The committee on arrangements for the Labor day celebration of the trades and labor assembly considered last night the advantages of Wildwood, Lake Shore, Lakewood and Fort Snelling, deciding, at last, to again hold the celebration at the Fort.

Various speakers were mentioned for the occasion, but their consent has not yet been secured. The parade, which will start from Rice park at 9:30 a. m., is expected to contain many more floats and bands than last year. At least eight musical organizations will be in line. It is intended also that the sports shall present a number of novel features.

A committee will try to secure the co-operation of the business houses by requesting the latter to close during the whole of Labor day, and assist the trades and labor assembly in furnishing prizes for the sports. It is promised that the street car company will furnish much better facilities for reaching the Fort, and that five steamboats will change a round trip rate of but fifteen cents between the Fort and the Jackson street wharf.

Tomorrow evening the committee on arrangements for the Labor day assembly will elect the chief marshal for the parade, his two aids, and eight assistant marshals, one of the latter for each division.

CITY OFFICIALS LAYING PIPE TO SECURE THEIR POT OF GOLD.

HEADS ARE PUT TOGETHER.

A TEST ACTION WILL SOON BE BROUGHT AGAINST THE MUNICIPALITY.

SEVERAL INDIVIDUAL SUITS LIKELY TO BE BROUGHT—Officials Will Face the Storm of Criticisms Together.

The heads of the city departments are beginning to miss the salaries they did not draw for the month of July and are about to take action regarding the matter. In the course of a few days they will hold an obstructive little meeting and determine how and when that action shall be begun, and who shall begin it.

In other words, they are going to sue the city of St. Paul for their unpaid salaries for the full amount thereof, as fixed by the act of the legislature and incorporated in the city charter.

From time to time the city officials have informally talked the matter over. The many of allowing some one official to pose as the plaintiff in a single action and thereby establish a test case has been suggested, but will probably be abandoned, as it involves the question of "question" which city official would assume the somewhat painful prominence his name would attain as sole plaintiff against the city in an action so unpopular with the taxpayers.

CHAPEL GOT THERE

WITH HIS LARGE AND LUSCIOUS FEE BILL UNDIMINISHED.

COMMISSIONERS' SESSION

THEY ALLOW THE SHERIFFS' \$2,500 FEE BILL IN ONE GREAT GULP.

VIGOROUS PROTESTS ARE MADE

By Mayor Smith and Commissioner Joyce, but It Did Not Avail—Other Business.

Sheriff Chapel succeeded yesterday in getting the board of county commissioners to allow his bill for \$2,500 for serving warrants by mail on persons who owe delinquent personal property taxes, but he did not get it through with the consent of Mayor Smith or Commissioner Joyce.

The mayor contended that there was nothing to show that the sheriff had made diligent search and distrained property as the law provided he should do before he was entitled to his fees. He submitted a list of 200 names of delinquent property owners, and from every one of these persons, the commissioner said, the tax could be collected without difficulty.

Commissioner Wright, for some reason, thought the board had no right to accept the sheriff's affidavit, but Mayor Smith took a different view of it. After considerable discussion the bill was allowed, the mayor and Joyce voting against it.

Mr. Chapel has not got the money yet, and he will not get it if he ever will get it. If he does, the law that allows it to him should be wiped from the statute books the first day of the next legislative assembly.

The mayor and Commissioner Joyce submitted a statement to the board of delinquent personal property tax, claiming to the amount of \$2,750 had been made, and the remainder, \$29,727, was returned to the clerk of the court to secure judgments, for which the sheriff will be allowed some more fees.

The application of William Hamm for a license to sell liquors for the Kreutzer place in New Canada was acted upon, the recommendation of the committee to the effect that the license be granted, was adopted. But the application of Charles Johnson for a license at Gladstone, was refused because the saloon is located within 600 feet of a school house.

The proposition to buy the Sarah Marchand property, which has reverted to the state on account of tax delinquency, was adopted, the board to pay \$20,000, but the actual cost may not exceed \$35,000.

NO CANINE CATCHER YET.

The Mayor Has Not Yet Approved the Resolution for One.

The mayor has not yet signed the resolution authorizing him to appoint a dog-catcher, but will affix his signature today. The resolution did not reach the mayor's desk yesterday, and as it was at the bottom of a big batch of council measures, his honor hardly came to it until it was three to close the office.
