ST. PATRICK'S DAY.

There Will Be No General Observance in St. Paul This Year.

THE CELEBRATION LIMITED

To Entertainments and Sacred Concerts at the Churches.

PROGRAMME FOR ST. JAMES'

And St. Patrick's Churches Elaborate and Select-Entertainments.

No street parade or other open-air celebration will take place today, in honor of St. Patrick. When St. Patrick's day falls on the Sabbath, no formal public ceremonies are held. The memory of the patron saint is observed in the churches. Some of them will wait until tomorrow night, when they will offer dramatic and literary entertainments, while other churches will commemorate the day in their religious services.

This evening a sacred concert will be given at St. James church, in which some of the best musical talent of the city will participate. It will open with a selection by the Rubinstein, String quartette, consisting of Claude Madden, Louis Marr, M. L. Bosch and Fritz Schlachter, first and second violins, viola and cello, respectively. Mrs. Nettie Snyder, the soprano, will sing Gounod's "Lux Coeli." Miss Lillian M. Lamprey will play two harp solos, and Herman Oppenheim will sing Dudley Buck's tenor solo, "Fear Ye Not, Oh Israel."

Clara Madden, the violinist, and Fritz Schlachter, the cellist, both accomplished artists, will contribute solos, and Miss Alice Thornton will sing Cosar's rich contralto song, "Turn Unto Me." John F. Gehan, the baritone, will sing "Gave's magnificent composition." The program will conclude with a duet between Mrs. Snyder and Mr. Gehan.

At St. Patrick's church solemn high mass will be celebrated at 10:30 a. m. today, with Rev. W. J. McCloskey, of Brighton, Ont., as celebrant; Rev. P. R. Cunningham, as deacon; and Rev. J. F. Dolphin, as subdeacon. Father Cunningham will deliver a sermon on "St. Patrick."

Tomorrow evening St. Patrick's church will give a musical and literary entertainment, that, judging from the programme, will prove extremely interesting. It will consist of songs and concerted music and recitations, and will conclude with a farce entitled "O'Callaghan on His Last Legs."

The A. O. H. will give an inviting entertainment tonight at Cretin hall, and St. Michael's and St. Vincent's churches will celebrate tomorrow evening, the former at Martin's hall and the latter at the hall corner of Latond and Arundel streets.

AMATEUR ACTORS Present The Two Collegians at Cretin Hall.

The Crusaders' dramatic company gave an excellent entertainment last night at Cretin hall, in the honor of the cathedral parish. The company played Don Boucault's "The Colleen Bawn," under the title of "The Two Collegians." The play, which the play is founded. Every seat in the hall was occupied, so that the entertainment was highly successful from a practical standpoint. It pleased the audience immensely for the company gave evidence of frequent and careful rehearsals, and there were no awkward hitches and blunders such as are apt to mar amateur theatricals. In all probability the company will repeat the performance Monday evening in view of its success.

Deposits made on or before April 2d at our State Savings Bank, Germania Life Ins. Bldg., 4th and Minn. Sts., will be entitled to 3 mos. interest July 1, 1895.

DARRAGH'S FIRST ACT.

Delivers an Opinion on a Claim for Bail Money.

Corporation Attorney Darragh rendered his first official legal opinion yesterday on the claim of the board of aldermen on claims, which had under consideration the petition of one A. B. Johnson, asking the city to refund \$25 deposited by him as bail money, and duty discharged. Thereupon he wanted his \$25 refunded to him.

Corporation Attorney Darragh advised the committee on claims that the common council had no authority to refund money so paid to the city. Johnson's failure to appear at the first session of court after he had made the deposit to guarantee was no defense sufficient to cause him to unconditionally forfeit his bail money. The committee will accordingly make an adverse report on the claim.

DWARFED VEGETATION.

Curious Specimen of Japanese Skill at Manheimers.

Concurrent with the faculty of dwarfing the stature and pedic extremities, the Orientals have genius to dwarf their vegetation to a remarkable degree. An example of this curious fact is given in the art department of Manheimers Brothers' store in this city. The tree is 18 years old, but is a mere shrub in appearance, standing but twenty-two and a half inches high. It is planted in a beautiful Japanese vase. The trunk is a veritable cork-screw, and starts a few inches from the earth, supported upon eight main roots. The foliage is similar in some respects to the native fir tree. The curiosity was presented to the city of the firm by a friend, and was ordered through a Japanese nursery at Portland, Col. Robert Manheimer has often been in the city, and is noted for dwarfed fruit trees common to the Orient, but they are hard to procure.
