COMPROMISE DENOUNCED.

GREAT OUTBREAK AGAINST THE COLUMBUS AGREEMENT.

REVOLT IN ALL DISTRICTS.

The Great Coal Strike Will Likely Continue—Miners Say That a Uniform Rate of 70 Cents Is the Only Scale They Will Agree to—National Officials Condemned.

PITTSBURG, Pa., June 12.—Unless the national officers of the mine workers' union, who made the compromise at Columbus yesterday, can give a satisfactory reason for so doing, the miners in the Pittsburgh district will not accept the 60-cent rate and the strike will continue. Scores of telegrams, letters and delegations have been pouring in on the district officers here from all parts of the district, denouncing the compromise, and all declare that work will not be resumed next week. President McBride has been telegraphed for, and is expected in the district soon, as the crisis warrants his immediate presence.

The miners throughout the district are very decided in their condemnation of the national officials who made the compromise. The delegates to the Cleveland convention were instructed to hold out for the 70-cent rate and no compromise, and they think their delegates were bulldozed in giving the members of the executive committee the right of compromise. With forty-three operators in the district bolting the conference and refusing to be bound by any decisions made, the miners claim that they have no assurance that the 70-cent rate will hold; that operators will again cut rates as soon as the market is eased off and that a uniform rate of 70 cents is the only scale they can agree to.

At McKeesport today a meeting was held with 1,000 striking miners present, representing the Young Men's and Young Women's leagues, and other organizations. Speeches were made, and a call was issued for another meeting tomorrow, at which 1,500 strikers will have representation.

From an officer of the meeting today it was learned that tomorrow's session of officials of the United Mine Workers' association will be directed to offering an explanation of the settlement in the face of charges made, and if the answer is still unsatisfactory all the miners in the two valleys will withdraw from the organization and continue the strike for 70 cents.

WHAT THEY WANT.

Some Illinois Miners Want 62 1/2 Cents All the Year.

CENTRALIA, Ill., June 12.—The miners here held a meeting this evening to determine what course they would pursue in the matter of resuming work. There are about 500 striking miners in this city who were getting 50 cents per ton over an inch and a half screen. These men were not complaining at the price paid when the strike originated, but went out in sympathy with the general strike. They now find that the Southern Illinois miners have not been provided for in the regulation of the scale of prices fixed at Columbus, and they must, if they resume work again on the same terms with the operators, accept a uniform winter and summer rate. This is 6 1/2 cents more than they were receiving before they went out, and the operators here declare they will not return them at better rates than they were receiving at the time the strike was declared. The miners here are nearly all in agreement with the leaders to hold out until they get the 62 1/2 cents.

DYNAMITERS ARRESTED.

Trouble About the Strikers in the Frostburg District.

FROSTBURG, Md., June 12.—There was considerable excitement at Lonaconing today, and efforts were being put forth to prevent the nine men who went to work yesterday from going again today. Sheriff King arrived at the place early and arrested three men for interfering with the miners and took them to Cumberland.

The superintendent of the mines wanted the nine men going to work, but Gen. Douglas declined to send them out in sympathy with the strikers. It occurred to warrant it. James McKim, alias James Durkin, thought to be one of the men who dynamited Charles Lancaster's house in Baltimore, had been arrested and taken to Cumberland. Robert Izzet, one of the leaders of the Frostburg strikers, was sentenced to sixty days in jail and to pay a fine of \$1 and costs for failing to obey the injunction of the court forbidding interference with the strikers.

CONFERENCE CONDEMNED.

Illinois Miners Say They Will Not Work for Reduced Wages.

SPRING VALLEY, Ill., June 12.—A telegram from Kewanee today to the effect that the men there were not working and the receipt of the news from Columbus that a settlement had been effected, temporarily changed the plans of the army that was to move on Kewanee. The strikers were thronged with men talking over the situation. All condemn the work of the Columbus conference and say they will not go to work at the ten cents reduction. President McBride comes in for a big share of abuse, and many miners say it is a sell-out.

Their determination to stay out until the last year's prices are restored is greater than ever. The miners are praising Vice-President Murray, of Illinois, and President Adams, of Ohio, for the refusal to sign the Columbus scale, it is asserted, means a continuation of the strike as far as those two states are concerned. The Columbus scale would mean a ten-cent cut all through this district. The miners say they would just as soon die starving as working.

Dissatisfied Strikers.

WASHINGTON, Ind., June 12.—The coal miners of this vicinity are much dissatisfied with the Columbus settle-

ment, as it reduces the rate paid to per cent on the ton. Miners of this section had no objection, but went out through sympathy, and are feeling very sore over the turn of affairs. Operators are trying to get an expression from their men, but they will talk. No coal has been mined in this section since the Columbus riot, but everything is quiet. There is some suffering among the families of the miners for the necessities of life.

WILL NOT ACCEPT IT.

CENTRAL and Southern Illinois Miners Kick on the Agreement.

SPRINGFIELD, Ill., June 12.—A representative of the Associated Press interviewed State President Crawford, of the miners' union, this evening in regard to the Columbus settlement. He stated that he had received no official information as to the announced agreement, but he had reported in the newspapers this morning is correct, the Springfield and Southern Illinois miners will not accept it. The only communication President Crawford has received from national officials is a letter asking them to call a convention of miners of Districts 4, 5 and 6, and he immediately issued a call for the convention to meet in this city Saturday, the 16th instant. Charles Hildegar, president of the Consolidated Coal Company, considers the settlement very important so far as Indiana and Pennsylvania are concerned, not because of the rates of wages fixed in the scale adopted, for he expects to adhere to the rate of wages which he has heretofore paid, without regard to the settlement at Columbus; but he thinks that President McBride must now be in a dilemma, out of which a settlement of the strike in Illinois on the operators' terms must result.

The Danville District.

DANVILLE, Ill., June 12.—President Dietzson, of the United Mine Workers of the Danville field, said today that the Columbus settlement would have no effect here whatever. "Our demands were made at East St. Louis, and until they were accepted," he said, "I will not sign any agreement." Mr. Shouse, delegate to East St. Louis, said, in his opinion the strike in the Danville field would not be settled this summer. The coal operators here, however, are hopeful of the situation, and think the backbone of the strike has been broken.

HUNT REVIVAL.

Interest Continues—Impressive Talk Last Night.

The special revival service was continued at the First Baptist church last night. Owing to the extreme heat the attendance was not so large as it has been some nights, but the interest manifested was great.

Mr. Hunt took for his text Matt. xxvii, 46: "What shall I then do with Jesus which is called Christ?" He said in his talk that Pilate had made up his mind about Christ, but the question that was troubling him was what to do with Him. The question comes to Christ, who is called Christ? He said that Pilate had investigated the charges made against Christ and knew that they were false—that for envy the Jews were delivering Him. He was a free man, and he was afraid of losing his position if he did. So it is with the unconverted today. You cannot find rest, your conscience troubles you, and you say, "What shall I do with Jesus?" He said that Pilate had investigated the charges made against Christ and knew that they were false—that for envy the Jews were delivering Him. He was a free man, and he was afraid of losing his position if he did. So it is with the unconverted today. CHANTLER DOWNED.

Coroner Whitcomb Proves the Bates Man Wrong.

Dr. E. H. Whitcomb is not only a good coroner, but he is good at several other things, and among them a good marksman. Col. E. A. Chantler has occasionally boasted that his record in the militia made him a crack shot. The bragging became so oppressive on both sides that a challenge to a contest resulted, and the two rivals yesterday afternoon took their rifles and repaired to the Crosby building to settle the disputed point. Capt. Darrow, of Company A, of the state militia, acted as referee. Samuel E. Hancocb scored, and Charles Morrill took charge of the pit. A company of friends went to witness the contest. There were five rounds of ten shots each fired at the bull's eye, which resulted in the total score for Dr. Whitcomb and 187 for Col. Chantler.

SPOKE AGAINST FREE WOOL.

PETTIGREW, OF SOUTH DAKOTA, AND POWER, OF MONTANA.

MADE THEIR SET SPEECHES.

Quay, After Talking Four Hours, Gives Up From Sheer Exhaustion—The Actual Consideration of the Wool Schedule Will Be Reached Today—Another Day Wasted.

WASHINGTON, June 12.—The obsolete blockade of the tariff bill in the senate today was in marked contrast with the wonderful progress in the senate yesterday. Not a cog was turned. The entire eight hours were devoted to set speeches, preliminary to the consideration of the wool schedule. Mr. Quay, who has been quiescent for five weeks, resumed the delivery of his speech, which has already occupied four days, and after speaking four hours today his manuscript seemed unappreciably diminished. Then he yielded from sheer exhaustion, and Messrs. Pettigrew (N. D.), Power (Mont.) and Peffer (Kan.) made set speeches and retired. Other set speeches will follow tomorrow, but it is probable that the actual consideration of the wool schedule will be reached before adjournment. During a lull in the debate today Mr. Mitchell, of Ohio, moved to lay the tariff bill on the table. The motion, however, was without special significance, and was defeated by a strict party vote. Mr. Chapman, the Wall street broker who refused to answer questions, was reported as continuing to the senate by the sugar investigation committee, and a resolution was introduced to bring him to the bar of the senate for contempt. At 6 o'clock the senate adjourned.

Dull House Session.

WASHINGTON, June 12.—Two hours were consumed today in the house over a bill reported by Mr. Outwater setting aside \$100,000 from the fund belonging to the estates of deceased colored soldiers of the civil war for the purpose of erecting in the District of Columbia a national home for aged and infirm colored people. The bill was passed. The Indian appropriation bill was then taken up, and the house adjourned without completing its consideration.

DEPEW THE ORATOR.

At the Virginia University—Vice President Stevenson Warmly Greeted.

CHARLOTTESVILLE, Va., June 12.—The commencement exercises at the University of Virginia were continued today, with the joint celebration of the Jefferson and Washington literary societies. Hon. Chauncey M. Depew was the featured orator. At the close of Mr. Depew's oration the shouts for Vice President Stevenson were deafening. The vice president responded, paying a high tribute to Dr. Depew and the University of Virginia, calling upon the college men to go West, especially to his state, where they were assured rich harvests awaited them, especially if they strive to maintain the principles of Jefferson and their alma mater. He did not touch upon political questions.

Captured by Coxeyites.

DENVER, Col., June 12.—A freight train on the Gulf road was captured at Lasalle by 400 of the Coxeyites who left Denver last week for Washington. An engineer from the ranks took charge of the engine and ran to Sterling, when it was side-tracked and will remain as long as the army remains in the vicinity. The road is in the hands of a receiver, and if the sheriff is unable to protect the property of the company the United States marshal will be called on for assistance.

A Novel Wager.

WACO, Tex., June 12.—A novel feat in athletic performances is in progress in Texas now. Prof. Hugo, of Fort Worth, has signed a contract to walk 1,000 miles on steel rails of the railroad, to average not less than 20 miles per day for \$5,000. He started from Fort Worth four days ago, and arrived here yesterday afternoon. He goes to Galveston, and from there back to Chicago via Dallas. He left this morning for Sioux City to Chicago.

HAVE MEYER NOT PLEASED.

SUGAR SCHEDULE DOES NOT GIVE HIM ENOUGH PROTECTION.

THE PART HE PLAYED.

Gorman and Smith Promised to Aid Him, but Hill Would Give No Satisfaction—He Never Saw Mr. Cleveland in His Life—The Trust Contributes Equally to Both Political Parties.

WASHINGTON, June 12.—H. O. Havemeyer, president of the American Sugar Refinery, has responded to the summons of Senator Gray's investigating committee, and appeared before the committee today to give his testimony. The doors were closed against the press, as usual, and the proceedings were of a strictly private character. It is known, however, that Havemeyer was subjected to a very rigid examination concerning his visits to Washington last spring, while the tariff bill was in its formative process in the finance committee, and in regard to his interviews with senators. Mr. Havemeyer denied the published statements upon which the investigation is based, both as to the contributions to campaign funds and the demands of the trust that it should have protection in the tariff bill for past favors. Havemeyer talked quite freely about his visit to Washington while the tariff bill was pending before the finance committee, and he said that he had talked with several senators in the interest of protection of the refining interest, among them Senators Hill, Gorman and Smith. The two latter, he said, had promised to help him, but SENATOR HILL had given him no satisfaction at all. He said the present tariff bill was an unsatisfactory one to the refiners because the differential of eight of a cent was not sufficient to afford all the protection which the interest should have received. He confessed that he had advocated the ad valorem system, and was gratified that it had been adopted to the extent that it was, but, even with this concession, the Cleveland's schedule was far from satisfactory. Mr. Havemeyer denied all knowledge of speculation in sugar stocks by United States senators. Mr. Havemeyer was asked about the published statement that he had been in the District of Columbia at Greenview, Conn., been in consultation with Mr. Cleveland and Mr. Benedict in 1892, after the Cleveland's nomination for the presidency, about the sugar interests as affected by the Hawaiian treaty. To this Mr. Havemeyer denied there was not such a consultation had ever occurred at any time or place, and he said he never knew Mr. Cleveland and had never seen him. Furthermore, he had not exchanged a word

with Mr. Benedict on the subject of sugar or any other business matter. He said he had come to Washington early in March, after the tariff bill had passed the house, with the hope of seeing the members of the finance committee, and had gone to Senator Vest to ask him if it would not be possible to hear before the committee. Mr. Vest had said no, but had agreed to allow him to explain the sugar question to him (Vest) individually, and he had done so twice. In this interview he had opposed any duty on raw sugar, but had said if there were to be a tariff on an ad valorem, he would support a differential of one-quarter of a cent on refined sugar.

There was no existing interest in the sugar-refining interest in this country. He had not been particular whether a tariff should be ad valorem or specific, but wanted the duty on raw ad valorem. He then explained his interview with Senator Jones at Senator Canfield's room, and with Senator Caffery, and when he met him merely went over the argument for an ad valorem duty.

MI. HAVEMEYER SAID.

He had gone to the capitol with Mr. Terrell, but not for the purpose of seeing senators and representatives. He was "idling around," he said, "sort of spectators." Mr. Havemeyer made some rather startling statements about the close of his testimony. He was asked about the contributions of the sugar trust to the campaign funds of political parties, and said that such records of the trust show that such contributions were made, but that they had been made to the Democratic party and not to the national committee. He was asked if the contributions of the trust were given to both parties in the same state, and replied: Oh, no. "How do you arrange it?" he was asked.

"Well, New York is a Democratic state, and the Democrats are here, and to the Republicans in Massachusetts. We never give to the minority."

"Did you contribute to the anti-snappers?" asked Senator Lodge.

"Oh, no. I am quite sure on that point, nothing to the anti-snappers."

"Do you remember the amounts contributed by the sugar trust to the different campaign funds, but he promised to furnish them if he could get them."

Cord Meyer was called after Mr. Havemeyer finished. He gave the committee little or no information, and conversed with Senator Smith on the subject of sugar, and perhaps other senators. He was asked if he had ever seen Mr. Cleveland, and he said he had not.

This question was put in several forms, but each time answered the same way.

SMALL-POX IN CHICAGO.

A PANIC IN THE BOARD OF TRADE GALLERY.

FOLLOWS THE DISCOVERY.

A Doorkeeper Ill With the Dreaded Disease for Three Weeks Has Been on Duty Constantly, and Many Brokers Are Now Nervous—Theodore Nevins Carried Away in an Ambulance.

CHICAGO, June 12.—Theodore Nevins, one of the doorkeepers of the board of trade, was taken off in the small-pox ambulance today, having been attacked by the disease while on duty. He had been in contact with dozens of the members before the true cause of the reddish eruption on his neck and face had any connection with the dread disease. He must have spoken to and been in contact with dozens of the members before the true cause of the eruption was discovered. Those who had been compelled to rub against his clothes in passing in and out are feeling rather uncomfortable. Some wild talk of the board of trade having been quarantined as a precautionary measure of that sort having yet been taken. The gallery, at the time that Nevins's condition became known, contained about fifty visitors, who fled thoroughly alarmed. It is said that Nevins has been ill with the disease three weeks, and all the time on duty.

REPUBLICAN LEAGUES.

Silverites Win a Victory in Naming Delegates to Denver Gathering.

OMAHA, June 12.—Fifteen hundred delegates were present when the state league of Republican clubs was convened at noon, at Lincoln, by State Chairman Slaughter. A careful estimate of the personnel of the convention indicates a conservative element as regards silver, and while some stirring resolutions in favor of that metal will be introduced, they are not expected to be adopted. President Lansing stated that he had the honor to be invited to undertake to frame a platform for the nominating convention which is to meet in Omaha next August. He thought the delegates to the present convention should content themselves with renewing their allegiance to the principles of the Republican party and with the election of delegates to the national convention of Republican clubs which is to meet in Denver later on this month.

NORTH BRANCH, Minn., June 12.—The Republicans of Chicago county met in convention here today to select delegates to the state convention. Much enthusiasm was manifested, and the convention requested Albert Berg, candidate for secretary of state, to nominate the delegates to the state convention. Resolutions were passed commending Gov. Missouri River Rising.

OMAHA, Neb., June 12.—The Missouri river rose one foot during last night and is still steadily rising. The United States weather bureau reports the condition is becoming alarming on the upper river. The continued steady rise here satisfies the local bureau officials that indications are for much higher water at St. Joseph and the lower river immediately. The local conditions are not yet alarming.

Iowa Crops Suffering.

DES MOINES, Ia., June 12.—The Iowa crop bulletin says all crops except corn have suffered materially from the effects of the drought. Oats cannot exceed two-thirds of an average. Spring wheat and barley have lost several points since June 1. Corn has never given satisfactory promise of a full crop at a corresponding date.

MAYOR SMITH TO GREET THEM.

Grand Master Wells, Grand Secretary Bolton, and Many Other Notables, Both Men and Women, Arrived Yesterday—Important Change Concerning Past Grands Likely.

Landlord Monfort, of the Windsor was wearing a broader smile and a larger badge than usual last evening. The occasion for this particular expansion of smile and adornment of person was the presence in his house of a large

number of the delegates to the grand lodge of Odd Fellows, which begins in St. Paul today. Of all the fraternalists that have met here this season there are none more noted for good fellowship than the Odd Fellows, and the greetings extended to each fresh arrival attested that fact. Ward, chairman of the Democratic state committee, occupied the day with an eye to fusion possibilities. The convention was called to order at 3 p. m. by Chairman Simmons, of the state central committee. Robert Buchanan, of Sioux Falls, was elected temporary chairman; H. S. Volkmar, of Grant county, secretary. After the appointment of various committees a recess was taken until evening.
