

The interference is by your authority. An instance of this has occurred within the last hour in the union depot sheds. I would respectfully request that the police be instructed to stop this interference with your statement to me that no such permission had been given you. Very truly, E. W. WINTER.

E. W. Winter, Esq.—Dear Sir: I am in receipt of your letter of the 2d inst. and desire to say in response that I have authorized or encouraged the practice which your letter refers to utterly without foundation. I have no more power than any private individual unconnected with the railroad in operation in this city to permit any one to enter on the premises of such railroad, or to interfere in any way with their operations. To assume any such power or to have given any such assistance as your letter mentions would be presumption on my part, which I have not the slightest intention of indulging in.

ROBERT A. SMITH, Mayor.

RUMOR THAT DR. W. A. CROWD VERY QUIET AND THE MEN SAVING OF THEIR MONEY.

During the afternoon it was rumored that the Transfer company would make an attempt to move some of the cars now in its yards. It was given out that non-union men had been secured to do the job and that trouble would follow if the effort would be made. A large crowd of people occupied the University avenue tracks across the Transfer tracks and remained for more than two hours. The doors to the round house were tightly closed, and after weary waiting no one seemed to appear to open them and bring out the engines. All of the sidetracks were filled with freight cars, but not a human being was visible. At a late hour no attempt had been made to make a move, and the waiting crowd left the environments rather disgusted at not seeing anything unusual.

AT EAST ST. PAUL.

Tremendous Accumulation of Freight Cars—Engineers Intimidated.

At the East St. Paul Omaha yards yesterday, not a freight wheel turned. Engineer Lewis, who ran Pilot Engine 45 on Tuesday, was visited by a committee and told to leave better quiet while he did that night. The pilot lay "dead" in the yard all day yesterday in consequence. Not an engineer around the yard can be found willing to risk his life on an engine. Foreman Burk is still on duty and willing to work, though there is little to do. The Omaha trains east from Minneapolis had to do without a pilot engine and backed down to the union depot alone from the yard.

Line Carrying Perishable Goods to St. Paul.

This morning the Gateway City Packet line will begin operating a daily steamer line between St. Paul and La Crosse. The steamer "Lizzie Gardner" will leave La Crosse this morning with several car loads of perishable freight for local commission men which they think they will get beyond La Crosse by rail, and the steamer "Thisie" will leave for La Crosse at the same time.

Young Tom Wins.

Foley, 270; Thayer, 300. Thus the record of last night's game in the billiard exhibition series at Foley's stands. Foley won out in thirty-four innings, with an average of 73.25. He made a high run of 55 and another of 52, besides such other doubles as 45, 12, 15, 15 and 15. Thayer showed himself in splendid form also. In thirty-five innings, with an average of 54.5, he showed good work. His high run was 27, and his other double figures were 10, 17, 23, 15, 12, 15, 17, 10.

At Last Arrested.

William Quinn was arrested yesterday evening by Officer Ashe and a charge of larceny placed against his name. Quinn has been wanted since May 11, at which time, as alleged, he stole a violin from Christoffersen. After the theft Quinn skipped the town and only returned a day or two ago.

Quiet in Minneapolis.

Strikers Take a Day Off and Trains Move as Usual. The members of the A. R. U. and others who make up the striking forces in Minneapolis took a day off, so to speak, yesterday, and matters at the union depot and around the railroad yards were extremely quiet. All of the trains departed and arrived at the usual time, and the lake service was not retarded, greatly to the satisfaction of the thousands who passed the day at Minneapolis. At the union depot a large force of deputy United States marshals are constantly on hand in case of emergency, over fifty having been sworn in by the Northern Pacific alone. The men are constantly on duty, eating and sleeping in the cars of the company in the yards.

INJUNCTION TO BE ASKED.

Which Will Enable Strikers to Be Punished. A Dubuque telegram says: A bill for a sweeping injunction against Debs, the American Railway union and the Chicago Great Western. Illinois, Central and Chicago, Milwaukee and St. Paul strikers was prepared here tonight, and will be presented to Judge Sanborn at St. Paul tomorrow. Judge Shiras, of Dubuque, is in California, and Sanborn is the nearest judge. It

is substantially similar to the bill presented to Judge Grosscup at Chicago yesterday, a draft of which was received tonight by Solicitor Knight, of the Central.

EMPLOYEES OF THE MILWAUKEE HOLD A SECRET MEETING.

A union meeting was held at Haugan's hall on Bloomington avenue yesterday afternoon, consisting mainly of employees of the Milwaukee road, at which a proposition was discussed having in view the return to work of the firemen, switchmen and others of the company now on a strike. There were present representatives of the Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen, Order of Railway Conductors and Brotherhood of Railway Trainmen. A heated discussion took place, the proceedings being strictly private. It was the tenor of the speeches it was evident that the more conservative element, which was in favor of the men returning to work in the minority, and after a heated debate the meeting adjourned without any formal decision other way, but as the men are out it still leaves them out.

Last Night's Meeting.

The strikers held a meeting last night in Plummer Post hall, Minneapolis, and discussed the situation. The action of the conductors and engineers of the Milwaukee road in refusing to assist the strikers was discussed.

The steamer leaves Jackson street 9:30 a. m. daily, for Fort Snelling, Minnehaha and Soldiers Home. Fare 25 cents.

COXETTES STILL HERE.

Making Money Selling Their Paper, "Keep Off the Grass."

The Coxettes are still in town, and evidently will stay here as long as they can secure money and be well fed. The baker's dozen of them, under command of Brig.-Gen. Shoales, put in yesterday in the city and the resorts about the Twin Cities in selling the late copy of the paper "Keep Off the Grass." They found purchasers enough to net them over \$50 besides paying a commission to each of the hoboes who sold papers. Shoales was selling papers yesterday at the meeting at Minnehaha park, where Gen. Coxey spoke, and was arrested for selling without permission. He was afterwards released and went on with the selling of papers. The men here still sleep in Labor hall. They all smoke cigarettes in great quantities. They have an appearance of being well fed and are happy-go-lucky pieces of humanity. Their talk is of revolution and forcing congress to turn over the government to the army to be run on a wide-open policy. Asked what they are going to do they speak of everything except work, and that they say they are done with. They think that they would rather be soldiers than anything else, and the whole thirteen in the city here are ready to argue any one who will listen to the belief that they are competent to take charge of an army of recruits. They boast that there is no law that can make them work for a living or make them pay for their transportation on railroads. They boldly say that the people are bound to support them, and they are insulted at the suggestion that they might settle down to live as ordinary citizens of the country.

TEN THOUSAND PICNIC.

OWEN AND ST. JOHN TALK TO THEM.

FOURTH AT MERRIAM PARK.

Union Temperance Convention in a Beautiful Grove—Families Have an Ideal Holiday—Galants With Their Best Gait—Salvation Army Hold Services—The Fourth Highly Honored.

The Fourth of July celebration at Merriam Park, under the auspices of temperance societies of the Twin Cities, was productive of pleasure and gratification to the company of men, women and children estimated at 10,000. It was a wholesome, rational and well-ordered holiday observance, in every respect worthy of the national anniversary. Commendable to the good taste and good sense of the people, who hold it in remembrance because of what they saw and heard.

To a large extent the occasion had all the freedom and enjoyableness of a country-side picnic, for between two beautiful groves, midway between the great cities afforded the most charming facilities. There were two bands of music in attendance, the Normanna band, of Minneapolis, and an excellent Salvation Army band, beside the Unga Svea male choir, composed of thirty voices, whose songs were so much appreciated by the workers in the program of the day, included a series of sports and games, which young athletes enjoyed, and these were made more exhilarating by the donation of prizes from leading merchants of both St. Paul and Minneapolis. This feature, with the numerous refreshment tables and the traditional picnic entertainment, afforded the great multitude with ample satisfaction from having chosen to pass a day of relaxation filled with so many opportunities that may be prized as among the best of the season.

Very many came with their own carriages, and the street cars offered easy conveyance. The families were family groups, youths of school age, the young gallants and maidens, fair, motherly women and wage-earners, all were present. All combined in a homogeneous whole to render the union temperance celebration a happy consummation of generous plans and wise forethought.

Not the least of the pleasures of the day were centered in the intellectual program of entertainment. A speaker's stand was erected, and seats provided under the grateful shade of a miniature forest. After music by the Normanna band, the program was opened with prayer by Rev. J. C. Gullette, of St. Paul. Rev. Thomas McCleary, of Minneapolis, spoke for the W. W. S. Temperance league. Prof. C. H. T. Atwood, of Minneapolis, for the senior grand lodge of Good Templars. Mrs. Mary G. C. of Minneapolis, for the Catholic grand lodge of Good Templars. Father Grimmer, of St. Paul, for the Catholic grand lodge of Good Templars. Rev. William E. Barker, of St. Paul, for the Baptist grand lodge of Good Templars. Z. Drew, of Hamline, for the Epworth league. Rev. C. B. Wilcox, of St. Paul, for the Epworth league.

The closing day of the Red Rock camp meeting was opened with a 6 o'clock prayer meeting, followed by the 9 o'clock Bible study. After a hearty song service of patriotic and religious songs, participated in by the audience as well as the chorals, under the leadership of Dr. Murray, who later sang a patriotic selection, Dr. H. H. French, pastor of Wesley church, Minneapolis, spoke in a manner that held every one present an attentive listener. His text, "Whereunto thou art called," found in the 6th chapter of I. Timothy and 12th verse.

A good-sized audience gathered at 1:30 to listen to the closing exercises of the children's meeting, which consisted of a reading of the constitution, singing by the children, together with a review of object lessons. They disbanded after marching, waving of flags and singing patriotic songs to the light of all the children, as well as the listeners.

At 3 o'clock Rev. J. Wesley Hill gave an eloquent and scorching lecture on "Four Years Among the Mormons." As large a crowd was present at all the services as could be accommodated, bringing all the inconveniences and delays in transportation.

Rev. J. C. Howell, pastor of Clinton Avenue church, St. Paul, St. Paul, Mr. and Mrs. Luley, Dawson Bradshaw and Edna Burden were among the arrivals from St. Paul.

Dr. H. H. French, of Minneapolis; Rev. J. W. Hill and wife, of Minneapolis; L. Hale, of Minneapolis; Mr. Jett, of Highwood, spent the day on the grounds.

The association of Red Rock camp meeting felt very grateful to Dr. and Mrs. Murray for their faithful services during the session just closed.

Statement Denied. The Pioneer Press of yesterday published a lengthy article setting forth an attempted boycott on A. L. Phillips, of 155 East Congress street, yardmaster of the Great Western. It states that West side stores and markets refuse to sell anything to Mr. Phillips, and enumerates in the list the meat market of E. Vlatte, giving purported interviews with Paul White, clerk of Mr. Vlatte, and Mr. Vlatte himself, in both of which that are made to admit that Mr. Phillips can get no meat at that market, and that Paul White, at the Globe office to say that every statement contained in the purported interview is false.
