GRADY A HEAVY FAVORITE.

TONS OF MONEY GO ON MARCUS DALY'S COIT.

JOCKEY TABAL PLAYS DOMINO.

A Perfect Day Promised for the Eleventh American Derby—The Unbeaten Keens Colt Takes a Spin—Dorian Does Well and Is Third in the Betting—Big Money in the Books.

CHICAGO, June 22.—Tomorrow afternoon the eleventh American Derby will be run at Washington Park, and tonight everything indicates that it will be a great race.

The race promises to be perfect, and the track, while not so fast as it might be, is still in excellent shape.

There was but little work done on the track this afternoon. Domingo came out about 4 o'clock with Trainer Lakeland close at his heels, and he cantered two miles. As a signal the boy "brezzed" the unbeaten Keens colt a half-mile in 52. Domingo is remarkably fresh, and appears to be as frisky as a two-year-old. His journey had no effect on him. Hornpipe got light work.

Senator Grady and Dorian were worked at different times today, but the task set for the two cracks was a light one.

They got their severe trial yesterday. Both cantered, and were tided for a half hour. Dorian was given a 35% finishing strong, apparently "fit as a fiddle," to have made it over the eight furlongs. Grady loomed a bit, but took kindly to a half mile "pipe" opener, which he did in 51 seconds. None of the other animals were given any more than light work. The great heat at the track has induced the trainers to keep their charges well under cover during the day.

In the betting, which was going on heavily tonight, Senator Grady was a heavy favorite, and tons of money were won on him and on Domingo. The odds tonight were:

Senator Grady, 8 to 5; Domingo, 5 to 2; Dorian, 5 to 1; Hornpipe, 8 to 1; Despot, 10 to 1; Prince Carl, 15 to 1; Roy Et Santa Anita, 20 to 1; Alenor, 25 to 1; Lucky Dog, 30 to 1; Cash Day, 50 to 1; Rucky Dog, 50 to 1; Orinda, 50 to 1; Ullman's book took in several bets of \$100 on Grady at 5 to 1, and Senator Garrison, who is to ride the colt tomorrow, put \$200 on his mount at 3 to 1.

There was a heavy amount in on Domingo at even money to run third. Alenor was heavily backed tonight, and it was the bet to go to the bowler's window. Alenor seems to be little chance of his winning, but he will probably be the favorite for a large amount of money put on the colt who like the chances of a long shot.

The racing will begin at 2:30 sharp, and the Derby will be run about 3:45 o'clock, unless there is a long delay at the start. For the first time outside California this year, the track has a siddle cloth system, with its paddock arrangements, will be properly used. The race will be started in the paddock, and in a stall numbered in accordance with that on its cloth and on the programme.

ALLEYS OPEN TONIGHT.

Foley Has Omitted Nothing in Way of Convenience.

Tonight will mark the opening of the Foley alleys. Last night a Globe reporter, accompanied by several gentlemen, visited the alleys, which were lighted up by Mr. Foley. They are complete in every detail, even to the seats for the members of the various clubs. The opening will unquestionably form one of the pleasantest and most enjoyable events that has occurred in sporting circles for some time. It is probable that what will be done it is not possible at this time to state. Mr. Foley says that the alleys will be open at 8 o'clock, and that the alleys will inaugurate something in the nature of an impromptu programme.

WORKING THEIR FLYERS.

MORNING SCENES AT THE HAMLINE RACE TRACK.

SOME SURPRISES IN STORE.

Every String of Horses is Given a Morning Canter About the Track With Rail Birds Timing—Successes of Horses Coming From Latonia—Some Very Swift Beasts.

The Hamline race track is a scene of activity now, but it is during the early morning hours that its attractiveness is the greatest, for the horses are then given their daily exercise. Almost before the sun begins to peep around the corner of the club house the track is all life. Trainers with their animals, stable hands and jockeys appear, group after group, and the flyers are given their preliminary canter. It is this time of the morning that finds the "rail birds" with their watches in hand around the track. Every horse that is sent in anything suggestive of racing gets its time carefully, and mental note of the mark is made for future use. Until yesterday the rail birds were few, but a score or more were on hand at that time, and from now until next Wednesday they'll be out in large numbers every day.

About forty of the horses were exercised yesterday morning. Most of them were given light exercise, but a few were sent along at a clip that showed them to be in shape to face the flag at the start. J. E. Cushing was out to the track bright and airy and had his entire string on the track. His horses are in good shape. Wightman was given a preliminary warming up, and was sent a half-mile in 50, and was pulled up strong and anxious to run farther. A half an hour later Harry Reed, 15 (Shaw), 7 to 5, won by a head; Annette, 115 (Lamley), 5 to 1, second by two lengths; Prince of Monaco, 118 (Perkins), 5 to 1, third, time, 1:30.

The announcement was made today that the New York and Brooklyn jockey clubs will give an extra day at Morris park on July 4. HEARD ITES HAPPENINGS

Charles F. Pidgin, whose Popular Airs Are Everywhere Sung.

What a treasured world it would be if there were no songs in it.

One of the most versatile song writers is Charles F. Pidgin, of Cambridge, Mass., whose portrait is here given. Everybody knows his songs. Schoolboys while them and sober business men go about humming them.

When a writer of popular songs is tired and worn out he cannot do good work—nor can any one. All over the world physicians of every school prescribe Paine's celery compound where overwork and anxiety has brought down the tone of the nervous system.

Dr. Edward E. Phelps, M. D., LL. D., of Dartmouth college, the eminent discoverer of Paine's celery compound, devoted the most fruitful years of his remarkable career to the study of the blood and nerves.

Very soon after taking this remarkable remedy the circulation is favorably affected; there is a marked desire for hearty food, the heart's action becomes tranquilized and strong, and the nervous and digestive systems are harmonized.

Thousands of men struggling under great responsibilities, anxious, overworked mothers and wives and shop girls who are forced to stand on their feet all day long, build up their strength and nervous energy with Paine's celery compound. It rids the system of the janitor and lack of energy that follows a bloodless condition.

As long as waste continues, disease continues, and the first step in the recovery of many a person's health has been the first bottle of Paine's celery compound.

Mr. Pidgin says that he used Paine's celery compound as a nerve tonic and laxative. He was net-wick, only "tired" and the city physician had put him in good condition again. "I recommend it," he says, "to literary friends."

Weakness, lack of energy, and despondency are more a matter of nerves and brain than of the muscles. Paine's celery compound makes new, richly vitalized blood go briskly through the nerves, brain, and every important organ. There soon comes an end to tired, worn out feelings, loss of appetite and sleeplessness.

SAINT PAUL.

A. O. W. CONVENES.

Supreme Lodge Guests for a Few Hours on Wednesday.

An important event for the Ancient Order of United Workmen of this city is the coming visit of the supreme lodge to St. Paul. The lodge is combining to give them a proper reception. Last week the lodge was in session at San Francisco, and a strong effort was made by the Minnesota delegation to secure the meeting of 1885 for this city. As the South has not been recognized for some years by having a session of the supreme lodge, it was decided to hold the next at Atlanta, and this city will have to wait until next year for its chance. Realizing that St. Paul's opportunity to meet the lodge is a rare one, a meeting of the master workmen of the lodge was called on Thursday evening at A. O. U. W. hall to consider the question of entertainment. The meeting was called by J. J. Rasmussen, who was elected chairman. As there was no dissenting voice as to the advisability of some sort of a reception, for the supreme lodge, a committee of twenty-five was organized, consisting of one member, the master workman, from each lodge and five at large, J. J. McCarty, E. E. Hudson, Fred M. Lloyd, J. D. Grant and the chairman of the meeting. It was decided that the time of the visit in the city was short, the only things to be done were to give them a drive around the city and a dinner at the Hotel de France. A public-spirited citizen of St. Paul would furnish the carriages for the drive, and if any who can spare their time and energy would be glad to do so, they should call on the committee, J. J. Rasmussen, at 31 East Fifth street, for the number of the carriages and the amount to be paid for them.

At 8 o'clock, Dr. Newhouse is expected to address us, and in the evening, the pulpit will be occupied by Rev. J. H. Hazzard.

Next Tuesday afternoon the services will be in charge of the Woman's Foreign Missionary society. At 10:30 Saturday, Rev. A. N. Jocelyn, of Wells, Minn., will doubtless fill the pulpit.

William Moore spoke touchingly in memory of Mr. Kendall, as did several others.

Mr. Kimby and Mrs. Shepard related instances of the life and character of Mr. Kendall.

E. V. Ware, of Duluth, arrived last evening; also William Mills, of St. Paul.

Mrs. Shannon spoke in kind remembrance of Mrs. Chamberlain, of Hamline.

Mrs. Elizabeth Wilson, of St. Paul, is a great friend of her sister, Mrs. Colgrave.

Mr. and Mrs. Barzan, of Princeton, are with us for a few days.

Rev. H. O. Harbach, of Caledonia, is with us for a week.

Mrs. G. H. Hazzard spent yesterday on a visit to her mother, Mrs. Colgrave.

Rev. and Mrs. Scott, of Springfield, arrived yesterday.

Mrs. G. H. Hazzard spent yesterday on a visit to her mother, Mrs. Colgrave.

Officers of the association were then re-elected.

AN ACTOR DIES.

Member of the Columbian Opera Company.

E. A. Burt, a member of the chorus in the Columbian Opera company, died yesterday morning at 10 o'clock of typhoid fever. He had been sick ever since the company began playing here. The funeral will be held at Christ Episcopal church, Fourth and Franklin, Monday morning at 10 o'clock. A donation of \$50 towards the funeral expenses was made by the Actor's Fund, the balance being assumed by the Columbian management. In addition to this affliction, five members of the company are ill to take their parts, and Miss Helen Lamont last night lost a 44-carat diamond earring. The new building on the corner of Broadway and Third street is now being decorated in the last of the "Bohemian Girl," but appeared without them last night. Manager Murray says the loss of the work of trouble and anxiety has done him a great deal of harm. He is one of the actors in his profession.
