Danforth, secretary.

Mr. Chittenden, at the request of the chairman, stated the object of the call.

Mr. Pyle spoke of the need of better temporary quarters. He said that whatever was cone toward a permanent building, it was necessary to provide suitable temporary quarters. Discussion followed, most of those spoke following the vein of Mr.

Mr. Chittendon offered a resolution setting forth that the present location of the public library has become entirely inadequate for its proper accommoda-tion, and that it is evident some tem-porary arrangement must be made pending the erection of a permanent library building. It was therefore re-solved that the committee recommend the acceptance of the Mannheimer proposition as approved by the public library board, urging that immediate steps; be taken to secure the necessary funds for that purpose; further, that the joint committee approve of the efforts of those who have been engaged in so-liciting subscriptions therefor. The proposition of the Mannheimers

is to rem the second and third floors at \$4,500 a year on a five years' optional lease, the floors to be heated and have elevator and jantlor service. The library board must light the floors and stand the expense of the insurance of The committee expressed the belief that there would be no difficulty in raising the necessary tunds to occupy

the new quarters without increased ex pense to the city.

ARBITRARY ACTION TAKEN

Kicks Loud and Long Over Insufficient Primary Voting Places-Some of the Big Wards Have Only One Polling Place-Tom Howard Sets Up a Job in the Ninth.

The Republican city committee met last evening and fixed the date of the primaries for Monday, April 9, and the city convention for Tuesday, April 10. The call will not be issued for a day or

The meeting was regaled with kicks from various wards over the committees allotments of primary voting places. The Second ward was sallotted three

primaries; but, just the same, a delegation was present from that ward kicking for a fourth primary. After a deal of talk of a somewhat heated nature, the matter was referred to a committee consisting of William L. Ames and Charlie Keller. A committee from the anti-Hanley

Club of the Third Ward was present to kick because it was ignored in the selection of election judges. The committee claimed that it was composed of the only true-blue Republicans connected with clubs in the ward. There was a long and merry wrangle over the matter. But finally it was disposed of by a reference to J. C. Reichart, the

The Ninth ward was one of the turned-down wards in the allotment of primaries, having been accorded but one primary. A red-hot delegation was there to kick. The delegation made free to charge that Tom Howard had manipulated matters so that only one primary was given in order that he might secure the nomination for alderman. After the committee had blown out the central committee calmly turned the whole business down, abso lutely declining to give another primary to the ward.

## BUNCO MAN ARRESTED.

His Victims Give Him Chase, Shouting "Police."

Martin Johnson was arraigned in the police court yesterday morning, charged with swindling. Johnson is one of the numerous "steerers" for a "big mitt" joint on Minnesota street, and Monday he disobeyed the order of the chief of police and steered a couple of "suckers" to a resort where they were swindled out of \$27 each. After the money had been taken from the men they were taken in tow by Johnson and started for Minneapolis. It was evidently Johnson's intention to lose his friends on the way over, but the two "suckers" did not give him a chance to escape. The trio started back, the corner of Rice street and University avenue Johnson jumped from the car and started on a run. The fellows who had been fleeced started after him, shouting "Police" as they ran. A patrolman from the Rondo street station, evidently not under-standing the system adopted by the de-tectives in the business part of the city, arrested Johnson and locked him up.
In the pulice court yesterday morning
Johnson had his case continued until
tomorrow morning, and, not being able
to give bonds in the sum of \$200, he was

## VIOLET SALE

Pretty Event at the Aberdeen for The violet sale held at the Aberdeen ast night for the benefit of the German Presbyterian church was a success from

every point of view. The postoffice was placed in one corner of the parlors, and over the window stood the spread eagle, while the American and German flags were draped around. A quartette consisting of Messrs. Zenzius, Willoughby, Farwell and Bigelon favored the guests with several numbers, and Miss Floy Brundage gave a whistling solo. After the concert gave a whistling solo. After the concert at the People's church quite a number of the Cornell boys went up, and the give club sang several numbers.

Mrs. Seimes presided at the candy able, assisted by Miss Lamborn, and Mrs. James Beals poured coffee. Mrs. C. P. ## DEAD DRUNK.

That Was the Condition of Two

Police Officers. The patrons of a saloon on lower Third street yesterday afternoon were given a sample of the efficiency of the present police department. Two prominent officials of the department visited the saloon shortly before 3 o'clock and indulged in half a dozen bottles of wine. The result was that at 5 o'clock both representatives of the protection department were in a very stupid condition. One of them fell from a chair in which he was seated, and it was at first supposed he had broken his neck. The bar-tender called a hack, and, with the assistance of the porter, one was sent home, while the other was allowed to sleep until time for closing the saloon at

## NELSON DELAYS.

The cases are not exactly the same, but are similar in many particulars, and it is likely that the decision of the supreme court in the case of the Mecker county treasurer will affect the action of the governor in regard to the removal of County Auditor Burns.

## REPUBLICAN CONVENTION. NEW CAPITOL SITE DEEDS POPULISTS ARE BARRED.

ARE ALL SECURED EXCEPT A FEW, AND ARE ON FILE.

MEETING WILL BE APRIL 20.

Specifications Will Then Be Advertised-Architects Will Be Given Ample Time-Minnesota Stone and Other Materials Will Be Used Almost Entirely-Indiana Capitol Admired.

The work of securing the titles to the lands comprising the site for the new state capitol has progressed in a satisfactory manner, despite the fact that the commission had to operate without cash to close the various deals. Two deeds were filed yesterday, and one other is now in the hands of Commissioner Scabury and will be filed shortly. In all cases the owners of the property were content to accept the obligation of the state of Minnesota in lieu of cash, many being willing to sell their property on account of the hard times and save the taxes. In that connection it may be said that the state has been saved a good deal of money on the purchase price of the site, as the financial depression has caused a decided lowering in realty prices.

The negotiations for the site are practically finished. Only three owners, whose holdings amount to about \$30,200, have not yet deeded their property, but the commissioners do not anticipate any trouble in securing these. Inside of sixty days the deeds will all have passed to the state, and thus far it has not been necessary to bring any condemnation proceedings. There are only four lots, valued at about \$12,000, whose owners are holding out for a higher price than the commissioners are willing to pay, and in their cases condemnation may be brought.

Owing to the absence of two of the commissioners no meeting has been held, but Mr. Seabury expects that one will take place about the 20th of the month. This meeting will be devoted to the preparation of the proper advertisements of the specifications, from which the plans of the architects will be prepared as required by law. The architects will be given ample time for their work, and it may be three months or more before plans will be ready.

Speaking of the report that the com missioners had decided to adopt the Indiana state capitol as a model for the new building, the gentleman said that this was an error. They had been much impressed by the general arrangements of that building, it being admirably adapted to the needs of the state government. Besides, it was splendidly lighted and ventilated, and, above all, it had ample room. It was simply the best building seen by the commissioners on their trip. When the plans of the build-ing will be finally submitted the style of the building will be adopted, and not

So far as practicable, all the material used in the construction of the new capitol will be products of Minnesota, and the commissioners hope that a Minne-sota architect will be for unate enough to secure the prize. It may be neces-sary to import a little marble for the ornamental trimmings, but the stone o this state will be given the preference

## CORNELL WELCOMED

Cornell Glee, Banjo and Mandolin clubs would make their annual visit, and, apart from this fact, the weather was bad. However, a goodly number of Cornell alumni men, with their friends, and quite a number of other people who realize that the Cornell fellows are always entertaining, came out, and were abundantly satisfied with the musical

In the first place, the clubs are all three as strong as they were last year, when they packed Ford's music hall to overflowing, and although one or two of the members of the glee club were rather out of voice last night as a whole the programme was much an whole the programme was much enjoyed. They were obliged to respond to encore after encore, and after several numbers they came back twice in response to recalls. The "Songs of All Nations," from the "Isle of Champagne," by Mr. Miller and the slub was carriedly as was club, was especially enjoyed, as was also the '94 medley by the mandolin club, and the opening number, "March Homeward," by the banjos.

Republicans Successful. BROOKLYN, N. Y., April 3.—In to-day's town elections in Kings, Queens and Suffolk counties, the Republicans were, as a rule, successful in the election of supervisors and justices of the peace. ELECTION JUDGES WILL BE TWO RE-PUBLICANS, ONE DEMOCRAT.

SIX COUNCILMEN VOTE NO.

Assemblymen Daly and Wolterstorff, and Aldermen Cullen, Conley, Dorniden and Warren Vote Against Throwing Out Populists - Doran for the Scheme With an Apology-Populists Hot.

Sessions of the board of aldermen, ssembly and common council were held last evening. The board of aldermen transacted some routine business, but the other bodies simply passed the resolution appointing the judges of election in the 113 precincts. The plan of the Republicans to have

two out of three judges in each precinct chosen from lists submitted by them was carried out, although an effort to have the People's party recognized was made by the Democratte aldermen in that body, and by Messrs. Daly and Wolterstorff in the assembly. The motion to the effect that the third judge in each precinct be chosen from the list submitted by the county committee of the People's party was, however, voted down by the Republican members, and in all but eight precincts Republican strikers were chosen for the third

judge. Ald. Copeland, as chairman of the special committee on election matters, submitted the lists as prepared by the committee to the board of aldermen, and moved the names selected be adopted. The names of the judges from each ward were read and approved, and then Ald. Copeland moved the resolution as a whole be adopted. This was amended by Ald. Warren, so as to adopt only the Democratic and Republican selections. The Eighth ward alderman said the law provided that the judges should be selected from the three parties casting the highest number of votes at the last general election. The list of judges as selected by the council committee did not meet the requirements of the law, as the committee had thrown out the Populist list and selected the third judge from the list submitted by the Republicans. The motion to adopt only the two names from the Democratic and Republican lists was lost, only Ald. Cullen, Conley, Dorniden and Warren voting for the motion. The vote on the adoption of the three judges as reported by the committee was

## ASSEMBLY CONCURS.

List of Judges Then Adopted by the Common Council.

The assembly met immediately after the board of aluermen adjourned, and the resolution passed by the aldermen appointing the judges was taken up. On the motion to adopt the list Mr. Daly, in casting his vote, said he was convinced that a wrong and gross injustice were done in not appointing the third judge in each precinct from the list submitted by the proper commitree of the Populist party. The list submitted by A. H. Wallraff, chairman of the county committee of the People's party, he said, was the only one that had any legality. and as no selection had been made from this list he would be compelled to vote against the adoption of the resolution. Mr. Doran, in voting, said he was sorry there had been any trouble, but from what he could learn an honest effort had been made by the council nmittee to select as the third judge only Populist names. For this reason he would have to vote for the adoption of the resolution. The list as passed by the board of aldermen was then adopted with but two dissenting votes, Messrs. Daly and Wolterstorff voting against the adoption.

COMMON COUNCIL. The joint bodies then assembled with President Johnson in the chair. The president explained that it had been deemed expedient that the common council should pass on the appointment of the judges in order to make the appointment legal. The lists were there-

fore passed by a unanimous vote. Mr. Reardon then handed up a reso lution providing that if any employe of the city acted as judge or clerk of election they should have a month's pay deducted from their salary. At the present time, Mr. Reardon said, that with all the unemployed persons ready to work and glad to earn \$1 per day. there was no need of the city employes, who were drawing good salaries, filling the positions of judges and cierks.

PEOPLE'S PARTY PROTEST.

Arrive Too Late to Present Reso lutions to Council. Just after the common council adourned a committee from the People's party, who were assembled in convention in Labor hall, visited the council chamber with the following resolutions

which had been adopted: Whereas, The election committee from the council has unjustly, and with out due cause, voted to refuse to appoint judges of election submitted by the county committee of the People's party at its meeting; and, whereas, the city judges who are principally old party politicians, and who have nothing in concede to the council the right and power to act other than the plain letter of the law directs, therefore be it
