### Dr. Wheaton Has Written a Letter of Withdrawal, WHICH HAS BEEN SUPPRESSED.

### But an Abstract of It Is Supplied by the Globe.

### MASS MEETING TO BE CALLED

### With General Chirotopes Bucephalus Brunson in Charge.

### THE PLAN FOR A LEGATEE

### Fully Proven by the Report of Wright's Organ.

### M'GILL AND DORAN MEN SMILE.

Dr. Charles A. Wheaton has written a letter declining to be the legatee of Mayor Wright and perpetuate his administration by keeping his henchmen in office.

The letter was written on Tuesday and delivered to the Editor of the Pioneer Press and by him suppressed. Here is the manner in which the P. P. acknowledges the receipt of the letter: "It need surprise no one that he has already demanded that his name be withdrawn from the canvass."

As an excuse for not printing it, the champion of "Robust Bonhomie" says:

"His friends have refused to permit a step so serious and likely to be so disastrous to the interests of the party and of the city to be taken, without having first had a frank and open consultation with the Republicans of this city; without giving them a chance to be heard on the question whether they want him for a candidate. It is not fair to beat him enough to make it evident that he is, as his friends believe him to be, the overwhelming choice of his party."

Apparently to escape importunities and to "wait until the clouds roll by," Dr. Wheaton is alleged to have left the city for a few hours, and could not be found either at his office or residence yesterday and last evening. He expected the letter would have been published yesterday morning, and his friends declared that on his return today he will insist on its being made public.

The high-handed suppression is on a par with the trickery resorted to in securing his agreement to become the legatee of an administration which has proven a most lamentable and dismal failure.

### WHAT THE LETTER CONTAINS.

The Globe has obtained a trustworthy source the substance of the letter of withdrawal. Dr. Wheaton says that when his reluctant assent to be a candidate was obtained it was on the representation that there would be no opposition, and that all other candidates would be withdrawn. He had not personally sought or desired the office, and could not think of making a contest, or allow his friends to do so, for the position. He thanks the gentlemen who complimented him by asking the use of his name, but since the publication of the fact he finds that other candidates and their friends are opposed to him, and as the only object of permitting his candidacy was to unify the party there is no reason why he should remain in the field, and especially so as his candidacy tends to increase contention rather than restore harmony.

### THE NEXT MOVE.

Mayor Wright and his manipulators are now moving to have a mass meeting tomorrow night in order to brace up the doctor and still make him the legatee. The only hesitation they have about calling such a meeting is the fear that the McGill and Doran men will come out in force and capture the gathering.

If Dr. Wheaton should be as resolute as his intimate friends say he is, the idea of the meeting may be abandoned, and the suppressed letter published.

One of his special friends, in speaking of the situation last night, said:

"It is too great a sacrifice to ask Dr. Wheaton to run for mayor. He cannot afford to destroy his splendid practice, which is worth from fifteen to twenty thousand dollars a year, to top with a twenty-five-hundred-dollar office, which is thankless at the best. He is no politician, as is pretty well shown by his course in getting tricked in the meeting at the mayor's office last Saturday. I don't believe anything can induce him to reconsider, and withdraw his letter declining to be a candidate. His real friends, who do not want to see him sacrifice his business to stand as a party mark to be shot at, are advising him to stand by his letter."

### WHAT OTHERS ARE DOING.

Meanwhile the McGill and Doran faction are jubilant over the situation. The candidacy of Dr. Wheaton has merely stimulated their friends to do more work, and is being vigorously done throughout the city. They do not concede a single ward to the legatee of Wright, but say the most he could possibly hope to receive would be the Seventh ward. It is claimed that Doran or McGill will carry every ward but that, and probably McGill would capture the Seventh, thus leaving the "robust bonhomie" candidate without a delegate, even if he is overpersuaded to remain in the field, which, his friends say, is not at all probable.

There is a great deal of amusement expressed among the politicians over the attempt of Gen. Chirotopes Bucephalus Brunson and Col. Harris Richardson to relieve Dr. Wheaton from the odium of being the legatee of the Wright administration. It is recalled that General Chirotopes Bucephalus Brunson made a strong effort to secure an endorsement for

## PADDOCK BRUTALLY SHOT.

### CHIEF ENGINEER OF THE FRICK COMPANY SHOT DEAD BY A BAND OF WILD STRIKERS.

### Rioters Pursued by Deputies, and Two of Their Number Killed—Nine Lives Sacrificed During Twelve Hours on the Pennsylvania Coke Fields—Gov. Pattison Called On for Aid.

UNIONTOWNS, Pa., April 4.—It would take too long to tell in detail the exciting events of today, the third of the big coke strike now on in the Connellsville region. At least nine lives have been sacrificed during the past twelve hours. Unless the strong arm of the military "battering ram" be resorted to, counted by scores instead of tens. So much excitement was never known in the region, and people everywhere are excited and apprehensive of graver dangers. The rioting began early this morning, but the climax was reached only this afternoon at 5 o'clock, when a body of strikers, numbering several hundred, marched on the Davidson works of the H. C. Frick Coke company at Connellsville, where men were working. The strikers had been there since morning to get the men out, but no one was working. In the afternoon when they returned deputies had been placed to receive them. When the strikers approached they were ordered to stop. They came on and tried to get at the men. The deputies fired. The strikers returned the fire and charged, driving the deputies and men from the works. Chief Engineer Paddock, of the Frick company, ran up in the tipple of the works. The strikers followed and shot him in the back of the head. They beat him and crushed his head with stones, and threw his body from the tipple window to the ovens, thirty feet below. They then tried to tie the tipple, but left when they saw the deputies returning with a large force from Connellsville. Hearing of Paddock's murder, hundreds volunteered to

### REPUBLICANS MAKE A CLEAN SWEEP IN THE YANKEE STATE.

### BROWN ELECTED GOVERNOR BY A PLURALITY OF FIVE THOUSAND VOTES—THE ENEMY ALSO CAPTURES THE GENERAL ASSEMBLY—WETMORE FOR UNITED STATES SENATOR—SORRY FIGURE CUT BY THE A. P. ORDER.

PROVIDENCE, R. I., April 5.—The election was a clean sweep for the Republicans throughout the state, the gains being notable. In this city the victory was celebrated at 1:15 a. m., by firing a salute from the coast. At 1:30 a street parade was started, and Governor-elect Brown escorted to his home. Democratic papers concede Brown's election by a plurality of 4,914, and say the general assembly is also the enemy's. Republicans are positive that they have a majority in the general assembly, assuring the election of Wetmore as United States senator, and that Brown is elected governor by a comfortable plurality. The Socialists polled a few votes in each ward, but not enough to materially affect the result, while the A. P. A., which claimed 4,000 in Providence, did not, it is claimed, poll but a few hundred. The fight was between the Democrats and Republicans; the Prohibitionists showing strength only in Westerly. Returns from all but five towns were in by 10 o'clock, and 18,383. The Republicans are celebrating the victory all over the state. The vote of the city of Providence was Baker (Dem.), 9,309; Brown (Rep.), 10,430.

## SAW HER POISON CANDY.

### THE PURSUING PARTY, IN COMMAND OF COUNTY DETACHEMENT FRANK CAMPBELL, OVERTOOK THE STRIKERS A HALF MILE FROM DAVIDSON AND OPENED FIRE ON THEM.

Three strikers fell, one was killed instantly, shot through the body, and two others were fatally wounded. Another of the strikers, who got the start on the main body, was shot by a deputy at Broadford, a mile distant. He was also killed instantly, the ball penetrating his neck. Eleven strikers were captured and the first battle took place, and the pursuing party kept up the chase until Dawson, a point several miles distance was reached, where fifty-eight more strikers were captured. All the efforts of the deputies and more level-headed citizens were needed to prevent the lynching of the eleven who were taken back to Connellsville. The law-abiding element had their way and a special train arrived here with sixty-four of those who were in the mob that killed Paddock. Another crowd greeted their arrival, and amid cries of "Lynch them," they were hurried up a back street to the jail. A large body of strikers were present, and a rush to rescue the prisoners, but were held back by the big crowd and the deputies. At the jail, Hugh Call, assistant chief engineer of the Frick company, identified one of the prisoners as among those who killed Paddock.

### NO POLITICS IN IT.

SPECIAL TO THE GLOBE. GRAND FORKS, N. D., April 4.—A light vote was polled at the East Grand Forks city election. T. A. Sullivan was elected mayor, and no opposition. Judge Dwyer was re-elected city justice by 20 majority over C. L. Lasher. C. Madison was re-elected treasurer by 3 majority over H. P. Decker. The sources of the trouble, Smart, D. P. Strong, W. D. Kelly and John Liston. Politics cut no figure in the election.

### BENJAMIN F. HOUSTON DEAD.

SPECIAL TO THE GLOBE. WINONA, Minn., April 4.—Benjamin F. Houston, one of the earliest settlers of the territory, died at his home here today. He was the founder of the village of Trempealeau, Wisconsin, died this morning after a protracted illness. He was in his day a prominent figure in the politics of the state of Wisconsin, and has held many positions of trust. He leaves a wife, and two sons and a daughter.

### WHERE IS LUKE McALLISTER?

SPECIAL TO THE GLOBE. WINONA, Minn., April 4.—Much anxiety is felt by the friends of Luke McAllister, who three weeks ago left this city for the country to collect several outstanding accounts and has not been heard from since, though every effort has been made to locate him. McAllister was best known for the Empire Lumber company of this city, and has always borne a good reputation. Foul play is feared.

### ROTTED IN THE GROUND.

SPECIAL TO THE GLOBE. HAMILTON, Minn., April 4.—The condition of the wheat already sown is serious. Some of the grain had already sprouted at the time of the cold wave and has rotted in the ground. All grain in this condition will have to be re-sown. Some farmers had sown as high as forty or fifty acres before the 25th, and will be severely inconvenienced on account of having to seed again.

### WATCHING THE FIGHT.

FAIRBANKS, Alaska, April 4.—The Republican and Democratic politicians of St. Paul are marshaling their forces for a great political battle next month. The Democrats are showing the misgovernment of the city under Mayor Wright's administration, while the Republicans are charging the Democrats with being responsible for the heavy burden of debt the city is carrying. The political air throughout the state is attentively watching the contest, for the result will cut quite a figure in the coming state campaign.

## THIRTY WERE KILLED.

### Latest Report of the Battle Between the Indians and Cowboys.

EL RENO, O. T., April 4.—The military authorities at Fort Reno have received information of the reported Indian outbreak in Oklahoma. The number of killed and wounded in the first encounter is given as two whites and one Indian killed, and one Indian wounded. Information from other and reliable sources does not agree with the above, and it is at least twelve hours later. William Deidesdener, a trader at Seer, a point thirty-five miles from the scene of the fight, came in today to purchase ammunition to take out to the settlers. He states that the first reports came to him from the Indians Sunday night, and they then purchased 3,000 rounds of ammunition and took to the band in the place by the Indians Sunday night, and he collected the names of a company of about 175 men under arms, and several bands of settlers have gone to the scene of the fighting. The Indians engaged are at first of the band of Whirlwind as first killed, but followers of Redmond, the location of the fight is on the Washita river, about 115 miles west of Reno. Deidesdener and a party of settlers went to the scene of the fighting Monday night and found that fifteen of the Indians and about as many whites had been killed. It was impossible to get the names of those killed. The Indians are all well armed with Winchester and have plenty of ammunition. The Indians from other parts of the reservation have started to join Redmond in his trouble and he has a band of about sixty whites and Indians. The Indians are moving up the Washita river. A small skirmish occurred between a band of Indians and some white men at a point about thirty miles from Cantonment, the Indians being on the move to join Redmond. Two white men were brought into Cantonment who were

## DOUBLE AT BLUEFIELDS.

### Nicaragua and Honduras Will Send Troops Into the Mosquito Territory.

NEW YORK, April 4.—A special to the World from Managua, Nicaragua, says: Gen. Otez, the commander-in-chief, has received personal directions from President Zelaya with reference to the course to be pursued by the military expedition which is to be sent into the Mosquito country. President Zelaya has issued orders to Bonilla, of Honduras, whom he helped to overthrow, to return the favor by having troops ready to support him (Zelaya) now on the Mosquito reservation. The Nicaraguan government has instructed the police that the severest punishment will be inflicted upon persons who take part in the anti-American disturbances. Many arrests have been made.

GUATEMALA, April 4.—The government has positively declined to interfere in
