

EXTRA JUST HALF-PRICE FOR 500 SCHOOL SUITS.

We have taken 500 Knee-Pant Suits from several small lots, in odd sizes, and marked them at

\$3.00

per suit. These are regular \$6 suits, and have never been sold for less. They are made from the very best all-wool material, and are just the thing for early school wear.

BOWLBY & CO. Third Street, Cor. Robert.

Mail Orders receive prompt attention. Goods shipped the same day order is received.

SILVER IN SALVADOR.

Attempts at Bimetallism Are Not Most Satisfactory.

WASHINGTON, Aug. 29.—Alexander L. Follic, chief of the United States department, says that official notice has been given that while heretofore 70 per cent of the duties have been paid in gold and 30 in silver, that now the duties will be divided equally between the two metals.

COOLNESS IN THE NAVY.

Matters Culminate in a Reprimand From Herbert.

WASHINGTON, Aug. 29.—Every now and then there is an ugly outcropping of the blue-line between the line and the staff of the navy which has become particularly rancorous since the strenuous efforts put forth by the former to secure the passage of the Meyer reorganization bill.

MARTIAL LAW IN PERU.

President Assumes Dictatorial Powers.

WASHINGTON, Aug. 29.—Official reports received at the state department indicate quite a serious situation in Peru. It has been found necessary to suspend several articles of the constitution, including the writ of habeas corpus, and the president of the republic is practically clothed with dictatorial power.

Trapped a Boudier.

NEW ORLEANS, Aug. 29.—Counselman Doudanant was caught in the act of taking a bribe from Charles Sherman this morning. The amount taken was \$1,200.

TAMMANY HALL RING

Is What Three Republican Candidates Are Trying to Make, BUT THE SCHEME WON'T GO.

Chapel, Seng and Jensen Are Breeding Trouble for Themselves.

FIRST DEMOCRATIC RALLY.

Young Men's Central Democratic Club Has Its Opening Tonight.

Chapel for sheriff, Seng for auditor and Jensen for treasurer find that their combination of forces is not running as smoothly as they had hoped.

The plan of the trio is to run candidates for several offices in several wards who are to be merely dummies, and when they capture a few delegates on the precinct primary plan they will turn over their figure heads to the ring and thus sell out their friends and personal following.

Another reason for the combination is to assist upon the precinct primary plan and the election of delegates by precincts.

The Republican alluded to said that it will be found that the mass of the Republicans are opposed to the new plan.

A Correspondent who Claims Matters Are Not Right.

To the Editor of the Globe.

A number of street car patrons would like an explanation upon a matter of interest to themselves, and perhaps to Mr. Lowry.

A party of five took the car at Minnehaha Falls for St. Paul.

Why the public has stood this inconvenience this long I cannot understand.

Many passengers, getting off and waiting for the next car, pay the nickel and remain in the car.

As the rule now is, every through passenger is subjected to this inconvenience.

This matter is on a par with the outrage which the street railway company attempted to perpetrate upon the St. Paul public in exacting double fare from all passengers who got on the cars on Washington or Fifth street and were taken to the depot.

The public will use the same effective method in calling Lowry to an account for this case as I feel satisfied a step will be taken in the future.

COTTONPICKERS RIOTOUS.

Race Troubles Crop Out in Queer Way in South Carolina.

COLUMBIA, S. C., Aug. 29.—Gov. Tillman received information late this afternoon that a race riot was imminent at Harlin City, a small town in Orangeburg county.

He ordered the Santee rifles, of that county, to put themselves at the disposal of Trial Justice O. B. Wetzel.

The negroes in the neighborhood have formed a combination to pick cotton for less than 50 cents a hundred for white farmers and 40 cents for colored farmers.

An old negro who violated this agreement and picked for a white man at 40 cents per hundred was taken out of his house by a mob of negroes last night and severely beaten.

Several negroes were arrested on this crime, and this undoubtedly incensed the negroes.

Owing to poor telegraphic facilities there, nothing further can be learned.

A company of militia quickly put down trouble without bloodshed.

Elliston, Mont., Burned.

HELENA, Mont., Aug. 29.—The town of Elliston, twenty-eight miles west of Helena on the Northern Pacific, was wiped out by fire early this morning.

The flames started in the livery stable, and burned both ways down Main street, destroying about a dozen buildings.

The only places left standing are the postoffice and railroad depot. Loss, \$20,000; insurance light.

CAUGHT IN AMBUSH.

Dutch Suffer Further Reverses in the Island of Lombok.

THREE SERIOUS DEFEATS.

In Which Three Columns of Troops Are Cut to Pieces.

500 KILLED AND WOUNDED.

Disaster Creates Excitement in Holland—Reinforcements Will Be Sent.

THE HAGUE, Aug. 29.—The official journal today published a dispatch which shows that the disaster to the Dutch forces operating against the island of Lombok, near Java, were much more serious than at first supposed.

The dispatch says that Gen. Vetter, the commander of the expedition, was surprised at 11 o'clock at night, near Tjakara Nekara. The fire was continuous until morning, and the Dutch in this engagement lost fourteen killed and thirty-five wounded.

As the water supply of the column failed, and foraging was impossible, the Dutch troops were compelled to retreat towards Mataram, the capital of the island.

During the retreat the Dutch lost heavily, being continually harassed by the natives, and at one portion of the route they found that barricades had been raised.

These obstructions were so stoutly defended by the native warriors that the troops were unable to force a passage, and were consequently compelled to make a long detour around the blockaded route, and in so doing they lost more men.

The Dutch succeeded in reaching Ampenon Aug. 2 with a total of casualties far in excess of the number at first reported.

The killed included four officers and sixty-two men; there were 22 officers and 153 men wounded and 6 officers and 148 men missing.

In addition, the Vetter column lost four field guns, but this is not all. It now appears that two other columns of Dutch troops operating upon the same island have sustained heavy losses and have endured much suffering.

These are the columns commanded by Van Pabst and Ely-veldt. The latter column has been separated and have also succeeded in reaching Ampenon. The losses are not stated, but they are admitted to be heavy.

Col. Van Pabst was among the Dutch while fording the river Batak, five steamers carrying troops and field guns leave Java for Lombok tomorrow, and every effort will be made to retrieve the Dutch losses.

Van Pabst's Command Suffered Heavy Loss.

THE HAGUE, Aug. 29.—Later advices received from Lombok say that the attacks upon the different columns of Dutch troops were the result of a pre-arranged plan of the natives.

The Dutch columns have been completely taken by surprise, and the leading native chiefs of the Balinese, Col. Van Pabst's column, after seeing the promises of the chiefs executed, was returning to Tjakara Nekara when it was attacked.

The Dutch while fording the river Batak, by the Balinese whose hostility was expected. The column only succeeded in regaining the road to the Tjakara Nekara after sharp fighting and heavy losses.

After a harassing retreat, the Van Pabst column was approaching Tjakara Nekara when it was attacked further signs of the enemy when suddenly from the walls of that place, from every loophole and every crevice, a hail storm of bullets was poured into the column of the Dutch troops.

The latter were completely taken by surprise, and the Balinese had no sooner opened fire upon the head of the column than its rear was also cut off.

The retreat of the column was also cut off. The Dutch troops were completely surrounded and caught in a trap.

Caught in a Trap Ambush, and it had not been that nightfall came to their assistance, there is little doubt that the entire detachment would have been massacred.

As it was, however, the Dutch were able to escape, but many of them badly wounded, succeeded in reaching Ampenon.

The Balinese captured a quantity of arms, ammunition and provisions, and also captured the guns and effects of Gen. Van Pabst's force, they having abandoned in order to save the wounded.

Of the loss sustained by the Dutch forces has caused great excitement throughout Holland, and it is believed that when the loss of the Van Pabst and Ely-veldt columns are added to those sustained by the Vetter columns, the disaster will be found to be of a most serious nature.

Many passengers, getting off and waiting for the next car, pay the nickel and remain in the car.

As the rule now is, every through passenger is subjected to this inconvenience.

This matter is on a par with the outrage which the street railway company attempted to perpetrate upon the St. Paul public in exacting double fare from all passengers who got on the cars on Washington or Fifth street and were taken to the depot.

Highest of all in Leavening Power.—Latest U. S. Gov't Report

Wash. Baking Powder ABSOLUTELY PURE

READY FOR BUSINESS.

The New Flax Mill Erected at Albert Lea.

ALBERT LEA, Aug. 29.—The flax mill is now ready for business, and it is expected sufficient straw can be secured here to keep it busy all winter.

The mill was moved here from South Dakota, the frequent droughts there rendering it impossible to get straw to keep it in operation.

The flax acreage in French born county is large this year, and the crop is a fairly good one.

The price to be paid for straw will be about \$3.50 per ton.

The building for the electric light plant, to take the place of the one burned the morning of July 4, is about completed.

The engine and boiler are here, and it is expected the plant will be ready to start up about Sept. 15.

The city schools begin next Tuesday, and the prospect is the attendance will be the largest in the history of the city.

There will be ten teachers, including the superintendent and a special instructor in music.

A new two-room addition to the old wood building has been put up, and the prospect is for occupancy the first day of school.

The Democratic county convention to elect delegates to the state convention will be held in this city Saturday-Sept. 1.

There is some talk of fusion on state officers, and the delegates from this county will doubtless be in favor of endorsing Owen for governor.

IRON TRADE WAKING UP.

New Tariff Law is Developing Competition.

NEW YORK, Aug. 29.—The Iron Age will tomorrow say: Less and less is heard of the scarcity of coke, and to judge from the rate at which the furnaces west of the Allegheny mountains are going in, the supply of Bessemer pig promises soon to be ample.

The market has weakened in the West, and quotations in Pittsburgh now stand from \$11.65 to \$11.75.

In the West, however, there is still some scarcity. Chicago has been active in the bit market, closing about \$18.00 for delivery in its own district and taking some orders further east.

Some business has been done in Pittsburgh and October delivery at \$16.85. Raw material is relatively cheap.

Exports have been active in which the market has been below \$2.25, lower lake ports. A significant fact is that American cotton linters have been captured during this week in competition against free foreign cotton linters.

Ability to make quick delivery helped them. In the metal trade values are adjusting themselves to the lower basis demanded by the new tariff.

HOTEL GRAINWOOD GOES.

Hostelry and Pavilion at Prior Lake Destroyed.

SHIAKOPPE, Minn., Aug. 29.—Fire at Prior Lake last night completely destroyed the Hotel Grainwood. The fire originated in the roof, burning very rapidly. There was no fire protect in whatever, so that nothing could be done to save the structure.

At the hotel at fifty guests staying at the hotel at the time, thirty of whom were in the hotel proper and twenty in cottages belonging to the hotel. Fortunately the guests were able to save most of their belongings, so that the loss to guests is very small. The pavilion annex of the hotel was also entirely destroyed.

Loss on building, \$3,500; insurance, \$1,500. Loss on furniture, \$1,300; insurance, \$1,000.

Was McNamee Murdered.

DULUTH, Minn., Aug. 29.—P. A. McNamee, of Topeka, Kan., brother of Joseph McNamee, whose body was found in the Mississippi river, is here. He does not believe that his brother committed suicide. He thinks he was murdered, and there are quite a number who coincide with this opinion.
