About 1,100 people went out to Aurora park yesterday afternoon and saw a game won and lost in twelve minutes in the first inning. Of course they didn't know it, however, and stayed through two rain storms until after 6 o'clock to see Kansas City add two runs to its score while St. Paul was getting one. The game, although won by the Kaws in an inning, abounded in pretty plays. There were no less than five double plays, four of them by the Apostles, and all were of the sensational order. The onehanded catch by Hernon of Pickett's long fly in the first inning was the prettiest seen in St. Paul in many a day, and shut off one, and probably men, both of whom afterwards scored, and was hit for two home runs and a three-base hit in the opening inning. Daniels was also hit for two doubles and a single in the first inning, but throughout the remainder of the contest was invincible. Sheridan called play at precisely 4 o'clock, and the first two Apostles up were easily sent to the bench. Camp then lined the ball out to left for a couple of sacks. Marr followed with a single and Mullane with a double. Pickett's long fly to left was captured and the side retired with two earned runs. Kansas City then took a turn with the willow that was a corker. Hernon, the first man up, went out on a little grounder to the pitcher, but Connaughton secured a base on balls and Nichols followed with a hit over the right field fence. Klusman was retired short to first, but Johnson hit Manning in the back and he took a base. Bergen hit the leather against the right field fence and it bounded so far back into the field that he got three bags on it. Rupert then dropped

the ball just over the wire fence at Long forced him out at second. When they were the right and the visitors' tally ran up to Kuehne fumbled another, which made spite of the umpire five. In the next inning Daniels two on bases, and then came Baker's opened with a good drive to center for a base and Mullane made a bad throw of Hernon's grounder. Connaughton bunted the ball down in front of the plate for a base and Daniels scored on Nichols' long fly to center. In the third inning Bergen was hit in the jaw and given a base. He was advanced a base on Rupert's grounder to first and scored-on Daniels' hit to left. In the next five innings the Kaws made five hits, one in each inning. The only other score den's opinion of the game was made in the seventh inning by the St. Paul team in this wise: After Berger and Killeen had gone out on ground balls to shortstop, Johnson was given a base on balls Rupert at third fumbled Smith's grounder and O'Rourke's double scored Johnson. The situation was very promising for further runs, bu Camp's fly to center ended the rungetting. The work of both Connaugh ton and Camp at short was excellent and Pickett did himself proud at sec ond. The score:

MILLERS' WATERLOO.

Vainglorious Flour City Team Go Down Before the Brewers.

Milwaukee, 11; Minneapolis, Kirtley Baker did it with his little pitching. The silver-haired phenome-non who was picked up by Cashman last fall when the Southern league went to pieces was as uncertain as a rotary trap when the Millers tried to find him. Seven of them aped the im-mortal Casey, among them being Billy Hulen, Joe Strauss and Kuehne, Six hits was all that the eleven men who from time to time faced him could nuster, all told. Had it not been for the six bases on balls which he pre sented to the locals in the early part of the game, the score might have

been much worse from the Millers point of view. Sandy McDermott skinned the Millers out of two runs in the fifth when he gave Baker a two-base hit on a ball that struck fully three feet outside the

ascribed to the errors of the locals, for the Milwaukee team clearly earned as many runs as the Millers made, all

t well. He was pretty wild in the first inning, although he managed to strike out two men. Three others, however, received bases on balls, one of them forced in a run which would not have happened had Taylor properly con-nected with the grounder that Lally sent his way. It was bad enough to get only one run out of it, when the inning closed with the bases full on Werrick's strike out, but the visitors added insult to injury when Fraser gave Klopf a base on balls, and two good hits followed. A wild pitch scored the second of these. Twitchell went out, but McCauley put the ball over the fence. Four the total. Kuehne made two errors

Baker was still wild in the second, two runs, as the drive would easily and with singles by Hulen and Wilson, have been good for three bases. John-son was hardly himself. He hit two gained. That tied the score, and when the Milwaukeeans went out in one, two, three order without reaching first,

there was joy in the crowd. Baker struck out two more men in the third, but Joe Werrick put the ball over the fence. For the next six innings the Millers tried in vain to score. They had done their worst. Milwaukee's half gained two on singles by Weaver and McCauley and a

louble by Sharp. In the fourth Hulen hit safely, but was forced out at second, and Milwau-kee made four more hits, one of them a nice homer by Long. There was a

net gain of two runs. Fraser had tried one inning and failed, and Parvin had tried three more, after receiving a round of applause as he entered the diamond, so

The Millers were shut out again in the sixth, although Dan Lally made their last hit of the game and went to batting out of turn; he called men second on a wild pitch. Fanning gave out at first base after the baseman Twitchell first on balls, but caught him napping there a moment later. Larry was very sore, and especially when the next man up, McCauley, duplicated his previous home run effort, and the lead increased. Taylor hit safety and

Macalester Explains.

To the Editor of the Globe. In two of the city papers of yesterday here appeared an account of a base ball game between Macalester college and Fort Snelling on the grounds of the latter. It was stated in one ac count that the score was 9-0 in favor of the soldiers, and in the other 9-8 in their favor. Permit us an explanation. The game was forfeited by the Macalester club, which fact should have been mentioned in the accounts. The Macalester team was three scores ahead in the beginning of the ninth inning, when they forfeited the game on account of the partiality of the umpire to his own side. He was the captain of the Fort Snelling team, and his decisions were simply intolerable. He would not call men out for of balls and strikes was such as ne when they were three scores ahead in

DIXON IN PERFECT HEALTH. Has a Good Job on His Hands for Tonight.

Tommy Dixon arrived in St. Paul yesterday from Rochester, N. Y. Dixon looks in perfect health, and claims to be in fine shape for his go with to be in line shape for his go with Eddie Schoenborn, the Northwestern champion, which takes place before the Columbian Athletic club, Minne-apolis, tonight. Dixon agrees to stop Schoenborn within ten rounds, which is a preliminary to the McManus-Nor-ton contest. Dixon will leave with his manager and trainer for Kansas City Saturday night, and will start at once to train for his match with Oscar Gardner, which takes place at Kansas City May 26 for a stake of \$1,000 and a \$1,000 purse. Dixon defeated Gardner some two years ago in this city, and if he can do it again he will win the title of featherweight champion of America, Gardner having won that title by defeating Solly Smith, Tommy Dixon was born in New Zealand twenty-three years ago. He came to St. Paul at the age of fourteen, and lived here until he was twenty. His first professional fight took place in St. Paul some four years ago, when he met Dick Ward in a fifteen-round contest at the armory. The contest was declared a draw, but all that witnessed it declared that Dixon should have had the decision. He then went to Toronto, and beat Stoney Jackson in two rounds. He stopped Billy Smith in one round at the same place. He next beat Walter Westwood in three rounds and Dannie Sween in four rounds. Dixon then left Toronto for Buffalo, where he met and defeated Walter Campbell in five rounds and Teddy Lang in three rounds. Dixon then came to St. Paul and defeated the Omaha Kid in thirteen rounds. Dixon has also fought draws with Jimmy Kenard and Frank Erne at Buffalo. After his match with Gardner his backers will post a forfeit for a match with George Dixon, the world's champion.

A LESSON TO ADULTERERS.

Decision of the Judge Received With Wild Cheers of Delight.

NO EVIDENCE OF GUILT

While His Victims Stood on the Verge of an Abyss of Ruin and Death.

LOUISVILLE, Ky., May 9 .- The

city court was crowded again today

when the case of Fulton Gordon, charged with the murder of his wife and Archie Brown, was called. Arguments were promptly begun by Prosecuting Attorney Thurman, who, after reviewing the case at some length, endeavored to show the court that Gordon's crime was nothing less than deliberate murder. Mr. Thurman was followed by Attorney Shields, for the defense, who asked the dismissal of the prisoner on the grounds of justifiable homicide. Then Mr. Scott, who represents Gov. Brown in the prose cution, arose and began a vigorous arraignment of Gordon, and pictured in glowing colors the character and qualities of Archie Brown. After arguments were completed and the case closed Judge Thompson announced that he could not hold the prisoner, and that he would discharge him as an object lesson to other adulterers. Never was a crowd more demonstrative in its appreciation than was the mmense throng in the police court when Judge Thompson announced in a clear tone the verdict in the case Cheer after cheer went up and hand after hand was thrust out to the judge to show how his verdict was appreciated. There was evidently not soul in the court save the attorneys for the prosecution, and perhaps some friends of the dead man, but who

was pleased with the verdict. When the judge had finished and almost before the last word had fallen from his lips the cheering began, which continued fully twenty minutes In vain did the bailiff endeavor to restore order, but it was of no avail, and not until the vast throng had de parted from the rooms was the order restored, and even after re-entering the streets the cheering was kept up In explanation the judge said there was no evidence of guilt on Gordon's part, but the adulterer and adultress stood on the verge of an abyss of ruin and death, and their fate was only what could be expected. Thus ends the last chapter to the most sensa-tional tragedy in the history of Ken tucky.

OTIS STEEL COMPANY. MAMMOTH ESTABLISHMENT IN

HANDS OF RECEIVERS.

NO CESSATION OF BUSINESS. Concern Will Be Reorganized and Capital Increased to Five Million.

CLEVELAND, O., May 9 .-- On a motion filed by counsel for English stockholders, Judge Stone, in commor pleas court, today appointed Alvin Carl and Prestwood J. Benbow receivers for the Otis Steel company, of this city. Each of the receivers qualified in the sum of \$50,000. The works were sold in 1889 to English investors for \$4,500,000. They then showed an annual earning of over 10 per cent on this sum. The company suffered heavily owing to the business depression, and lost about \$500,000 during the past two years, and its working capital became exhausted, although the claims of creditors, other than its bondholders, will not suffer. The stockholders in England met yesterday and passed resolutions to wind up the company and to reorganize with new danital. The bonds amount to \$1.500 -000 and the stock \$3,000,000, all of which was paid for in cash at par. The plaintiff in the suit is the Industrial and General Trust, limited, and the defendants are the Otis company. There is to be no interruption in the business as the order expressly requires it to be continued by the receivers. There attachment suits or levying upon the property of the company or interfiring in any manner with the business of the receivers. The latter were ordered to make a quarterly report to the court.

The petition filed in court today by the English stockholders recites the organization of the Otis company in England on July 12, 1889. It was in corporated under acts of parliament with an authorized and subscribed capital of £600,000. This stock was divided into 60,000 shares of £10 each. Of this stock one-half, or 30,000 shares, are cumulative preferred stock, and the other 30,000 ordinary preferred. The holders of the preferred stock were to be paid an annual dividend of 8 per cent before any dividends were paid to the holders of ordinary shares. On May 8 the stockholders of the company met in London and passed a resolution deciding to place the affairs of the company in the hands of a liquidator. They concluded the business was in such a condition as to demand action of this nature and that the company was not only utterly failing to make money but that the value of the various apparatus used in the mills in this city was constantly depreciating owing to continual use, and therefore the assets of the company were growing less and less adequate to meet the liabilities. Alex-

ander Young, of London, was appointed sole liquidator. Immediately after the adoption of the resolution and the appointment of Mr. Young the plaintiff company, as the holder of £121,500 in debenture that he had charge of the mare, and did not know that H. Moore, her owner, was under suspension. The board ice in England praying for the aptook the case under advisement. The company will be reorganized within a short time with its present capital, \$4,500,000, increased to \$5,000,000 The Otis Steel company is the largest establishment in the world. Manufacture of boiler-plate steel and large government contracts for armor plate have been filled. The works when running full employ 1,200 men.
