

ENDS GROVER'S BILL.

Continued From First Page. should be construed as an authorization for a bond issue. The Grover amendment was beaten without a division and the Cox substitute on a rising vote—55 to 164. This disposed of the substitute and amendments. The vote was then taken on the third reading and enactment of the bill itself, which was defeated on a rising vote—97 to 159.

Mr. Springer demanded the yeas and nays, and the roll was called, confirming the rejection of the measure, the vote standing 134 to 167. Before the vote was announced Mr. Reed arose and attempted to make an explanation of the party he and many of his colleagues had taken in voting for the bill, but he got no further than the statement that he had made a proposition to Mr. Springer that seemed to him fair, when he was howled down by a chorus of objections from the Democratic side. The detailed vote is as follows:

- Yeas—134. Adams (Dem.) Geary, Pigott, Aldrich, Gensharn, Powers, Babcock, Ballester, Quora, Baldwin, Giddiss, Randall, Barnes, Griffin, Ray, Bartlett, Gorman, Reed, Beckner, Griffin (Wis.), Richards, Belthover, Groom, Richards (Co.), Berry, Haines, Richie, Kingman, Hays, Ryan, Boulet, Hammond, Schermerhorn, Bricker, Harner, Strickland, Bronck, Harrison, Byrum, Haugen, Sikes, Cadmus, Hayes, Headrick, Smith, Campbell, Henry, Sperry, Causus, Hicks, Chickerling, Hooker (N.Y.), Stevens, Langel, Lanning, Stone, W.A., Clarke (Ala.), Kilbiss, Stone, W.A., Cobb, (Mo.), Lanning, Stone, W.A., Coffin, Loveto, Stone, W.A., Coombs, Lockwood, Stone, W.A., (Ky.), Cooper (Ind.), Mahon, Tarsney, Corish, Marvyn (N.Y.), Turner (Va.), Goveat, McArthur, Turner (Va.), Crain, McDonald, Turpin, Baker, McKeig, Van Voorhis, Daniels, Van Voorhis, Davy, Meyer, N.J., Montgomery, Wagner, Dingley, Muttler, Wagner, Dreyer, Neill (Mo.), Washington, Dunbar, O'Neill (Mo.), Washington, Durward, Outhwaite, Waverton, English (Cal.), Faso, Erdmann, Fasel, Wright, Everett, Peterson, Wilson (W.Va.), Fletcher, Pearson, Wis., Foran, Peniston, Gardner, W. REILLY BILL UNPOPULAR

Foreign Stockholders of U. P. Would Pay Up Bonds Less the Interest.

WASHINGTON, Feb. 7.—The House committee on Pacific railroads today discussed the prospects of legislation. Chairman Reilly was directed to confer with the attorney general and the secretary of state as to whether any legislation is necessary to protect the interest of the United States under the existing statutes. When the committee met in the morning, the committee on the Reilly bill to report the Reilly bill back to the house was pending. Chairman Reilly read a letter from the Dutch holders of Union Pacific securities, who appeared before the committee last summer. It contained an offer to pay up the bonds of the government guaranteed plan if the government guaranteed carrying out the plan if the government will agree to it. There are about \$54,000,000 guaranteed bonds of the Union Pacific. This proposition brought on a discussion of the plan to accept any plan for all the government-aided bonds on the same terms and the plan offered as a substitute for the Reilly bill by Representative Turner and one which Reilly is said to favor. The committee said they considered this plan, as next to the Reilly bill, the best opportunity for the government to recover its investment, but the opponents of the Reilly bill objected to any proposition to remit the interest on these bonds, which will amount to more than the principal. The consensus of opinion in the committee seems that the Reilly bill will not get another hearing from this congress.

RIVAL FOR HENNEPIN

Congressman Cooper Argues for a Canal Through Indiana. WASHINGTON, Feb. 7.—Representative Cooper (Ind.) spoke to the house committee on railroads and canals today in support of the joint resolution for a survey for a ship canal with Lake Michigan and the Wabash with Lake Michigan. It provides for a survey to be made by a commission consisting of two citizens of Indiana, one of them a civil engineer, and also one representative of the engineering department of the army. Mr. Cooper stated that the route proposed would be 400 miles shorter than the former route through the Rock Island and Hennepin canal and would have sixty days longer season free from ice in winter than the other canal routes between the Ohio river and the lakes, he argued, would connect with that river further up than the head of free navigation. The committee will report the resolution with a recommendation to appropriate \$10,000 for the survey. Mr. Cooper decided to call up its measure in the house. If the day call is secured by resolutions, the bill for surveys for a canal from the Great Lakes to the navigable waters of the Hudson and one from Lake Erie to the Ohio river will be brought forward.

SENATE TALKED CABLE

Prospects That the Appropriation Will Be Favorably Acted Upon. WASHINGTON, Feb. 7.—The laying of a cable to Hawaii was far discussed in the senate today, but no conclusion was reached and the item remains as a stumbling block to the diplomatic and consular appropriation bill. The cable project has been well lighted since the wide range of Hawaiian debate. It is expected, however, that the cable item will be voted on tomorrow, and from the tendencies shown by the speakers the belief prevails that the item will be adopted. All of the Republican speeches have been favorable to the cable, and it is expected that the entire Republican vote will be given to the appropriation of \$500,000 to begin the work. Several Democrats, including Mr. Clegg, Mr. Clegg, Mr. Clegg, and other Democratic members on the foreign relations committee, are favorable to the cable plan, although certain Democratic members are opposing it as directly antagonistic to the administration policy toward Hawaii.

SUWAP ALL AROUND.

In Spite of Firmness Abroad Wheat Closed at Fractional Decline.

RECEIPTS WERE LIGHT, But Weakness in Corn Caused the Drop—Provisions Strong.

STAGNATION IN STOCKS.

Market Absolutely Devoid of Features—Trading Sluggish.

CHICAGO, Feb. 7.—Wheat started with a show of strength today, on better cables and light receipts, but weakened, owing to the light export demand and a late slump in corn, closing 1/2 cent lower for May. May corn closed 1/2 cent lower, and May oats 1/2 cent lower, but provisions made moderate gains.

Wheat opened firm at about 1/2 cent over yesterday's closing price. Liverpool cablegrams quoted 1/2 cent advance at the opening, with upward tendency, and later reports confirmed the gain in price. Paris opened rather higher than it closed yesterday and Berlin advanced 1/2 cent. The receipts here and elsewhere in the West were remarkably light. The Cincinnati Price Current said that interior wheat offerings were exceptionally light.

Receipts at primary markets were 87,000 bu, compared with 130,000 bu a week ago and 340,000 bu last year. New York wired that there was no demand for export and that the Atlantic ports clearance amounted to only 170,000 bu in wheat and flour, which were the discouraging features of the day's news. A private liquor pool cablegram said that offers of wheat from Argentina were quite light. The opening for May was at from 54 1/2 to 55 1/2 cents, and before trading began it declined, which finally left it at 54 1/2 cents. Business was not by a heavy sale, although it was by no means a dull day in the pit. The weakness of New York wheat was due to an advance at Liverpool which brought the corn to the finish, causing the decline.

Corn was up at the start and down at the end. It was entirely a matter of shorts, who covered freely at the opening, causing the advance. When they seemed to have all the stuff they wanted there was liberal realizing and the advance was more than lost. May opened 1/2 cent higher at 45 1/2, sold from 45 to 46 1/2, and then advanced to 46 1/2. Light export demand at Liverpool added to the advance. Quite a lively session was passed in oats, and a general good business was transacted. A few shorts covered and some long stuff was closed out. The course of the corn market was followed, May selling from 23 1/2 to 24 1/2, and then to 24 1/2. Light export demand at Liverpool added to the advance. Provisions were quiet, but firm. The early strength in grain helped the market at the start, but it was sustained during the session by the light hog receipts and higher prices for live hogs. Packers were moderate buyers, but firm in wheat and corn. May and rice 7/8 cent higher.

Estimated receipts for Friday: Wheat, 9 cars; corn, 7 cars; oats, 53 cars; hogs, 20,000 head.
