A FAMILY AFFAIR.

SILVER DEMOCRATS OF NEBRASKA HOLD A LITTLE LOVE FEAST.

WHITE METAL UNLIMITED.

LOCAL SPOUTERS TALK ABOUT IT TO THEIR HEARTS' CONTENT.

ONE DISBURSING ELEMENT.

A Fearless Delegate Offers a Resolution Indorsing the Cleveland Administration.

OMAHA, Neb., Aug. 22.—If an effort was made to conciliate any warring elements in the ranks of Nebraska Democrats, it was not in evidence at the state Democratic convention today. Prior to the session there was some talk about the silver and gold wings of the party, but if such a plan was seriously contemplated it was early abandoned. From 2 o'clock, when Chairman Smith convened the body, until 11 o'clock tonight, when the curtain went down in the hall, silver was the only apparent financial problem before the convention. But it was essentially a convention of the advocates of the white metal in the party, and the other wing ignored the mutiny today and will convene at Lincoln Sept. 5. Edgar Howard was made permanent chairman without opposition, and the following nominations were made by acclamation: For supreme court judge, E. J. Phelps; regents of state university, Dr. H. S. Blackburne and J. K. Kettle. After speeches of minor importance, business sessions were held on the silver question, and the sentiment and opposition to the A. P. A., the committee reported the following resolutions:

THE SILVER FAITH. "We, the Democrats of Nebraska, in convention assembled, reaffirm our faith in those principles written in the declaration of American independence, and in the principles of Jefferson and Jackson, namely: That all men are created equal; that they are endowed with certain inalienable rights, among which are life, liberty and happiness; that government is instituted among men to secure these rights, and that government derives its just powers from the consent of the governed. And we demand that all departments of the government be administered in accordance with these principles.

"We affirm the constitution adopted by the last Democratic state convention of 1892, and we believe the restoration of the money of the constitution is now the paramount duty of the party, and insist that all parties shall stand on equal ground in the question, in order that all voters may intelligently express their preference between the positions themselves in favor of the immediate restoration of the free and unlimited coinage of gold and silver at the legal ratio of 16 to 1, as such coinage would be without prejudice to the aid or consent of any nation; such gold and silver coin to be used for all purposes, public and private. We send greeting to our Democratic brethren throughout the Union who are making such a noble fight for the restoration of bimetallic coinage, and invite them upon the progress made.

NO A. P. A. NEEDED. "We deprecate and denounce, as unwarranted and unwarranted, any attempt to restrict the action or policy of the party by the action of a political caucus, or organizations of any kind, and we believe the restoration of the money of the constitution is now the paramount duty of the party, and insist that all parties shall stand on equal ground in the question, in order that all voters may intelligently express their preference between the positions themselves in favor of the immediate restoration of the free and unlimited coinage of gold and silver at the legal ratio of 16 to 1, as such coinage would be without prejudice to the aid or consent of any nation; such gold and silver coin to be used for all purposes, public and private. We send greeting to our Democratic brethren throughout the Union who are making such a noble fight for the restoration of bimetallic coinage, and invite them upon the progress made.

FOR THE SECOND DIVORCE. Mrs. Parker Remarried, but Needs Another Decree.

PERRY, O. T., Aug. 22.—Mrs. Maude A. Parker today for the second time filed suit for divorce from Everett Parker, although the probate court had already granted her a decree of separation, and she has been married to Lord R. T. Brooks for several months. Immediately after the probate court declared divorce granted by the probate court to be illegal, Mrs. Parker was married to Brooks. The couple were married at Washington, D. C., where divorce laws now obtain, and today the woman's attorney made application for the decree of divorce from Everett Parker is a very handsome woman and has been married to Brooks for several years. She came over from England ten years ago, and is wealthy.

POLITICS AND RELIGION. Both Mixed Up by a Presbyterian Clergyman.

COLUMBUS, O., Aug. 22.—At the session today of the seventh annual conference of the Christian Union of the United Presbyterian Church of the officers elected were: Chairman, J. H. S. Parker, of Washington, Pa.; Secretary, Mrs. J. H. Michael, Cleveland, Rev. George E. Hawkes, of Portland, Ore., and Moderator, Rev. J. H. Michael, of Christian work in the Pacific and North America. Immediately after the meeting was annexed to the United States by the United States Secretary of State, and a total membership of \$2,544. During the year these societies raised \$2,139.

SOUND MONEY DEFINED. C. Stuart Patterson Responds to a Request.

PHILADELPHIA, Pa., Aug. 22.—C. Stuart Patterson, chairman of the executive committee of the Pennsylvania and Money League, in reply to a request for a definition of the phrase "sound money" today, said: "Sound money is of only one of two possible kinds—first, that whose market value as a commodity is equivalent to its value as money; or second, that which is a market value, and is not a market value, and having little or no market value as a commodity, is convertible at par into money of the first kind. It is obvious that, within the terms of this definition, gold alone is sound money of the first kind."

QUAY PREDICTS BRIBERY. WEST OFF WITH A ROAR. Explosion of 1,400 Pounds of Nitro-glycerine.

FRANKLIN, Pa., Aug. 22.—At noon today a wagon load of 1,400 pounds of nitro-glycerine exploded at Harper & Co.'s magazine, a mile south of the city limits, blowing the driver, Claude Ward, to atoms, as well as the wagon and the two horses which were hitched to it at the time. Ward had hauled the glycerine from Kane City.

Corn Prospects Good. Speculation in the Globe.

ALBANY, N. Y., Aug. 22.—Flax yields from 15 to 24 bushels per acre, barley from 15 to 20, oats from 15 to 20, and wheat up to 35 or 40. The price and the amount of the crop are very favorable to the farmer, and this result agents of the combine will be sent to almost every county in the state. The combine will tempt the men who have been elected by delegates with large sums of money. I hope my friends will be on their guard, and will promptly take measures to make public the efforts of the combine, and will speedily bring them to justice. Without such desperate methods it is impossible for me to lose control of the convention.

Senator Andrews, of Crawford; Parker L. Waller, of Pittsburgh; and Sergeant-at-Arms Harrish, of the state senate, are here assisting Senator Quay in the final arrangements for the coming fight. Col. Gilkeson will probably arrive tomorrow and open headquarters.

INSTANT RELEASE.

AMERICA CALLS ON FRANCE TO LIBERATE EX-CONSUL WALLER.

DEMAND FOR INDEMNITY.

THE VICTIM OF JUSTICE MUST RECEIVE FULL RESTITUTION.

EUSTIS GIVEN STRICT ORDERS.

United States Ambassador Instructed to Visit the Prisoner at Once.

PARIS, Aug. 22.—A semi-official notice was issued today, saying it is a fact that the United States government has demanded the release of John L. Waller and the payment of an indemnity, on account of his sentence to twenty years' imprisonment by a court martial on the island of Madagascar, where Mr. Waller was formerly a United States consul.

PEREMPTORY ORDERS. Eustis Instructed to Act Sharply and Forcefully.

WASHINGTON, Aug. 22.—The acting secretary of state, Mr. Adie, authorized the statement that information has been received from Ambassador Eustis, in response to instructions received to him some weeks ago, that the record of the proceedings and evidence in the court-martial of Mr. Waller at Tamatave are expected to reach Paris toward the end of this month. Mr. Eustis also reports that requests to Mr. Waller has been secured by him to accept and urgent requests made on the reiterated orders of the department of state. The department not having been satisfied with the evidence presented by Mr. Waller, it has been decided to take advantage of this permission to delegate a competent deputy to visit the prisoner, near Clairvaux, where Mr. Waller is at present confined, and confer with him. Mr. Adie has instructed him by telegraph that he should do so at once, if not already done. Mr. Adie adds that this result, reached after repeated efforts, is a most gratifying one, and it is hoped that the production of the record in Paris will enable the department to form a judgment touching the conviction of Mr. Waller.

AN INTERNATIONAL RIGHT. The international right of this government to demand the evidence which conviction was reached, in order that it may determine its action in the case, is unquestionable, and in fact, it is a right which has already been tried by court-martial in Honolulu, on charges of treason to the government of the United States. The proceedings of the court were asked for and the documents were promptly forthcoming. The delay of the French government in responding to the first demands of the United States in Mr. Waller's case has not been fully explained, although it was alleged that the record in Paris had been destroyed. It is believed that the delay was occasioned by the necessity of sending for it. The department has the record in Paris, and the French government has been instructed to provide the same with all haste, and to return it to the United States by steamer.

FRENCH INCENSED. American Consul's Commandant at Port Louis, Mauritius, Incensed.

PARIS, Aug. 22.—The Temps publishes a letter from Tamatave, Madagascar, which says that the French are incensed at the commander of the American consulate at Port Louis, Mauritius, on the ground that America has not recognized the definition of the phrase "sound money" as used by the Americans have also caused irritation by persisting in a personal investigation of the Waller case. The Tamatave letters also state that the commander of the castle consulted United States Consul Waller in not saluting the garrison.

GOLD NOT OBJECTIONABLE. Morton's 'Jobless Lesson' in Silver Still the Talk.

WASHINGTON, Aug. 22.—The recent payment of salaries at the agricultural department in silver dollars has called attention to the fact that on two previous occasions employees were paid in gold. The department books show that on August 31, 1893, \$19,000 in gold was paid to employees, and \$800 in gold was paid to certain employees on August 15, 1894. In commenting on this statement this afternoon, Secretary Morton said that, while under the recent payment there had been strenuous objections on the part of those paid in silver coin, the previous disbursements of gold met with no protests whatever. He added that he would, if necessary, put into actual practice the proposition to pay to Mexican silver half-dollars for every United States dollar when the present value of fifty-three cents was lowered to make the plan consistent.

MONEY TO MOVE COTTON. Treasury Department Arranging for the Transfer of Millions.

WASHINGTON, Aug. 22.—The treasurer of the United States is now in communication with New York bankers for the purpose of arranging transfers of money deposited in the sub-treasuries in New York to New Orleans, where it can be used in moving the cotton crop. The amount required to move this

SECOND CHAPTER IN THE ABERDEEN SENSATION COMES FROM WINNIPEG.

GARFIELD LODGED IN JAIL AND WAYWARD BESSIE MOORE DETAINED AT A HOTEL IN THAT CITY.

SCHULTZ TO HAVE REWARD.

Manitoba Depending on the Lieutenant Governor in the Manitoba Difficulty.

Special to the Globe. WINNIPEG, Man., Aug. 22.—A. H. Garfield and his bride of tender years (Miss Bessie Moore), who eloped from Aberdeen, S. D., were located in a suburban hotel this evening. Garfield was lodged in jail. The girl was taken to quarters in an up-town hotel. She was very much unmoved by the arrest of Garfield, as the couple had been eluding the police for a week or more, moving from place to place, and spent Tuesday night in a bluff about five miles out of the city. Garfield was arrested on a warrant charging him with abduction of a girl under age.

WILL REWARD SCHULTZ. Dominion Depending on Him in the Manitoba Difficulty.

Special to the Globe. WINNIPEG, Man., Aug. 22.—The latest rumor circulated in the city regarding the Manitoba school difficulty is that Lieut. Gov. Sir John Gwynne has been instructed by the Ottawa government with the task of settling them out of the hole. Schultz's reward for success will be a seat in the cabinet at Ottawa as minister of the interior. Daily, the present holder of the portfolio, will succeed Schultz as lieutenant governor. How Schultz proposes to act is not known yet, but at any rate he left the city for the West yesterday but kept his destination a profound secret. It is surmised that Schultz is in consultation with the Conservative leaders in an effort to secure men who are willing to take office in event of Greenway's dismissal. When the prospective ministers are secured, Schultz will then present his ultimatum to Greenway, surrender or dismissal.

Census Dispute at St. Cloud. ST. CLOUD, Minn., Aug. 22.—St. Cloud, like a majority of the cities of the state, has a kick on the census report. While all the wards, with the exception of the Third, show a decrease, that of the Third shows an increase. The Times says that the mistake must have been a mistake in the count. The enumerator, E. T. Davidson, had proposed to put up an amount sufficient to pay the cost of a recount, providing the Times deposits a like amount. The enumerator was to bear the expense, and if not the Times was to bear the expense. The Times has accepted the proposition, and it is likely that there will be a recount.

Horsewhipped the Mayor. CEDAR RAPIDS, Ia., Aug. 22.—Yesterday the old settlers of this county held their annual reunion in Marion. About 3,000 people were present. While the speaking was in progress the pioneers were treated to an exciting episode not on the programme. Mrs. Jane Hinton approached Mayor Fitzgerald and, without any warning, proceeded to strike him across the face with a heavy whip, cutting several deep gashes before the infuriated woman could be stopped. Her anger was caused by Mr. Fitzgerald, as attorney bringing an action in court for a divorce, in which she was named as having been intimate with the husband and defendant.

Bikes Unknown There. ST. CLOUD, Minn., Aug. 22.—Two enthusiastic young St. Cloud wheelmen decided to take a trip on their wheels into a locality where the mechanism of the bicycle was practically unknown, and accordingly started for Mile Lake, a distance of seventy miles from St. Cloud. For a distance of twenty-eight miles they were on their wheels, and then the boys wheeled over a rough country road used only for logging purposes, and for fifteen miles did not see a sign of an inhabitant. While at the lake they saw a number of people who had never seen a bicycle before. The party returned home safely, their machines standing the hard trip in fine shape.

Winona Will Get Religion. Special to the Globe. WINONA, Minn., Aug. 22.—Evangelical cordener will hold tent revival meetings here commencing Tuesday of next week. There will be three services a day, and they will continue for at least two weeks, probably longer. The tent is large enough to easily hold 2,000 people. The music will be in charge of Sargent of Chicago, a member of Moody's school.

MORGAN THE MAN.

DEUTSCHE BANK'S NORTHERN PACIFIC INTERESTS IN HIS HANDS.

HIS PLAN WILL BE THEIRS.

J. PIERPONT IS THUS IN COMPLETE CONTROL OF REORGANIZATION.

ARGUMENTS BEGIN AT SEATTLE. Endeavoring to Show That There Is No N. P. Property in Judge Jenkins' District.

Special to the Globe. NEW YORK, Aug. 22.—The Deutsche bank, of Berlin, which controls absolutely a majority of Northern Pacific second, has decided, according to the best authority, to cooperate with Mr. J. Pierpont Morgan in whatever plan he may approve for the rehabilitation of Northern Pacific property. This gives Mr. Morgan complete control of the reorganization. A statement, which is evidently official, gives the net earnings of the Northern Pacific at approximately \$2,850,782. From this, however, officials claim there must be deducted rentals, including interest, taxes, and the earnings of branch roads not owned or covered by Northern Pacific mortgages, which for the year are estimated at \$2,351,838. It is claimed, therefore, that the real net earnings are \$4,387,943, or about \$2,000,000 less than the proposed guarantee of the Great Northern company. Out of these have to be paid charges which it is claimed are obligations of the company, the main line interest, and prevent the reorganization from being in default, amounting to \$4,386,822, thus showing a deficit of \$2,879 for the year. Mr. Hill's friends still maintain that the negotiations between himself and Mr. Morgan are still pending, and have not been broken off, as has been said.

JURISDICTION OF JENKINS. Argument Begun in Court at Seattle.

SEATTLE, Wash., Aug. 22.—The hearing on the application of Brayton Jones for the appointment of receiver of the Northern Pacific company began here today before United States Circuit Judge Gilbert and United States District Judge Hays. The argument was mainly confined to the question of the jurisdiction of Judge Jenkins. There were half a dozen or more attorneys on each side in the case. Soon after court convened the receivers amended their answer to the application for the order to show cause, but this was not taken into consideration. Pettit put in an affidavit, signed by the board in New York and the secretary of the company, in which the latter alleged that the rolling stock of the company bills were filed in the district of no property whatever in Judge Jenkins' district.

Harold Preston made the opening argument for the receiver. He stated that he was appointed first under the Winston bill. At that time the company had leased the lines in Judge Jenkins' district. Following the passage of the act to remove the rolling stock from the Eastern district of Wisconsin, so that the bills were filed in the district of no property whatever in Judge Jenkins' district.

Greenway Tramp Reformatory. GREEN BAY, Wis., Aug. 22.—Brown county this afternoon awarded the contract for the first tramp reformatory to be built in Wisconsin. The act passed by the legislature at its recent session. The building will be erected on a stone quarry a few miles from the city and will be surrounded by a high fence. The building will be completed in about two months. The cost will be \$247. The building will be completed in about two months. The cost will be \$247. The building will be completed in about two months. The cost will be \$247.

Pretty Good Swamp Land. ST. CLOUD, Minn., Aug. 22.—State land appraisers for Benton county reported a rather queer state of things. On Monday last they visited a tract of land which was reported to be a swamp, and they found a good crop of corn on one forty-acre tract, and on the rest of the section, which was meadow land, the hay had been cut.

Railway to Milaca. MILACA, Aug. 22.—A surveying party of the Great Northern railway arrived Tuesday night to survey a proposed extension from the city to the town of Milaca. The extension has long been talked of, and the surveying party was met by the city officials. The extension is a great need of a railroad. Electric cars are being put in, and we are fast assuming metropolitan airs.

Not Much of a Carrier. DULUTH, Aug. 22.—The new steel steamer Penobscot, just turned out for the Edgelys, of Saginaw, at Wheelock's Bay City yards, is a disappointment as a carrier, taking out only 12,000 bushels of wheat this morning. Many lake vessels can beat that. Great things were expected of the Penobscot in the way of cargo. She is a new vessel, and this morning's cargo is the first ever put into her.

Lightning Stirred Up Boarders. Special to the Globe. LITTLE FALLS, Minn., Aug. 22.—A boarding house run by O. C. Linn was struck by lightning this morning. The lightning went right through the house, damaging it badly. The beds were torn to shreds. The house was all occupied, but the people escaped without injury, but badly scared. It is a miracle that no one was killed.

Have by Lightning. FARBAUT, Minn., Aug. 22.—During a thunder storm early this morning a lightning bolt struck the flag pole on the old Carnegie library, the oldest structure in the city, demolishing the building. Falling wires burned the evening of Greenway's resignation, shocked a number of people living in the vicinity of the Carnegie library. The central office was badly damaged.

Dynamite Was in a Hurry. Special to the Globe. OWATONNA, Minn., Aug. 22.—While blasting rock in the town of Somerset, this county, this forenoon, Frank Frick was instantly killed by the premature explosion of a stick of dynamite. The entire side of his face was torn away by the explosion.

Northfield's Municipal Court. NORTHFIELD, Minn., Aug. 22.—Judge S. J. Furber opened the first session of the municipal court for the city council chamber yesterday morning and established the necessary rules.

Special to the Globe. NEW YORK, Aug. 22.—Dr. Charles Lewis, sixty years old, who founded the Kansas City Daily Herald in 1873, and was its editor for several years, committed suicide this evening. He became insane over spiritualism.
