The principals of the city schools met at the central high school Tuesday afternoon for the purpose of changing the district boundaries of many of the schools, the overcrowded condition already necessitating that something of the sort be done. He was indicted, but the indictment did not hold good.

COURT BRIEFS.

The German-American Bank of Minneapolis has commenced suit against Walter X. Morgan to collect \$3,400 on a promissory note.

Information of insanity has been filed against Charles Olson, of 23 First street south, by Gertrude Olson. Dora Bickford also gives information that Sarah J. Barrett, of 224 First street northeast, is a fit subject for examination.

A reminder of the case of Johnson vs. Dennis was brought up in the district court yesterday. Albert Dennis, it will be remembered, sued Albert Johnson for damages for charging him with faulty construction in the building of the Omega block. After going to the supreme court, Dennis got \$5,500. Now comes Louis Fredrickson, the contractor who built the Omega, and wants a matter of \$50,000 damages. His story is that Johnson one day last July met him on the street, and in the hearing of others charged that "You and Dennis planned to rob me and did rob me." Johnson in answer denies this, and says Fredrickson has been in the habit of abusing him whenever he had opportunity. The only thing he admits having said was that the work was unsatisfactory.

in pastry you cannot have either without a good shortening. Lard has always had very objectionable features, causing indigestion and many other dietetic troubles. Science has come to the assistance of the cook, and of weak stomachs, with the new shortening,

Cottolene

CARL TO REMAIN IN JAIL.

The Christian Missionary Society and the Liqueur Question—C. A. Smith's Fine Land Case to Be Tried at Princeton—The Minneapolis Tax Rate to Be Kept Down to 20 Mills.

Dr. E. F. Scheig, who was arrested as an accomplice of Philip Scheig in the robbery of the Bank of Minneapolis, was released from jail yesterday morning on a bond of \$4,000. His bondsmen are C. Wright Davidson, Fritz May and P. D. Broughtell.

Carl, the remaining brother, is still in jail. It is said that there is difficulty in finding bail for him. Dr. Scheig stoutly avers that neither himself nor Carl had any knowledge of Philip's crime.

It is not known that there is anything new in the matter of the pursuit of the missing letter. The bank officials have received a number of telegrams in relation to the matter, but they declined to make public their nature.

Will Wright, the assistant cashier, is acting as cashier, and will be chosen to fill Mr. Butterfield's place, while Eric Ames will be made teller.

QUESTION OF DEGREE.

The Christian Missionary Society Wrestles With Liqueur.

The Christian Missionary society wrestled yesterday with the liquor question. The resolutions reported on the subject declared the liquor traffic to be the "greatest enemy of truth and righteousness." Rev. L. A. Pier thought this was putting it a little too strongly, so he moved to amend by referring to it as "a great" instead of "the greatest."

Dr. Dungan took the floor in a strong prohibition speech, in which he rebuked both the political parties, and particularly professed Christians who voted with them.

This did not suit Prof. Marshall, of Excelsior, who said that he voted an old party ticket at the last election and was proud of it.

The matter was finally compromised by declaring the liquor traffic "one of the greatest enemies of righteousness."

The committee on nominations made its report, which was adopted, and the following were elected: President, W. J. Lhamon; vice president, E. K. Edwards; corresponding secretary, J. W. Donaldson; treasurer, L. A. Pier; auditor, A. F. Armstrong. The delegates to the national convention will be David H. Johnson and Mrs. W. F. Davey, and members of the state board U. M. Thomas, William Seba, A. P. Ireland and J. W. Donaldson.

HAD MERCY.

Case of Collins D. White in the United States Court.

In the United States court yesterday Collins D. White pleaded guilty to the charge of sending obscene literature through the mails. The accused was for a time imprisoned at the Minnesota soldiers' home, and made application for a pension. He claimed that after making application he was requested to sign a number of letters by officials of the pension department, and that nothing ever came of these letters. Being dissatisfied with the slow procedure of the department, he finally wrote a personal letter to Commissioner Tanner, in which he indicated in some abusive language. When his case came up in the United States court he admitted the truth of the charge, but on account of his extreme poverty he pleaded to be imposed the lowest fine possible, \$5. The accused is at least seventy-five years of age, and has been in the army and in the navy.

SAW A FRIGHT.

The Tale Brought Home by Some Bicyclists.

Some young bicyclists of Minneapolis who took a trip on their wheels to Wildwood and Como on Sunday last claim that at a house where they stopped to drink they saw a hideous-looking man peering out of a window. He appeared to be tied to a post, and was beating his head with a tin dipper. He was in an exceedingly ragged and filthy condition. The man who lived on the place is a German. He would not talk about the case, except to say that the man was kept in that way to avoid trouble with him. Agent Tatro, of the humane society, has had his attention called to the matter, and says he will look into it. The young men say they can locate the house.

NO CHANGE OF VENUE.

Smith Pine Land Case to Be Tried at Princeton.

C. A. Smith & Co. received official notice yesterday that their motion for a change of venue in the celebrated pine land case which Bob Dunn stirred up in the legislature last winter, had been denied at Princeton. The case has been set for Friday of next week. Judges Searle and Baxter will hear it together.

FOUND UNCONSCIOUS.

Late Thursday night two young men from Dodge county registered at the Wilder hotel, giving their names as Carl Heltris and Osker Peterson. They were assigned to room 10 on the second floor. They blew out the gas before retiring and were found about noon yesterday. Dr. Norred was called, and after an hour's work both were delirious but out of danger.

Mr. Butterfield's Funeral.

It was intended that the funeral of Mr. Butterfield should take place today, but as it is the birthday of his little daughter it has been put off until Sunday. It will take place at the residence of his brother-in-law, Fred Orth, 601 Chicago avenue, at 2 o'clock on that day. The interment will be at Lakewood. The body has been embalmed.

TALK EDUCATION.

Addresses by Bishop Keen and Dr. Egan.

CHICAGO, Sept. 8.—A number of the strongest men, intellectually, in the Catholic church in America discussed the subject of education today from a Catholic standpoint before the Catholic congress. The attendance was unusually large, amounting to a genuine crush. The principal address was delivered by Rt. Rev. Bishop John J. Keen, D. D., of Washington, D. C., rector of the Catholic University of America. His topic was "Catholic Higher Education." Among other addresses was one by Dr. Maurice Francis Egan, of the University of Notre Dame, Ind., on the needs of Catholic colleges. Rev. John T. Murphy, C. S. S. P., Holy Ghost college, Pittsburg, Pa., spoke on "Catholic High Schools."

WIDE OPEN.

The Exposition in Full Blast—New Attractions.

The Exposition is now so nearly in a state of completion as regards exhibits that but a day or two will be required to make it entirely so.

The show of vegetables and farm products has had extensive additions, and constitutes a really magnificent exhibit of the agricultural resources of the state.

The latest thing is the taking announcement of "The World's Fair for Five Cents." On payment of a nickel a visitor at the Exposition may see 300 views of the Columbian fair. It is the exhibit of the Minneapolis Dry Goods company.

Carl Egan's performing lions are still non est, but they have been located by the Milwaukee road, which has them in charge, somewhere in the wilds of Wisconsin, and their arrival is now hourly expected. No doubt they will prove to be a great attraction.

The musical programme for today is one of the finest yet arranged. For the afternoon it includes "The Man Who Broke the Bank at Monte Carlo," a comedy by Miss Jessie Miller's songs by William H. Lane, "Exposition March," dedicated to the Minneapolis exposition of 1893, a lass solo by Prof. E. A. Scott, and a song by John Lloyd.

EUSTIS WON'T ACT.

He Declines to Help Close Houses of Ill-Fame.

The First warders held another meeting at St. Anthony hall last evening to further discuss their grievances against the street railway company in regard to the matter of bridge and other matters in which the ward is interested. About 100 were present. J. J. Kinnane was chosen chairman.

The first matter taken up was the break in the street car line at the Second street bridge, now in process of repair. The resolutions reported on the subject declared the liquor traffic to be the "greatest enemy of truth and righteousness."

Dr. Dungan took the floor in a strong prohibition speech, in which he rebuked both the political parties, and particularly professed Christians who voted with them.

CHICAGO, Sept. 8.—This was the last day of the great live stock show. The pavilion was crowded. Never before, it is said, has such a show been seen.

During the time the show was in progress over 1,000 horses and 1,200 cattle have been judged. The next exhibition will be of sheep and swine. The judging will begin Sept. 25, and preparations are now being made to receive the animals.

A meeting of the state commissioners of Illinois today it was decided to hold the fat stock show at the stock yards from Oct. 4 to 9. Cattle, hogs and sheep will be shown, and the horse show will be postponed until 1904. Gov. Flower presented the home of the center of the building to Mrs. Potter Palmer, president of the board of lady managers, that they could be placed in the permanent museum. Mrs. Palmer responded by saying that the building would be made the home of all the exhibits sent by women to be placed in the permanent museum. The structure is the handsomest of all the state buildings. It is of the style of the great national building, and is situated at the center of the grounds occupied by state buildings. Plans for installing permanently articles made by women will be made when the board of lady managers again meet.

CHICAGO, Sept. 8.—The annual encampment of the Grand Army of the Republic that closes today has been singularly interesting and instructive. But if one thing more than another has been talked of among the comrades who have met here after long separations, it is the appearance of health and strength of many of the boys who still carry the marks of wounds received in the service.
