

BAPTISTS IN SESSION.

EASTERN ASSOCIATION OPENS FOURTH ANNUAL CONFERENCE.

REV. GAMBLE IS MODERATOR

Sessions at First Baptist Church—Rev. J. W. Conley and Rev. W. W. Dawley Deliver Addresses—Sixteen Churches Distributed through Eastern Part of the State Are Represented.

The fourth conference of the Eastern Minnesota Baptist association opened last night at the First Baptist church, corner of East Ninth and Wacouta streets. The meetings of the association will continue throughout today.

Last evening's session was opened with an introductory sermon preached

by the pastor of the church, Rev. J. W. Conley. The reverend gentleman explained why the doctrines of judgment, mercy and faith are omitted by many people, giving three reasons: First, because of the prevalence of a spirit of worldliness; second, because of a complete absorption in outward forms, and thirdly because of too great absorption in the humanities of the day.

The election of moderator of the meeting and clerk and treasurer followed, and resulted in Rev. G. H. Gamble, of St. Paul, being selected to preside over the deliberations of this conference, and Rev. F. R. Leach, of St. Paul, being elected clerk.

Rev. W. W. Dawley, now of Duluth, but until recently of this city, addressed the young people on "The Young People's Society as an Evangelizing Agency."

Mr. Dawley said that the young people must aim to do two things: First, to win others into the church, and, secondly, to draft them into the service of the church. He gave as the greatest reason why young people should do this work, their special adaptability to winning other young people.

The reading of the "church letter" of the First church was listened to with interest, as it contained much valuable information in regard to the work in the past.

The meeting closed with the benediction pronounced by the pastor. About sixteen churches are represented at the conference.

REVIVING TWO RIVERS.

Tamarac and Sand Hill Once More Flowing.

During his recent absence from the city, the governor, as a member of the drainage commission, visited the work on the Tamarac and Sand Hill rivers.

The state has been expending some of the \$25,000 granted by the last legislature, together with a sum equal to one-quarter of that amount, which was granted yearly by the Great Northern Railway company, and during the past year the commission has had in hand the draining of these two districts.

The members of the commission are Gov. Nelson, Secretary Brown, E. G. Valentine and Mr. Miller, the chief engineer of the Great Northern Railway company. E. J. Reinhardt is the contractor in charge of the work, and as he recently reported upon a large portion of it that is finished, the governor went up to inspect it personally.

The governor says that in Marshall county the big marsh has been drained and the bed of the river has been restored. In Polk county also the marshy bed of the Sand Hill river has been thoroughly drained, and a beautiful, clear stream, over twenty feet wide and about three feet deep, now runs through what was until recently a bog.

A. R. U. MEETING.

Threaten to Tie Up the Pullman Car Service.

An important meeting of the American Railway union was held last night at Labor hall, the branch including the local employes of the St. Paul & Duluth, the Burlington, the Milwaukee and the Wisconsin Central. About 100 members were added to the roster of membership. Among other matters, the Pullman strike was discussed. It was unanimously decided by a rising vote that, if it became necessary to settle the present difficulty, the A. R. U. would tie up every Pullman car that was running on any of the above-named lines.

The A. R. U. has 18,000 members in Chicago, distributed among twenty local unions.

The statement was made by A. R. U. officers last night that if it necessarily requires they will side track every Pullman car in the United States.

Grand Organizer Hogan stated last night the following: "At present our jurisdiction shows that we can control 51,000 miles of railroad practically all that is operated by the Pullman company."

This does not include the roads operated by the Wagner company or roads that own their own sleepers, such as the Great Northern, and which would be in a very dangerous of being affected by the present strike.

Mr. Hogan will remain in St. Paul for a month, and he expects his wife to join him here from Montana in a day or two.

Rainy Lake Gold Regions.

The new gold regions. Nine-tenths of the route from Stephen to the lake is upon the summit of what is known as the "Great Sand Ridge," which extends unbroken to within a few miles of Lake of the Woods. The entire route from the railroad to Stephen to the lake on Lake of the Woods is over good road, both for stage and freighting purposes, and the entire distance is less than 100 miles, 75 miles of which is over the Roseau stage road route, an old, well-traveled and very excellent road. When the lake opens a line of stages will run between Stephen and the lake and connect with a line of steamers for the gold regions. This route also traverses the Lake of the Woods country.

CLERKS' SOCIAL.

A Happy Event Given for a Worthy Purpose.

The dime social of the retail clerks last night at Labor hall was a very satisfactory event to the two bodies. It discussed the intellectual training of laboring people, and complimented organized labor on the improvement made in the condition of laboring people by labor unions. He also spoke of the prevalence of strikes among unions as dying out, and bid the organization goodspeed. He advised the organization of the female clerks into social clubs, where they could give attention to cultivating arts as well as gaining general information. His view is that the people would encourage such a movement.

James Morrow presided during the presentation of the literary and musical programme, and delivered a short address reviewing the work of the organization. There were recitations by Samuel Brant, Mrs. J. C. McCall, Harry Morganstern, M. Weiskopf Jr., Harry Dellfield rendered a piano solo. There were songs by Miss Mary Devlin, Miss Mary Griffith, Miss Price, Harry Morganstern, little Miss Nina Dieber and Miss Katie Dwyell. Miss R. Veager and A. B. Harvad rendered piano solos. Scarratt executed a violin solo. The Standard quartette sang selections. It is made up of W. G. Krahnert, first tenor; W. F. Meyer, second tenor; E. Miller, first bass; S. H. Traeger, second bass.

NORWEGIAN DAY.

How It Will Be Celebrated by Sons of Norway.

Today is Norwegian day. It is the anniversary of the independence of Norway from Denmark, the establishment of the Norwegian State, and the founding of a constitution for the country.

England compelled Denmark to give up Norway, and the demand was complied with on May 17, 1814. Norway was attached to Sweden and both countries were placed under the government of one king.

It is the practice of the Norwegians of the Twin Cities to alternate between the cities in the celebration of the event. This year the celebration will be held in Minneapolis, and the Norwegians of St. Paul will go over to the Flour City in a body. At 11 o'clock this forenoon the St. Paul contingent will meet at the Normandene Singing society hall, corner of Thirteenth and Canada streets, and march to the intersection line to take the cars for Minneapolis.

This evening the Norwegians of St. Paul will hold dances at Turner hall and another at Vega hall. At Vega hall speeches will be made by various prominent sons of Norway.

MURDER INDICTMENTS.

They Are for the Confessed Murderers of William Lindoff.

The Ramsey county grand jury completed its work for the present last evening, and adjourned until June 4. Yesterday afternoon was taken up in investigating the murder of William Lindoff in the saloon at the corner of Coleridge and Wabasha streets.

An indictment for murder in the first degree was returned against Otto Milhaugen and Charles Ernich for the killing of William Lindoff on May 2. The indictment is jointly against them.

The grand jury also returned an indictment for assault in the first degree against Henry Dickman for shooting with intent to kill Herman Dickman. This is the shooting growing out of the discovery by young Dickman that his father was blamed with incest and carnal intimacy with his daughters.

FIELD DAY.

High School Athletes Will Enjoy It Annual Event.

On Friday, May 18, at the state fair grounds, Hamline, under the auspices of the High School Athletic association, will occur the fourth annual field day. This promises to be by far the most interesting field day they have had. There are sixty-eight athletes entered, each one averaging three years. They are training hard and are confident of success. There is to be given a gold medal for first place and a silver medal for second. The admission will be 15 cents, to be used to pay for the medals.

Extra cars will be run on the Hamline tracks; also cars running from Snelling avenue to Hamline receiving transfers from the Interurban. All are invited to come. It is to start promptly at 2 p. m., so as to finish at 5:30 p. m.

PERSONAL ASSESSMENTS.

Now Is the Time When They Should Be Made.

This is the "springtime" of our discontent, so far as assessments on personal property are concerned, but the county assessor is responsible for the assessments that if people will return of their household and other belongings at his office before June 1 each and all will be relieved of such discontent in a large measure. The law requires a return, and the arbitrary assessments are a source of annoyance and injustice, for which the assessor can hardly be blamed, as one arbitrary cause as much trouble in his office as a half-dozen returns would do.

CHORAL ASSOCIATION.

Concert at the People's Church Tonight.

The St. Paul Choral association will give the last concert of the present season in the People's church, this evening. A very popular programme has been arranged of part songs and shorter choral works, the chief being "The Erl-King's Daughter," a cantata by Gade, with Mrs. D. E. Wolf, Mrs. C. B. Yale and D. E. Colville in the solo parts. The Beethoven quartette will be heard of two of its best selections. The concert promises to be one of the most enjoyable given by the association this year. Seats are on sale at Howard, Farwell & Co.'s.

Lecture on Japan.

The lecture on Japan which is to be given in the old Emmanuel church, 130 South Dale street on Thursday

USE MY WIFE TO

I like my wife to use Pizzoni's Complexion Powder because it improves her complexion, and is as fragrant as violets.

CAPITOL CLIPS.

The state law librarian has received volume 52, Minnesota Reports. Col. Bobleter went to Austin last night to attend the inspection of Company G, Second regiment. The miscellaneous receipts of the St. Peter hospital for the quarter ending April 30 were \$1,329.41.

FUTURE EVENTS.

Some of the National Conventions to Meet in St. Paul. The next two months give promise of a number of interesting events, all of which attest to St. Paul's popularity as a convention city. On June 12, the national convention of the teachers of dancing will take place. The meeting will cover a period of four days. On June 15, the national convention of officers of penal institutions will occur. This will last for five days, and between 200 and 300 will be present. On July 10, the National Retail Clerks' association will hold its annual gathering in St. Paul. From 75 to 100 delegates will attend.

All of the foregoing will make the Hotel Metropolitan their headquarters. Manager Barker, of the Hotel Metropolitan, stated last evening that on condition to the above, the only annual banquet at that hotel on June 7. Plates will be laid for about seventy-five people.

BLEW OUT THE GAS.

Delegate to A. O. U. W. Convention Nearly Lost His Life. A serious mistake, which might have cost H. G. Anderson, of Atwater, delegate to the A. O. U. W., his life, occurred at the Merchants' night before last. Mr. Anderson retired to his room, No. 72, about midnight, and blew out the gas instead of turning it out. An early hour yesterday morning a bell boy discovered that gas was escaping somewhere, and it was traced to this room. Ele Allen was promptly notified, and soon had the nearly asphyxiated man out of bed. He thrashed him around and did all he could to resuscitate him. Dr. Davis soon arrived and took up the road, where Ele left him off. Mr. Anderson was considered out of danger at 6 o'clock last night.

A MAN CAN'T WORK

WHEN HE IS SUFFERING WITH PILES. HE CAN'T EAT, CAN'T SLEEP, CAN'T GET ANY WORK OUT OF HIM. BIT ONE.

Pyramid Pile Cure Will Cure Him, Give Relief at Once—Never Known to Fail.

Just a little pain may so distract a man's mind that it will cost him hundreds of dollars. Life is a battle. To succeed one needs all his energies and all his brain power to apply to the question at hand. Even a corn will make him irritable, cross, angry—and an angry man seldom succeeds. The trifling pain of a corn is a constant feeling beside the agonizing ache of piles. That is a pain which seems to pervade the entire system, and is a menace to all the parts near the seat of the trouble, and brings on a heavy, dragging feeling in the perineum. Those who have suffered from piles know what it means. It tracks the nerves, prevents sleep, prevents concentration of thought, and makes the patient as fast as he would with a violent fever.

And yet piles are looked upon as a little thing. They are neglected—allowed to run on year after year, and year after year. By and by comes a dangerous surgical operation. Maybe it cures, but it leaves a permanent, aching, aching ache of piles. That is a pain which seems to pervade the entire system, and is a menace to all the parts near the seat of the trouble, and brings on a heavy, dragging feeling in the perineum. Those who have suffered from piles know what it means. It tracks the nerves, prevents sleep, prevents concentration of thought, and makes the patient as fast as he would with a violent fever.

There is only one sure, safe and quick cure for piles. It is the Pyramid Pile Cure. It is a recent discovery, and its properties are such that it removes all swelling and all trace of the disease. It soothes the membranes in a healthy, active condition, and cures completely and permanently.

From C. F. Collins, Garnett: I commenced using the Pyramid Pile Cure, and my case was so bad that I was recommending such a great remedy. Before I had used two-thirds of one package I had to feel much better, and can honestly say an entirely cured. It is the quickest and surest remedy I have ever tried or heard of.

From Josiah Roberts, Port Jervis, N. Y.: Just one-quarter of a package of the Pyramid Pile Cure did wonders for me, and I have not had to stop recommending such a great remedy.

From Wm. McCall, Rockport, Mass.: One package of Pyramid Pile Cure has helped me more than anything I have yet used.

Pyramid Pile Cure is sold by druggists everywhere. If your doctor keeps it, he will get it for you from the makers, The Pyramid Drug Co., Albion, Mich. The price is one dollar per package.
