

POPE COUNTY BOLTS.

Sensation in the Democratic Congressional Convention at Fergus Falls. DR. M'LEAN IS NOMINATED After a Vigorous Protest From Several of the Delegates Present.

REPUBLICANS IN EVIDENCE.

Charged With Putting Up a Democrat to Elect a Republican. Special to the Globe. FERGUS FALLS, Minn., Sept. 14.—The Seventh district Democratic convention today and nominated Dr. Thomas M'Lean, of this city, for congress. Although five counties out of the seventeen in the district were represented, but one county, Pope, had a full delegation present. There was a very lively discussion before the nomination was made. The three delegates from Pope were instructed to advocate no nomination by their county convention, and when they saw that the other counties were determined to place a man in the field, they served notice of their withdrawal from the convention. The counties represented in whole and in part were Polk, Clay, Otter Tail, Wilkin and Pope. The convention was called to order by Chairman William Anglin, of the congressional committee, and E. M. Stanton, of Polk, and W. Van Cappel, of Otter Tail, were elected temporary chairman and temporary secretary respectively. Committees were appointed as follows:—

Credentials—John Steichen, Otter Tail; J. R. Serrien, Pope; J. J. Moistad, Polk. Permanent Organization—William Anglin, Polk; M. McLaughlin, Clay; Strickling, Polk. Resolutions—C. O. Hook, Pope; F. E. Le Page, Polk; L. B. H. Wilkin, Wilkin. The Trouble Commenced over the report of the committee on credentials, Mr. Serrien, of Pope, presenting a minority report. The majority gave the delegates from each county the right to cast the full vote of such county, while the minority gave each delegate or proxy present one vote. The fight grew warm, the Pope county delegates against the field, Mr. Serrien, of Pope, came to the convention because they had found parties close to the Republican organizations were trying to secure the proxies of the delegates at first election. The delegates from Pope county had instructed their delegates to favor no nomination "because, although Eddy, the Republican candidate, who is from Pope, is a strong protectionist, this is a fight between Democrats, and we are between a low tariff man and one for high protection. For the Democrats of Pope county I desire to state that we prefer Eddy. We are for the state ticket and one tariff congressman."

The Majority Report was adopted. Mr. Serrien moved that the question of selecting a candidate be left to a committee to be composed of one man from each county in the district. He made this motion, he declared, because five counties were in Pope county, and he did not want to fuse. We are Democrats. There are more than a dozen men from four counties making a nomination for the Democrats of this district is absurd. John Steichen presented the name of Dr. T. M'Lean as Otter Tail's candidate. L. B. Everdell, of Wilkin, seconded the nomination, and it was made by acclamation. The nominee being out of the city, he could not be brought before the convention. The chairman was authorized to name a committee composed of one member from each county.

The Resolutions, after declaring against fusion in any case, are as follows: Resolved, That we reaffirm our indorsement of the national Democratic platform of 1892 and applaud the noble efforts of President Cleveland and the majority in the lower house of congress to fulfill the pledges under which the people of the United States placed in power the Democratic party. Resolved, That we heartily indorse as false to principle and traitorous to Democracy the action of a few members of the senate, who, in part, prevented the fulfillment of their pledges, and pledge our best efforts for the final success of true tariff reform. Resolved, That we heartily indorse the lawfulness of organized labor to obtain just and proper remuneration for working men, we denounce any attempts to secure the end by lawless means, and approve the mildly course taken by President Cleveland in upholding the supreme power of law and of the national government during the late labor troubles. Resolved, That we demand the largest and safest monetary system, and the opening of our markets to the free coinage of both gold and silver upon a

DEBS NOT DEJECTED.

SAYS CHICAGO STRIKERS WERE NOT DEFEATED. Their Fight Has Advanced the Cause of Labor Fifty Years.—Speech to Workmen. HARRISBURG, Sept. 14.—One of the largest and most intelligent audiences that has ever gathered in this opera house assembled here tonight to hear Eugene V. Debs discourse for two hours on the cause of the great sympathetic strike. Debs said he was opposed to strikes, but that he was not opposed to the right of the only weapon which labor has to defend itself against the encroachments of capital, and that he admired them for striking. If he had been an employer, he would have struck regardless of consequences. Debs contended that the sympathy strike was forced by the general managers' association organized to make the fight against the Pullman company. He had no more to do with organizing the strike than he had with the American Railway union convention, after all the subordinate lodges had been consulted. The strike was well planned, and it was inaugurated, and the injunction was issued against the leaders, and they were enjoined from directing their forces. He advocated the consolidation of branches of labor, and claimed that class brotherhood had never won successful results in law and order. He said, "and an act of discipline of the red flag of anarchy."

Attorney General Olney was a corporation lawyer, and he has been impeached for his recent decision on the interstate commerce laws. Both sides were urged to be wiped out of existence, and the provisions of the federal judges and United States senators by direct vote of the people. He said he had no support and no great many men, but he has kept his own.

WARD THE KIDNAPER. Ferdinand Gives His Version of His Attempt to Secure His Child. WASHINGTON, Sept. 14.—Ferdinand Ward, the ex-banker, who is charged with the attempted abduction of his ten-year-old son, was seen today by an Associated Press reporter, to whom he relates his version of the affair. He stated that while he was in Sing Sing, his wife made a will bequeathing her entire estate to her son Clarence, and naming Ferdinand's brother as guardian of the child. Ferdinand's release from Sing Sing was secured by the payment of \$25,000. Upon his release from Sing Sing, Ward was notified by Green that he had been released from Sing Sing, but he was not then situated so that he could give him a suitable home. Later, however, when he had settled in Brooklyn, he was notified by Green that he had been released from Sing Sing, and he planned and helped to execute the abduction which would give him what he claims is now the legal right, the guardianship of his own son. The property, amounting to over \$75,000, at the time of his arrest, was placed in the control of the United Trust Company of New York, and still remains there. Ward declares that he was willing to engage the general session of his son until he is successful.

Changes in Army Assignments. WASHINGTON, Sept. 14.—The officials at army headquarters were still engaged today in arranging the general re-assignments of regiments that are contemplated as a result of the abandonment of the recruiting depots at Jefferson Barracks, Davis Island and Columbus Barracks. The expectation is that they will be finished tomorrow and probably be done by Gama was shot. LONDON, Sept. 14.—The officials of the Brazilian delegation declare there is no truth in the Montevideo dispatch by order of President Petross on April 25. The Brazilian officials claim the dispatch as being a rehash of an old falsehood, and absolutely untrue.

IVAN MUST HANG.

Slayer of Policeman Jacobson Is Found Guilty of Murder. RAINS ALL OVER THE STATE. The Forest Fires Reported Pretty Thoroughly Extinguished. GOLD IN RAINY LAKE REGION. The Murderer of Lena Olson Registered in Duluth—Northwest News.

Special to the Globe. HASTINGS, Minn., Sept. 14.—The jury in the case of John Ivan, for the killing of Policeman Albert Jacobson on the evening of July 10 last, returned a verdict this afternoon, after being out four hours and a half, finding the defendant guilty of murder in the first degree.

FOREST FIRES OUT. Rains General in Minnesota and Wisconsin. DULUTH, Sept. 14.—Rain has fallen plentifully all over Northwestern Minnesota and Northern Wisconsin today, and there is no prospect of a let-up. It is exceedingly welcome among the people of both city and country. ST. CLOUD, Minn., Sept. 14.—It has been raining almost continuously since 7 o'clock this morning. At Great Northern's office it is learned that rain is general along the burnt and fire-thrashed districts, and is putting out the fires rapidly.

WHERE IS AUSTIN? An Important Cue in the Lena Olson Mystery. DULUTH, Minn., Sept. 14.—An important clue in the Lena Olson murder mystery, connecting Austin with the affair, was found here today. The signature of "A. Austin and wife, St. Paul," made on the Merchants' hotel here Aug. 24, was connected with Austin and Lena Olson. Aug. 29 was the date of the murder. Austin and wife had no baggage with them, though Lena Olson left Minneapolis with two trunks in her possession, and on that evening, evidently after he had killed the girl, Austin paid his bill and went back to Minneapolis, where the next day he was seen by Mrs. Gray, a figure as the woman who first brought the two together. Detectives are not on Austin's trail.

FIRE AT COON CREEK. Farmers Have a Bnny Day Protecting Property. ANOKA, Minn., Sept. 14.—A prairie fire above Fridley yesterday, fanned by a high wind, rapidly approached Coon Creek. Aid was asked from Anoka, but the messenger never reached here from some unknown reason. T. A. Preston, Coon Creek, is in Anoka this morning and says that every farmer got out to work together with women and children. All the afternoon was spent hatching water, digging ditches and plowing. Immense meadows were saved by this means. During the fight one farmer lost his home, contents, and was killed by fire, from an unknown cause. Another big fire raged in the tamarack swamps at Ham Lake township yesterday, and burned a considerable tract. One man moved eighty tons of hay from the meadows to have it burned later in the day.

A SHOT HIM IN THE NECK. Brother-in-Law Effectually Stopped. KIMBALL, S. D., Sept. 14.—The report is coming in from Gregory county of a shooting affair there, in which a woman defended her honor. Ed Harrison's wife has been away. Her sister, Mrs. Currier, was again nominated for state senator, and M. Pratt, H. S. Howard and Thomas O'Connor for representatives. The Democratic county ticket was endorsed with but three exceptions.

Boiler Inspector Injured. SLEEPY EYE, Minn., Sept. 14.—C. T. Howe, state boiler inspector, was thrown from his buggy and run over by a team six miles south of here last night, and badly injured. The team was driven by a drunken farmer, who drove into Mr. Howe's buggy, which was standing at the side of the road.

Wreck on the Missabe. VIRGINIA, Minn., Sept. 14.—A freight train on the Missabe and Northern railroads was wrecked near Morrill last night, caused by cattle on the track. Ten cars were totally wrecked and the engine and locomotive were seriously injured.

Fell Forty Feet. BALDWIN, Wis., Sept. 14.—Theodore Larson, a fourteen-year-old boy, while riding a windmill on a farm near here, accidentally fell to the ground, a distance of forty feet. He died from the injuries.

VINDICATING VILLARD.

Counsel for the Ex-Director Reply to Carey's Charges. INQUIRY WAS A FARCE. They Claim, Made Solely for the Purpose of Clearing Oakes. BRAYTON IVES BACK OF IT. Findings of the Master-in-Chancery Emphatically Denied.

Special to the Globe. A Minneapolis Detective Agency's Effective Work. FARGO, N. D., Sept. 14.—The investigation by the Walsh county board of commissioners to discover by whose official acts the county is compelled to pay the cost of trials of blind piggers developed some interesting facts. Secret correspondence from Attorney General Standish was produced, in which it was disclosed that he had made a contract with a Minneapolis detective agency to cover every county in the state and sweep out simultaneously upon the law breakers. Raids were made several weeks ago, twenty illegal dispensers of beverages and keepers of houses of ill-repute were arrested and fined, and nearly forty in Cass county. The investigation that was developed in the investigation that the detective bureau was paid from funds raised by the secret enforcement league. This fund, so-called, and which was developed in neighboring Minnesota cities are supposed to have subscribed liberally. The fund, so-called, and which was developed in neighboring Minnesota cities are supposed to have subscribed liberally.

Gold at Rainy Lake. DULUTH, Minn., Sept. 14.—Several members of the Little American Mining company, the first mine on the Rainy lake, came down from the mine last night. They report that the progress of the progress of the mine, and what is more, two gold bricks, valued at about \$1,500 each. These, together with some ten tons of concentrates valued at \$250 to the ton, have been the product of the Little American's mill for the past three weeks. The mill is hampered in its operations by the fact that the water in the mine is so high that it is necessary to pump it out, and this is done by a small engine, which is not powerful enough to do the work.

Killed His Brother. ALEXANDER, Minn., Sept. 14.—Word comes from Crooked Lake, near Nelson, that Peter Johnson was accidentally killed by his brother Erick, while the two were engaged in hog-hoing. Erick had fired one barrel of the gun, failing to kill the hog. Peter Johnson was in the act of reloading the gun, and the bullet struck him in the chest, killing him instantly. He was thirty years old and leaves a wife and four children.

Long Will Stick. PIPESTONE, Minn., Sept. 14.—There has been considerable talk among the Democratic Populists of this district in favor of pulling Candidate L. C. Long, of Magnolia, off the congressional track and setting George Baker to rattle dazzie. The Democratic congressional committee, A. D. Ferris, Pipestone, chairman, and the Populist committee, J. W. Douglas, of Moorhead, and H. S. Hogoboom, of Breckenridge, were nominated for representatives. The Democratic senate ticket was endorsed with but three exceptions.

Into Republican Hands. FARGO, N. D., Sept. 14.—The executive committee of the Prohibition party has withdrawn Tor or Hor, candidate for secretary of state, and E. D. Allen for state senator. The Prohibition party has withdrawn Tor or Hor, candidate for secretary of state, and E. D. Allen for state senator. The Prohibition party has withdrawn Tor or Hor, candidate for secretary of state, and E. D. Allen for state senator.

Carrier for Senator. SLEEPY EYE, Minn., Sept. 14.—C. T. Howe, state boiler inspector, was thrown from his buggy and run over by a team six miles south of here last night, and badly injured. The team was driven by a drunken farmer, who drove into Mr. Howe's buggy, which was standing at the side of the road.

Wreck on the Missabe. VIRGINIA, Minn., Sept. 14.—A freight train on the Missabe and Northern railroads was wrecked near Morrill last night, caused by cattle on the track. Ten cars were totally wrecked and the engine and locomotive were seriously injured.

Fell Forty Feet. BALDWIN, Wis., Sept. 14.—Theodore Larson, a fourteen-year-old boy, while riding a windmill on a farm near here, accidentally fell to the ground, a distance of forty feet. He died from the injuries.

WIFE, FATALLY SHOT, SAVES THE LIFE OF HER MURDEROUS HUSBAND.

WASHINGTON, Sept. 14.—Thomas Taylor, 35 years of age, killed his wife, who was 35 years old, today by shooting her with a pistol, which he then turned on himself. Taylor's wound is not dangerous, however, the wounded wife having torn her arm to one side just as she was about to put a bullet through his heart. Jealousy had caused the deed. The couple had quarreled frequently. Taylor accusing his wife of undue intimacy with other men and especially with a canvasser named Peeke. She denied the truth of his charges, but admitted convincing her husband that they were groundless. Yesterday he learned by questioning his child that Peeke had been there and today, after a scene, he fired the fatal shot.

Two Attempts to Destroy the Washington Soldiers' Home. WASHINGTON, Sept. 14.—Fire early this morning partially destroyed the big barracks of the Washington Soldiers' Home, north of the city. The fire, which had about \$10,000. The fire is believed to have been the work of incendiaries. Not long before midnight some haystacks near the stables were discovered ablaze, and the fire spread to the barracks, which were burned to the ground. The inmates of the home had hardly become quiet before another alarm was sounded, and this time the barracks, which were kept the horses and part of the stores of the home, was found on fire in several places. The veterans were thoroughly alarmed and patrolled the grounds for hours. It is thought that some discharged soldier or crazed inmate is responsible for the fire.

Gov. Stanley, of the home, after consultation with Gen. Schofield, offered a reward of \$500 for the arrest and conviction of the incendiaries. It is said to point to two men who were receiving good-sized pensions and were discharged to make room for less fortunate soldiers.

DEPEW RETURNS HOME. HE IS NOT A CANDIDATE FOR GOVERNOR. NEW YORK, Sept. 14.—Chauncey M. Depew returned home today from the swift American liner New York. He looked the picture of health. Mr. Depew was taken off on the New York Central train, the Chauncey M. Depew. A few minutes later the reverend editor and the customs officers and a number of newspaper men ran alongside the tug and the party boarded her. Mr. Depew was at once asked regarding his political position. He emphatically declared he would not be a candidate for the gubernatorial nomination. Regarding the tariff he said: "In England the tariff was the one absorbing topic before the Wilson bill became a law. I met one of the oldest members of the house of commons at luncheon, and he said: 'All I care about your country is to know whether you are going to let my wool into your market or not.' The conditions in Europe for the past year, and since the enactment of the tariff measure, fully demonstrate how dependent the industries and business of the old world is upon the trade with the new world. Our commercial life has found its counterpoint on the other side of the globe. Differences in cost of raw material, of labor and of living expenses are not the only factors that are confused and tariff laws and revenue restrictions have not wholly solved the problem. Unless we can protect ourselves in some way, the welfare of this country will be governed every part of it. It is not a glibly conceit, but a serious question for the statesman and economist if the people of China and India, who will work for 3 cents a day and can live on 3 cents, are to supply the raw materials of our industry."

As to the Charges reported by Master Carey, Mr. Villard is quoted as ready to meet them as he was those of the Swope case, and only after a judgment in a suit brought against him by the master, he would be held responsible for his services, and made an unreasonable profit. That profit is stated at \$200,000. The question thus in the mind of the master seems to have been one of degree. The master conceded a right to compensation—but says Mr. Villard charged too much and has apparently allowed him nothing.

Clearly that is a matter of opinion on which no one is competent to form an opinion unless he knows the facts. As I have said, I have not read the testimony taken and can form no opinion as to what conclusion it warrants. I am told that items of cost amounting to \$200,000 were shown over against the master. If that is so it would reduce Mr. Villard's compensation or alleged illegal gain to \$100,000.

Now, with the testimony taken by Master Carey, Mr. Villard's counsel, and I am told, does not warrant the master's charge. The gist of Mr. Carey's report seems to be that in regard to the Northern Pacific & Manitoba railway Mr. Villard made a profit of \$200,000. It is a reasonable profit for his services, and made an unreasonable profit. That profit is stated at \$200,000. The question thus in the mind of the master seems to have been one of degree. The master conceded a right to compensation—but says Mr. Villard charged too much and has apparently allowed him nothing.

Clearly that is a matter of opinion on which no one is competent to form an opinion unless he knows the facts. As I have said, I have not read the testimony taken and can form no opinion as to what conclusion it warrants. I am told that items of cost amounting to \$200,000 were shown over against the master. If that is so it would reduce Mr. Villard's compensation or alleged illegal gain to \$100,000.

If that is so it would reduce Mr. Villard's compensation or alleged illegal gain to \$100,000.

2:01-2 FOR ROBERT J.

Hamlin's Little Wonder Is Truly the King of the Turf. PACING RECORD SMASHED. A Full Second Clipped From His Own Record Made at Fort Wayne. GENTRY TO THE FRONT. He Goes a Mile in 2:03 3-4--Joe Patchen and Alix Fail.

TERRE HAUTE, Sept. 14.—World's records were glimmering over the Terre Haute track today, which tonight held all but two—the fastest three heats, and the fastest two-year-old pacing records. There is hung up tonight the fastest mile ever gone by a horse in harness, Robert J. 2:01 1/4; the miles of Nancy Hanks and Alix, each in 2:11 1/4; the world's record for four-year-old trotters made by Fantasy in 2:06; the fastest six-heat race ever gone by a three-year-old, Expressive's great race three weeks ago; the fastest two-year-old trotting race record, Oakland Baron's mile in 2:16; Whirligig's three-year-old pacing record of 2:10; the stallion pacing record of 2:03 3/4, by John R. Gentry, and the stallion record of 2:04 by Joe Patchen; the marvelous mile by two-year-old pacer, done by Carbonate today in 2:06; and his previous record of 2:10 tied by Directly.

That is why the town is wild with enthusiasm tonight. Geers was up behind Robert J., and at the second trial he was given him. The clip was so fast that the pacemaker fell back, the first quarter being done in 30 3/4 seconds. Up the hill he went at an even faster clip, and was at the half in 1:00 3/4. Down the third quarter the unbeaten gelding came like a whirlwind, 29 3/4 seconds marking his time for that quarter, and he was at the three-quarter pole in 1:30 3/4. Geers, with rein and voice, gently reined the gelding, who came true and strong, never for a moment wavering under the terrific trial, and a moment later Geers landed Robert J. under the wire in 2:01 1/4.

Pandemonium Broke Loose. Men shouted themselves hoarse, tossing hats and canes in the air; women set aside dignity and waved handkerchiefs, and paroled to the melody of their more reasonable applause. There were cheers for horse, for driver and for the owner, Mr. Hamlin, and Geers was stretched on the shoulders of adoring friends. Scarcely less marvelous was the great performance of the two-year-old pacer, Carbonate. A half hour before his only rival, Directly, had gone to lower the mark made by Carbonate on Wednesday. But the fast son of Directly was unequal to the task and could do no better than tie it. Then came Carbonate, the beautiful grey son of Superior, Jack Curry held the reins over the youngster. Ed Geers with Ferdinand was the pacemaker.

The cent went away true and strong. He reeled off the first quarter in 30 3/4. Up-hill he went to the half at 1:00 3/4. Still faster was that speedy third quarter, which he did in 29 3/4 seconds at the third quarter in 1:30 3/4. His tender mouth caused him to falter for a moment when Curry took the reins to renege him. It was but for a moment, and again he was away, and landed the heat in 2:01 1/4. The world's record for two-year-olds went wild, and cheered both Carbonate, his owner, Mayor Dubois, of Denver, and his driver, Jack Curry, till it was tired out.

The marvelous mile of John R. Gentry was made in the opening heat of the free-for-all pace carried over from Wednesday when he did the mile in 2:03 3/4. Some caught the mile as fast as 2:03 1/4, and it is believed that had the pacer come after the black five-year-old a little harder the Patcher Wilkes horse would have done the mile in as good as 2:03. There was great disappointment over the Alix performance. With so perfect a day it was, and with the world's record for two-year-olds. Again the world went wild, and cheered both Carbonate, his owner, Mayor Dubois, of Denver, and his driver, Jack Curry, till it was tired out.

Important Decision by Carlisle on Provisions of the New Tariff. WASHINGTON, Sept. 14.—Secretary Carlisle, in answer to a letter from Francis D. Moulton & Co., of New York, made an important decision in reference to salt imported for the fisheries. Moulton & Co. asked whether salt imported for the fisheries was still subject to duty under the McKinley act. The secretary, after citing the provisions of the act of 1890, providing for the free importation in bond of salt used in curing fish by vessels from foreign countries engaged in fisheries and curing fish on the shores of the navigable waters of the United States, and also for the refund of duty to exporters of meats cured with imported salt, says: "While this language is omitted in the present law, it does not appear to be inconsistent with the provisions thereof. The department, therefore, holds that the paragraph cited has not been repealed, and that the duty on bonds may continue to be withdrawn for curing fish free of duty."

New Shells a Success. WASHINGTON, Sept. 14.—The recent shell tests at Indian Head by the ordnance committee of the navy have been highly satisfactory, and although not expected to break the armor, stood up to the test well.

Paragon of the Murderer. McARTHUR, O., Sept. 14.—Elmer Falson was indicted for murdering his wife, Thomas Walden, a prominent Drumer, today. The widow of the latter was arrested as an accomplice. Illicit

GOV. NELSON'S NICKEL. SMALL CONTRIBUTION TO A QUILTING CHARITY. Mr. and Mrs. Cleveland Go Down Into Their Stockings for Ten Dollars.

Special to the Globe. MAINE PLAINFIELD, Minn., Sept. 14.—Six months ago a W. C. T. U. band of women in a country town decided to have an album quilt, that is a quilt on which one may write one's name and pay five cents for the privilege. One day there came a lady from Minneapolis, who said her church society made such a quilt, and one of the ladies wrote to President of the Minnesota W. C. T. U. Cleveland's name and she said he sent them their names and \$10 besides. So, of course, the first thing one of our ladies did was to write to Gov. Nelson for his name. She wrote in the letter that it was for charity purposes and people paid five cents to get their names in the quilt, and the ladies thought it would add to the interest if he would write his name on the enclosed square. Of course, the lady was an expert, as she heard the governor wanted votes again this fall, and would recognize the fact that the ladies all had male relatives.

The letter came in a day or two, and felt so bulky that she rejected, saying: "It is a five-dollar bill in that sure, and may as well be a ten." She opened it, and lo, it dropped the piece of cloth with the words "Knute Nelson, Governor of Minnesota," written on it, and nothing else excepting "W. C. T. U.," she said dejectedly. "I surely thought he would send me fifty cents," she said. "I thought he would send me fifty cents," she said. "I thought he would send me fifty cents," she said.

GOLD IS COMING IN. RESEIVE SHOWS A STEADY INCREASE. Lowest Point in the Treasury's History Reached Aug. 8—Increase of \$5,000,000.

WASHINGTON, Sept. 14.—The net cash in the treasury at the close of business today was \$127,102,441, of which \$56,048,524 represented the gold reserve. The gold reserve has been steadily climbing upward for the past month. On Aug. 8 it reached its lowest point in the record of the department, \$52,180,500. Since that date it has increased almost \$5,000,000, and the increase has largely been due to the purchase of bullion at Helena, Denver and Charlotte, N. C. The large increase in the output of gold in Colorado and Montana has directly increased the gold reserve, as it finds its way to the assay offices of the government.

Novel Execution. LEHIGH, Pa., Sept. 14.—The execution of David, the wife murderer, was executed at 10:32 today. He was placed in a chair and blindfolded, and, at a signal, six soldiers shot him through loopholes in the tent. He died in three minutes.

Guilty of Big Embezzlement. NELSON, Neb., Sept. 14.—The jury in the Barrett Scott case, after being out nearly thirty-six hours, brought in a verdict of guilty. The defendant, Barrett Scott, was charged with embezzlement of \$23,000. Scott has not been sentenced yet. A petition was made for a new trial, but it was last week acquitted on the first count.
