

MINNEAPOLIS.

MINNEAPOLIS GLOBULES.

W. W. White, of Livingston, is at the West. The Republican Club of St. Louis Park last night listened to addresses by John Goodnow and S. B. Howard.

General Manager Kendrick, of the Northern Pacific railroad, and family returned yesterday from a trip up the coast.

S. M. Bull, a prominent capitalist and mill owner of Newburg, N. Y., and daughter arrived in the city yesterday, and are at the West.

The case of Joseph Jepson against the Northwestern Wine House and W. B. Murray came before Judge Pond on an order to show cause why a receiver should not be appointed.

John Goodnow, president of the state Republican club, is making preparations for the transportation of the delegates to the national convention of Republican league, which convenes in Denver on the 26th inst.

It is expected that a large delegation will be present from this city.

Presenting THE HOODOO. The Tribune ruins to be at last rebuilt.

The ancient eyosoro and hoodoo known as the old Tribune building, at the corner of Fourth street and First avenue south, is to be at last rebuilt, and the ruins will shortly be transferred to a new site.

The New England association has obtained a loan of \$115,000, negotiated through the Minneapolis Trust company on lots 4 and 5, block 63, city of Minneapolis.

Crossed the Dark River. The funeral of the late Hartley Parks, the well known grocer who died Saturday, will take place this afternoon at 2:30 o'clock from the family residence, 2330 Lexington street.

The friends of H. L. Atkinson, residing at 80 Snelling avenue, will be pained to hear of his death, which occurred Sunday.

The deceased was a member of Minneapolis Lodge No. 12, A. O. U. W., and was buried at the residence today at 2 p. m.

Another "General" Here. There will be more Coxeyites here in a few days. Yesterday another "commander" arrived in the city.

In the Criminal Court. Owing to the criminal court being busy with the Streeter and other cases, it was found necessary yesterday to continue the Kortgaard embezzlement case over to this morning.

Presbyterian Divines. A regular meeting of Presbyterian ministers was held yesterday morning at Westminster church.

Will Put Men to Work. A regular meeting of the park board was held yesterday afternoon, at which Commissioner Soft recommended that the superintendent be instructed to commence work on the east side of the river bank boulevard.

Knowledge. Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of their own bodies, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

It is excelled in its use to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession because it acts on the kidneys, liver and bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale in all drug-gists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co., only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

THE CO.'S "STRAW PAPER" A SPEECH ON SILVER.

THE "QUEEN" GUARANTY LOAN NOTES NOW IN EVIDENCE.

INTRODUCED YESTERDAY.

The Prosecution Will Conclude Its Side of the Streeter Case Today—Mrs. Carpenter Faints While Testifying in Her Divorce Case—The Testimony Is Racy, to Say the Least.

The Streeter case yesterday was as dry and uninteresting as ever. It is understood the prosecution will conclude its part of the case, so far as evidence is concerned, this noon.

The afternoon session of the prosecution offered in evidence the "straw paper," much to the displeasure of the defense, whose vigorous and repeated objections were overruled by Judge Russell.

The "riders" testifying to ability of the makers of the notes were called by H. V. Dugan, superintendent of loans; S. M. Houghton, who occupied the stand; and W. S. Streeter.

A MINNEAPOLIS PARKHURST. Dr. Tollman May Be Invited to Clean Out the Augean Stables.

A ripple of excitement was occasioned at the meeting of the board of trade yesterday, when Architect H. W. Jones urged that the services of Dr. William Tollman, secretary of the Municipal Board, be invited to clean out the Augean stables.

Several other speakers favored the securing of Dr. Tollman if the proper arrangements could be made. The matter was referred to the committee on discussions to report at the meeting next Monday.

The water question was taken up and J. M. Bartlett made a speech in which he defended the supply of aqua nova water, and claimed that it was better than the water of any other city.

The committee on municipal health was instructed to prepare a report on the water supply and how it can be improved.

O. W. Clarke, manager of the Adams Express company, said that some effort be made to secure the supreme court to issue an injunction against the express company, and that they were such a nature as to be of immense benefit to a city.

The next meeting place will be determined at the meeting to be held in August at Washington. A committee to look into the matter was appointed.

WILL PUT MEN TO WORK. A regular meeting of the park board was held yesterday afternoon, at which Commissioner Soft recommended that the superintendent be instructed to commence work on the east side of the river bank boulevard.

It was further recommended that work at Minnehaha go on at once, the construction of the entrance way of a water tank for sprinkling, and the beginning of macadamizing Minnehaha avenue opposite the park, being the first items.

Another proposition has in view the bringing to Minneapolis of the park board was held yesterday afternoon, at which Commissioner Soft recommended that the superintendent be instructed to commence work on the east side of the river bank boulevard.

It was further recommended that work at Minnehaha go on at once, the construction of the entrance way of a water tank for sprinkling, and the beginning of macadamizing Minnehaha avenue opposite the park, being the first items.

A SPEECH ON SILVER.

HON. JOHN LIND ADDRESSES THE UNION LEAGUE ON THE FINANCIAL PROBLEM.

AN EXHAUSTIVE REVIEW OF THE MONEY LEGISLATION BY CONGRESS PRIOR TO AND SINCE THE DEMONETIZATION OF SILVER—ACCORDING TO THE SPEAKER, THE REMEDY LIES IN RESTORATION.

Hon. John Lind, of New Ulm, and the ex-congressman, spoke before the Union League last night on the subject of silver and the financial issues of the day, his views being the same as expressed while a member of congress, and at intervals he quoted from his speech on the silver question.

He strongly advocated the placing of silver on a parity or equality with gold, citing a ratio of sixteen ounces of silver to one of gold, and he gave it as his firm belief that by so doing the government would find a solution of the money problem.

W. P. Roberts, president of the club, presided, and his remarks were listened to with the utmost attention, the speaker being frequently interrupted to answer queries.

In commencing he gave a history of the silver legislation prior to the passage of the Sherman act, and he stated that the bill demonetizing silver had been signed by President Grant under a misapprehension.

The result was that while the price of gold went up the price of commodities lowered, and what was wanted in its true value, he here mentioned the fact that the price of silver had advanced, while a shrinkage had taken place in other values.

He stated that at that time had passed a free coinage act, placing silver on a parity with gold, there would have been no silver question to solve today, and the metals would now be recognized on an equality throughout the world.

Great leading minds, he continued, throughout the world had now come to look the situation squarely in the face, as the question concerned the vital needs of humanity, and it contrasted with the doctrine of the gold standard, which would have rebel even if it came to a revolution.

All agreed that it is absolutely necessary to have a more stable standard, and he stated that the price of silver as a money metal, causing it to bear an equal part of the burden with gold. This did not mean inflation, but a more equitable value.

Figures were cited to show the relative production of gold and silver, and the fact that the production of silver is increasing, and in this connection he said that it is impossible to fix a respective and unvarying value on the precious metals for the reason that, unlike anything else, their production is uncertain and would always remain in the hands of nature.

By the demonetization of silver there would follow a demotion of gold, and it would follow that, as commodities, they would be placed on a parity and an equality. The latter, however, is immaterial as long as a just equality is established, when their functions would become of equal utility for the benefit of mankind.

This is the new political economy of the age, and it is based on the doctrine of equal interest. The use of just as the people of a nation fixed its value, and the United States, when they have the power to restore and place it on a fair equivalent with gold. When Uncle Sam has spoken in the name of the world, he has spoken in the name of all Europe that would sell its silver at a discount.

Mr. Lind's speech bristled with statistics to back up his statements, and he cited copiously from the reports of the United States mint and other authorities on the money question.

Upon the conclusion of Mr. Lind's address a short speech was made by Prof. Lind of the university, who complimented Mr. Lind, saying that he agreed with him on most points, and that he would be glad to see him in all Europe that would sell its silver at a discount.

CHOLERA INFANTUM HERE

Babies Beginning to Die of This Dread Disease.

Summer Disorder That Kills the Infants Comes Early.

The summer babies early this year are suffering from cholera infantum, a dread disease that causes sudden deaths in June and July, and has appeared in some places almost like an epidemic.

Physicians all over the country say it is the most valuable means at their command for tiding children over the dangerous days of summer, as a preventive of cholera infantum, and as a steady diet all the year round for making sickly children grow sturdy, clear-eyed, happy and full of animation.

"Lactated food babies" has come to mean those solid, rosy-cheeked, bright little fellows who have never known a day of serious illness.

Says B. Frank Penny, of the New Bedford, Mass., standard: "Shortly after our baby Willie was born he had a severe attack of sickness with symptoms of cholera infantum. We tried various foods, but he grew thinner every day until we began to despair of saving his life. Finally a friend recommended lactated food, and we began to use it. The effect was extremely gratifying. He began to grow better at once, and in a short time he was as fat and as healthy as the very picture of health. We have fed him on lactated food ever since, and he has not been sick a single day."

A WHALER LOST. Many of the Crew Lost and Others Found on a Seal Island.

SAN FRANCISCO, June 19.—News of the loss of the whaling bark James Allen of Alaska Island, near Bering Sea, reports that the captain and first mate were drowned. From all accounts there are at least fifteen more missing.

The steamer Dora, belonging to the Alaska Commercial company, picked up the crew of the Allen's vessel, near Bering Sea. They had been living on an unwholesome diet of seal meat for several days, and were almost starved. They reported that the Allen had struck on a rock on June 7, and had been on the beach for several days.

They reported that the Allen had struck on a rock on June 7, and had been on the beach for several days. They reported that the Allen had struck on a rock on June 7, and had been on the beach for several days.

ANTI-OPTION ORATORY.

HATCH OPENS HIS BATTLE AGAINST GRAIN BARRIERS.

WARNER'S VIGOROUS SPEECH.

The New York Congressman Says That While the Bill Was Ostensibly Drawn for the Farmers' Interests, It Has Been Monkeyed With by the Millers—Bryan Favors the Bill.

WASHINGTON, June 18.—A letter from the speaker was read in the house announcing that on account of sickness he would be unable to attend the session of the house today, and appointing Mr. Bailey, of Texas, speaker pro tempore. The deficiency bill was reported by Mr. Breckinridge, of Kentucky.

Mr. Sayres, of Texas, will have control of the bill on the floor of the house. The deficiency bill carries an appropriation of \$48,543. The commercial travelers' bill to permit the issue by railroads of joint interchangeable 5,000-mile tickets was passed today.

Senate bill granting a right of way to the Eastern Nebraska & Gulf Railway company, through Omaha and Winnebago Indian reservation in the state of Nebraska was passed.

The anti-option bill was then safely launched upon its congressional voyage. Mr. Hatch opened the debate with a speech in favor of the bill.

There was not a single provision in the bill which had not received the approval of every board of trade in the country in its charter or rules and regulations, which required the actual delivery of articles purchased for future delivery.

This bill would compel this delivery honestly and in good faith, and would oblige the boards of trade to enforce their own regulations, which they had built up an elaborate system of avoiding.

When Mr. Hatch's time expired Mr. Warner (Dem., N. Y.) delivered a vigorous speech against the bill, in which he maintained that while it was ostensibly drawn in the interest of the farming people, a careful reading showed that it "had been monkeyed with by someone who was a thousand times more a miller than the gentleman from Missouri (Mr. Hatch) was a farmer."

He maintained that the passage of the bill would injure the export trade of the country, which was largely carried on by a system of dealing in options.

Mr. Bryan (Dem., Neb.) considered this a bill to prevent raising in certain products, and it was unjust to his constituents (who were mainly farmers) that other men should have the right to affect the price of their product after they had taken the risk of rain and drought and grasshoppers and chinch bugs.

There was no difference between the action of the burglar who went to a man's home and robbed him of his goods and the action of the man who, on the stock exchange, drove down the price of another man's product and thus deprived him of so much to which he was justly entitled.

At 5:18 o'clock Mr. Bryan concluded his speech and the hour adjourned.

Homeopathy Institute. DENVER, Col., June 18.—It was announced at the business meeting of the American Institute Homeopathy today that an excursion would be given around the Gulf road's mountain loop Thursday and in Colorado Springs Friday. The section in obstetrics and surgery held meetings this afternoon at which papers by Dr. W. J. Harris on the relation of Disease to Crime, and Dr. Dewitt G. Wilcox on "Operation for Vascular Catarrh" were read and discussed. Dr. Harris suggested that an operation be performed on irritable bodies.

Senator Wolcott Out of Denver. DENVER, Col., June 18.—Henry W. Wolcott today received a letter from Senator Wolcott saying he is improving. He expected to be at Carlsbad today, where he will remain several days. The operation was successful, and no danger as the result of the operation is anticipated.

Reilly Got It. PITTSBURGH, Pa., June 18.—"Ed" Reilly, of Pittsburgh, and "Jimmie" Doyle, of Dunkirk, N. Y., fought a prize fight on Linn island, near Smith's ferry, at daybreak, in the presence of several hundred spectators. The fight was given to Reilly in the fourth round on a foul. Reilly was badly punished, and his friends claim he would not have lasted another round.

Kentucky Vendetta. VANCEBURG, Ky., June 17.—W. S. Osborn killed Hiram Adams yesterday. Six shots were exchanged. William Pritchard, an innocent bystander, was seriously wounded. The doctor says Adams came of an old quarrel. Osborn is still at large.

Children Cry for Pitcher's Castoria. Children Cry for Pitcher's Castoria. Children Cry for Pitcher's Castoria.

Only a Few of Them Left. JULIUSBURG, Col., June 18.—Fifty Coxeyites, all that remain of the party of 1,300 which left Denver two weeks ago for Washington, started down the Platte today in boats. "Gen." Carter said he intended to return to Salt Lake at once. He is the only one of the party, he says, and more particularly tired of men he cannot control.

Left to the Court of Appeals. SAN FRANCISCO, June 18.—The owners of the sealing schooners Alexander and St. Paul, which were recently confiscated by an admiralty court for violating the Berlin sea regulations, have applied to the United States court of appeals to set aside the order of confiscation and return the vessels to their owners on the ground that the confiscation was illegal.

Goodfellow's!

Imported Challies.

20 styles of the best imported French Challies. Our price has been 60c. Now, a yard..... 35c

We are showing the only complete line of this season's Challie novelties: Dark, light and medium grounds. The delicate color combinations and the exquisite printing lift the stuff to the high art level.
