

MR. HERBST KICKS.

He is Opposed to Wiping Out Civil Branch of Municipal Court.

SAVES THE COUNTY MONEY.

And Is a Great Convenience to Litigants in Small Cases.

SUPERIOR TO JUSTICE COURT

The District Court Would Be Overrun But for It.

H. H. Herbst has sent to the GLOBE the following letter in opposition to the proposed wiping out of the civil branch of the municipal court.

There has been some talk of abolishing the civil side of the municipal court, so as to leave the business which goes there now to the justice courts, and the balance to the district court.

It is not a citizen, and moved that the matter be referred to the judicial committee for examination. The motion carried.

A bill was introduced by Mr. Phillips providing for stopping the streams and lakes of the state with fish, making it the duty of the deputy game wardens to do the work at \$2.50 per day, with no limit as to the number of days.

Mr. Jesse introduced a bill creating the Eighteenth judicial circuit. It provides for taking Ashland, Bayfield and Iron counties from the Fifteenth district and Douglas from the Eleventh district and putting them together to create the eighteenth circuit.

Without seeming to be laudicrous or disparaging, it may be stated as a fact that no great ceremony or inaugural ball attended the two recent events in this state of placing one of the citizens in the state's executive chair.

In the effete East great pomp and ceremony attend such events. Such things have happened in this state, for instance, when Hon. William B. Merriam sat in the chair of state.

Mr. Nelson and Dave Clough are plain men of the people, and very moving rises on without pomp or ceremony, consequently the inaugural of each occurred in a plain matter-of-fact way.

After taking the oath of office in the senate chamber yesterday, Gov. Clough repaired to the executive chamber, where Hon. Knute Nelson, the newly elected United States senator, was waiting to turn over the seals of state and the accompanying insignia of office, together with a blessing and words of advice and good-sped.

Gov. Clough received in the executive chamber, assisted by Mrs. Clough and Mrs. Barrows, of Minneapolis, and a few other friends, who were present soon after streams of people, including senators and members of the lower house, state officers and citizens from all parts of the state, began to pour in to offer congratulations to the new governor and senator and to wish them prosperity.

Gov. Clough said that he would make a change in the clerical force of his office. The old attaches who remain are Tams Bixby, private secretary; William Angell, chief clerk; Miss Baker, stenographer, and E. P. Wade, messenger.

BADGER LEGISLATION.

Scott's Appointment Hung Up—New Fish Laws Proposed.

MADISON, Wis., Jan. 31.—The appointment of Dr. J. A. Scott, of Beaver Dam, as state veterinarian came up for confirmation. Mr. Putnam stated reports were in circulation that Dr. Scott is not a citizen, and moved that the matter be referred to the judicial committee for examination. The motion carried.

Switchman Avenier Discharged—Trials Continue.

CHICAGO, Jan. 31.—The charges against Moses Avenier, the Rock Island switchman who has been one of the defendants with Debs in the conspiracy case, was dismissed by Judge Grosvenor today. The court held that the evidence against Avenier was insufficient to warrant further proceedings against him. The greater part of the day's session was taken up with the evidence of General Superintendent Dunlap, of the Rock Island railroad.

Today the government settled down to the presentation of proof of the commission of overt acts by some of the defendants. Most of the day was spent in weaving a network of evidence about James Merwin, charged with throwing switches under the engine of Rock Island and Passenger Train No. 19 on the evening of June 30 last.

Evidence was given today to the effect that the defendant switched under the track, knowing that it was carrying mail.

J. C. Jack, of the Illinois Central, declared on the stand that Director Gough, of the A. R. U., said in his hearing that "it would be a good thing to use the engine to stop the traffic of some of the roads."

MEXICO AND GUATEMALA MAY NOT GO TO WAR.

Report That the United States Has Interfered to Prevent Is Denied.

WASHINGTON, Jan. 31.—It is learned that the official denial of the Mexican government that the United States has interfered in the dispute between Mexico and Guatemala is technically correct. The part played by the United States has been, as stated in these dispatches, limited to strictly friendly advice to both parties. It is in no way something entirely distinct from intervention or arbitration.

As far as can be learned today, the prospects are bright that the difficulty between Mexico and Guatemala will be peacefully adjusted, but no notice that this has been effected has yet reached Washington.

Minister Romero, of Mexico, stated tonight that he had every reason to believe that an amicable arrangement would be reached between Mexico and Guatemala on terms honorable alike to both countries, and that he did not think that there would be war.

Will War Be Declared? CITY OF MEXICO (via Laredo), Jan. 31.—There has been much discussion here in reference to the question of the supposed abridgment by the United States, it having been asserted that Guatemala was endeavoring to induce the United States to justify its intervention in the matter. Today advices came from Washington showing that the conduct of the government there is entirely neutral, and will continue to be so.

Guatemala would have force through at any hazard, unless it is approved of alike by both contending parties.

Col. R. C. Pate is receiving tenders from various military and naval participants in the late civil war in the United States since the fact has been made known that he had tendered his services to the government.

Among the offers he received to go was one from Gen. J. J. Lucas, of Lawrenceburg, Ind., his own kind of definite announcement will be made by Mexico tomorrow. Although matters in this respect are still unsettled, it is surprising should it prove to be a declaration of war. It is reported that the government is despatching men in different directions to other Central American republics continually, which gives the impression that Barrios, president of Guatemala, is playing for his power to form an alliance of countries against Mexico. It is rumored that Barrios is in an interview with officers of prominence in foreign countries to come to Guatemala.

Military preparations are being made here hurriedly. Special envoys are coming and going between this city and other Central American republics continually, which gives the impression that Barrios, president of Guatemala, is playing for his power to form an alliance of countries against Mexico.
