SPIRIT OF REVELRY

NEW CARNIVAL CLUBS ARE SPREADING IT FAR WIDE AND ALWAYS.

FIRST CLUB OF STUDENTS

IS ORGANIZED AT HAMLINE, AND THE LEAVEN OF ENTHUSIASM WORKS.

SKATING PRIZE LISTS FILLED.

Handsome and Costly Trophies Are Put up in Each of the Contests.

An effort is being made by the students of Hamline university to organize a carnival club, and from present indications it will be successful.

A meeting will be held during the week at which the club will be organized, officers elected, uniforms selected and all other matters transacted which must necessarily be disposed of in order to get the club ready for the festivities, to begin Jan. 21.

In harmony with the spirit of a leap year carnival the Minnehaha skating club was organized a short time ago by sixteen young ladies. Each of these girls is the prettiest, and the sixteen have since since been joined by a number with the same rare but necessary qualification. But although a female skating club is expected to have very little of the usual excitement, the Minnehaha members who can buck up, have prevented the active members from breaking their necks. Thus twenty fortunate young men have been cautiously accepted from among a regiment of applicants. The Minnehaha club is limited, at present, to the membership that characterized that romantic hand who distressed All Baba, and it has by far the largest feminine membership of any carnival club yet organized. The Minnehaha uniforms are white and scarlet. The entire costume is brilliant and becoming. This club has held some regular meetings and many special ones, and it has generally been well attended. Picturesque processions have resulted from the club rule that no active member shall try to skate alone. The Minnehahas intend to visit Minneapolis and other outlying regions whenever their friends become imbued with the hospitable sentiment of the carnival times.

The officers of the club are: Miss Emma Hendrum, president; Miss Jennie Leo, vice president; Miss Minnie Potts, treasurer; Miss Margaret Leo, secretary; Miss Viva Mindrum, lieutenant. The captain is J. V. Parker. He's a man, and was permitted to be captain because he knows all about skating and can speak loud enough to be heard above the casual but simultaneous remarks of the other members.

The clerks in the wholesale houses will hold a meeting Tuesday night to organize a carnival club. The place of meeting will be announced in tomorrow's Globe.

The Swedish society, Vega, will close the carnival with a grand masquerade ball at Mozart hall, formerly Turner hall, Feb. 1. The society will offer five prizes in gold for the most unique character costumes.

"The Brownies," an organization comprising the youth and beauty of Lower Town, brimful of carnival enthusiasm, held a meeting last evening, elected officers and arranged all details to insure a lively time during carnival week. The club will number about twenty-five members and when they

appear in their nobby brown uniforms, will remind one of the Cox's delightful creations. In all probability the club will be ready to make their appearance about the middle of the week.

To the sum of \$500 originally set aside for the prizes to be offered to participants in the carnival skating tournament, the executive committee has added \$350, and the series of prizes to be hung up will discount anything yet offered to American skaters. The first prize in the 100-mile championship race will be known as the Haman trophy, a magnificent epergne, valued at \$50. It is almost two feet in height, of silver, exquisite in design and elegantly engraved. The winner's name and time will be engraved on it when it has been won. The racing programme in detail is here given:

Wednesday, Jan. 22.—3:30 P. M.—One mile championship of St. Paul. First prize, gold medal; second prize, silver medal. Open to all skaters residing in St. Paul and Minneapolis.

Thursday, Jan. 23.—3:30 P. M.—Two-mile handicap, prizes to be announced later. Open to all skaters residing in Minnesota.

Friday, Jan. 24.—3:30 P. M.—Three-mile championship of Twin Cities; gold and silver medals to first and second. Open to all skaters residing in St. Paul and Minneapolis.

Saturday, Jan. 25.—3:30 P. M.—One-mile championship of Minnesota; gold and silver medals to first and second. Open to all skaters residing in Minnesota.

Sunday, Jan. 26.—3:30 P. M.—Five-mile championship of Minnesota; gold and silver medals to first and second. Open to all skaters residing in Minnesota.

Monday, Jan. 27.—3:30 P. M.—Ten-mile race, open; gold and silver medals to first and second. Exhibitions to each championship race. Entrance fees to above races 50 cents to each race. Entries close on Jan. 20, and should be sent to J. J. Ryder, assistant secretary winter carnival.

Tuesday, Jan. 28.—3:30 P. M.—One-mile, national championship; five-mile, national championship. Gold, silver and bronze medals to first, second and third in each event; open to the world.

Wednesday, Jan. 29.—3:30 P. M.—Competitive drill of uniformed people will do the Minneapolis lots of good, for they are nothing if not enthusiastic over there. Strange as it may seem, the carnivalites who went over to the Mill City last Thursday evening say that there was more cheering along the streets, late as it was, than they have yet heard in St. Paul. Minneapolis was also represented in St. Paul during the carnival festivities.

At last night's meeting of the Eighth Ward Carnival club at Frylinger's hall, Farrington and University avenue, eighty-four names were signed to the list of membership, and officers were elected as follows: President, Valdemar Tiernan; secretary, J. C. Devereux; treasurer, C. Frylinger; captain, M. A. Rafferty; first lieutenant, Frank Kelly; second lieutenant, Fred Rikow; color bearer, James Quinn; executive committee, Christ Frylinger, William Folger, J. C. Devereux, M. A. Rafferty, Fred Kelly and Charles Hickson. The matter of selecting a uniform was left until tomorrow night, when another meeting will be held at the same place. It is proposed to make the largest carnival club in the state, its nearness to the carnival grounds giving the members a special inspiration.

The Carnival Facetium is Dictator at a Swell Banquet.

The Reporters' club held its third meeting during the period, beginning at midnight last night, the rendezvous this time being in the Royal Vaults, on East Fourth street, where the members were safe from the whistling wind without. Besides the usual number of frolicsome members of the club, there was present Col. Plummer, the noted temperance advocate from North Dakota, who was there to counteract the influence of the champagne with which the feast of the morning was washed down. W. W. Erwin was also conspicuously seated at the table, while "Dr." Fred Schiffman and Corcoran Whitcomb were on hand to take care of any who suffered heart failure on a square meal. Clerk of the Supreme Court Day Heese was there to exercise a restraining influence on George Kingsbury's effervescent mirthfulness, and Tenny and Wolf, the musical duo, interpolated musical selections whenever John J. Ryder, who presiding, devoted too much voice to advertising the carnival.

The board of directors has decided that the use of the toboggans and of the slides shall be absolutely free to all visitors to Fort Karnival. The slides will be open day and night, and no charge will be made for anything connected with them. As these slides are 200 yards in length and built in the most approved fashion, one running east and the other west, it is hoped that the public will use them to their full capacity.

Schuneman & Evans' carnival brigade will parade tomorrow evening at 7:45 almost 100 strong, with their own band. Every man will carry a torch of special design, with the firm name inscribed thereon.

On next Friday night every club in the city that has its uniform ready will be asked to parade with torches, and it is possible that a visit will be paid to Minneapolis by the whole outfit. A sight of several hundred brilliantly uniformed people will do the Minneapolis lots of good, for they are nothing if not enthusiastic over there. POLICE COURT MELANGE.

Another Midway Case They Couldn't Make Stick.

Mrs. De Franchy, wife of the William De Franchy acquitted Friday of the same offense, was discharged in the municipal court. She had been accused of selling liquor in the Midway district. Similar cases had been tried Friday by a jury and the prisoners discharged.

Mrs. De Franchy's case was decided by Judge Orr. He was convinced that a witness had purchased of the prisoner a bottle of "maltum," but he was afforded no proof that the specified bottle contained sufficient alcohol to make the beverage an intoxicating drink. The judge was guided by the case of the state of South Dakota vs. the Sioux Falls Brewing company. The recent local prosecution has been conducted under the city ordinance. It might have resulted much more seriously to the accused had she been prosecuted under the state law. It is understood, however, that when the Midway men attempt to secure an indictment of the same persons under the state law the grand jury refused to return a true bill.

George Milkes, accused of stealing a watch in July, 1894, that belonged to Capt. Wright of the fire department, was discharged. Testimony was presented showing that Milkes' brother purchased the watch of a young man named Bertram.

Louis Padden and Mamie Padden were discharged. They were charged with disorderly conduct, having been found together in apartments on Seventh street, but they appeared in court yesterday with a marriage license.

F. M. Andrews, who sold a bicycle which he alleged to have been coming from the city of St. Paul, was discharged. He was allowed to plead guilty to petty larceny, and was fined \$25.

Jack Murray, John O'Connor and F. O'Connor, who were charged with robbing a saloon on Cedar street, were held to the grand jury. They were unable to furnish bonds and went back to jail. Murray is said to have been coming from the city of St. Paul, and the others were arrested under less convincing circumstances. The bond of Murray was therefore fixed at \$1,000, and those of O'Connor at \$500 each.

James Pollock, sent to the workhouse for ten days for driving off, while drunk, with another man's horse and buggy, was discharged to secure his freedom by paying a fine of \$10.

Frank Rothmeier, charged with beating his wife, was released on his own recognizance. He will be tried tomorrow.

A Johnson was arraigned for larceny. He was accused by an installment house on West Third street of selling out of goods and failing to account for the sales. He had been arrested on an original charge of drunkenness, but this charge was not proven.

DISTRICT COURT.

Summary of Complaints Filed and Matters in Special Term.
