Oakes Says No Order Has Issued \$18,000 a Year Each-Mana-Employes.

There is but little of interest that can be said relative to the two conferences now in progress in St. Paul between the Northern Pacific and the Chicago Great Western's general managers and the trainmen's representatives. Yesterday afternoon the Northern Pacific's conductors' committee met General Manager Kendrick and General Superintendent Kimberly at 3 o'clock, and these officials may meet the representatives of the other railroad brotherhoods today separately. It is understood that each branch of the service will present its own grievance independently of the others, and that when each has been heard, in turn a general caucus of the railway committees and the officials

OAKES DENIES.

Says No Order Has Been Made for \$18,000. A dispatch appeared in the morning papers yesterday from Milwaukee which stated that the Northeru Pacific receivers had asked Judge Jenkins for authority to pay the interest on the sinking fund charges on the first mortgage bonds. The dispatch went on f urther to say: "The petition presented in the interest of the receivers, asked that the court order paid to each of them as compensation for their services \$18,000 per year," etc. Receiver Oakes, who is in the city, was seen yesterday in reference to the matter. He stated that a petition had been presented some time ago, but that no order had as yet been entered for the receivers' compensation of \$18,000 each, nor is there any prospect that such action will be taken.

THOMAS DEFEATED.

Wilder Played an Excellent Game of Billiards.

The sixth game in the Foley billiard tourney was played last night, with Wilder, who lost a game last week to Wilmot, and Thomas, who defeated Clow, as the contestants. Wilder certainly played a wonderful game, and took matters very calmly. He ably retrieved himself from his last week's defeat. As one bystander correctly expressed it, after the game was over: "Wilder played as good a game tonight as he did a poor one last week. This goes to prove that Thomas Foley knew hts business when he arranged the handicaps for the contestants in this tournament." Everything seemed to come Wilder's way, and the ivory balls seemed almost endowed with magic. As to Thomas, luck seemed against him, and his playing was somewhat on the spasmodic order. To be sure he made some beautiful shots, and the spectators some beautiful shots, and the spectators were not slow to appreciate the fact, giving him their plaudits generously. Though his countenance betokened a little anxiety towards the last, his manner never betrayed it. His coolness was marvelous. In the fifty-seventh inning, when he had 67 to make while Wilder had but 1, Wilder fell on an easy shot, and Thomas played with as much sangtroid as though he felt absolutely certain of making a high run of solutely certain of making a high run of

67 without a break.

In the game fifty-eight innings were played, and the score stood at the fin-ish 300 to 233 in tavor of Wilder. His high runs were: 12, 16, 15, 15, Thomas', 13, 10, 19, 14, 12, 14. Dr. Lawton, as referee, is an ideal choice, giving per-

fect satisfaction.

Cleveland Ball Club.

CLEVELAND, O., Dec. 19 .- President Robison, of the Cleveland Base Ball club, has returned frem his East-ern trip, and it is understood that he denied that he was in New York at all, and therefore could not have negotiated for the sale of any of his players. Whether Mr. Robison has entered this denial or not cannot be ascertained, for he has placed a boycott on the news-papers because, as he said, their utter-ances had depreciated the value of his property 50 per cent, Even after making that statement, Mr. Robison continued to ask \$45,000 for his club. Not a player has yet signed, but there will be no trouble on that score when it becomes necessary to get the players.

In connection with the possible venture in this city the name of A. K. Scandrett, secretary of the present club is men tioned. People say that if such a thing is brought about Scandrett will un doubtedly be a prominent mover. The league club owners say they are not alarmed at the prospect of opposition. [Copyright, 1893, by the Associated Press.] engagement between the rebels' ships and the government forts was begun on Monday morning in the harbor of Rio de Janeiro. The fight on both sides is ceived here from Rio de Janeiro today also state that Capt. Picking, the senior naval officer of the United States ships at Rio de Janeiro, has announced to the merchants and ship captains there that he anchorage used by merchant vessels now for discharging and loading cargoes into lighters. A report bas gained circulation here that President Peixoto and his government are nearly bankrupt, and that the financial strain he and his friends are subjected to cannot be endured much longer. This rumor may have its origin in insurgent sources and is given for what it is worth. All cable messages to and from the South have been stopped by order of the government officials here or at Rio de Janeiro, and the utmost anxiety is expressed as to the result of the battle now going on between the rebels and

the government forces. Late today Capt. Nunez, the new commander of the Nictheroy, shipped sixty new men and sent several of the New York crew ashore. The rest of the seamen shipped at New York were compelled to sail in spite of their protests and strike for higher wages.

It is thought that there was a serious disturbance on board the Nictheroy, and that several of the men who desired to leave the ship engaged in a struggle with the remainder of the crew and that a number of men were finally clapped in irons and confined below decks.

The President Remembers the Distinguished Pennsylvanian. WASHINGTON, Dec. 19.-The presi-

The members of the house were sur-prised at the appointment of Wayne MacVeagh as minister to Italy. The Pennsylvania members were as much surprised as any in the house. Here is what some of them said:

Our secretary of state investigated the matter and found that the company had, by authority of the law of Brazil, a monopoly; that no other company, while that power was in existence—and it was in perpetuam-could be permitted to land a cable on the Brazilian coast, So our secretary of state refused to grant the permission. In view of these facts, he offered a resolution making inquiry of the secretary of state as to whether this were true.

If there ever had been any excuse for their pas sage, there was no excuse for their retention.
