HOME FIRM WINS.

Hennessey & Cox Awarded Contract to Pave Sixth Street

BY A UNANIMOUS VOTE.

Efforts of Rival Bidders to Prevent Such an Award

FRUSTRATED BY ALDERMEN.

Attorney O'Brien Scores the Foreign Concern in Vigorous Terms.

The attempt of a rival bidder to prevent Hennessey & Cox from securing the contract to pave Sixth street with asphalt met with its quietest yesterday, when the board of aldermen committee on streets recommended by a unanimous vote that the contract be awarded to Hennessey & Cox. The only bidders were the home concern and the Warren Schaarf company, of New York. The bid of the latter was over \$1,400,000, while that of Hennessey & Cox, and, naturally, the board of public works recommended the award of the contract to the lowest bidder. Before the matter came before the council a protest signed by a dozen or more of property owners was sent in asking that the council grant a hearing before taking any action. The reason assigned was that the Bermudez asphalt upon which Hennessey & Cox had bid was inferior to the Trinidad asphalt offered by the Warren Schaarf company. Although the protest nominally came from the property owners, some of whom are averse to the improvement because it will entail an assessment upon them, it was suggested, so it was alleged, by the unsuccessful bidder, in the hope that the council might decide to advertise for bids.

Yesterday afternoon the board of aldermen committee on streets, to whom the matter was referred, granted the desired hearing. There were about a dozen interested property owners present. Hennessey & Cox, the contractors, were represented by T. D. O'Brien, while John S. Ives was there in behalf of the Warren Schaarf company.

City Engineer Rundlett first explained the situation and gave his opinion of the Bermudez asphalt. Mr. Rundlett cited a number of cities, including Des Moines, Columbus, O.; Washington and Philadelphia, in which Bermudez asphalt had been laid, and was considered the equal of Trinidad asphalt. He read a telegram from the city engineer of Detroit stating that 80,000 yards of the Bermudez asphalt laid in that city in 1892, was still in good condition and

NEEDED NO REPAIRS. Mr. Rundlett said that he had seen asphalt used in the Bermudez asphalt was not inferior to the Trinidad asphalt. It was true the latter had been laid longer, but in cases of comparisons between the two for the same period, the Bermudez made a better showing. Chemical analysis had proved that the Bermudez product is richer than the Trinidad. Mr. Rundlett said that the Bermudez asphalt had reduced the price, and he therefore favored it.

Ald. Murphy thereupon moved that the committee recommend that Hennessey & Cox, the lowest bidder, be awarded the contract, as there did not seem to be any protesters present. This brought John Ives to his feet. Mr. Ives, after being informed that Bermudez asphalt movement had not been in use over four years as against fifteen years' experience with the Trinidad, thought that it would be for the best interests of the property owners to stay by a pavement known to be reliable, and that a difference of \$1,400 in the bids ought not in that event to cut much figure in a \$1,400,000 contract.

Ald. Hare then seconded Ald. Murphy's motion to recommend the award of the contract.

Ald. Murphy said that he had heard nothing said to reflect upon the quality of the Bermudez asphalt, and declared that he also would support the motion.

Mr. O'Brien made a brief speech in behalf of Hennessey & Cox, and scored the Warren Schaarf company as a rich trust which he said made a fight in every city it falls to secure a contract. Until it produced evidence showing the Bermudez asphalt to be defective, no attention should be paid to it.

The discussion closed at this point, and Chairman Ulmer, of the committee, called the roll on Ald. Murphy's motion. It received unanimous support, and the committee will recommend that the contract for paving Sixth street, from Sibley street to Smith avenue, be awarded to Hennessey & Cox, whose bid is \$1,400,000.

FIELD, MAHLER & CO.

Our Opening Celebration.

Spring openings are the order of the day. Most every store has one. Instead of spending money for full-page advertisements or brass bands or cheap Souvenirs we will celebrate our Spring opening tomorrow with an array of

SPECIAL BARGAINS

in every department which will surpass anything this town has seen in a long time.

Turn where you will in this big store tomorrow, you'll find something in every department at a

LOWER PRICE

than you have ever seen it before, and at a lower price than you are likely to see it in any other store.

LESS THAN HALF-PRICE.

The greatest attractions will be found in the Dress Goods department.

35 pieces of Imported Vigoureux Suits; made in France of pure wool, 46 inches wide, at

45 Cents

a yard. Last season's price for similar qualities was \$1.00.

They are the best-wearing goods we know of, and at our special price of 45 cents every yard should be sold before the gong sounds for closing tomorrow. Still more important:

25 High Novelty Paris Crepon Pattern Dresses, full lengths, the choicest things imported this season, at

\$12.00

each tomorrow. The same patterns have been sold this season at \$20.00 and \$25.00. This is a special opening attraction for tomorrow. If any should remain unsold tomorrow evening, which is improbable, they will go back to the old prices of \$20.00 and \$25.00.

For the benefit of those who wear black we will sell a lot of Genuine French Crepons, (in black only) at

50 Cents

a yard. These have sold freely here at 85c.

Out of a dozen specials in Imported Wash Fabrics only two are mentioned here.

Scotch Lappets, beautiful woven fabrics, 29 inches wide,

28 Cents

a yard; usual prices, 45c and 50c.

French Printed Mulls, formerly sold at 45 cents, only

17 Cents

a yard tomorrow.

See the new style engravings for calling cards. "Tiffany" and "Demsey & Carroll" show them in New York. We are the first and only stationers showing them in the Northwest.

GOOD SILKS AT LOWEST PRICES.

It's no trick to buy cheap Silks. We mean the kinds that are sold in Grocery stores and Butchers' shops, and places of that sort. We mean the 19c kinds, worth 99 cents.

Good Silks seem to be scarce everywhere but here. That's why we sell nearly all the Good Silks sold in St. Paul. And it's because we sell them at

The Lowest

prices known in the Northwest.

Tomorrow we will sell 25 pieces of Black Gros de Londres, with Satin stripes and figures, at
