MAHER'S EYES ARE STEADILY IM-PROVING-FITZ IN FIRST-CLASS CONDITION.

GOV. THORNTON SORE AND ANGRY.

Declares That the Insinuations That He Was Aiding the Fighters

EL PASO, Tex., Feb. 19.-The fight was practically asleep today, the only point of interest in it being the condition of Maher's eyes, and of them the report was as it has been for the past three days-steadily improving. Fitzsimmons remained quietly in his quarters all day, and gave the numerous Mexicans and rangers who watched him every time he leaves the house a chance to rest themselves. He is doing only very light work, in order to keep himself in first-class condition. He is certainly in superb shape, and reiterated today his firm belief that the fight would be a short one, and that he would be an easy winner inside of five rounds. Jack Everhardt went over to Fitzsimmons' quarters today to help him train, and will probably be one of his seconds in the ring.

Considerable merriment was caused at Stuart's headquarters today by a story from Galveston that the fight would be on barges in the Gulf of Mex-Ico, off that city. It was to be fought before the kinetoscope and a few witnesses only. The plan was never thought of here until wired from Galveston, and the impossibility of the kinetoscope taking photographs if the water was in the least rough is alone enough to put the plan out of the question. All sorts of rumors are afloat as to the location of the hattle ground to the location of the battle ground. but Stuart is keeping his own counsel, and not until tomorrow night will any information be given as to the location and the time of the departing train. Buck Connolly came in from Las Cruces tonight and reported Maher as being much improved. He said his man would be down on the 10 o'clock train tomorrow morning and would be ready to enter the ring at any time after his arrival. He was not inclined to be communicative regarding to be communicative regarding Maher's general condition, but Dick Plunkett, who came in from the Maher camp with Connolly, declared Peter was in excellent shape and strong as an ox. His eyes, according to Plun-kett, are somewhat inflamed, but his general condition is excellent.

ANGRY GOV. THORNTON.

Declares That Delegate Catron's Insinuations Are False.

SANTA FE, N. M., Feb. 19. - The charge made by Delegate Catron at Washington, that Gov. Thornton, of New Mexico, was acting in collusion with Dan Stuart to have the prize fight come off in New Mexico, before the recent act of congress in regard to prize fighting was passed, continues to be the subject of much comment in this territory.

governor, in an interview, said that he was indignant at the uncalledfor conduct of the delegate. He de-clared that, while he recognized the weakness of his legal position, he had left no stone unturned to prevent the fight coming off in New Mexico; that his correspondence with the attorney general was on record at Washington, showing that he had both telegraphed and written, asking for the aid of soldiers to assist the civil authorities, prior to any congressional action; that over a month ago he had written to the district attorney of Donna Ana county, and the district attorney of Grant county, directing them to use their utmost endeavors to prevent the law's violation. He had also written to Judge Bantz asking for advice and co-operation in the matter; consulted with the solicitor general and United States Attorney Hemingway, and had put all the machinery of the law in motion to be able to prevent the prize fight. While the punishment was only a fine, he realized the danger of the fight being brought off here in spite of his efforts, as there is a strip of country eighty-five miles in length, extending from El Paso to Deming, where there is no settlement whatever, and the pugilists and their friends could board a train in El Paso, go up the road fifty miles, and fight before it would be possible to get officers on the

This they were not afraid to do while the penalty was a simple fine. The governor also stated that he gave the associated ministers at El Paso the in-formation of the absence of any legislation, either federal or territorial, to properly protect the territory, which information the ministers' association wired to Congressman Cockrell, which doubtless resulted in Mr. Catron intro-ducing his bill. The governor says he defies Mr. Catron or any other man to produce an iota of evidence where he has neglected to do his whole duty in this matter, or to show any complicity with the prize fighters. "I think," continued the governor, "that Mr. Catron deserves great credit for pushing the bill, but I object to his misrepresenting my ceitiful to be a superior of the state o ing my position in order to glorify him-

CHICAGO, Feb. 19 .- The next convention of the Republican National league will be held at Milwaukee, Aug. 25, 26 and 27. Instead of leaving the selection to the meeting of the exec-utive committee, a ballot was taken last month by correspondence, and Mil-waukee won out by an overwhelming vote, and today the executive commit-tee formally ratified the selection. The meeting of the executive committee is held for the purpose of securing money to carry on the campaign this year. Hitherto there has been no lack of funds, or rather very little difficulty in securing all the money needed, and no effort has been made until today to arrange for the financial end of the work. Secretary Dowling says that there is no definite plan before the committee. The work will be con-cluded with a session tonight.

It soon became apparent that all financial difficulty would be overcome. At this juncture a telegram was received from the attorney of the league congratulating the meeting on the successful outcome of a suit which has been pending since 1888 in Albany, by which the league is given \$17,000, which it had sued to recover on a literature contract. A telegram of sympathy was sent to James H. Manley, of Augusta, Me., a prominent member of the league, regarding the death of his wife. The secretary was instructed to distribute 10,000 copies of T. HARRISBURG, Pa., Feb. 19.—John D. Patterson, Republican, for mayor, was given 1,800 plurality, and the Republicans carried everything except city controller, William K. PHILADELPHIA, Feb. 19.—The plurality of 80,903 given yesterday for John L. Kinsey, the Republican candidate for city solicitor in this city, has only been exceeded once. In 1894 Gov. Hastings got a "tidal wave" plurality of 85 132. In select council the Gov. Hastings got a "tidal wave" plurality of 85,132. In select council the Democrats have three out of thirty-seven members, a loss of four. All of the morning papers agree that reform was "snowed under." For the first time since its organization, the Reform league ran a candidate on the general ticket, in the person of John A. McCarthy, for magistrate. Out of 185,491 votes cast 7,072 were for Mc. 185,491 votes cast 7,072 were for Mc-

In the state there were many surprises. Republicans carried Democratic strongholds and Democrats were successful where Republicans had formerly held sway. This was due, in every instance, to local conditions. At Reading, in a total vote of over 11,000, Jacob Weidel (Dem.) was elected mayor by 164 majority. They also elected Henry G. Young, city treasurer, but Adam H. Leader (Rep.) was chosen controller by a big majority. At York, after a hot fight, Charles W. Brant

The Democrats gained three common council men. The unexpected happened at Williamsport, where, in a hot three-cornered fight, the Pro-hibitionists elected James Manset mayor by about 300 plurality.

PITTSBURG, Feb. 19.-The municipal election yesterday resulted in a victory for the regular Republican ticket, after the hottest fight known in this city for years. The reformers elected a number of councilmen, but the Republicans will still have a good working majority in both branches. In Allegheny Geyer (Rep.) was elected mayor without opposition. The entire Republican ticket was also elected. In this city the municipal league leaders are not satisfied with the figures as reported, and have issued a card al-leging fraud and assert that they will contest the election in court.

The Municipal league meeting de-eloped much feeling and it was decided to go on with the contest against frauds. A guarantee fund of \$10,000 has been subscribed by business men and citizens and more is promised for the work of the league and they are expected to go into court to contest the elections. WASHINGTON, Feb. 19.-The second day's session of the Daughters of the American Revolution was held behind closed doors, much to the disappointment and dissatisfaction of the ladies. Notwithstanding this, what transpired during the day was learned. Considerable discussion ensued at the morning session on a motion to employ counsel for the board of managers, and many of the ladies thought they ought to secure a man to perform special duties. There was some objection and it was argued that the rules and constitution of the society forbade it. Finally the board was authorized to employ counsel if necessary. A new office, that of vice president general, who is to preside in the absence of the president general was created. The afternoon session is described as

### HEALTH ASSEMBLED

THE ST. PAUL GLOBE OFFICE THRONGED WITH VISITORS.

Attracted There by the Offer of a Present of Kickapoo Indian Oil.

In spite of the terrible cold of yes-terday 3,984 people passed through the St. Paul Globe office, and each of them received absolutely free a bottle of Kickapoo Indian Oil, also a package of the famous Kickapoo Indian Worm Killer, This Kickapoo Indian Oil, which the agents of the Kickapoo In-dian Medicine Co. are distributing absolutely free, is composed of oils, bal-sams and gums of the forest. It is in every way perfectly harmless, and yet remarkably efficient in the rapid man-ner in which it cures all aches and

Although the Kickapoo Indian Medicine Co. manufacture several other remedies of national repute, such as their Kickapoo Indian Sagwa for the blood, stomach, kidneys and liver, Kickapoo Indian Cough Cure, Kickapoo Indian Ointment, etc., etc., yet the two remedies that they are giving away are probably the best they could have chosen to quickly demonstrate the value of their medicines, and this, too, at a time of year when many are suf-fering from such troubles as Rheu-matism, Neuralgia, Sciatica, Lumbago, Backaches, Earaches, Headache, Chil-blains, Frostbites, to say nothing of sprains, strains and bruises resulting from falls on the ice, and the many other ills particularly common during the winter months, as well as cuts, burns and all surface inflammations

As hundreds of people can testify who have had occasion to use Kickapoo Indian Oil during the past few days for pains and aches of various degrees of intensity, the effect is almost magical.

Many who have appeared at the St. Paul Globe office, and then and there applied the oil to a rheumatic wrist, an aching ear, a throbbing head or neuralgic neck, and within less time than it takes to tell it their pains and aches vanished like mist before the summer sun.

One-case of peculiar interest that came to the attention of the reporter who stood on the outskirts of the crowd taking note of many little intances always common at such gathering, was of a woman who told a story of how two days before she had procured a bottle of the Kickapoo Indian Oil and had taken it home to her husband who had been confined to his bed for weeks with Rheumatism, unable to work, thus cutting off their only means of support. She described only means of support. She described how, when he began to improve after one application of the remedy, the pain would leave him, returning at longer and longer intervals. Realizing that more than an outward application was necessary in order to effect a permanent cure, she had returned, hoping that possibly she could obtain also a bottle of their famous Kickapoo Inbottle of their famous Kickapoo Indian Sagwa, that great blood remedy, which makes the existence of disease almost impossible. When informed that they were not giving this away tears came to her eyes, for during six long and weary weeks of sickness their scanty supply of money had been quickly vanishing, though, eked out by her own heroic efforts. her own heroic efforts. A sympathiz-ing gentleman in the crowd stepped up to her, and, drawing from his pocket a dollar, told her to go to the nearest drug store and procure the much coveted medicine, and at the same time assured her that he believed it would restore her husband to perfect health. Such incidents are constantly occur-
