Civilization is steadily moving westward. The red man is already solving the mysteries of the divorce courts.

Republican vice presidential candidates are thick enough. There are Joe Manley, Matt Quay, Tom Carter and others.

The national game is getting "good" in Chicago. The Chicago Inter Ocean, speaking of Tuesday's game, said: "Dad Clark pitched idyllic ball."

The delegates do not really need to go to St. Louis. They can send down something like this: "I second the motion to make it unanimous."

Alaska has chosen two delegates to the Republican national convention. Nobody seems to know how they will vote, and it really makes no difference on earth how they vote. Both the Alaska and the Southern delegates are doomed to strike a "frost" in Missouri.

The Minneapolis Times says that the Philadelphia Record is "one of the most conservative and honest Republican journals in the land." Or is it this only another of those "typographical" errors of which the Fletcher campaign is so prolific?

The New York Tribune calls McKinley's silence "the reticence of self-respect." Hahn, one of McKinley's managers, puts it more bluntly. He says "McKinley would be a fool to speak before the convention has adopted its platform."

ENTRY INTO MOSCOW

CZAR OF ALL THE RUSSIAS WILL BE RECEIVED IN STATE.

FRENCH EMBASSY ON HAND.

BOND BETWEEN THE COUNTRIES WILL BE MADE PLAIN TO EUROPE.

SEVENTY THOUSAND DOLLAR FEED

Will Be Served by the French Ambassador During Progress of a State Ball.

MOSCOW, May 20.—The rain, which had been persistently falling ever since the czar and zarina arrived here Monday, has ceased this evening, and there is promise of fine weather for tomorrow's state entry into Moscow. This is the occasion of the triumphal progress from the Petrovsky palace to the Kremlin, for which preparations have been made on a larger scale than for any other event of the coronation festivities. The czar and zarina tomorrow will visit the cathedrals, where they will venerate the sacred relics and offer up prayer at the tombs of their imperial ancestors. The interesting ceremony of the visit of the czar and zarina to the shrine of the Iberian madonna, the most sacred of the icons in Moscow, will take place upon the entry into the Kremlin. After the day's ceremonies, the royal couple will be received in the grand ballroom of the palace, when there is to be a grand review of troops and the consecration of the imperial standard.

The most notable arrival today, though it was entirely without ostentation, was that of the dowager zarina. She was received privately at the station by the czar and zarina. The French mission also arrived today. Great preparation had been made to have the French representation on a scale suitable to Russia's nearest ally among the nations. Two of the largest palaces in Moscow have been rented and refitted in the most sumptuous manner for the occasion. Here the French ambassador will give a ball during the festivities, which is to be attended by the czar and zarina. The sum set aside for the supper alone is \$70,000. The French ambassador will ride in the procession tomorrow in the ornate state chariot of Louis XV., which comes from the Musee de Cluny, in Paris. The Crown Prince Constantine of Greece, Duke of Sparta and Prince Ferdinand of Bulgaria arrived during the day and were received at the station, as was the French ambassador, by members of the imperial family and by guards of honor. There were vast quantities of people to witness the receptions and to add their demonstrations of welcome. The city is filled with as many people as it will hold, and everywhere are dense crowds, so that the streets are almost impassable. Many among the groups that pass wonder no more at what they see than they cause those to wonder who see their unfamiliar costumes and features.

A grand serenade was given tonight in the courtyard of the Petrovsky palace to the combined choirs and orchestras in the city, numbering 1,200 members, and comprising the choruses of the Imperial theater. The czar and zarina listened to the music from the balcony of the palace, and warmly applauded the performance. The musicians carried lanterns, thus giving picturesqueness to the scene.

VICTORIAN BIRTHDAY

Officially Celebrated Throughout the British Empire.

LONDON, May 20.—The official celebration of the queen's birthday, which occurs Sunday, took place throughout the country and the empire in general. On the palace grounds of the horse guards there was the usual attractive ceremony of trooping the colors, and it was witnessed by a large crowd of people, including the Prince and Princess of Wales, the Duke and Duchess of York, Prince and Princess Christian of Schleswig-Holstein, the Duke of Cambridge, Prince Charles of Denmark and the commander-in-chief, Lord Wolseley. Her majesty was born May 24, 1819. The attractiveness of the trooping of the colors here, however, was marred by some heavy rain showers. There were the usual queues of spectators at all the garrison towns and naval stations.

MATTER OF FORM.

The Pretoria Sentences Will Not Be Carried Out.

LONDON, May 20.—A dispatch from Sir Hercules Robinson says that the death sentences imposed upon the four leaders—Rhodes, Hammond, Phillips and Farrar—have been commuted to fifteen years' imprisonment, adding, however, that the latter is only a matter of form, and that the sentence is not likely to be carried out. The further commutation of the leaders' sentence will be discussed next week. Gov. Robinson adds that the fines in the case of the prisoners will remain, but the sentence of banishment will be suspended if the prisoners give their word of honor not to interfere in future in the politics of the Transvaal.

SENTENCES STAND.

Penalties Fixed for the Pretoria Reform Committee.

PRETORIA, May 20.—The sentences of the Johannesburg reformers, it is announced today, will stand over for the present, and the meantime sentences of fifteen years' imprisonment have been substituted for the sentences of death imposed on Col. Rhodes, John Gop-Tall, James Gray, and George Farrar. Nine others of the prisoners are discharged, eighteen sentenced to five months' imprisonment and twenty-two are sentenced to three months' imprisonment.

IRISH OF THE WORLD.

They Will Meet by Their Delegates at Dublin.

LONDON, May 20.—The anti-Parnellites have passed a resolution for a national convention of the Irish throughout the world, according to the suggestion of the Bishop of Toronto, to be summoned in Dublin in September. The American delegates will be chosen from the National Federation of America, from the Irishmen and from the Board of Erin Hibernians. The Canadians will be chosen from Irish organizations in Ottawa, Montreal, Toronto, Quebec, St. John's and Halifax.

Effort at Reconciliation.

LONDON, May 20.—At a meeting of the anti-Parnellite members of the house of commons today, John Dillon presiding, it was decided to make an earnest effort to bring about a reconciliation with the Parnellites, and to reconstruct a united home rule party.

REV. DR. C. C. McCABE, PATRIOTIC CHURCHMAN WHO IS MADE BISHOP.

No man in the entire range of the Methodist commission in Cleveland has a greater color than Rev. Dr. C. C. McCabe, whom the great conference at Cleveland has invested with the episcopacy. That he was to be a bishop every one of his brothers believed, and Methodists will be well satisfied with the decision of the conference. He is now rounding his sixtieth year, and is a native of Ohio in 1836 he was a minister, and wishing to take the part of a patriotic churchman, he became the chaplain of an Ohio regiment and marched to the war with his fellow citizens. It was at Winchester that he was shot and captured by the enemy. He was sent to Libby prison, where, after four months' captivity, he was let go. He rejoined his regiment, which was then the Brandy Station, but his health had failed, and he was sent to the hospital. He continued his work as a speaker for the Christian mission in many cities of the country, and returned to the ministry when the war was at its end. He was now sent to Portsmouth, O., where he improved his opportunities by building a handsome church, after he took up church work in Cleveland and traveled for sixteen years in that cause. As secretary of the mission board his work was shot and captured by the enemy. He has an absolute genius for collecting money for missionary purposes, and was sent back to do so in that field in 1884, and still holds that post. He predicted when first he entered the missionary service that the Methodists should have \$1,000,000 for missions. His prophecy is now a fact. In four years he raised a debt of \$40,000 for the Metropolitan church in Washington. He is an earnest, zealous, virile man, light-hearted as a child and gentle as a woman.

HORSA BURNED.

New Mystery Regarding the Alleged Philbuster.

WILMINGTON, N. C., May 20.—The British steamship Horsa, the vessel which has become notorious as an alleged Cuban filibuster, put in at Southport today. She had been on fire, and was pretty thoroughly gutted, being not more than a shell. She sailed from Port Morant, Jamaica, May 13. Fire broke out on the 16th, and was not under control until the morning of the 17th. She was then 300 miles from one of the Bahama Islands. The steamer was commanded by Capt. C. E. Cook, who was found to be missing between 3 and 4 o'clock on the morning of the 18th. It is supposed that he fell overboard and was drowned. The crew consisted of twenty men, seven of whom are Spaniards. Charles E. McIntosh, first mate of the Horsa, brought her into Southport. The origin of the fire is involved in much mystery. The disappearance of the captain also excites comment. The crew is safe.

Destitution Among Sissetons.

Special to the Globe. WILMOT, S. D., May 20.—Several cases of destitution among the Indians at the Sisseton agency are reported. The government is far behind in the payments due the Indians, and since the traders in the vicinity have refused to give further trust many of the reds have actually starved. The deaths of Mary Gop-Tall, James Gray, and John Peysa are directly attributable to lack of food and fuel, and unless payments are made soon the mortality will be much increased.

Wedding Trip to Europe.

Special to the Globe. WINONA, Minn., May 20.—The wedding of Miss Margaret J. McNeil and Dr. Edward D. Keyes occurred this afternoon at 5 o'clock at the home of the bride. The wedding was a quiet affair, and only relatives and close friends of the contracting parties were present. The couple will go to Europe for their wedding trip. They will be absent a year, the doctor spending part of the time in study in Germany.

Denied the Father His Child.

Special to the Globe. SIOUX FALLS, S. D., May 20.—Judge Jones has decided the case of George S. Engle, of Aberdeen, May possession of his ten-year-old child in favor of the guardian, Mrs. Yorkes, on the ground that Engle is unfit to take charge of it. The case has attracted wide attention.

John Day Talks for Silver.

Special to the Globe. HUTCHINSON, Minn., May 20.—John Day Smith, of Minneapolis, delivered an address in favor of the free and unlimited coinage of silver as panacea for the existing commercial distress. The speaker carefully avoided any discussion of the crime of 1873. He made the usual charges against the bankers, and accused the great dailies of having suddenly become gold standard through banking influence.

Adopted Without Debate by New Hampshire Convention.

CONCORD, N. H., May 20.—The New Hampshire state Democratic convention met today to choose delegates at large to the national convention. Hon. Harry Bingham presided. In a brief address, Mr. Bingham said that the platform of the national convention must be broad enough for every true Democrat to stand upon, and his declarations so plainly expressed as to be capable of only one construction. After the committee on credentials had reported, the chairman of the committee on resolutions submitted his report. The final plank of the platform is as follows: "Under the present conditions there can be but one standard of value, and every kind of currency should rest upon a gold basis, so

SOLDIER-PRIEST WHO BECOMES BISHOP—REV. DR. EARL CRANSTON.

Rev. Dr. Earl Cranston, the soldier priest who has been elected to the Ohio conference, preaching to many congregations. In that year he was transferred to Winona, Minn., and there he built a church, which was left behind him as a monument to his energy, when, at his own request, he was transferred to Jacksonville. In that city his wife died. Dr. Cranston stayed his full term there, and Jacksonville has Grace church as a result of his labors. He was then elected to the Ohio conference, and then his duties called him to Cincinnati and later to Denver, Col. For four years he was presiding elder of the Southern Colorado conference, and his energetic work in that district won for him the admiration of all who saw it. In 1884 he was sent to Cincinnati as the representative of the Western book concern, a position he held when he went to the conference at Cleveland that widened the scope of his work by making him a bishop.

long as gold is the standard recognized by the great commercial nations of the world. We heartily commend the action of President Cleveland in so firmly maintaining our public credit and faith in the face of formidable opposition." In further planks the platform declares for a tariff for revenue only, in favor of a vigorous maintenance of the Monroe doctrine and against prescription on account of religious opinions. The platform was adopted without a dissenting voice, as was the report of the committee on reorganization of the state districts which was then submitted. The following delegates at large were elected by acclamation: Hon. Frank Jones, of Portsmouth; Hon. W. Alvin W. Sulloway, of Franklin; Hon. Irving W. Drew, of Lancaster, and Col. Charles Singlar, of Fortmouth.

SOUTH DAKOTA DEMOCRATS, BY BIG MAJORITY IN CONVENTION,

DECLARE FOR SOUND MONEY.

DELEGATES WHO ARE KNOWN TO FAVOR THE YELLOW METAL CHOSEN.

ADMINISTRATION IS INDORSED.

Cleveland's Policy Upheld—Any Change in the Present Tariff Law is Depreciated.

Special to the Globe. ABERDEEN, S. D., May 20.—The sound money and administration men in the Democratic convention received some important reinforcements this morning, and several delegations, notably from the Hills, which had leanings towards silver, and so announced, have changed to a right about position by reason of a flood of telegrams from different constituents. The selection of Ramsey for chairman indicated that the administrationists were in control. Last night the silverites were making claims that they had the majority, but Col. Sheafe, of Watertown; A. Tinsley, of Sioux Falls; National Committeeman Woods and other leaders pulled hard for sound money all night, and when the convention met felt confident that they had a few votes to spare. The convention was called to order at 2 o'clock, but previously the state central committee held a meeting and agreed upon Ramsey for temporary chairman.

At the evening session of the convention the chairman appointed the following committees: Resolutions—Carland, of Minnehaha; Malloy, of Union; Cook, of Roberts; Zolman, of Lawrence. Credentials—Tinsley, of Minnehaha; Malloy, of Union; Cook, of Roberts; Zolman, of Lawrence; Harris, of Brown; Healy, of Edmonson; McKinley, of Fall River, and McDonald, of Lawrence.

The temporary organization was made permanent, and the report of the credentials committee was adopted without a contest. The report of the committee on order of business was amended so as to have the report of the committee on resolutions read and acted upon before the election of delegates. This precipitated a hot debate, in which Lynch, of Huron, pronounced a diatribe on the "officeholders controlling the convention." To give the committee on resolutions a chance to frame a report the convention at 9 o'clock took a recess of half an hour.

The convention adopted the following financial plank: "The Democratic party of South Dakota is in favor of the present standard of value in the form of silver coin and paper convertible into coin on demand in such quantities as may be maintained without impairing or endangering the credit of the government or diminishing the purchasing or debt-paying power of the money in the hands of the people."

Mr. Lynch, of Beadle, moved the adoption of the following as a substitute: "Resolved, That we demand a restoration of the money of the constitution by a law providing for a free and unlimited coinage of both gold and silver as full legal tender at a ratio of 16 to 1, regardless of the action of any other country."

The convention, by a vote of 167 1/2 to 22 1/2, rejected the substitute and adopted the original resolution. Other resolutions arranged the Republican party for their extravagance and declare unalterable allegiance to the Cleveland administration. They also oppose any effort to materially alter the present just and conservative tariff and pronounce against secret political organizations. The fight over the financial plank was extremely warm, but the free silver delegates did not

withdraw from the convention as it was rumored they would do early in the evening. The delegates elected to Chicago were: First district, F. M. Rorer, of Centerville; Second, Judge J. E. Carland, of Sioux Falls; Third, Edmund Cook, of Woonsocket; Fourth, S. A. Ramsey, of Woonsocket; Fifth, George C. Britton, of Britton; Sixth, S. V. Arnold, of Ipswich; Seventh, James M. Woods, of Rapid City; Eighth, W. H. Steele, of Deadwood. All are known to be sound money men.
