It can't be said that this weather puts no ice.

News from Nansen would be appreciated just now.

ECKELS' IDEA OF IT

DEMOCRATS WOULD HAVE NO CHANCE ON A FREE SILVER PLATFORM.

PRINCIPLE IS INVOLVED.

ANY ATTEMPT TO AROUSE PASSION IS A CONFESSION OF WEAKNESS.

GROVER CLEVELAND IS OUT OF IT.

In the Opinion of Eckels He Is Not a Candidate and Would Not Accept.

CHICAGO, May 11.—James H. Eckels, the controller of the treasury, who has come to Illinois to look after the sound money interests of the Democratic party in this state, said tonight when asked what line of action he intended to pursue: "I am free to confess that Democrats in Washington, especially those from Illinois, were disappointed and chagrined at the action of the Cook county committee in refusing to call primaries under the law. They cannot understand why, if a large majority of Democrats here, as is claimed by the silver men, are for silver, they should not have a fair test at the polls, free from any suspicion of fraud. In advising and aiding in preventing such primary elections, Grover Cleveland cannot be held to have driven from him any who have heretofore held that whatever may be his views on the question, he honestly entertained them and honestly believed a majority of the Democrats of the state supported him therein. The question is one that ought to be decided on principle, and the attempt to make it one whether Grover Cleveland will run again for governor, or not, introduces an element that gives many the opportunity to skirt the real issue. So, to do the making of continual attacks upon the federal administration. The principle involved and the wisdom or unwisdom of free coinage of silver remains the same irrespective of the attitude of either President Cleveland or Grover Cleveland towards it, and the attempt to arouse passion and prejudice as determining factors is a confession of weakness on the part of those who resort thereto.

"There is nothing to be gained by abusing every one who disagrees with the state administration on this purely national question, and the charges of corrupt methods employed are, to say the least, in very bad taste. I do not know whether those who are engineering the free silver movement in Illinois consider the course they are pursuing is winning politics, but if so I am certain they will be disappointed in the results on election day.

"Such a stand means at the outset the complete abandonment of important states like New York, New Jersey and Connecticut. It involves the loss of Maryland, Delaware and Kentucky. It could not save Indiana. To make this loss good, enough thoroughly silver states would have to be won to give a majority in the electoral college. Colorado, Montana, Utah, Nevada and Idaho would probably go Democratic, but when those are named the whole gain is exaggerated. The electoral vote of all would not equal New York or New Jersey, and Mr. Cleveland could not carry Iowa, Kansas or Nebraska, and Mr. Bland could not win in Missouri. I do not know that any Democrat could be elected on any platform, but I am certain there is an opportunity on a sound money platform, while there is absolutely none on a free silver one. The result in Illinois would be simply disastrous. If Mr. Altgeld compels a free silver platform and runs for governor, strength of his 'state issue campaign' cannot save him. It will not be for candidates for county places to flatter themselves with assurances that the governor's candidacy will save them. He cannot carry his views to the extremes he does, and denounce all who differ from him as corrupt, and not find many self-respecting Democrats to resent such treatment. If Democrats are given fair opportunity to express their convictions, unawed by threats and free from machine abuses, they can have little ground of complaint if beaten. But, if threatened on the one hand, and denied rights on the other, they are justified in going to very great extremes in punishing those who commit, authorize or approve such wrong."

"What is said at Washington concerning Mr. Cleveland and the third term?"

"I hear but little. I do not believe Mr. Cleveland will be a candidate or take a nomination, and I don't believe those in Illinois who are making the statement that he will, know anything about it, or state it because they themselves believe it."

ECKELS ANSWERED.

Altgeld Has His Say on the Questions Involved.

SPRINGFIELD, Ill., May 11.—Gov. Altgeld was shown Governor Eckels' interview tonight. He said: "The persistent iterations about unfair primaries are without any foundation, and intelligent gold standard men know this. The fact that they keep it up shows they are trying to mislead the public and to divert attention from the character of their cause. The conduct of the gold standard men is extraordinary. After the federal administration has so often rebuffed the Democratic party, if the national election were held tomorrow we could not carry a single state in the Union, it is certainly a piece of impudence for the adherents of this administration to attempt to dictate to the Democrats of Illinois. Mr. Eckels says that a silver platform means an abandonment of New York, New Jersey and Connecticut, and the loss of Maryland, Delaware and Kentucky. He would have done a service if he had indicated what there is left for us to abandon. As I remember, an election was held there not long ago. When the fight was over we had not even enough to bury our dead."

FRAY IN MISSOURI.

Republicans Are Split Up Over the Question of State Control.

ST. JOSEPH, Mo., May 11.—The city is in the possession of the Republicans, and tonight there are over 5,000 strangers in the city. Chauncey Ives Filley and Richard C. Kerens, the contestants for the state chairmanship, who will conduct the campaign tomorrow, when the state convention meets, are here. Tonight both delegations held caucuses to lay out the programs for tomorrow. The Filley delegation came in from St. Louis 400 strong tonight and made a parade of the city.

The headquarters of the contesting delegations are crowded, as are those of Judge James Gibson and Hon. Webster Davis, the two prominent contestants for the gubernatorial nomination. All the big Republicans of the state are here, and each and every one, as soon as he reaches the city, takes a hand in the fray, which promises to be somewhat bitter. The Filley men are determined to control the convention, while the Kerens faction is as equally determined to have matters its own way. The Filleyites seem to have the best of the fight, or they have the temporary chairman, Congressman Richard Bartholdt, to preside at the morning session, and it is announced tonight that Mr. Filley will either preside tomorrow as permanent chairman or
