58c.

Sterling exchange was irregular. The supply of bills was moderately large, and bankers were looking for an increase in the import movement of gold next week. Posted rates remain 4.81 and 4.83 1/2. Actual rates remain unchanged.

WHEAT TOUCHES THE BOTTOM NOTCH IN THE HISTORY OF THE CHICAGO BOARD.

CHICAGO, July 29.—Wheat sold lower today than at any time in the history of the Chicago board of trade. In 1858 it was quoted as low as today, but at that time the trade in wheat was of little consequence in this city. Today September wheat sold down to 60 1/2, a drop of nearly 3 cents from the closing price yesterday. August wheat sold 56 cents and December to 67 1/2. Cash wheat sold around 56 cents and was not wanted even at that figure. The demoralization seemed complete, but a rally was effected through some good buying by Armour and other prominent firms.

DISCHARGED 1,000 MEN.

BUFFALO, N. Y., July 29.—The Barlett Asphalt company has discharged 1,000 men because of the dull times.

FOOD FOR THE POOR.

SEDALIA, Mo., July 29.—Unemployed men from Colorado continue to pass through here in great numbers. Three hundred in all went through today, some bringing it, but the majority as dead-head freight. The people of the city, their sympathies being aroused by the destitute condition of the men, provided a lunch at noon for all who cared to partake of it. It consisted of 200 loaves of bread, sausage and coffee in proportion. About 200 men were fed, being mostly composed of those who came in on freight trains from Kansas City.

AN EDUCATOR DEAD.

DES MOINES, Ia., July 29.—Cancellor Carpenter, of Drake university, died here this morning of an abscess in the stomach. He was born in Kentucky, and came to Iowa in 1854. He was widely known as an educator.

CAUGHT THE THIEF.

NEW YORK, July 29.—Inspector McLaughlin has received word that James Crossen, the Coleman house messenger who got away with \$2,400 belonging to the Manhattan National bank, was arrested last night in San Francisco. Crossen was sixteen years old. He was a protégé of Mr. Pearson, who trusted him implicitly. On July 10 Mr. Pearson gave the boy a check for \$2,400 to get cashed at the Manhattan National bank. Crossen never came back. The hotel manager was so chagrined that he denied the story, but he notified the police. They traced Crossen to the Pennsylvania depot and sent a description to all Western cities. A detective will go after him.

Cash wheat sold around 56 cents and was not wanted even at that figure. The demoralization seemed complete, but a rally was effected through some good buying by Armour and other prominent firms.

WHEAT TOUCHES THE BOTTOM NOTCH IN THE HISTORY OF THE CHICAGO BOARD.

CHICAGO, July 29.—Wheat sold lower today than at any time in the history of the Chicago board of trade. In 1858 it was quoted as low as today, but at that time the trade in wheat was of little consequence in this city. Today September wheat sold down to 60 1/2, a drop of nearly 3 cents from the closing price yesterday. August wheat sold 56 cents and December to 67 1/2. Cash wheat sold around 56 cents and was not wanted even at that figure. The demoralization seemed complete, but a rally was effected through some good buying by Armour and other prominent firms.
