GLENCOE ALL ABLAZE.

Becker, Ludwig and Ryder as Good as a Display of Pyrotechnics.

DOSES OF SOUND DEMOCRACY

The Candidate for Governor Making Hosts of Friends Everywhere.

GREETED WITH APPLAUSE.

General Political News From All Parts of Minnesota.

Special to the Globe. GLENCOE, Minn., Oct. 18.—It was a large audience in a large hall that gathered tonight to hear the old but ever new doctrines of Democracy rehearsed again. John J. Ryder, of Luverne, was the first speaker, and for three-quarters of an hour he touched on and analyzed the most prominent issues in national, state and congressional contests.

Never Into Dishonor.

For thirty-five years, will give him as loyal support as he has a right to expect, loyal support as he has a right to expect. "The only power on earth that can defeat the Democratic ticket this year," said Gen. Becker, "under the peculiarly favorable conditions, is the votes of Democrats."

The Ideal Candidate.

For governor of a great commonwealth, John Ludwig is a splendid second, and his sturdy, honest, blunt way of thinking and dressing his audiences is just right. It will, like Becker's style, wear and win. Ryder is the energetic man of the party, always ready, never dull, and a long talk to him is as happy as in his preference of a brief breeze from Democracy.

IN WRIGHT COUNTY.

Nothing Points to Any Very Decided Changes. Special to the Globe. DULUTH, Minn., Oct. 18.—At this date both the Democratic and Republican parties are claiming gains, but there seems not much chance to a casual observer, and Wright county will most likely vote as usual. The Populists will carry little here in this county. Some months ago there seemed to be something of a Populist burrah, but it has died out, and it is not likely that there will be as many votes for them as there were in some localities they seem strong, but there are very few places where they will carry.

AT CARVER.

Short Speeches by Becker, Ludwig and Hall. Special to the Globe. CARVER, Oct. 18.—Gen. Becker, Hon. O. M. Hall and John Ludwig spoke to a large audience here today at 10:30 a. m. on the political issues of the day. Their speeches were short, as they were to speak at Laconia this afternoon. They made a very favorable impression on the people that gathered so early in the day to give them a reception, and the only fault that Republicans, as well as Democrats, could find was that they could not talk longer, on account of their time being limited.

Popular Democratic Candidate for Judge in the Fourth District.

Special to the Globe. BUFFALO, Minn., Oct. 18.—In nomination of J. H. Wendell for judge of the fourth district, the Democratic party did a wise and wholesome act. Mr. Wendell will receive a large vote in this, his own county, where he is best known, and when the votes are counted next November it will be no surprise, even to many Republicans in this vicinity, to find that he is elected by a handsome majority. After a residence and business life of twenty years in Wright county, where he has held several offices of trust, always filling them with ability and honesty, he has the respect and esteem of all parties, and his success in his extensive law and instrumental music nicely divided. The numbers by the society were particularly enjoyable.

KRAUS IN THE SADDLE.

Chicago Times Takes Another Turning Over. CHICAGO, Oct. 18.—The Chicago Times will announce tomorrow morning that at a stockholders' meeting this afternoon, Adolph Kraus, until this time a minority stockholder, secured control of a majority of the stock and will assume control of the paper on Saturday. Preston Harrison and Harry Carter, H. Harrison, will still hold a large block of stock. In an interview tonight Preston Harrison said his brother and himself had great hopes for the future of the paper, and had expected to make journalism their business for life. Their two sisters, however, are entirely opposed to the idea of preferring to have their share of the

ROBBERED OF \$2,500.

A St. Cloud Merchant Loses Much Money by Theft.

NO CLUE TO THE ROBBERS.

They Do Their Work Quickly, and Vanish Unnoticed.

GREAT NORTHERN PAY DAY.

The Money Had Been Taken From Banks to Cash Checks.

Special to the Globe. ST. CLOUD, Minn., Oct. 18.—The boldest robbery in the history of this city was committed this afternoon between 4 and 5 o'clock. This is pay day on the Great Northern, and many of the merchants usually supply themselves with as much ready cash as possible, in order to cash checks of the railroad men. During the afternoon Anton T. Peffer, a boot and shoe dealer, drew \$2,500 from different banks and placed the amount in the cash drawer in his desk in the rear of his store. A few minutes later he waited on a customer, and when he returned the money was gone. A wily robber had been waiting in the open, and the robbers pulled out the cash drawer and got away unnoticed. The store was crowded with people during that time. The robbery was evidently carefully planned and executed, as there is not the slightest clue as to the whereabouts of the robbers. The police are baffled, and there is hardly any prospect for the arrest of the guilty ones, although several suspicious characters have been run in.

BIG RIOTS IN VIENNA.

Police Charge a Socialist Gathering. Fifteen of the Reds and One Policeman Wounded—Many Arrests Made.

VIENNA, Oct. 18.—Ten thousand Socialists met here today at the Sofensal, in the Landstrasse section of the city. The place was not large enough to hold the great crowd of people and hundreds were crowded out. Dr. Adler made a speech in favor of universal suffrage. At the close of the meeting those present formed in procession and marched to the Stadt park ring accompanied by hundreds of mounted and foot-policemen. A violent riot broke out in the street, and the police made a desperate effort to disperse the crowd, but failed, and the processions continued their march. Among the rioters in the street were many Socialists, and many of the rioters were wounded. A squad of thirty mounted police charged the crowd with drawn swords. As the police were charging the rioters fled, and a number of other horses stumbled over him, bringing his riders to the ground. Horses and men were struggling on the ground, and many of the Socialists at the head of the procession were knocked down by the soldiers. The rioters, however, were not deterred, and a number of rioters were left lying on the ground where they had been severely injured by saber strokes or the boots of the rioting horses. The procession was ultimately broken up, and many of the participants were arrested. Dr. Perherstorfer, a member of the reichsrath, was recognized by the commissary of police, who ordered his arrest. He was taken to the hospital, and his condition is reported to be serious. He is charged with the murder of a man named Perherstorfer, a member of the reichsrath. He was recognized by the commissary of police, who ordered his arrest. He was taken to the hospital, and his condition is reported to be serious. Rev. Queal Vicarified.

SYRACUSE, N. Y., Oct. 18.—The secretary of fifteen members of the Central New York Conference of the M. E. Church, appointed to try the case of Rev. J. H. Queal, a member of the church who was charged with perjury, immoral conduct, lying and disobedience to the laws of the state, and the violation of the Episcopal church, reported to the conference this afternoon "none of the charges sustained."

Shot in the Abdomen.

CHATFIELD, Minn., Oct. 18.—A probably fatal accident happened to Edward Bennett, a young Englishman working on a farm about three miles from this place, while plowing he carelessly carried a loaded rifle on one of the braces, with the muzzle pointed toward him. In some way the weapon slipped and discharged, contents into the young man's abdomen.

Tired of Her Hubby.

STOX FALLS, S. D., Oct. 18.—Papers were yesterday filed at Brookings by Mrs. Emma C. Lockwood, who asks for a divorce from George Lockwood and the custody of the minor children. The defendant is a wealthy lawyer in New York City, and they were married in New York, N. Y., July 1, 1888. They have an older daughter who has spent the summer at Eastern summer resorts.

Rifted a Safe.

ROCHESTER, Minn., Oct. 18.—The harness shop of Joseph Devlin was entered last night and the safe rifled. The outer door had only been fastened with a day lock, the cash drawer was cut open with chisels. Seventy dollars and valuable papers were taken. Five hundred dollars worth of notes were destroyed. Suspicious characters are watched.

Crushed His Skull.

STOX FALLS, S. D., Oct. 18.—Leonard Koetzie, a farmer, living two miles east of town, and Saues Barry, an eccentric character, living in a dug-out near Koetzie's, came to blows this morning over stock trespassing with a cow of Koetzie's. The cow was shot in the foot and his skull crushed in from a revolver blow. He may die.

Fast Rochester Rider.

ROCHESTER, Minn., Oct. 18.—Herman Kluisman, the Rochester bicyclist, rode a fast time of the Brookings crew on Waltham, which is 2:07 2-5, while Kluisman covered the same distance in 2:05 1-2 (unpaced). The first quarter was done in :28 and the half in 1:30 flat.

Hawkeye Editor Dead.

WHAT WOMEN NEED.

There Are Innumerable Things That Contribute to Their Comfort, Their Happiness and Their Health.

"Women are naturally weaker than men, and more dependent. They suffer and find little assistance. For too often this is not appreciated, but it is nevertheless necessary. Men are made to battle with the world and with each other; women possess the gentler traits which entitle them to consideration and kindness. It stands to reason that when women do not feel well, when their strength seems all gone, and they are despondent, often discouraged, they need, indeed must have, assistance. This assistance can best be rendered in the form of some gentle stimulant which enables them to regain their strength, preserve their health, their beauty, and their attractiveness. At such times nothing can equal a medicinal whiskey, and Puff's Pure Malt is the only preparation which has ever met this requirement. There are women who realize this truth fully, and follow carefully the path named. They realize their needs and always act upon such knowledge."

STILLWATER NEWS.

Events of a Day in the City on the St. Croix. M. H. McCarthy, of the Standard Lumber company, Dubuque, says there has been a decided improvement in the lumber business during the past month or six weeks, but that the volume of trade is not as great as usual at this time of the year.
