MINNEAPOLIS.

Homeopaths Have an Interesting Day of Discussion.

The homeopaths continued their sessions yesterday in the Masonic Temple. The only business outside the reading of papers and discussion was the report of the censors, who presented for membership seven new names with recommendations. These were admitted without a single dissenting vote. The following papers were read, some of them bringing out considerable discussion:
 Bureau of Obstetrics—"Examining in Obstetrics," by W. T. Stone, M. D., St. Cloud; "Obstetrical Don'ts," by Thomas Lowe, M. D., St. Cloud; "Induction of Premature Labor," by R. R. Rome, M. D., chairman, Minneapolis; "Bureau of Psychology and Science of Homeopathy—"The Law of Stimulus the Only Law of Cure," by H. R. Arndt, M. D., San Diego, Cal.; read by the chairman; "Hahnemann's Doctrine of Dynamization," by William R. Fiske, M. D., San Francisco; read by the chairman; "The Science of Medicine," by D. H. Roberts, M. D., Owatonna; "Scientific Medicine," by W. T. Stone, M. D., St. Cloud; "Something Practical," by T. J. Gray, M. D., chairman, Minneapolis.
 Bureau of Medical Jurisprudence—"Homeopathy in the State Boards and Institutions of Minnesota," by W. H. Calne, M. D., Minneapolis; "Examining for Life Insurance," by Elizabeth Lewis, M. D., Minneapolis; "Professional Collections," by R. A. Eaton, Minneapolis; L. M. Lufkin, M. D., chairman, St. Paul.
 The evening session was but a continuation of the afternoon programme, there being several papers left over. The theme for the evening was electro-therapeutics. Papers were read by A. F. Williamson, M. D., St. Paul; C. M. Eastman, M. D., St. Paul; Bessie F. Haines, M. D., Duluth, and G. F. Roberts, M. D., Minneapolis. The papers dealt with the different uses of electricity in the practice of medicine, and narrated individual cases in which the speakers had found interesting conditions and cures.
 After the routine business today papers will be read under several classifications, and at 5 o'clock the election of officers will ensue. At 7:30 o'clock the annual banquet will be served at the Masonic Temple, at which President B. H. Ogden will deliver his address upon "One Hundred Years of Homeopathy."

EQUINES ON PARADE

THE SECOND DAY OF THE HORSE SHOW PROVES A GREAT SUCCESS.

RIVALRY VERY SPIRITED.

THOSE SECURING PRIZES—A RIG BEAUTIFULLY DECORATED WITH FLOWERS.

A TAILY-HO IS OVERTURNED.

Sensation in the Perkins Case—General News of the Flower City.

The second day of the horse show of the Minneapolis Driving Club was made a success through the courtesy of the weather maker, and, as had been expected, that was all that was necessary to make the affair a great success. The classes were well represented, and the contest for the prizes was spirited. The judging was excellent, the decisions being applauded by the crowd after each class was judged. This was especially fortunate, as it has made all the exhibitors good-natured, and the rivalry was of that kind that was of the friendly order. This was made all the more possible by the fact that Col. W. S. King was one of the contestants, and his merry laugh and repartee set everybody in good humor from the outset.
 Perhaps the most unique portion of the programme was the parade of bicycle clubs. True, the clubs were in some instances too late to compete, the Spaulding club arriving after the clubs were judged, but the number was appreciated as showing the possibility of the bicycle in modern warfare. It was the corps from Company I, M. N. G., that was on the track in time and under command of Capt. Corriston, made a wonderful showing. "Where is Company B?" some one asked.
 "They say coming, and turned off a side street," replied Sergeant Rogers, and a laugh followed.
 In all seriousness, however, it was astonishing how well the men drilled mounted. It seems almost impossible that such splendid line and great accuracy of movement could be given mounted upon wheels. It was very little short of foot precision. The corps secured the prize.
 The first prize to be contested for was that for the finest pair of trotters to trap or surry. It was a hard class to judge, and fully a half-hour had elapsed before C. M. Harrington's pair secured the blue ribbon. He showed a handsome pair, chestnut and roan, respectively, with great style and action, and the rig was complete. L. J. Boynton, with a rangy pair of bays, secured second, and Dr. J. Warren Little took the third prize.
 The pacers came next, to be shown before the judges. The prize for the best appointed rig was a long-time in being awarded, C. B. Shove secured first class with a handsome, high, ruggy mare, with a new and expensive harness and buggy. There was a long tussle

For the other places, but finally F. P. R. Foss secured second, and Hal Watson with the blackbird third. The horse acted nicely yesterday, and deserved the place easily. The other entries were by J. C. Oswald, P. McCune, W. J. Crisheim and B. J. Locker.

For the best road team, there were four pretty turnouts. Col. King had a handsome brown team entered, which he drove himself, which the judges were long in deciding against a team entered by G. T. Honston and one by B. J. Sawyer. Finally Honston's team was awarded third, and there was a long judgment over the other two. Col. King getting second, finally, and the Sawyer team the first place.
 For a pair shown before trap, F. Z. Van Duzen won handsly with a dashing pair of cobs. Dr. J. Warren Little took the second prize, and L. Larremore, with a pretty little team of three-year-old Handalalls, took third.
 The carriage teams came last, and showed up some pretty rigs. They were shown before the judges, and the harness and rigs were in the pink of condition. J. C. Oswald, C. M. Harrington, T. B. Hawkins, L. B. Newell and W. H. Douglas entered teams, and Mr. Newell will hold the blue ribbon. T. B. Hawkins secured the red, and Mr. Harrington the yellow.
 The day was pronounced a success, and for today there are some special features which will make it a sensation. A splendid horse that holds a record of 27½ seconds for a quarter mile, Albatross, will be driven a mile on the track to beat W. E. Becker on a racing bicycle. The race will be a spirited one, as it is an open question for a single mile between man and horse. The programme of prizes also is more varied, the merchants and breeders to compete for prizes for the settlement in a former matter, under some circumstances I was," came the answer.
 "For forgery," replied the witness, who also admitted that he had been sentenced to the penitentiary for two years for the offense. The defense made strenuous objections to the testimony, but Judge Elliott allowed it. The larger part of the day was consumed in the reading of depositions used in the first trial.
 The taking of testimony will be resumed today.

Attorney Hall Shies a Few Rocks at It.

Yesterday's session of the Perkins case closed with something of a sensation, in which the plaintiff's attorneys succeeded in impeaching the testimony of one of the witnesses for the defense. The witness was F. E. Culver, one of the agents for the insurance company, who has figured in the case ever since it commenced. The witness was placed on the stand to testify as to whether he went to Mrs. Perkins' home to give her a receipt for the settlement in a former matter, or whether she called at the office of the company. The plaintiff's attorney, A. H. Hall, commenced a rigid cross-examination of the witness.
 "What business were you in before you came to Minnesota?" asked Mr. Hall.
 "I was in the stock business in Illinois for a while," replied Mr. Culver.
 "And you were preaching, too, weren't you?"
 "Somewhat," replied the witness feebly.
 "Were you ever convicted of crime in that state?" asked the attorney.
 "Under some circumstances I was," came the answer.
 "For forgery," replied the witness, who also admitted that he had been sentenced to the penitentiary for two years for the offense. The defense made strenuous objections to the testimony, but Judge Elliott allowed it. The larger part of the day was consumed in the reading of depositions used in the first trial.
 The taking of testimony will be resumed today.

AN AGENTS GLASS HOUSE.

LOSE MILLIONS.

TOBACCO MANUFACTURERS OUT \$10,000,000 IN '95.

Prospect of Still Larger Loss in '96—Great Anxiety in Tobacco Circles.

CHICAGO.—(Special.)—It was reported here today that a large sum of money had been lost by the tobacco trust. No-To-Bac, famous all over the country for its wonderful cures. This offer, it is said, was made by the tobacco trust, when interviewed at his office, No. 45 Randolph street, said: "No, sir, No-To-Bac is not for sale to the tobacco trust. Certainly, No-To-Bac affects the tobacco business. It will cure over 200,000 people in 1896, at an average saving of \$20 which each would otherwise expend for tobacco, amounting in round figures to \$10,000,000. Of course tobacco dealers' loss is gained by the cured. Poor No-To-Bac benefits physically? Yes, sir. The majority of our patients report an immediate gain of flesh, and their nicotine saturated systems are cleaned and made vigorous. No-To-Bac is sold by druggists throughout the United States and Canada; under absolute guarantee that three boxes will cure any case. Failure to cure means the money back. Of course there are failures, but they are few, and we can better afford to have the good will of an occasional failure than the money. We publish a Little Book called 'Don't Tobacco Spit and Smoke Your Life Away,' that tells all about No-To-Bac, which will be mailed free to anyone desiring it. Address the Sterling Remedy Co., Chicago, Montreal, Can., or New York."

HURT IN A RUNAWAY.

Mrs. Peterson Injured, Though Not Fatally.

Carrie Peterson, wife of Ole Peterson, liverman at 238 Twentieth avenue north, received severe injuries in a runaway on Nicollet avenue, near Seventh street, yesterday afternoon. She was driving on the avenue, unaccompanied, when one of the wheels of her carriage struck the wagon of an opposite going team. The latter was endeavoring to avoid collision with a standing team, and, despite the efforts of Mrs. Peterson to avoid the approaching wagon, the two struck. When the wheels locked the horse driven by Mrs. Peterson took fright and started to run.

The quick start of the animal overturned the buggy, throwing the woman to the street.

She pluckily held the reins, and tugged in vain to bring the animal to a stop, but he held the mouth-piece firmly in his teeth. Mrs. Peterson was dragged fully a half block before she was struck on the forehead and dazed, which caused her to release her hold on the reins. She was taken up and removed to the Asbury hospital, where, it was said last evening, her injuries were not dangerous.

HENRY S. MELLEN DEAD.

A Former Minneapolitan Passes Away on the Coast.

 Mr. Mellen was forty-five years of age, having been born in New York state in 1851. When a child his parents removed to Rochester, Minn., where he lived until 1883, when he removed to California. Prior to his departure for California, in search of improved health one year ago, Mr. Mellen had been for several years head bookkeeper for the firm of Winecke & Dorr, in this city. He was a man of quiet disposition, but had a wide circle of friends, and was well known in Royal Arcanum circles.
 Mr. Mellen leaves a wife and two children, who will remain, for the present at least, at San Jose, with his father, who went there from Rochester a few weeks ago.

Illinois Pythians Are Unanimous for Minneapolis.

FOUND GOODS GALORE.

Women Arrested in St. Paul Had Stolen Before.

The two Minneapolis women arrested in St. Paul Monday on the charge of shop-lifting, and given the names of Mrs. Stone and Mrs. Jones, are known among their friends and acquaintances as Mrs. Dora Burke and Mrs. Stahl. The former, who works as a dressmaker, resides at 445 Munroe street northeast, with her fourteen-year-old daughter. The latter lives with her husband and daughter at 23 Fourth street northeast.
 Inspectors Morrissey and Courtney yesterday visited the homes of the women in the endeavor of finding plunder which may have been stolen from stores in this city. In their work they claim to have been eminently successful. At the home of Mrs. Stahl the officers found in the basement of the building goods which had been stolen from the Glass Block and Olson's. It was conveyed to police headquarters. The detectives said that the daughter, fourteen years old, living at home, sold them her mother's wardrobe, and she told her mother of the goods she took to her home.
 In the young daughter of Mrs. Burke, whom they found at 445 Munroe street, they were given a surprise. She was asked concerning the moments of her mother's "Now, see here," said she, drawing herself to her full height, and casting on them a scornful look, "What do you fellows take me for? What are you coming around here for anyway? I'm not going to find anything out of me you will get left."
 From a neighbor they learned enough to ply the girl with perplexing questions, and she finally told them much of interest. Hearing that her mother was arrested, she loaded a baby carriage with goods taken by her mother and wheeled the conveyance to the dwelling of a family named Myrzkowski, at 716 Twenty-fourth avenue west, where the police found the goods hidden beneath a quantity of straw in a barn. The find was taken to police headquarters. It consisted of silks, lace, capes, a boa and other material.

E. D. TWOMBLY HURT.

Injured by the Overturning of a Tally-Ho.

A serious accident occurred on Nicollet avenue, in front of the Press club, at 1:30 o'clock yesterday afternoon, when a large tallyho coach, heavily laden with a party bound for the horse show, capsized completely, throwing all the passengers violently to the pavement. By wonderful good fortune only one person was hurt. The unfortunate man was E. D. Twombly, the well-known Minneapolis newspaper man, who remained motionless after the others had picked themselves up. He was carried into an adjacent store and a physician was summoned.
 Soon after Mr. Twombly was taken into the store of the Nott & Plant Rubber company, 414 Nicollet avenue, Dr. Burton arrived on the scene. He stated that he could not determine the exact nature of the injuries until the patient was taken home and prepared for an examination. He thought, however, that the hip bone had either been broken or dislocated, and that there might be serious internal injuries. The St. Barnabas hospital ambulance was summoned, but did not arrive until 12:20 o'clock. Mr. Twombly was immediately conveyed to his home in that vehicle.
 The other members of the party got off with either no injuries at all, or with slight scratches and bruises. Several of the ladies had their dark dresses ruined by the sliding of the vehicle and consequent rubbing which they received on the pavement.
 The freight-hauling Goodman, driver of the tally-ho, which yesterday proved of a serious nature, was seized with a fit shortly after the accident, and a second fit later, and was removed to his home unconscious. For a time it was feared he would not survive.

HOW ARE YOUR KIDNEYS?

I received box of Dr. Hobbs Spargus Kidney Pills and have been taking them regularly for rheumatism. They have been a great benefit to me in a two weeks' trial, and there is scarcely any pain whatever now. The Pills have helped me in many respects, and I can highly recommend them to those, especially who suffer with rheumatism. T. C. Baron, 48 S. Main Street, Columbus, Ohio.

Women are greatly elated over the fact that the great Pythian host of Illinois has expressed their detestation to go into camp in Minneapolis and nowhere else next fall, for the "Illinois fellows" are a magnificent lot individually and collectively, and they are coming with all kinds of brass bands and camping outfits.
