## FIFTY MILES BY HAND CAR

COX YETES MAKE A SEIZURE AT BISMARCK

### AND RAPIDLY RIDE AWAY

They Get Scared, However, and Desert Their Rolling Stock—Marshals on the Alert—Bridge-groom's Sudden Death—Southwestern Minnesota Editorial Association Meets at Adrian.

#### Special to the Globe.

BISMARCK, N. D., June 13.—The Coxeyites made a new move last night. Baffled in their attempts to secure rides on Northern Pacific trains, 100 of them broke open the hand car shed of the station here shortly after midnight. Four handcars were stolen, and with lumber from an adjoining lumber yard platforms were built on the cars and men left for the East in this way. Another stolen car from the watchman at the bridge and started off. Shots from the police and watchman made them leave the car. Several escaped in the darkness, but the ringleader was caught and locked up. He was today arraigned and bound over to court for trial. This morning 100 deputy United States marshals arrived from the east and a number more were sworn in here. Col. Miller, of the state militia, also came in from the east, and with a band of twenty-five deputies left on a special train east bound, to capture the men who stole the hand-cars last night. These left the cars after making about fifty miles by rail, and are in hiding along the road. At present all is quiet, although marshals are still here and will remain to await developments. The Coxeyites now here are growing ugly because of the determined opposition to their movement, and some of them use strong language in discussing their failure to secure transportation. They say an army of 500 to 1,000 men is behind them, and that these will be permitted to ride or will ride by force of their numbers. Deputy marshals are being stationed along the line of the road to protect the property, and any attempt on the part of the Coxeyites to seize the trains will be resisted. A large force of marshals has been out tonight to guard the huge bridge over the Missouri river and prevent the crossing of Coxeyites. The marshals have orders to allow no unknown employes or persons having permit countersigned by the superintendent of the division to cross. The great Northern road is anxious over the arrival of the rear guard of 500 at Williston, and fear an attempt will be made to seize one of their trains there, and have wired asking that assistance be in readiness in case of trouble.

#### DEATH OF A BRIDEGROOM.

Removal of a Pimple Causes Fatal Blood Poisoning. Special to the Globe. NEW ULM, Minn., June 13.—Mr. Worschke, a young and wealthy farmer who was married last Tuesday to a popular young lady of Lafayette, was suddenly taken ill the night of his marriage, and it soon developed that he was suffering from blood poisoning. It means that he had an ugly pimple on his lip previous to his wedding day, and, anxious to present the best appearance on that occasion, he went to a surgeon in this city and had him remove the sore. Blood poisoning ensued, so that he died in a hospital here, and was buried last night after enduring great pain.

#### SCRIBES IN SESSION.

##### Profitable Meeting of Southwestern Editors.

SPECIAL TO THE GLOBE. ADRIAN, Minn., June 13.—The semi-annual meeting and banquet of the Southwestern Minnesota Editorial Association was held at Adrian last night and today. At the meeting last night speeches were made by President H. J. Huntington, W. H. Edwards, H. A. Scheffer, Miss Horace Greeley Perry, Max H. Voelz, Frank A. Day and H. G. Day. President of the state association A banquet at Hotel Slade was given by the business men at Adrian later in the day. At the business meeting today officers were elected as follows: John E. King, Adrian Democrat, president; W. R. Edwards, Tracy Republican, vice president; Thomas Crawford, Lisle Democrat, secretary; H. J. Miller, Laverne Herald, treasurer; C. Huntington, Frank A. Day and James Ruane, executive committee. Altogether the meeting was one of the most pleasant in the history of the association. Quite a number of Northwestern Iowa editors were present, and the meeting and took part in the program. The banquet will hold the next meeting in December, subject to the call of the president.

#### NORTH DAKOTA POPS

##### Jathering at Jamestown for Their Convention.

JAMESTOWN, N. D., June 13.—Over two hundred of the delegates to the Populist convention are already here, and the canvass for the congressional nomination is lively. The candidates are Attorney General W. H. Starbird and Walter Muir. Each is confident, but singularly neither is the choice of various uninstructed delegations from different parts of the state. A possible dark horse is A. E. Edgar, of Egleys, La. Moore county, a member of the legislature, where he gained some fame as a champion of the referendum proposition. A number of delegates oppose Muir, and say he already has been liberally rewarded for now seeking to push himself to the front too rapidly. Standish is opposed by the same delegates because they do not like the stand he has taken in opposition to the policy of Gov. Shortridge. They also say that he is too much of a politician to be a thoroughgoing Independent. The instructing delegates have the balance of power, and perhaps are in the majority.

#### Gov. Shortridge's friends say that he is not a candidate for congress and will not make a bid for governor. If he is renominated without serious opposition he will take the place, otherwise he will withdraw his name. There will probably be no out and out fusion, although

ROCHESTER, Minn., June 13.—The Universalist state Sunday school convention adjourned yesterday afternoon, after a one day's session. The officers elected for the ensuing year were H. S. Adams, of Rochester, president; Thomas C. Childs, of Minneapolis, vice president; Miss Maggie Farmer, of Owatonna, secretary; Miss Alma Bourne, of Anoka, treasurer. The Young People's Christian union, the second of the Universalist bodies holding conventions here this week, had a meeting last evening, at which reports from various societies in the field were heard, and several interesting papers read. Another meeting was held this morning, at which B. C. Taylor, of Minneapolis, president, Percy Lord, of Owatonna, secretary and treasurer; Miss Minnie Perry, of Minneapolis; B. C. Taylor and Miss Flora Woodworth, were appointed as delegates from the union to the national convention to be held in Harrison, Tenn., July 25 and 26. The third and last meeting of the church convention was called to order at 4:30 o'clock. The opening prayer was offered by Dr. G. L. Remarrest, of Manchester, N. H. The national secretary, and communion was administered by him and Dr. Tuttle, of Minneapolis. Rev. George H. Crane, of Owatonna, preached the occasional sermon, the event of each annual session. This evening Rev. St. James, of Minneapolis, preached eloquently on the "Fellowship of God." The convention ends tomorrow night.

#### ATTEMPT AT RAIN-MAKING

##### Will Be Made Around Sioux Falls, S. D.

#### Special to the Globe.

SIoux FALLS, S. D., June 13.—One of the rain-making experiments belonging to the Rock Island railway will arrive in this city tomorrow or Friday and try to make some rain for this section of the country. It has not rained here for six weeks, which is something unheard of. The oat and wheat crops are very short on account of the dryness, but the wheat could stand at least ten days more of no rain without much injury, while corn is the finest stand ever known here. It has looked like rain nearly every day for two weeks, but some wind blowing and the rain did not come down. The process of the Rock Island road is expected to remedy this.

#### A TOWN QUARANTINED.

##### A Wisconsin Municipality Has Rather Too Much Small-Pox.

WEST SUPERIOR, Wis., June 13.—Word was received here this evening that the town of Carlton has been quarantined. At Mitchell & McClure's lumber camp, in the immediate vicinity, there have been several cases of small-pox. Half a dozen men from the infected camp arrived in town today, and the police took steps to apprehend them. The police and health departments are still hunting a Mr. Hyde, who is supposed to have the disease and is about the city.

#### Contractor Called Down.

ROCHESTER, Minn., June 13.—A special meeting of the board of state hospital trustees was held here yesterday, there being present John Peterson, of St. Peter; J. W. Mason, of Fargo Falls, and T. H. Titus, of Rochester. The matter has to do with the fact that the wing has not, it is alleged, been using the grade of stone demanded in the specifications, and it was to inform him that he had not to conform strictly to contract that the meeting was held.

#### One Found Near Duluth.

DULUTH, Minn., June 13.—John Toebie, a farmer living about five miles north of Duluth, reports that he has found rich iron ore on his farm. He found a vein just under the surface of the ground, and at a depth of six feet it is three feet wide and increases in width as he goes down. Specimens have been assayed and show a high percentage of iron and very little phosphorus. It is a hard ore, similar to that on the Vermilion range.

#### Coal on the Brule's Banks.

ASHLAND, Wis., June 13.—At Brule a sensation has been created by the discovery of coal on the banks of the Brule river, the old copper range. The matter has been very quiet the past two weeks, and application has been made to the governor for a reward for the finding of the mine, and parties are buying up all the lands in the vicinity. The woods are overrun with miners prospecting for other mines.

#### Charles Mix Saloons Raided.

CHAMBERLAIN, S. D., June 13.—The authorities of Charles Mix county have commenced a systematic campaign against the saloons, and are raiding every saloon in the county. Up to last evening the saloons at Bloomington and Peace Valley had been raided, the officers securing small quantities of liquor at each place.

#### Open to Seattle.

SEATTLE, Wash., June 13.—The first party of passengers to arrive through from the East since the flood began arrived last night. They had been fifteen days on the way from Chicago. No mail has been received since June 1, and those of the previous day, May 24, have just arrived, being tied up in Idaho.

#### Two Boys Drowned.

ROBERTS, Wis., June 13.—While playing in a pond near town yesterday evening Mart Wheman's nine-year-old boy James, and C. W. Ware's eight-year-old boy Charles, were drowned. The bodies were recovered in a few minutes.

MACALESTER PARK Presbyterian church, handsomely decorated with potted plants, resounded with the hum of many voices yesterday morning, the occasion being the fifth annual commencement of Macalester college. There were six in all in the graduating class; but through illness one member, Francis Beidler, was absent, and his oration on "Municipal Reform" was therefore missed from the list. Those receiving unconditional diplomas were George Johnson, Francis Beidler, Paul Ewert, William Sinclair and Archibald Cardie Jr., while Samuel Marsh was

#### one that, if carried, will virtually shut

the "Adams" from the garden of Eden. In short, a resolution was offered yesterday prohibiting the men from taking any part in the Rebekah lodges, only that of honorary membership. They can sit around and look pretty, but can't vote.

#### THE EVENING ATTENDANCE AT THE TWO

halls where the Rebekah staffs conferred the degree was very large. The halls could hardly hold them, it being estimated that there was an attendance of 1,000.

#### THE ELECTION OF OFFICERS WILL TAKE

place at 9 o'clock this morning.

#### BAPTIST REVIVAL.

Evangelist Hunt Discoursed on "Kitchens."

There was another good congregation and much interest at the First Baptist church last night in the Evangelical discourse on "The Moral Law." His text was from Mark x. 21, his subject being the rich young ruler who came to Christ. He called attention to the fact that Jesus was answering an inquiry which he had not asked, and that the heart of this young man, God never disappoints a longing which He has implanted in the human being. For every sense there is a corresponding satisfaction, and so it is with the longing for eternal life which is almost universal in the human soul. This young ruler, though he lacked one thing, had many good qualities. Young, rich and a ruler, he had most of the things which the world is seeking for, but with all these he had a desire for something else. He wanted to be saved, and he wanted to be saved by the blood of Christ. He called attention to the fact that Jesus was answering an inquiry which he had not asked, and that the heart of this young man, God never disappoints a longing which He has implanted in the human being. For every sense there is a corresponding satisfaction, and so it is with the longing for eternal life which is almost universal in the human soul. This young ruler, though he lacked one thing, had many good qualities. Young, rich and a ruler, he had most of the things which the world is seeking for, but with all these he had a desire for something else. He wanted to be saved, and he wanted to be saved by the blood of Christ.

#### THE LITERARY CHARACTERISTICS OF THE

"Blue," by William Sinclair, showed that that gentleman had given his attention to the Sacred Book to good advantage.

#### ARCHIBALD CARDIE, THE VALEDICTORIAN,

made a plea for a race in which he found no pleasure, and no glory. His essay, "The Modern World," displayed much thought and brought out many new and novel points.
