HUNT REVIVAL MEETINGS AT FIRST BAPTIST CHURCH.

FINE MUSIC AT ST. MARY'S.

Rev. De Witt Miller, of Philadelphia, Preacher at the People's Church. "The Freedom of Christianity" the Topic of Rev. Addison Moore—Exercises at the Other Churches.

The services conducted by Evangelist Hunt, at the First Baptist Church, will be continued today. In the morning Mr. Hunt will preach at 10:30, taking as his subject "Practical Christianity." There will be a service for children in the afternoon at 3 o'clock, to which children from neighboring Sunday schools will be heartily welcome, as well as teachers and parents, and at 8 p. m. Mr. Hunt will speak again, taking for his topic "God Is Love." The meetings this week have been of great interest, and it is expected today that a new start will be taken, and that the coming week of these meetings will be even more successful than those of last week. A special feature of the services today will be the singing. At the

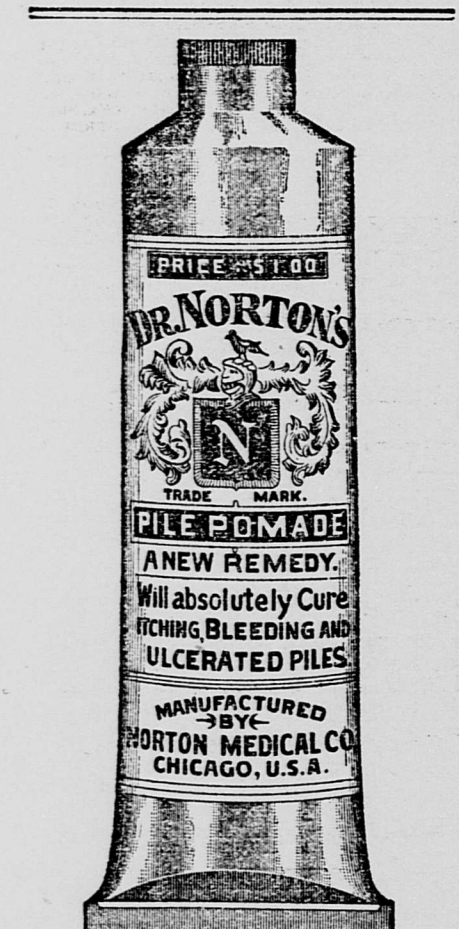

ABOUT WALES.

The Peculiarities and Charms of the Welsh Language and Love in a Rocky Land. The history of the great peninsula in the west of the island of Britain is so indissolubly bound up with that of England that each one is a part of the other. A mountainous country, producing tin, copper, lead, zinc and gold, it is at the same time rugged and grand in its scenery, and as is not unusual, the people share

A WELSH PEASANT GIRL.

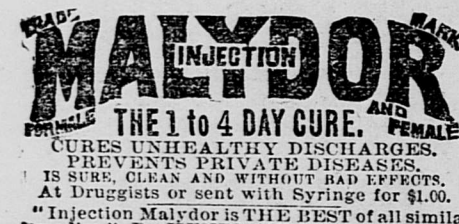

The physical characteristics of their country. The language remained for many years intact and few persons not born to the tongue ever mastered the mysteries of a dialect principally made up of consonants, with an occasional vowel cropping up like a stone ledge in a pasture. It has been pretty well demonstrated, however, that the Welsh language belongs to the Aryan or Indo-European family. The Welsh have not only their own in English history as sturdy fighters, but they were and are devoted to their music and poetry, though neither of them it need hardly be said, is either well known or properly appreciated beyond the borders of their own peninsula. The Welsh horses and cattle are small and hardy, but of extremely good quality. The peasantry retain their ancient dress more accurately than the people in other parts of Great Britain, and consequently have a quaintness and charm which modern civilization totally fails to give. The Welsh girl above was a denizen of the Midway, and elderly of the most beautiful in the world, which is practically distributed free to the readers of this paper. WHEAT BULLS RUMPED.

THE JULY CEREAL CLOSED ONE CENT AND A HALF LOWER.

PARDIDGE A LARGE BUYER.

Stock Market Was Quiet—Sugar Drops on Bad Washington News—Business Confinement to Local Traders—Activity in St. Paul and Chicago Gas—Bond Market Was Heavy.

CHICAGO, June 9.—The ardor of the bulls in wheat was dampened by rain in the West today, and July closed 1/4c lower than yesterday. Trade was heavy and realizing general. July corn closed 1/4c lower, July oats 1/4c lower and July soybeans 1/4c lower. The wheat that was an active market, with price changes covering 1/4c range. There was free selling by most of the large commission houses, who offered large quantities from the start, and on the decline which followed. Pardidge, who was credited with covering towards the close of yesterday's session, was by far the largest buyer. The principal factor in creating the increased selling was the improved weather conditions, both in the West and Northwest. The weather showed the drought through Kansas, Nebraska and the Northwest has been broken. Cables were a little disappointing. Longs sold freely, taking their profits, and room traders followed suit, buying in at the decline. July opened 1/4c lower at 50 1/2c, and declined with few reactions, finishing only 1/4c from the start. The weakness was due to rains in the West and the action of oats were active, and after an irregular decline of 1/4c, closed near the bottom. The market was weak on favorable weather and the action of wheat and corn.

Provisions were extremely dull and slightly lower on the break in wheat. Compared with last night, July pork is lower, July lard 5c lower, and July ribs 5c lower.

The leading futures ranged as follows:

FINANCIAL.

NEW YORK, June 9.—The stock market was quiet today and without important feature outside the dealings in Sugar, which was fairly active. In this stock a brisk selling movement was inaugurated yesterday, and continued today to the effect that there is a prospect that the tariff bill will be modified to the injury of the American Refining company. The shares opened at 3 1/2c, and gradually declined until a further drop to 2 1/2c was reached. The preferred stock fell off 1/2c, and the common stock 3/4c. In the general market, which was firm, little was doing except in Chicago Gas and St. Paul. London was not in the market, and the business practically closed at 11 o'clock. The local market was quiet, with a few transactions. The speculation was heavy in the final declines, and the market closed rather weak for a majority of the list. St. Paul fluctuated between 6 1/2c and 6 3/4c, closing within 1/4c of the lowest bid. Chicago Gas was in good request at the opening, selling up 1/2c to 7 1/2c, but sagged off in the general depression toward the close 3/4c. The other changes above referred to were in the local market. An advance was made in Rubber of 3/4c. The result of the week's transactions has been a great appreciation in values, but some of the local declines with the final sales of the week previous, notably Sugar, which is down 2 1/2c. Chicago Gas, St. Paul, and St. Louis preferred 1/2c; St. Louis preferred 1/2c; Evansville and Terre Haute and Great Southern preferred 1/2c; Chicago Navigation, 6 1/2c; and Westinghouse Assenting, 5 1/2c. Among the more prominent advances were: Distilling and Refining, 1 1/2c; Rock Island, 1 1/2c; Chicago Gas, 1 1/2c; United States Leather preferred, St. Paul and Northwest preferred, 1 1/2c; C. & N. O. preferred, 1 1/2c; St. L. 2 1/2c; Rubber preferred, 2 1/2c; General Electric 2 1/2c; Cotton Oil 3 1/2c; Cotton Oil preferred 3 1/2c; Tobacco 3 1/2c; and New Hampshire and Hartford preferred, 3 1/2c. The market today was generally heavy and declines were noted in the local market. Prices of wheat ranged as follows:
