SEQUEL IS TRAGIC

AN ORTONVILLE FARMER BRUTALLY KICKS HIS WIFE TO DEATH.

RECALLS A ROMANCE

OF TEN YEARS AGO WHICH CULMINATED IN A SUICIDE.

DULUTH CASHIER MISSING.

And With Him \$15,000 of the Duluth State Bank's Cold Cash.

Special to the Globe. ORTONVILLE, Minn., Oct. 17.—The sequel of a tragic romance of ten years ago occurred three and a half miles from this city tonight, when Frank Kaatwitz, a German farmer, brutally kicked and pounded his wife to death. He had been drinking, and, going home, quarreled with his wife. Ten years ago Kaatwitz was a guest at the wedding of several children and the neighbor. The bride left the side of her husband for Kaatwitz's company, whereat the groom went out and shot himself. The young widow soon after married the man who so cruelly murdered her this evening. A family of several children are left motherless. The sheriff of Grant county has the murderer in custody.

CASH AND CASHIER MISSING. Fast Living Leads to the Ruin of a Duluth Bank Official.

DULUTH, Minn., Oct. 17.—C. H. Stuckey, cashier of the State bank, is missing, and with him \$15,000 of the bank's funds. He locked the safe and closed the bank as usual last evening and everything was supposed to be all right. He did not put in an appearance at his accustomed time this morning, however, and when the safe was opened it was discovered that all the bills of large denomination and the gold and silver coin were gone. Investigation showed that he had not occupied his room at his residence last night, and further search failed to disclose his whereabouts. The police were immediately summoned and they are confident of catching Stuckey. They think the great bulk of the gold, \$25,000, will be found in detecting him, as it will be hard to conceal. For some time past Stuckey has been leading a fast life, and has been in intimate terms with a notorious woman, and it is thought he was living beyond his means. The bank officials say the defalcation will in no way affect the solvency of the bank, as it is protected by a bond of \$20,000.

OLD OFFICERS O. K.

Initials were raised to a minimum of \$5, to be graded according to age. Annual lodge dues were raised from \$5 to \$6, and the time of the annual meeting was changed from October to January. There was considerable rivalry for the office of president between Grand Vice President Paul Hoeseck and the present incumbent. The old officers were re-elected as follows: E. C. Nuehrer, Stillwater, grand president; Wm. B. St. Paul, ex-grand president; Paul Hoeseck, St. Peter, vice grand president; Herman Gierke, Minneapolis, grand secretary; F. Linke, St. Paul, grand treasurer; Wm. Emmerich, St. Cloud, grand guide; Henry Klise, Red Wing, inside guide; Herman Haas, Mankato, outside guide. The dinner was given in the German style this evening by taking their departure for their various homes.

Hobart, of Minneapolis, read a paper on "What is Teach." Rev. H. F. Stillwell, pastor of the Calvary Baptist church of Minneapolis, was next on the programme and had for his topic "Us and Ours." Rev. J. A. Brown then addressed the congregation on the subject of "Home Department," and very eloquently brought out all the points which are adjuncts to a true Christian life. The afternoon was entirely given up to the work of the young people societies. The principal address was given by Rev. C. H. Moss, his subject being "Waiting on God." The president of the society, Rev. Charles A. A GUIDE FOR THEM

ARCHBISHOP IRELAND DISCUSSES POPE LEOS LATEST MESSAGE.

GLAD ROME HAS SPOKEN.

PART CATHOLICS SHOULD TAKE IN RELIGIOUS CONGRESSES SET FORTH.

DOES NOT OPPOSE THE ACTION.

On the Other Hand, the Church Owes It to Herself to Participate.

Archbishop Ireland has received a copy of the letter of Pope Leo, sent to Mr. Stoll, bearing on religious congresses. The document is typewritten, in Latin, and addressed to Mr. Scoll. It simply states that the knowledge of such conventions held has come to the attention of the pope and he expresses the conviction that it would be better, perhaps, for Catholics to meet separately.

Following is a translation: Venerable Brother, health and apostolic benediction. I have learned that in the United States of America a convention of religious individuals, which people assemble promiscuously, Catholics, as well as those of other denominations, are to be held, which as well as upon correct morals, religious things, and the desire for religious unity, the desire for religious unity is animated more zealously from day to day. But although these promiscuous conventions have until this day been tolerated with prudent silence, I would, nevertheless, seem to myself that the Catholics should hold their own assemblies, and that the utility of these conventions should result simply to their own benefit. Hence, I am called upon to understand that the admittance should be open to all, including those who are outside of the faith. I therefore consider it incumbent upon our apostolic office to assemble in a public manner, to your knowledge, we are also pleased by our recommendation to promote the practice of the priest in the order to your recommendation, and to explain Catholic doctrine and answer the objections against them. I wish you, in the meantime, venerable brother, to assemble in a public manner, we impart to you with the most loving spirit the apostolic benediction. I am, venerable brother, your affectionate friend, Leo XIII.

Had Wives in Texas, Too. DULUTH, Minn., Oct. 17.—Green, who was arrested at Fargo, on the charge of deserting his wife, is said by the Duluth police to have a bad record. He has been a few months ago from Texas, Tex., having deserted his wife and five children. Since coming here a few months ago he became engaged to the eighteen-year-old daughter of L. B. Colman, of Superior. He conducted a tailor shop, but he had to abandon it when he discovered that the police were on his trail.

Lumbermen Watchful. Special to the Globe. WINONA, Minn., Oct. 17.—A meeting of the Winona lumbermen has been held in Le Cross, because of an understanding that before long the officers of the different Western railroads were to meet in Chicago and arrange freight rates on lumber in this part of the country. A committee consisting of Charles Horton, of Winona, and C. Colman, of Le Cross, was appointed to attend at Chicago and uphold the lumbermen's interests.

Tramps Freed the Prisoner. Special to the Globe. MANKATO, Minn., Oct. 17.—Deputy Sheriff Albert Lea, of Mankato, A. J. T. of Red Cloud, Neb., was in the city today expecting to receive a prisoner from the hands of Marshal Campbell. The man had been in the hands of Albert Mahaffy, who is wanted in Nebraska for embezzlement. The police of Albert Lea had the prisoner in the hands of the marshal, and were charged with neglecting to guard him and tramps unlocked the cell and liberated the prisoner.

Ran Away and Wedded. Special to the Globe. ALBERT LEA, Minn., Oct. 17.—Parental opposition was the cause of a marriage yesterday in Mankato, a young man and woman of this city. Wallace T. Hanford and Miss Agatha Pfeiffer were the parties concerned, and the young lady's father was the stern parent in the case. The pair were wedded at Alden and departed for Des Moines on a wedding trip.

Can Feed Mortgaged Grain. CANTON, S. D., Oct. 17.—Judge Jones, sitting in wheat case here, ruled yesterday that the feeding of grain covered by a chattel mortgage is not disposing of mortgaged property, and that such a case out of court at this place. Holders of chattel mortgages on grain are, by his decision, completely at the mercy of the mortgagor, and if the mortgagor is fed to stock they have no recourse.

Ruffians Used Their Guns. Special to the Globe. BLUE EARTH CITY, Minn., Oct. 17.—A gang of young ruffians, enthused by a good quantity of red wine, went to the home of A. McDuff last evening, and being refused an entrance, began shooting through the windows and doors. One man was injured, but the inmates were badly scared. The authorities are after the vagabonds, and if caught will be dealt with seriously.

BLUE EARTH CITY, Minn., Oct. 17.—Pay Howland, formerly a resident of this city, but lately of Ledger, Ia., started out hunting last evening and this morning was found on the prairie dead. His brains had been blown out. Theories as to how death resulted are, some claiming accidental shooting while others claim despondency.

Bad Indian Trapped. Special to the Globe. PIERRE, S. D., Oct. 17.—John Lacroix, a half breed on the Windigo reservation, who has a bad record, was caught a few nights ago attempting to rob the store, and was knocked senseless by a clerk who was sleeping in the store at the time. Lacroix will probably do time for the escapade, having been found to get clear of other charges ever preferred against him.

CHICAGO GUESTS TIRED.

What Will the St. Paul Guests Have to Say?

MILWAUKEE TIRED.

ITS PUBLIC CELEBRATION OVER AND GUESTS RETURNING HOME.

ST. PAULITES MAKE MERRY.

GOV. CLOUGH AND ASSEMBLYMAN LEWIS PRAISE THEIR STATE AND CITY.

PROGRAMME OF RECEPTIONS.

A Day of General Festivity Followed by an Evening of Illumination.

Special to the Globe. MILWAUKEE, Wis., Oct. 17.—The St. Paul officials who have been in attendance at the city's semi-centennial celebration left for their homes tonight at 8 o'clock. The delegates have spent a good time while here. Yesterday they attended the banquet and viewed the parades. At the banquet Assemblyman Lewis delivered a toast, "St. Paul," which was well received. He compared this city with his own, and praised both of them as examples of the progress that has been made in the Northwest. Today the St. Paulites were given a carriage ride about the city, stops being made at all the principal breweries and other places of interest. The members of the party are well pleased with their reception here. Gov. Clough and his party also departed for home tonight, and the Duluth and Minneapolis delegations are leaving too.

When the parting "good night" flamed out tonight on the lake front, in the midst of shooting stars and sprays of fire, and expired in a shower of rockets, Milwaukee's semi-centennial celebration was over. The second day of the celebration was ushered in like the first, with the booming of cannon and the blowing of whistles, but there was not quite so much of either as on yesterday morning, and when the day dawned and it was found that the weather clerk had granted another fine day, the fun began afresh and the city gave itself up to the business being abandoned with a reckless strange indeed for conservative Milwaukee.

ENORMOUS CROWDS. Yesterday's crowds on the street were repeated and the success of yesterday's events were duplicated. There were even enough to keep everybody interested. At 3 o'clock the informal reception at the city hall began and lasted until 12 o'clock. At 10 o'clock a reception to the city's guests began at the Pfister and lasted until the guests were loaded into the city hall. A drive around the city, which consisted of the balance of the morning. At the same hour began the most interesting event of them all, the reception at the Plankinton to the pioneers and old settlers of the city. While those events were going on the firemen were giving their interesting exhibition on the city hall square.

In the afternoon there was the great industrial parade, and tonight the fireworks and illumination. Last night's illumination was repeated, and it was a great illumination. Electric lights by the thousands, glowing with red, white and blue light, covered hundreds of store fronts and hung in arches over the streets, flooding the city with light, and converted the business section into a fairyland.

GOV. CLOUGH'S SPEECH. Gov. David M. Clough, of Minnesota, closed the three-hour meeting yesterday with a ten-minute speech, chiefly devoted to the immense resources of Minnesota. He said that there had been a time when Minnesota was supposed to be a good farm for agriculture, but that it was now a great manufacturing and mining state. He said that he was proud of his state, and that he was proud to know that there was in Milwaukee, and now that the greatest blast furnaces in the country are located at Duluth, Minnesota, and Superior, Wisconsin. As an old Wisconsin resident, I am ashamed to say that this is the first time I have ever visited Milwaukee. Forty years ago I was a resident of Wisconsin, and in the past thirty-eight years have been a near neighbor of the Badger state. I never knew how much good there was in Milwaukee, and now that I have come and been so pleasantly received, I shall repeat the visit and operation. Every year of the great future. In the name of the great state of Minnesota, I congratulate the citizens of Milwaukee on their lovely city, and wish you a long career of prosperity.

It is understood that the call will partake of the nature of an address to the people of the city, and that the Rev. Reed is in the city, and it is reported that ex-President Harrison and Senator Quay will be here.

Presbyterians Revolt. Synod of New York Accepts a Student From Union. BINGHAMTON, N. Y., Oct. 17.—The Presbyterian synod of New York today refused to receive a student from the Synod of New York, which was a student in Union seminary, contrary to the rule made for the New York Synod by the last general assembly at Pittsburg. It is possible that an effort will be made tomorrow to reverse the decision thus reached. The conservative are much troubled by the result and a reversal cannot be effected will probably give notice of a complaint to the general assembly, where they feel sure of their ground. The report of the majority was originally characterized as a "crawl."

CRUSHED IN A COLLISION. A Number of Passengers Hurt at Detroit. DETROIT, Mich., Oct. 17.—Shortly after 1 o'clock tonight two cars on the Rapid railway collided a short distance out of Mount Clemens. The westbound car was crowded with members of the Detroit Christian League, who had been attending a religious rally at Mt. Clemens, and holding a religious meeting. JAIL FOR CORBETT

CHAMPION JIM UNDER ARREST FOR CONSPIRING TO ASSAULT FITZ.

REFUSES TO GIVE BONDS.

APPLICATION TO BE MADE FOR A WRIT OF HABEAS CORPUS.

THE DECISION TO BE FINAL.

If Against a Glove Contest Every Thing Will Probably Be Abandoned.

HOT SPRINGS, Ark., Oct. 17.—A warrant against James J. Corbett was issued at 2 o'clock this afternoon from Justice Kirtle's office. It charges that he has threatened, is conspiring to, and is about to commit an unlawful assault upon the person of Bob Fitzsimmons. The warrant was placed in the hands of Sheriff Hout, who proceeded to the Arlington hotel and served it. It was issued at the instance of Prosecuting Attorney Teague. Corbett was brought into court by the sheriff, and the prosecuting attorney asked that he be put under bonds to keep the peace. Judge Kirtle made the order and placed the bond at \$10,000. Corbett refused to give the bond, and his attorneys will sue out a writ of habeas corpus before Chancellor Leatherman, asking for his release. This will bring the question up for judicial hearing as to whether a glove contest such as is now proposed will be a violation of the statute. If the court decides that it is not, it is believed that the authorities will respect the decision, but if to the contrary it is held that the glove matter will be abandoned, the whole matter will be abandoned.

An evening paper summarizes the Corbett-Fitzsimmons situation as follows: Unless there is a hitch as to the agreement between the principals the indications are that Corbett and Fitzsimmons will meet in a glove contest in this city to decide the superiority between the two. That is the latest status of the situation as sized up here, in view of all concurrent circumstances. The abandonment by the promoters of any and all further efforts to bring the men together under conditions which are prohibited by the laws of the state changes the whole aspect of the case, from a legal standpoint, and so far as official interference is concerned. If, as they now propose, the meeting shall be a glove contest, with all unlawful features eliminated, it is probable that the law will be enforced. There is no statute against glove contests in this state. Men may box, and box to a finish, if it is not under conditions which, within the meaning of the statute against "prize fighting," are prohibited by the law. The law which they may box as an exhibition, to which an admission fee may be charged. They may be employed by others to give such an exhibition and not violate the law. The law they will not doubt discover that this is the case. Of course, the conditions will have to be such, however, as not to mean virtually the same thing as a prize-fight contract.

LEFT TO THE JUDGES. Should the local authorities conclude that the contest can be brought off under conditions which will not warrant interference, it will take place unless the principals, or one of them, should decline to fight under such arrangements.

CHAMPOS A MADMAN. So the Florida Rebels Would Fain Be-Lieve. JACKSONVILLE, Fla., Oct. 17.—A special to the Citizen from Tampa, Fla., says: Yesterday reports were circulated that the Spanish consul had received an official cable that Gen. Campos was no longer commanding the military affairs in Cuba. The inference was that Campos was either deported, killed or captured by insurgents. The Spanish consul emphatically denied the report. Passengers arriving from Cuba tonight report Gen. Campos in Santiago completely insane. This connects with the report yesterday that Campos, who the passengers tonight had no intimation. Should this be true, Gen. Polavieja will probably be sent to Cuba and a vigorous policy pursued. Cubans know him as a relentless foe.

CAUGHT IN BELGIUM. The Three Crooks Who Broke Ludlow Jail. NEW YORK, Oct. 17.—A special to the Herald from Washington says: "Harry" Russell, one of the notorious postoffice burglars who started the fire which destroyed the Ludlow street jail in New York on July 4, has been arrested in Bruges, Belgium. Two other men and a woman were arrested with him. The men are supposed to be "Joe" Killoran and "Charlie" Allen, who were arrested with Russell and escaped from the jail with him. Secretary Olney sent a cablegram to Minister Ewing in Brussels, directing him to request the Belgian authorities to hold all the men.
