Called to Lincoln. Rev. William Kincaid, of Andrew Presbyterian church, has received a call to the pastorate of the First Presbyterian church of Lincoln, Neb. The church has a membership of 99, and is near the center of the state university, with its 1,500 students. The fact that Prof. McLean, late of the Minnesota university, and a warm personal friend of Rev. Mr. Kincaid, has just entered the faculty of the Nebraska school as its chancellor, is looked upon as an indication as to the source of the call. Rev. Mr. Kincaid has not yet signified his intention to accept, but will probably do so.

Much Affected by Their Fine. Theodore Schultz was arraigned in the police court yesterday charged with selling dunks yesterday afternoon when the eleven colored gamblers arrested Wednesday night by Sergeant Mike Pease and a squad of central station police in their raid upon a "social club" on Washington avenue south, were arraigned before Judge Kierce for trial. William Wilson, the proprietor of the place, was found guilty of keeping a gambling house, for which he was fined \$5, and of selling liquor without a license, for which offense he was fined \$50. The remainder were discharged from custody, to their intense delight.

Fined Crap Gamblers. The police court presented decidedly dumpy scene yesterday afternoon when the eleven colored gamblers arrested Wednesday night by Sergeant Mike Pease and a squad of central station police in their raid upon a "social club" on Washington avenue south, were arraigned before Judge Kierce for trial. KIERCE ASKS VINDICATION.

COURTS INVESTIGATION BY THE GRAND JURY INTO THE HAYWARD AFFAIR.

GRAND OF THE GRAND JURY.

First Divorce Case in the New Court House—Minneapolis News.

Mike Kierce is going to be investigated by the grand jury. There is nothing new or startling in that statement, but back to there lies a reason that has not yet been made public.

When talk was being indulged in by some of the afternoon papers, claiming that Kierce received money from Hayward which he did not return, it was definitely decided that a thorough investigation would be conducted. Mike Kierce was seen about the matter, and he said that he was willing to be known, and the grand jury would vindicate him entirely when all of the facts were laid before that body.

Sheriff Holmgren held the same opinion, and it was then decided to ask the county attorney to bring the matter up. This that official will do next Monday. The grand jury finished most of its fall cases last night, and early Monday it will begin a thorough investigation.

Just how Hayward will place his side of the affair before the grand jury is not known, but it is supposed that his attorneys will be called to the stand to explain the circumstances leading up to the writing of the famous letter of Hayward's to the public will be related.

The main point made all along is that Kierce got \$500, which he failed to return to Hayward. The sheriff will show conclusively that this money was returned, and will bring abundant testimony to show that Hayward afterwards used it for the purpose of hiring his fellow prisoners to attempt to effect a jail delivery. The money was marked so that it could be distinguished, and a portion of it was found upon the person of Arthur M. Dearborn, who a later trial was made. This was known to be the money that had been returned to Hayward by reason of the distinguishing marks.

The sheriff and Mike Kierce both decline to talk on the subject, but it is known that the step taken was for the purpose of a complete exoneration.

Two bills were returned yesterday by the grand jury. The first, which was charged with grand larceny in the second degree, was given her liberty, and Louis Huntsberger, under the same charge, was released from custody. James Daly was arraigned before Judge Elliott, yesterday afternoon, on a charge of grand larceny in the first degree, and was remanded to jail for pending.

John Nevels, who was indicted upon the same charge, was released from custody. James Daly was arraigned before Judge Elliott, yesterday afternoon, on a charge of grand larceny in the first degree, and was remanded to jail for pending.

Jacob Chase, the alleged bunco man, was arraigned under two charges, one of which was grand larceny in the first degree, and the other was grand larceny in the second degree. He pleaded not guilty to the charge of grand larceny in the first degree, and his trial was set for Nov. 21, for taking \$30 from Lawrence George. James G. McClary pleaded guilty to passing a forged check for \$20, and was sentenced to the house of correction for 30 days.

Gustav and Louis Anderson, charged with highway robbery, pleaded not guilty to the charge of robbery, and their trial was set for Nov. 21, for taking \$30 from Lawrence George. James G. McClary pleaded guilty to passing a forged check for \$20, and was sentenced to the house of correction for 30 days.

A DOCTOR AND DISEASE.

KIDNEYS AND THE BLOOD.

HOW TO CURE BLOOD DISEASES BY CURING THE KIDNEYS.

THE ACTION ON THE BLOOD OF ASPARAGUS, AND SPARGUS KIDNEY PILLS.

Every physician knows that our kidneys are the filters of the blood.

Blood diseases are caused by badly filtered blood.

When the kidneys are well they keep the body well by keeping the blood pure. When they are ill, they filter the blood badly and make us ill.

The weak kidneys can be made well by Dr. Hobbs' Spargus Kidney Pills, and this is what Dr. John Dobson says about it:

DOCTOR JOHN DOBSON, 85-57 Dearborn St., CHICAGO, July 20, 1895.

HOBB'S MEDICINE CO. Gentlemen—Being convinced of the truth, so persistently iterated by you that upon the kidneys depend almost entirely the purity of the blood, and most of the prominent diseases of the United States, and one of them was the defendant firm, which had an extensive factory in Brooklyn. Under the agreement made with the Grand Jurors, the factories contracted that they would not go into the wall paper business in the United States in opposition to the defendant firm.

DR. SALISBURY'S WORDS.

Any one who has ever met Dr. Salisbury will never forget him. Although over eighty, he has as bright a mind and intellect as most younger men.

Of course, every one knows him, the inventor of hot water cure and the Salisbury steak, and that he is the authority on digestion and stomachic troubles.

"I studied the subject direct from nature," he said. "In order to know just how much nourishing power there is in various foods, I employed for years men whose only duty it was to remain in the house with me and eat such food, only as I directed. They thought they had secured the finest kind of food, but in thirteen days there was not a man who could walk across the room. I myself was nearly prostrated. After recovery, we tried various other vegetables. A person can live eighteen days on oatmeal, and twenty days on cracked wheat."

"What are the most unhealthful things, doctor?" was asked. "The most unhealthful vegetable in the world is asparagus. No man or woman can eat an excess of asparagus on this insidious vegetable. Why it is that I do not know, but it is a fact that it is healthful I cannot understand, and it is from the peculiar odor it gives to the fluids that pass from the body. Some people believe it is healthful for the kidneys, but there is nothing to back up this theory. It is injurious. As for beef, it is sustaining and strengthening, and invalids should take it as much as possible, and avoid such vegetables as they know to be unhealthful."

The same charge, was released from custody. James Daly was arraigned before Judge Elliott, yesterday afternoon, on a charge of grand larceny in the first degree, and was remanded to jail for pending.

SHOT TO PIECES.

MURDER OF FRANK WHITE BY PRIVATE DETECTIVES A SAVAGE CRIME.

INNOCENT OF WRONG-DOING.

THEIR VICTIM THE BROTHER OF THE MAN THAT WAS WANTED.

BRUTAL AND BLOODY ATTACK.

Half a Dozen Stenils Poured Volleys of Bullets into Frank White's Body.

CHICAGO, Nov. 15.—The inquest this afternoon on the body of Frank White, who was shot while riding in a buggy at the corner of West Polk street and Winthrop place Thursday evening, and subsequent investigation on the part of Police Inspectors Shea and Fitzpatrick and a score of detectives, have led to startling developments. The discoveries made may result most seriously to not less than six members of the Berry Detective Agency, including the superintendent, and possibly a seventh man, who had not been identified tonight. Not only was W. J. Dix held to the grand jury by the coroner, but the circumstances surrounding the case go to show that the buggy in which the two men, Frank White and his brother Clarence, were riding was brought almost to a standstill when the tragedy occurred, and that at least three of the detectives who were deputed to assist in the arrest of Clarence White since the country was laughing over the vehicle and emptied one or more chambers of their revolvers in the direction of the innocent man who was killed. As a result of the police investigation a wholesale arrest of members of the agency was ordered by Inspector Fitzpatrick, and tonight seven men, in addition to W. J. Dix, previously arrested, were locked up at police headquarters. A search for one more is also being made. The names of the arrested men are: Charles A. McDonald, the superintendent; Joseph Well, Daniel McLain, Joseph Macdonald, Jacob Fischel, Charles Poole, John Frew, W. J. Dix. The name of the ninth man wanted is Thompson. Of these, it is probable that McLain and Well will be released, as they are not considered responsible either for the immediate slaying of White or for the actions of the management. Well is only a lad who has been acting as a secretary in the office.

DANGEROUS MEN. Five of the prisoners, Poole, Frew, Thompson, Fischel and Dix, are known to have been on the scene of the killing, the latter two having been positively identified by an onlooker. Fischel admitted tonight that he fired two shots into the buggy, and the evidence implicating Frew and Thompson. Poole also admitted having used his revolver. White was shot almost in the back, and the bullet, it is believed, having pierced his brain, was shot through his chest, and he was shot through the spine from the rear. All six of the men were held for trial, and the Arizona Kicker and his trial, with W. R. Morris as his attorney. An indictment was also returned against Prof. Harry Hazel.

DECEMBER GRAND JURY. The grand jury drawn to report Dec. 3, is as follows: L. P. Farrington, Ernest Dean, John B. Swift, A. E. Aggar, O. T. Sweet, W. S. Hill, Charles R. Chute, A. E. Merrill, C. A. Smith, F. H. Pease, P. C. Edgar, S. H. Sturum, S. H. Wright, J. L. Johnson, William Oxenburgh, E. J. Phelps, Charles F. Fairchild, Alanson H. Nelson and E. B. Cushing.

FIXED THE CORONER'S FEES. Judge Jamison will file his decision this morning in the matter of the coroner's fee. The decision upholds the county commissioners to the effect that the coroner is entitled to only \$100 per case. The matter will be appealed.

MISSIONARY STARS. Ex-President Harrison and Secretary Foster to Speak. NEW YORK, Nov. 15.—A large crowd gathered at the Metropolitan Opera house last night to hear the address of Ex-President Harrison and Secretary Foster. The address was given by Harrison, and was a most interesting one. He spoke of his missionary work in the Philippines, and of the progress of the Christian mission in that island.

Most of the New York Strikers Return to Work. NEW YORK, Nov. 15.—The strike of cab drivers and stable men, which promised last night to paralyze travel by hired vehicles in the city for a number of days, has ended this morning when most of the men who had been ordered out by the Liberty Dawn association, to support the demands of the cab drivers, returned to work. The men are still on strike, but the company sent out forty cabs today driven by non-union men, each of whom was guarded by a policeman in civilian's dress on the seat beside him. Reports differ regarding the reasons which led to the sudden collapse of the sympathetic strike, but it resulted from a secret meeting held last night. Some of the strikers claim that at a conference between their committee and the company, the latter failed to subscribe to the same terms. Several of these employees deny that they have made such an agreement, and the story is that the company cabmen threatened to leave the organization unless its leaders reversed their demand for a sympathetic strike. Whichever story is correct, the tie-up was of brief duration.

CUBA IS MORTGAGED. SAN ANTONIO, Tex., Nov. 15.—A special from the City of Mexico says: A prominent Spaniard here, who is in close touch with the Spanish government, says that before Spain will concede Cuban independence or permit the island to come under a United States protectorate or rule, she will throw Cuba into the hands of England, conceding to England ostensible possession for a number of years, until England collects the sum of money which is due her from Spain for advances made to carry on the war with Cuba.

ONE MAN'S VIEW OF IT. SPRINGFIELD, O., Nov. 15.—In an animated discussion by Mitchell post, G. A. R., of the Cuban question, Gen. Warren Keller, ex-speaker, claimed that the United States could not consistently recognize the Cuban republic as a belligerent, for the reason that the United States protested when European powers so recognized the confederacy.

BEST KNOWN OF AMERICA'S WRITERS. M. Quad, the Detroit Free Press Man, Made Well by Paine's Celery Compound.

Mr. Charles B. Lewis is more familiarly known to the thousands whose life he has cheered as M. Quad. It must be more than a score of years since the country was laughing over the sayings of his honor and his high, chronicled by Mr. Lewis to the Detroit Free Press. From that time until now M. Quad has delighted the public with unnumbered quick sketches of character, overflowing with a humor that appealed to readers all the more strongly because they recognized the fidelity to life under the pen.

Among Mr. Lewis' recent creations the Bowers, Brother Gardner, Mrs. Gallup's Tribulations, Possum Sketches, and the Arizona Kicker are destined to long life. Mr. Lewis' admirers will be surprised to learn that, like Walter Scott, Mark Twain and other highly gifted authors, he has produced work of rare quality while tormented by pain.

Mr. Lewis suffered intensely from rheumatism. "It made my days and nights miserable," he says, "and, of course, the agony was greater in bad weather. At the same time my nerves were weak, and I was in worse shape than I hope ever to be again. Yes, I took advice by the yard and medicine by the quart with no success. I was broken in spirit and bent almost double in the body, when somebody suggested Paine's celery compound for the nervousness and that remedy made short work of the nervousness and of the rheumatism, too. A few doses made me feel much better, and today I am well; a happy change that I attribute to the use of Paine's celery compound. It gives me sincere pleasure to bear witness on the merits of the compound. I know at least a dozen authors and journalists who have found it a remedy for the same complaints."

Rheumatism attacks the body when it is tired out, and when its functions begin to act sluggishly. Disordered nerves, faulty digestion, and a slow, incomplete nutrition of the body invite rheumatism, just as they do neuralgia and nervous debility. There is no surer starting point for rheumatism than a
