It is very annoying to Yale to see Harvard hugging Cornell in public. The St. Louis made a good record, but wait till you hear from the St. Paul.

It makes a sheep tremble every time he hears a commencement mentioned. The bicycle has piloted the young woman of the day out of reach of her chaperone.

A Boston male bled bleaches his hair. We were certain that the "new man" was about due to appear. This appears to be the hour for the friend of the St. Paul canine to get the floor and put in a good word for him.

VICTIMIZED BANKS.

HALF A DOZEN IN NEW YORK SWINDLED BY A CLUMSY FORGER.

BOGUS NOTES THE MEDIUM. AT LEAST \$100,000 WORTH WORKED OFF BEFORE DETECTION.

THE CULPRIT A BOOKKEEPER. One Bank Saves Its \$40,000 by Promptly Attaching a Silk Mill.

NEW YORK, June 13.—The principal topic of conversation among Wall street men today was the discovery of a quantity of forged paper which had been distributed among several prominent banks in the neighborhood. Albert S. Moore, 36 of a Harlem Sunday school, is under arrest charged with the forgery. He was formerly employed as a bookkeeper by Inman, Swan & Co., one of the largest cotton brokerage firms in the country.

NEW JERSEY MURDERER HANGED. BELVIDERE, N. J., June 13.—George Andrews, the colored wife murderer, was hanged upon the gallows in the Warren county jail this morning. Andrews was led from his cell at 10:30 by Hangman Van Hise, his spiritual adviser and Deputy Sheriff James C. Thompson, Edward Hutchinson and John Hymen.

By the Rail Route. CHICAGO, June 13.—Elmer Crawford, formerly a salesman for Boyed Bros., white lead manufacturers, of Detroit, Mich., committed suicide today by throwing himself under a train. From papers found in his pocket it is thought that domestic troubles of some kind caused him to kill himself.

BADGERS PUT IN A CLAIM. Their Rights to Swamp Lands to Be Argued Today. WASHINGTON, June 13.—The claim of Wisconsin to 70,000 acres of swamp land in Wausau and Eau Claire districts was formally laid before the general land office today by Gov. Upham, Secretary of State Casson and Attorney General Myrba. They were accompanied by Immigration Commissioner Bishop and Adjutant General King. Arguments will be made tomorrow before Commissioner Lameroux, Adjutant General King called upon the secretary of war today in regard to the coming state encampment.

MOORE ARRESTED. Meanwhile the National Union bank was visited last night by a mob of the banks mentioned, the United States National bank and the Bank of New York held some of Moore's forged paper.

Whitcaps Found It Warm. SALEM, Mo., June 13.—The home of John Harvey, two miles north of here, was visited last night by a mob of whitcaps, numbering about twenty-five. Part of the mob forced its way in the upper hall. Harvey opened fire at once, killing Joseph Nelson. Then he

went to a window and fired at a man in the yard, wounding him. He was carried off by his friends. John Harvey has for some time past been enamored of a young woman named Curtis, and has on numerous occasions threatened her life unless she married him. This was the reason of the raid.

SHE LOVED HER ROOM MATE. Strange Case of Suicide at San Jose. SAN JOSE, Cal., June 13.—A strange case of suicide came to the attention of the coroner late last night. The young lady taking her life being Amelia Reinhardt, an Austrian girl of about twenty-two years of age, employed as a waitress in the Eureka hotel. The cause of the deed was despondency, resulting from prospective separation from her room mate, Miss Gustie Munson, another employe at the hotel. She fired two bullets into her right temple and died instantly. When Miss Munson told the girl Monday that she intended leaving the house she became despondent. She grew more morose, and last night was heard to sob and weep. She betrayed her feelings, and it was only an hour after Miss Munson left the house that the girl committed suicide.

"The girl was really in love with me for several months," said Miss Munson. "Her affection grew to that extent that she became jealous of my sister and other members of the family. When I indicated that I intended calling upon my sister, even though she was invited, she became angry and thought I was unkind to her. She was constantly at my side and never cared to enter upon her duties or be apart from me. She often told me that she could not live without me."

DULUTH, Minn., June 13.—A verdict was returned late this afternoon by the jury in the case of Alfred Merritt against John D. Rockefeller, for \$94,000. The action was brought in the United States court to recover \$1,250,000 as damages caused to the plaintiff by reason of alleged fraudulent representation made by Mr. Rockefeller and his agents at the time when the Merritt properties on the Mesaba range were included in the Lake Superior Consolidated mines, now controlled by Mr. Rockefeller. It was testified that Mr. Rockefeller promised the stock in the Merritts for their property would be worth par and the action was made to recover the difference between that value and an actual market price of \$10 per share on the stockholdings of Alfred Merritt. The jury was out four hours.

NINETEEN LIGHT-HEARTED YOUNG MEN ARE AWARDED THEIR SHEEPSKINS.

TRIUMPH OF DR. DOBBIN. A GREAT CROWD IS PRESENT TO HEAR THE COMMENCEMENT PROGRAMME.

AN ELOQUENT ST. PAUL BOY. Address by Bishop Gilbert—Enthusiastic Meeting of Alumni—Officers Chosen.

Special to the Globe. PARIBAUT, Minn., June 13.—At last the day has come—and gone. The day looked forward to with so much eagerness by the Shattuck class of '95—and with perhaps as much eagerness by their friends—commencement day, is over. Nineteen young men, sturdy and light-hearted and bright-eyed, received their diplomas, said farewell to rector and teachers, visited for the last time the old haunts, and with tomorrow's sun will enter upon the contest of life in earnest. The years to come will test their faith and courage, but they may well take hope from the training and instruction of the years of preparation. A school built and maintained by the sacrifice of

including the gallery, was crowded with interested spectators. Upon the platform were seated Dr. Dobbin, Bishop Whipple, Bishop Gilbert, Bishop Millsaps, Rev. Mr. Butler, warden of Seabury Divinity school, Rev. William Gardam, dean of the cathedral at Paribault, Rev. Dr. Kedney, of Seabury Divinity school, S. H. Kerfoot, of Chicago, Chaplain Tanner, of Shattuck, and Prof. Whitney, Luther, Curtis and Allen. The Third U. S. Infantry band furnished music for the occasion and opened the programme with an уверture from Offenbach.

Dr. Dobbin then introduced the second honor man, S. W. Dittenhofer, of St. Paul, who gave an oration with "Orators and Oratory" for his subject. The results of oratory, the speaker declared, were equal to those of the sword. That oratory was a lost art was a fallacy. Peace and prosperity are detrimental to it, while it flourishes when society is being overturned and the rights of mankind threatened. The speaker discussed the great orators of the world and declared that schools and colleges should give more attention to oratory in one of their courses. He restored to its rightful place among the fine arts.

MINNEAPOLIS BOY SPEAKS. After another part by the band, L. C. Thurston, of Minneapolis, spoke of "The Bulwark of Carthage." Ancient cities said the speaker, were accustomed to surround themselves with protecting walls, but history gave numberless instances to show how inadequate were such defenses. The true defense of a nation is in the loyalty and courage of its citizens and leaders, and Hannibal, the great general, was the bulwark which for so many years maintained the glory of Carthage.

Another musical number, and then the rector introduced the first honor man, A. L. Rule, of Mason City. Mr. Rule was greeted with a storm of applause by the cadets. His oration was a thoughtful production upon the subject of "American Indi-

For NEARLY THIRTY YEARS he has toiled and planned, overcome obstacles and fought down discour-

agements, in his efforts to firmly establish Shattuck school. And firmly established it is, although not yet complete in its equipment, according to the ideals of the rector.
