

MINNEAPOLIS.

IN THE WILDS OF ALBERTA.

Party of Hunters Lost on the Northwest Plains. A searching party passed through Minneapolis yesterday, their destination being Edmonton, Alberta, in the Northwest territory. The party consists of A. J. Roberts and Michael O'Brien, of Pittsburgh, Pa., and W. S. Towley, of London, England, and they will endeavor to locate a party of men who left Edmonton on a musk-ox expedition last October chartered by two Indian guides. Upon arriving at Edmonton a relief or searching party will be organized and every effort made to discover the whereabouts of the missing hunters. The party is composed of Roberts, a brother of Mr. Roberts now here; George M. Towley, a nephew of W. S. Towley; W. S. Webster, of Harrisburg, and F. Bassett, of Pittsburgh. All are young men under twenty-five, and they went to Edmonton last July on a speculative expedition. Young Towley bought a large acreage of wheat land in the neighborhood of Edmonton, the deal for which was incomplete when he started out on his hunting trip. He is the possessor of a large and valuable estate in England.

GOT OFF EASY.

Miller Pleads Guilty and Gets a Jail Sentence.

Reinhard Miller, nineteen years of age, was arraigned before Judge Jamison yesterday on the charge of grand larceny. He changed his plea from not guilty, to guilty in the second degree, and his attorney, Louis Thian, stated to the court that his client was to be pitied more than condemned. During the world's fair he had fallen under the influence of an older and dissipated man, who induced him to steal money from Mr. Graubau, his employer. With the stolen money they secured the companionship of two girls, and went to Chicago to take in the sights. Miller became conscience-stricken, and returning to his employer, confessed his guilt. The court was asked to exercise judicial clemency, and Judge Jamison, instead of sending the young fellow to the reformatory, gave him a sentence of sixty days in the county jail. The sheriff will be instructed to keep him apart from the rough element of the jail.

BOGUS BUTTER.

A Case in Court—Inspectors Make Wholesale Seizures.

The oleomargarine case came up for argument yesterday afternoon before Judge Smith, of the district court. The case is that of The Minneapolis Provision Company vs. The Porter Produce Company, in which the state appears as intervener, and involves the bogus butter which was seized while in the possession of the produce company. Assistant State Attorney Edgerton and E. P. Sanborn, of St. Paul, presented the arguments. Apropos of this case comes the report of the local dairy commissioners, which shows that many seizures were made in Minneapolis.

The Papineau Banquet.

The third annual banquet and meeting of the Lafayette Papineau club occurred last night in Rushford hall, corner of Central and Second avenues northeast. In spite of the extreme cold there was a large attendance. The speakers were Lieut. Gov. Clough, Ald. Haynes and others delivered short and apropos speeches. The banquet was a most enjoyable one, and each number was enthusiastically received. At the conclusion of the entertainment a substantial banquet was given. This was followed by a ball.

SHE WANTED THE COIN.

MRS. HARPER ATTEMPTS TO RUSH INTO A BURNING STORE.

A SERIOUS EAST SIDE BLAZE.

Fire in Harper's Dry Goods Establishment—The Case of Fireman Campbell and the Peculiar Manner It Was Handled by the Council Committee—Why Isn't He at Work? Fire caught in the rear of J. C. Harper & Co.'s dry goods establishment, at 300 and 306 Central avenue, yesterday afternoon shortly after 3 o'clock. The employees of the lot department found the fire in the stove had gone out, so proceeded to make a match, hastily thrown among a lot of paper scraps, caused a blaze of no mean proportions, and soon the employees of the store were forced to run for their lives. The fire department responded promptly and confined the fire to the rear of the store, but considerable water was thrown in, so that the loss will aggregate several hundred dollars.

FIREMAN CAMPBELL'S CASE.

The Council Committee Has Acted Very Queerly. At a meeting of the council committee on fire department held during the latter part of December, the matter of the petition of L. O. Campbell, the fireman who was dropped by Chief Runge because he testified before the grand jury regarding the doings in the department came up. The petitioners asked that Mr. Campbell be reinstated, but the committee took no action in the premises further than to notify the newspapers that Campbell had been reinstated. The petitioners were seized by every member of the grand jury which caused Chief Runge and the department to cast a brown turn, also by sixty-seven prominent East side citizens. The petition signed by the grand jury men set forth that Mr. Campbell had testified to nothing but the truth, and that he had answered all questions put to him in an unbiased manner and without malice. Mr. Campbell, however, has not been reinstated, and the East side citizens, as well as the gentleman himself, are wondering what the committee meant by telling the newspapers that he had. He was discharged Aug. 17, and has been without work since. He has received no notification of his reinstatement, and what is stronger evidence that the committee has some other motive in announcing that he had, is the fact that he is without employment.

RECOVERED HIS CHILD.

C. H. French Has a Long Search for His Abducted Daughter.

Charles H. French returned to the city yesterday from Lake Mills, Iowa, where he recovered possession of his little daughter, who was abducted over two years ago by her mother. Mr. French and his former wife were married in Minneapolis about ten years ago, the result of which was a beautiful girl. Subsequently their domestic life became clouded, and a divorce suit followed. The mother, however, was awarded the father. The mother's affection for her child, whose name is Margaret, was so strong, that she abducted her and fled from the city. After a persistent search Mr. French located the couple in Iowa, and procuring the necessary papers from the court, and armed with credentials from Chief of Police Smith, he started on his journey and succeeded in recovering possession of the child.

A Rich Opal Field.

W. D. Meadows, the mining expert, has returned from a trip to the Kootenai country, and at the office of the Great Northern Railway company yesterday exhibited a number of opals taken from a rich field just discovered, and on which he has an option. This is said to be the first discovery of these gems ever made in the United States. The pebbles are very clear and filled with fire of purest ray serene. A syndicate will be formed to work the new Eldorado.

Rev. Whitney Installed.

An interesting ceremony occurred at the Little Avenue Congregational church last night, being the installation of the new pastor, Rev. E. C. Whitney. The sermon was preached by Rev. G. H. Wells, and the charge was delivered by Rev. J. B. Baldwin, the former pastor. The ceremonies were participated in by Rev. G. Merrill, Rev. S. V. S. Fisher and Rev. W. J. Gray.

Liberal Liquor Men.

A delegation of saloon keepers called at the city hall yesterday and presented a package containing \$945 to the mayor. The money was raised by the saloon men, and was given to the mayor for the purpose of purchasing food supplies for the poor of the city. The liquor men have done more to alleviate the sufferings of the poor this winter than any other class of business men, and should be given the credit thereof.

Pointer for the P. P.

Yesterday Tams Bixby, the governor's private secretary, and John Goodnow, of Minneapolis, appointed the following committee on literature, the same having been authorized at the last meeting of the Republican state central committee: N. Dale, Elk River; F. A. Day, Fairmont; H. J. Miller, Luverne; ex-officio, Tams Bixby, John Goodnow.

Poor Mrs. Palmer.

Mrs. Ada J. Palmer, formerly of this city, is in trouble in Chicago. She was arrested last Saturday on the charge of embezzling the check for \$30.30 from Wagoner's Baking company, of which concern she is part owner. She says she had a right to the check, but the other half of the company do not agree with her. Mrs. Palmer has had something of a sensational career. Several years ago she was involved in a legal fight with A. W. Worthington, the insurance man of this city. The suit was over some local property.

Won the Piano.

The drawing for the grand piano offered by George Sayres, of the Nicollet news stand, took place Monday night, the lucky number, 22361, which was held by W. E. Hedberg. In addition to the piano, 100 boxes of cigars were drawn.

LOCKED IN A GARRET.

Case of Brutal Treatment of a Little Boy. Ralph Erickson, a seven-year-old boy, was found by Agent Tatro, of the humane society, in a pitiable condition Monday afternoon. He had been locked up in a garret at 1855 Hillside avenue by his inhuman father, who recently secured the custody of him from the boy's mother, the couple being divorced. The mother called at several occasions to see her child, but he was always kept from her sight. She complained to Agent Tatro, who investigated the case with the result stated. The boy had a bed of corn husks, and an old coat and piece of carpet for covering. He was half-starved with hunger and blue with the cold when found. He was learned yesterday that the case was even worse than first reported, as the child's body is covered with bruises, and his ears have been twisted out of their natural shape by the brutal father. The boy will be returned to his mother and assistance given her in taking care of him, but quite a number of

is arrested and compelled to suffer the full penalty of the law for his conduct. Many people are sent to prison for offenses not to be compared with the crime in question.

A "BEAN SYMPOSIUM."

The Press Club Members Enjoy Themselves. Members of the Press club and their friends revealed last evening in the delights of a "bean symposium." A large number were present, and a pleasant hour was spent in the consideration of an inviting spread, after which the club had a business meeting. Mayor Eastie was present, and plans for the entertainment of the delegates to the state editorial convention to be held in this city Feb. 15, were discussed at considerable length. The club members entered heartily into the spirit of the project, and evinced a desire to do everything possible to make things pleasant for the visitors.

A committee was appointed to

consider the idea of tendering a reception to Henry Watterson on the occasion of his visit to this city Feb. 15, and to arrange for such a reception, should it deem it advisable.

It is Only Water.

Drs. Ricker and Craft yesterday afternoon adjudged Mrs. Margaret Hedlund insane, and Judge Steele ordered her committed to the St. Peter insane asylum. Mrs. Hedlund was burned to death in his restaurant in North Minneapolis about six months ago, the shock of which left her mad in an unbalanced condition, which has been with the greatest difficulty that she could be induced to take food. At the time of the fire a pair under the bed was thought to be a pair of some kind, although others insisted it was water. Since then Mrs. Hedlund has spoken but one sentence: "It is only water."

TALMAGE'S RETIREMENT.

Comments of the London Press on Our Noted Pastor. LONDON, Jan. 23.—The Times in commenting on Dr. Talmage's announcement of his intention to resign from the pastorate of the Brooklyn tabernacle, says that he is without a serious rival in his peculiar line of oratory, and that his usefulness has never been impaired by a passing infirmity. The paper adds that he retires from the tabernacle pulpit it will be a difficult thing to replace him. The Chronicle, commenting on the same subject, says: "There is no connection between the resignation of Dr. Talmage and the resignation of his tabernacle. Dr. Talmage has been an eminently sensational preacher, and may be after twenty-five years of overcharged rhetoric, he is now ready to retire to the quietude of his private life, and to dispense with the peculiar methods which Dr. Talmage has adopted."

Puts and Calls Forbidden.

CHICAGO, Jan. 23.—The directory of the Chicago board of trade ordered today the posting of notices on 'change forbidding the saloon 'privileges.' The 'privilege' question has occupied much attention among the traders of late, several of the 'privilege' operators having reaped a rich harvest without the payment of any tax. The directory decided to take action to prevent the further selling of such contracts.

Big Gold Strike.

DENVER, Jan. 23.—It is reported that gold ore to the value of \$128,000 was taken from the Little John mine at Leadville one day last week. This beats all Leadville records, the largest previous output for a single day being \$18,000 worth of silver ore taken from the Robert E. Lee mine.

A Game of Freeze-Out.

DENVER, Col., Jan. 23.—The senate this morning indignantly postponed the appropriation bill providing for the pay of the members of the assembly, and adjourned for three days, the longest time they are allowed to take a recess for under the law. The majority declare they will continue to adjourn for three days without transacting any business until a final adjournment is had.

A Novel Scheme.

CLEVELAND, O., Jan. 23.—J. S. Coxey, of Massillon, O., who is a good-trout advocate, announced today that he intends to muster his band of followers and start for Washington overland and demand that congress issue \$500,000,000 for road improvements. They will speak in every town on the way, and expect to have 100,000 followers before reaching Washington on May 1. Coxey will not remain away for that length of time in the procession. The last speech will be made from the capital steps.

No Miners Strike.

PITTSBURG, Jan. 23.—There will be no strike of coal miners in this district for the present and the men will work for the best rate the operators will grant.
