

MINNEAPOLIS.

POLITICAL PARAGRAPHS.

Tomorrow night the Populist city committee will meet and discuss fusion with the Democrats. The county committee last Saturday declared emphatically against fusion, and it is likely the city committee will follow suit.

A meeting of the Democratic city candidates will be held tomorrow night at the New York Life building for the purpose of appointing a city committee.

It is understood that B. F. Nelson will be selected as chairman for the fusion in favor of Mr. Nelson, and it is said the majority of the other candidates will gladly agree to his appointment.

The committee on waterworks has a peculiar way of doing business. They have discharged Pearl Rhodes and appointed a man by the name of Atwood from the Seventh ward as Inspector, J. W. Phillips, the Republican candidate for alderman in the Eleventh ward being given Rhodes' position as keeper.

No sooner do the Republicans advertise they are going to hold mass meetings or jubilees than it rains, which seems to indicate that they will have only the wet side of things this fall.

This evening the Democratic congressional committee will meet at the new headquarters in the old State bank building. Arrangements will be made for opening the campaign and securing public speakers.

It was stated last night by a well known Populist that Dr. E. F. Clark, the Populist nominee for congress, is an avowed protectionist. From the standpoint of Populism this is a serious charge and may lead to an investigation.

One could not help but pity Gov. Nelson last night as he stood on the stage in Normanna hall and looked over the empty seats. He might better have remained at home and nursed his sore throat for all the good his speech did the group of politicians who met with him to mourn.

The Democratic congressional committee meets this evening in Harmonia hall at 8 o'clock. Business of importance will be transacted, and a full attendance is desired.

MINOR COURT ITEMS.

Mrs. Clara E. Tucker was given a divorce yesterday morning from A. Tucker by Judge Russell. She alleged and proved cruel and inhuman treatment.

Frank La Fountain, the thirteen-year old boy indicted for stealing a horse and buggy, and subsequently indicted on the charge of malicious injury to property, pleaded guilty yesterday in the criminal court and was sentenced to the reform school.

The grand jury failed to find bills of indictment against the ticket brokers, Frey and Charbonneau, who were charged with violating the anti-scalpers law.

The grand jury yesterday returned an indictment against James Hatcher, charging him with the murder of his brother Edward. This is the case that hung fire so long.

Charles Claus was arraigned in the police court yesterday afternoon on a charge of embezzling \$4,600 from S. A. Rouke. His examination will be held today.

AMUSEMENTS.

No amount of rain could keep Minneapolis from going to the theater when their favorite, Sol Smith Russell, occupied the boards. This was demonstrated last night, when, in spite of the wet, a large audience greeted Mr. Russell in his new play, "April Weather."

The first popular-priced matinee of the ludicrous farce, "Rush City," will be given at the Bijou Wednesday afternoon. This attraction, abounding as it does in features of a musical and spectacular nature, has been the subject of enthusiastic reception at the hands of local feminine theatergoers.

Good Luck to 'Im. Patrick Ryan, the park commissioner, an independent candidate for alderman from the Ninth ward. He announced himself as an anti-A. P. A. candidate and a man of the people. Mr. Ryan, of course, has not taken this important step without deliberating seriously with his friends, and he probably thinks wisely.

POISONED BLOOD.

Is a source of much suffering. The system should be thoroughly cleansed of all impurities, and the blood purified in a healthy condition. S. S. S. removes Chronic Sores, Ulcers, etc., purifies the blood, and builds up the general health. It is without an equal.

Dr. J. C. Palmer, Kan., says: "My foot and leg to my knee was a running sore for two years, and physicians said it could not be cured. After taking S. S. S. it healed in ten days. S. S. S. is not a sore on my limbs, and I have a new lease on life. It has saved my life, and I have meant to say so for many years." S. S. S. is the only cure for all skin diseases.

MINNEAPOLIS FIRES.

One on Bridge Square, the Other on Third Street.

Early yesterday morning fire broke out in the basement of the four-story brick building at Bridge square. The fire broke out in the basement of the four-story brick building at Bridge square. The fire broke out in the basement of the four-story brick building at Bridge square.

At 11 o'clock yesterday morning fire gutted the top story of the Union block, 42 Third street south. The loss on the building is about \$10,000, fully insured.

The Bricks Portrait company lost about \$2,500; John Reger, a tailor, and H. B. Morton, a harness maker, lost several hundred dollars each; J. S. Kearney & Co., plumbers and gas fitters, had their stock damaged to the extent of about \$1,000.

Assistant Chief Kinney had his hand badly cut by falling glass, and A. L. Gilbertson, of Engine Company No. 4, had his nose and forehead badly cut.

SUES THE DISPATCH.

Tyndale Palmer Brings Suit in Hennepin County.

Tyndale Palmer has brought a libel suit in the Hennepin county district court against the St. Paul Dispatch, George H. Bunker, the publisher, being named as the defendant, in which the damages are placed at \$50,000.

The trouble arose over the publication of a Philadelphia special in the Dispatch of Oct. 1, 1894, which was headed "He Stole \$440,000."

The article in question states that Palmer, a resident of Philadelphia, had been sent to Brazil to investigate the theory of the defense on the part of the article stated, he sold the patent rights for \$30,000 in gold, and then returned to America and reported to the St. Paul Dispatch that he had received \$80,000, of which \$10,000 was expended in salary, expenses and commission.

Palmer denies the article in toto and alleges that he did sell the patent rights for \$30,000, but \$5,000 for expenses. He denies the story of irregularity and the buying of farms, and claims that they were made with malicious and defamatory intent.

A Northwestern Board. At the meeting of the board of trade yesterday morning the initiative in the new Northwestern board of trade was discussed. A committee organization was appointed. Congressman Fletcher was present, and urged the importance of connecting the expenditure of the \$100,000 proposed for river improvements in order that a second appropriation may be secured at a later date.

It was decided to have the committee on navigation push the matter with the aid of Senator Washburn. The board decided to appoint a committee of investigation and refer to it the matter of a reduction of water rates.

Hamp Has Disappeared. The relatives of T. M. Hamp, a traveling salesman living at 1018 Eighth street southeast, have reported to the police that he has disappeared in a mysterious manner. He was employed by the firm of Duran & Foote, cigar manufacturers on the East side. When he left the city he took \$40 with him, and several days later sent home for \$80 when he reaches Chicago. His relatives have taken it upon themselves to investigate his disappearance.

Certificates of Nomination. C. A. Conman, secretary of the Democratic city convention, has handed to City Clerk Haney certificates of nomination for all the candidates on the Democratic city ticket. These have been filed with the city clerk, and Haney requests that all the candidates call and get receipts for their certificates. The other certificates are not coming in fast. About as many Populists as Republicans have filed up to date. Among the Populists who are not yet in, are B. Rollins, who is an independent candidate for re-election to the city council.

Women in Politics. The Woman's Improvement league met yesterday and decided to take a hearing on politics. Another meeting will be held at which the indications are that the various city boards will be discussed. In the event the ladies cannot find among all these nominees men who will make a bold departure and have suitable ones nominated.

The Judicial Question. The Democratic and Populist judicial committees met last night in the New York Life building and discussed fusion. The meeting was an executive one, and nothing was announced at the conclusion that would indicate any change of opinion. The Populists will agree to leaving the names of the three Democratic nominees on the ticket, and also that the Democrats will not take Mr. Wendall off.

DISSIPATION KILLS.

Too Much Pleasure the Tendency of the Day.

We Exert Ourselves in Many Ways More Than We Ought.

A Valuable Rule Which It Will Pay You to Follow.

There never was a time when diseases were so common as now. Ank we bring them on ourselves by careless living. The system cannot stand everything. It will surely rebel in time. One of the most common ailments is rheumatism. It indicates bad blood and low vitality.

It may be caused by exposure, dissipation, or overwork. It is a dangerous complaint to neglect, as it often involves the other organs, especially the heart. There is a way to be cured of it and all nervous and chronic diseases, and it never fails to cure. Here is a letter giving positive proof of it. Mr. M. J. Frabill, a well-known man of Waterbury, Vt., writes as follows:

"About three years ago I was attacked by severe rheumatism. It was so bad that when it took hold of me it made me drop down in my tracks, and would cause me most intense suffering. Whenever I was attacked by it I was confined to the house.

"I was fearfully worried over my condition and began to think I should never get well again. I had tried many doctors, but got no permanent benefit from them. I saw Dr. Greene's Nervura and tried it. I had never before advertised, and concluded to try it, as I knew it was highly recommended.
