The skating "cut no ice" yesterday.

MOVEMENTS OF STEAMERS.
SOUTHAMPTON, Jan. 29.—Arrived: Steamer Aller, New York for Bremen, and proceeded; steamer New York, New York for Liverpool, and proceeded.

QUEENSTOWN—Germanic, New York for Liverpool, and proceeded.

The Chicago Great Western is truly a great Western road.

Suppose those popular bonds should be as hard to float as the steamer St. Paul.

The St. Paul hugs the shore. Perhaps "she" is entitled to. This is leap year.

New York newspapers factiously denigrate the legislature at Albany the Tomplattery.

If Armenia desires she can paper the houses of her principal cities with American resolutions.

Is Watterson a hot potato? The sound money Democrats of Kentucky dropped him yesterday.

A New York man has fashioned a coffin into a sideboard. He hadn't much of an appetite anyway.

The salary of England's poet laureate is \$30 a month. You couldn't expect such a poet for that, now, could you?

Senator Tillman, of South Carolina, made a speech on the silver bond bill yesterday. His wheels are working well.

A young Englishman tried to kill himself in Philadelphia because a Chicago girl jilted him. He didn't know his luck.

Old Sol is coming as near as he dares to burning up Fort Karnival before the fire king has a chance to apply the torch.

Gen. Weyer may not sail for Cuba at all. He evidently figures that the chances for glory in that "neck of the woods" are not very good.

Prof. Rontgen, who photographs the invisible, could earn something by turning his camera on the presidential bill of Adlai E. Stevenson.

Turkey has agreed to permit Russia to occupy and pacify Armenia. With two or three more battles, Armenia would be as quiet as a cemetery.

John L. Sullivan fell from a moving train at Davenport, Io., while intoxicated. Somehow this fellow managed to always strike a soft spot in his falls.

The Democrats of Wisconsin are coming out of their holes in droves. At Waukesha Tuesday they elected every officer in the city except a police justice.

The St. Paul G. A. R. committee should go right ahead with its work and find out whether or not the "nigger in the woodpile" is located in Indiana.

Commander-in-Chief Walker may as well know that the people of this neighborhood do not like the enthusiasm with which he says "St. Paul is out of it!"

Senator Vilas says the United States senate is like a mud turtle lying on its back, kicking vainly and helplessly into the air. How nice it would be to keep the senate on its back on salary day.

The silver bond bill will not interfere with the \$100,000,000 of bonds bids for which are to be opened Feb. 5. Senator Hill said yesterday that he would not consent to a vote on the bill until Feb. 6.

Speaker Reed might take the house of representatives on an excursion to Europe for a couple of months. It isn't doing any work, and the salaries of its members might be sent to such foreign ports as it visited.

It is given out that the votes that Quay picks off here and there in Pennsylvania will eventually find their way into the game bag of Thomas B. Reed in exchange for a cabinet portfolio if Mr. Reed is successful in his contests for the nomination and election.

THEY FEEL FOR CUBA

IS THE SUBSTANCE OF RESOLUTION OF SENATE FOREIGN AFFAIRS COMMITTEE.

RIGHTS OF BELLIGERENTS AND MORE CIVILIZED WARFARE ON THE PART OF SPAIN ASKED FOR.

TILLMAN'S TORRENT OF ADVICE

One of the Most Sensational Speeches Ever Heard in the Halls of Congress.

WASHINGTON, Jan. 29.—The presentation of committee reports on Cuba and a highly dramatic and sensational speech from Mr. Tillman, the new senator from South Carolina, furnished two stirring events in the senate today. The majority resolution on Cuba asks the president to urge Spain to grant belligerent rights to the insurgents, while the minority report directs the president to take steps toward securing from Spain the complete independence of Cuba. Both resolutions went to the senate chamber.

Such a torrent of invective has seldom been heard in the senate as that in the speech of Mr. Tillman. Veteran members of the body characterized the speech as one of the most remarkable in the history of the upper branch of congress. It abounded in statements of sensational character arraigning President Cleveland, Secretary Carlisle and other men in high places. There was a directness of statement and a dramatic manner of delivery which awed the floor and galleries. The gestures of the senator were used frequently in acting his words. At one point he made a profound salute and "tipped his hat to Sherman" as the financial victor of a quarter of a century. The galleries were moved alternately to applause and laughter. Pausing for a sip of water, Mr. Tillman remarked to a reporter: "I seldom wear my whistle while I speak; still you can't run a windmill on water."

The next moment there was a hush through the chamber as the senator applied such names as "Judas" to a member of the cabinet or characterized the administration in bitter terms. At times the senator's voice sank to a whisper, as for instance, when he gave warning of the approach of a popular revolution and communism and the marching on Washington of a host with rifles in their hands. Again his voice resounded through the chamber and the outer corridors as he called senators and members "cowards" for not resorting to impeachment.

Mr. Jones (Dem., Ark.) gave further notice of a test of endurance tomorrow as necessary to secure a vote on the silver bill.

CUBAN RESOLUTION.

WASHINGTON, Jan. 29.—Mr. Morgan (Dem., Ala.), from the committee on foreign relations, very promptly, after the reading of a report on Cuba today, reported on the resolution for the recognition of the belligerent rights of the Cuban insurgents. The senator favored the bill in full, stating that he favored action on a substitute resolution. The reading of the resolution, and the report was followed with close attention by senators.

Resolved, By the senate, the house of representatives concurring, that the present deplorable war in the island of Cuba is a tragedy which concerns all civilized nations, to the extent that it should be conducted if unhappily it is no longer to continue, on these principles: That the rights of the people who are engaged in the struggle are recognized under the law of nations.

The resolution was accompanied by a report, which states, among other things, that the people of this neighborhood do not like the enthusiasm with which he says "St. Paul is out of it!"

THE CORDIAL SUPPORT

of the United States. The near proximity of Cuba to the frontier of the United States, and the fact that it is universally regarded as a part of the continental system of America, identifies that island so closely with the political and commercial welfare of our people that congress cannot be indifferent to the fact that civil war is being waged on the island.

The destructive character of the Cuban war is also noted, as well as the fact that citizens of the United States and their interests are jeopardized. It is asserted that the devastation of Cuba in the present war that is "being waged with fire and sword" is a cause of unrest among the people of the United States, creating strong ground for protest against its continuance.

The report concludes, in part, that the revolutionists are a misfortune which it is unfair to visit upon the United States. It is due, the report concludes, to the situation of affairs in Cuba that Spain should recognize the existence of a state of war in the island, and should voluntarily accord to the revolutionists the rights of belligerents under the laws of nations.

Mr. Cameron presented a resolution from the minority of the committee, which follows:

Resolved, That the president is here-

ON THE SAFE SIDE

CLERK MCKENNY RESIGNS HIS POSITION IN THE MINNESOTA LEGISLATURE.

BALDWIN AIDING CHIPPEWAS.

TAWNEY GETS A DATE FOR HEARING OF HIS ANTI-OLEOMARGARINE BILL.

HOSPITAL FOR FORT SNELLING

Provided for by a Bill From Kiefer—One Small Bill From Heatwole—Gamble's Bill.

Special to the Globe.

WASHINGTON, Jan. 29.—C. R. McKenny, enrolling clerk of the house, has resigned from the Minnesota legislature. His position here was in no manner endangered by the recent election decision, but he considered it best to be on the safe side before any question of the same kind should arise in congress.

Ex-Congressman Baldwin, of the Chippewa commission, is in the city in connection with questions brought up by the visit of a band of Chippewa Indians. He says the Indians do not appear to know exactly what they want, some of them desiring to oppose Congressman Towne's bill providing for the sale of pine lands on their reservation, while others want to have an allotment of 160 acres of land made to them instead of only 80 acres. The Indian bill will be reported next week.

It carries the appropriations for the school and there will be a fight on the sectarian part of the appropriations. It is quite probable, too, that the question of locating a branch supply depot will come up, and the claims of St. Paul will again be urged by Congressman Kiefer. Gen. Sarborn, of St. Paul, who is interested in getting his dues from the Sisletons and Wahpetons of South Dakota, is expected here to appear before the committee on Indian affairs.

Congressman Kiefer today offered an amendment to the Indian bill providing that all unpaid claims between Indians and their agents shall be settled and paid by the secretary of the interior.

HOSPITAL FOR SNELLING.

Col. Kiefer expects to have a hearing before the surgeon general of the army concerning an appropriation for a large number of hospitals to be provided for the Indians. The military committee has agreed to make provision for an appropriation of \$75,000 for the improvement of hospitals at various points in Fort Snelling. The committee has agreed to make provision for a specified amount of this for Fort Snelling, so that there will be no doubt about the appropriation of the money.

Congressman Fletcher today introduced a bill directing the secretary of war to donate two condemned cannon to the city of Fort Snelling.

Congressman Tawney has completed arrangements for hearings, to begin next Monday, before the ways and means committee at Fort Snelling, to advocate the bill taxing oleomargarine and other imitations of dairy products.

The committee on revision of laws today made a favorable report on Congressman Pickler's bill to codify the pension laws.

Congressman Kiefer and Eddy were before the sub-committee of the committee on claims today, and urged favorable action on the bill granting a pension of \$40 per month for the services of a soldier who was wounded at Fort Snelling.

Congressman Heatwole today introduced a bill for the relief of Henry E. C. Long, of St. Paul, who is entitled to a pension for his services in the Mexican war.

Congressman Tawney introduced a bill granting a pension to Joseph H. Shepley, of Dodge City.

The joint traffic association dealt out cold comfort to the Grand Army today, for it took action in relation to cheap excursions that practically announces that it will not grant as low a rate as has been given by the Western roads, and will not extend the time limit as low as the Western lines have already done. It has issued orders that no rate be made lower than that for the round trip, and that the longest limit be three days from the expiration of the meeting for which the reductions are made. A declaration has also been issued to the effect that the arrangements for the meeting of the National Educational society at Buffalo are unauthorized, and must be revoked. The joint traffic association claims jurisdiction over all business going through Buffalo, and it is declared that in making the cheap rates for the meeting of the educational society the Central Traffic association went beyond its powers.

STREET RAILWAY SOLD.

Milwaukee Franchises and Lines Being \$5,000,000.

MILWAUKEE, Wis., Jan. 29.—The property of the Milwaukee Street Railway company was sold to Charles F. Plister, Frank G. Bigelow and E. K. Miller today. The Milwaukee Street Railway company was sold to Charles F. Plister, Frank G. Bigelow and E. K. Miller today. The Milwaukee Street Railway company was sold to Charles F. Plister, Frank G. Bigelow and E. K. Miller today.

The senator closed at 4 o'clock. Mr. Jones (Dem., Ark.) asked unanimous consent to fix 2 o'clock tomorrow as the time for voting on the silver bond bill. Mr. Hill objected.

"Will the senator name a day for a vote?" asked Mr. Jones. "The 6th of February," responded Mr. Hill.

Mr. Jones declined to consider this day, and said he would make the test tomorrow.

At 4:25 p. m. the senate adjourned until tomorrow.

Big Bill for War Claims.

WASHINGTON, Jan. 29.—Senator Stewart, from the committee on claims, today made a favorable report on the bill making an appropriation to reimburse the states of California, Oregon and Nevada for expenditures made in the equipment of troops during the war. The claims amount in the aggregate, principal and interest, to \$4,491,018.

Lands for N. P.

WASHINGTON, Jan. 29.—Secretary Smith today approved as basis for patent list No. 31 lands selected by the Northern Pacific Railroad company embracing 14,831 acres in Fargo, N. D., and district.

Dubuque Plan Fails.

WASHINGTON, Jan. 29.—The president today nominated John M. Lenthall to be surveyor of customs at Dubuque, Io.
