In the meantime, yellow fever is the greatest weapon in the hands of the Cubans.

The most conspicuous animal in the crowd gathering at St. Louis is the McKinley hog.

Fregoli, the man who sings and acts all the parts in an opera, may be said to earn his money.

Satan is the chief of the "Scorchers," and he will proceed to make it as hot for the others as he can.

After the St. Louis convention is over a committee will be appointed to look up James J. Corbett.

The Republican vice presidential candidate is more remarkable for his numerousness than for his ability.

It would be retributive justice if the Fifty-fourth congress could be forced to earn the money it has appropriated.

If the St. Louis convention is in earnest in its search for a sound money candidate, it might select Grover Cleveland.

The Belasco-Fairbank case has brought out the fact that Mrs. Leslie Carter could ask for money with great dramatic effect.

Timothy E. Byrnes is the busiest man at St. Louis. He has to deal with pastboards with the alacrity of a circus ticket seller.

The sixteen to one sleeve—sixteen parts of sleeve to one part of arm—is about to go out of style amid the applause of nations.

The Oregon delegation to St. Louis is the most thoughtful and least talkative in the Republican procession. It hasn't even a resolution to offer.

Samuel D. McNery, the new United States senator from Louisiana, goes into congress with a great handicap. He is known as "a soldier, statesman and jurist."

Reports from Milwaukee indicate that the St. Paul team is the most fast figured baseball organization in America. It has actually scored two runs in as many days.

The special car bearing the Maine delegation to St. Louis is labeled "State of Maine" in gold letters. Mr. Reed's position on the money question is thus nicely indicated.

Many of the colored delegates to St. Louis are willing to accept greenbacks as the money of the country. In this respect, they do not differ from the members of the Chicago council.

"Buck" Hinrichsen has secured a "silver" nomination for congress in Illinois. The people of that grand old state now have a chance to tell Mr. Hinrichsen what they think of him.

One of the able delegates from Texas was very indignant because he was asked to ride on the freight elevator of a St. Louis hotel. Where he came from, however, there were no elevators whatever.

Senator White, of California, talked of as Democratic candidate for president, has a great head on one subject at least. He says: "I am heartily in favor of amending the constitution so as to give congress the power to impose a tax upon all incomes."

Tom Platt's soul must fill with joy every hour over the kind things the McKinley men are saying about him. One of Hanna's little tin gods said yesterday that Platt was putting up a grand bluff and nobody was alarmed over what he might say.

SOUND MONEY PLANK HAS BEEN VIRTUALLY AGREED UPON AT ST. LOUIS.

CONTESTS PROGRESS SLOWLY.

BITTER DEBATE PRECIPITATED OVER THE HIGGINS-ADDICKS CASE FROM DELAWARE.

QUAY DECIDES TO GIVE IT UP.

His Name as a Presidential Possibility Formally Withdrawn—Second Place Gossip.

ST. LOUIS, Mo., June 12.—The principal development of the day has been the argument upon a gold standard plank for the platform. It has been asserted in the dispatches for several days that this would be done, but today the matter was settled so far as it could be in advance of the convention. The incoming delegates from every section swelled the sentiment for an unequivocal declaration for the gold standard and against the free coinage of silver. There have been arrivals of some prominent men, among them being Senator Quay, Cornelius N. Bliss, Gen. Horace Porter. The vice-presidential candidacy has been discussed a great deal with conclusions indicating that Hobart, of New Jersey, is the most prominent man at present.

The rather savage talk from Mr. Platt has assumed a milder tone. Delegates have begun to arrive and shouters and brass bands are heard in the streets and corridors. St. Louis has begun to assume a real convention aspect.

Ex-Gov. Merriam, of Minnesota, has been a prominent figure in the Ohio headquarters to-day. He has been in frequent consultations with Mr. Hanna and the other McKinley leaders. It is quite likely that he will be a member of the committee on resolutions and may be chairman of that committee.

Gov. Grosvenor arrived to-night in St. Louis. Hon. Charles Foster, secretary of the treasury under Harrison, also joined the Ohio delegation here.

Up to 11 o'clock to-night the national Republican committee has taken action upon contests involving ninety-six seats in the forthcoming Republican national convention leaving seventy still to be passed upon. Of these ninety-six, thirty-six were disposed of to-day. The thirty-six included the contests on the delegates at large from the states of Delaware and Louisiana and the territory of Arizona and districts from Virginia, Mississippi, Alabama. There was especial interest in the contest from Delaware between the Addicks and Higgins faction. The proceedings in this contest were of a very spirited character and the remarks made by senator Higgins and Mr. Addicks were very personal and acrimonious. In this case neither delegation was seated. In the Arizona case the members of each delegation were awarded a half seat each. Of the sixteen delegates seated from Louisiana, five are for Reed and the others for McKinley.

The committee voted to proceed with the contests in the order reached whether the parties at interest were present or not.

There is some difficulty about the selection of a vice-presidential candidate and it is by no means a settled question. Garrett H. Hobart of New Jersey and H. Clay Evans of Tenn. are the most prominent candidates at present. There is a feeling that Mr. Evans would make a stronger run as candidate for governor of Tenn. and that that Democrats will vote for him who would not vote for him as a candidate for vice-president.

The question of giving the second place to Maryland has been considered and Gov. Morton, Benjamin F. Tracy and J. Sloat Fassett have been mentioned. The general conclusion seems to be that the vice-president must come from outside of New York and as the case now stands, Hobart appears to be in the most advantageous position.

A most important conference was held in Senator Quay's rooms tonight at which Senator Quay himself, Hon.

NEW YORK, June 12.—At Madison square Garden to-night Lee Blandford, lieutenant-governor of the state, was seen in the rear wheel of a bicycle. His time was 32 seconds.

SENATOR REDFIELD PROCTOR, VICE PRESIDENTIAL POSSIBILITY.

ST. LOUIS, June 12.—The number of desertions reached its minimum to-day. Senator Proctor, of Vermont, has been elected to the Vermont honor of representatives. In that capacity he did much to improve and revise the laws of the state. In 1876 he was elected lieutenant-governor on the ticket with Governor Fairbanks. In 1878 he was elected governor by a majority of 20,000 votes. Like his grandfather, Leonard Proctor, an officer of the revolutionary army, Redfield fought for his country. He was lieutenant in the Third Vermont regiment at the opening of the war, and was later on General W. F. Smith's staff. Gettysburg found him a colonel in the Fifteenth Vermont. After the war he practiced law and left that profession to become a merchant.

ST. LOUIS, June 12.—I have had a very interesting time in the office of the national committee from Minnesota. He says he would be glad to have been the money plank at the bar. He is against the Republican machine in the state, whether he gets it or not. He thinks that the money plank is a mistake. Mr. Thompson, of the Dispatch, is playing for the place. Possibly this is the inwardness of the money plank. Mr. Proctor also expresses himself as willing to take the place, but says he should not be surprised if it was decided on the special train which leaves today bearing the Pillsbury special car with the Minnesota delegates. He says that he has not been over the result. Perhaps that dinner will have settled it before this is printed.

BOLD STAND FOR SOUND MONEY. New York Delegation Will Contemplate No Straddle.

UTICA, N. Y., June 12.—"In the Republican committee on platform New York's delegate will demand that the money plank shall be an unequivocal statement for gold. By that not only shall it avoid a straddle, but that its language shall be plain and pointed for gold with no chance for misconstruing by any individual. In doing this under instruction by New York's delegation, we believe that we shall represent not only the interests of New York state, but the entire business and financial world in these United States."

Edward Luterbach, delegate at large to the Republican national convention at St. Louis, made this statement this afternoon to a representative of the Associated Press on the special train going west. Mr. Luterbach is to be the New York state member of the committee on platform at the convention and the statement, therefore, is probably more significant than if coming from any other lips.

"New York, I repeat, will accept no uncertain plank," continued Mr. Luterbach. "By that I mean that I shall even go to the length of refusing to abide by such a plank. We owe it to the immense business interests of our state."

"What is your idea of a proper plank upon the financial question?" Mr. Luterbach took a pad and pencil and wrote this: "We are entirely opposed to the coinage of silver as full legal tender money and to any change in the existing gold standard except by international agreement to which England, France and Germany must assent. We demand that the obligations of the government shall be payable in gold."

"With perhaps even more explicit language added," Mr. Luterbach said, "that expresses my ideas."

A few moments later Mr. John A. Stecher came through the car and said: "I have a plank prepared by Mr. Wm. J. Arkell, which I shall present to the committee on resolutions. It is concise and I believe covers the ground fully. Here it is: 'We declare and affirm that all the obligations of the government shall be payable in gold coin of the present weight and fineness.' When Mr. Luterbach saw this plank he smiled and said: 'They are all drifting our way.'"

AN IF IN THE PLANK.

Declaration at St. Louis Will Be for Gold or International Agreement.

ST. LOUIS, June 12.—It is generally believed tonight that the declaration in favor of the gold standard in the Republican platform will be made by the delegates at large from the men from the east coast. St. Louis they will find that the close friends of Maj. McKimley are not in the least in a hurry to place their plank that they agree upon without hesitating. Several drafts of a plank have been prepared and it is now believed a form has been secured which will be satisfactory. It will declare against the free coinage of silver unless it should be brought about by international agreement. No ratio is mentioned and in this respect it is more acceptable to the Republicans than the platform of the present gold standard.

The Republican party will give credit for having brought about the resumption of which has also maintained every dollar at a party, whether coin or paper, and that the standard of money should be as it always has been and is now, equal to that of the most enlightened nations of the world.

These declarations embody the wishes of the friends of Maj. McKinley and the men who are now here approve of them.

If the resolutions should be changed it will be by the committee on resolutions or the convention itself. But this is not likely, because it contains all that is asked for except by the most extreme gold men, who want a straight single gold standard declaration and nothing more. There is some opposition to the reference to an international agreement, but those who desire that language inserted in the resolution say that the party should not place itself in opposition to the coinage of silver under any international agreement if such an arrangement could be made, but the party is not to be pledged to bring about such an agreement, which is a contention of some of the delegates.

It is believed by those who have examined the proposed financial resolution that the standard of money should be as it always has been, and that it will be incorporated into the platform when adopted.

NO ROOM FOR ANTIS

MCKINLEYITES CONTINUE INDUSTRIOUSLY WIPING THEM OFF THE EARTH.

WHEN HANNA SAYS THUMBS UP

THUMBS MUST GO UP—SITUATION WHICH IS CAUSING BITTERNESS AT ST. LOUIS.

CROWD IS SLOW IN APPEARING.

But the Hotel Keepers Propose to Reap a Reward When the Politicians do Arrive.

Special to the Globe. ST. LOUIS, Mo., June 12.—While a good deal of noise is being emitted from St. Louis it is more due to the fact that newspaper correspondents are numbering the people. Speaking in a general way, there are a good many here, but no crowd. Perhaps I can better illustrate the crowd, or lack of crowd, by my own experience. I applied at a hotel this afternoon for accommodations and was given very reasonable rates until including Sunday night. After Sunday night the figures asked were exactly four and half times per day the rate given for the intermediate period. Evidently the hotel men realize that the crowd has not yet arrived, but from their schedule of prices for next week they live in hopes. The headquarters of the Minnesota delegation are to be at parlor 156, Southern hotel, but, as the cost is \$30 dollars per day, the headquarters are not to be opened until Monday. I am trying to arrange with Bob Evans to open them Sunday so that the delegation leaving to-morrow can have a place to rendezvous, but, unless the delegation is ready to pay an extra day, I fear I may not succeed. I have secured free from philanthropic St. Louis the use of coats and expect to fill the Minnesota parlor with them for the colored delegates, who are now excluded from the hotels. Something must be done or the entire Republican party in the South will be lost and it will be a great stroke for Minnesota to save the country by giving the colored brother a place upon which to rest his weary wool. Bob Evans and Mike Dowling are enthusiastic about it and so am I, and between us we will save the G. O. P. in spite of the St. Louis incident. I am sure Pillsbury, Hunt, Hendrick and Thompson will be willing to sit up several nights to save the colored vote.

No other national convention ever had so many contests for seats; at least not from so many different states. Whatever crowd is now here has been brought to the city by those contests. The statements of the press that 150 of the 168 have been given to McKinley is simply part and parcel of the bulldozing methods of the McKinley machine. The recent cyclone did not sweep away St. Louis more mercilessly than the McKinleyites are attempting to do with the colored vote. It is the brutum fulmen in politics, and may win, but a cyclone political reckoning will follow in its path. I find what there is of anti-McKinley sentiment very bitter, and the feeling that there is an effort to ride rough shod over every man who will not bow down and worship the Ohio idol. In the case of those who support him it is, Hanna says, "thumbs up," and up they come. Bob Evans, the Minnesota member of the national committee, was quite indignant when I told him to-night that the committee was bound to give all the contested seats to McKinley. He said that he would pass on 75 cases and had just given five of them to Reed, that most of the contestants on both sides were for McKinley, and hence the decisions would make no difference with McKinley's vote. Nevertheless there are discontented murmurs from those who dare mutter at all. I met tonight H. Clay Evans, the erstwhile governor-elect of Tennessee, who never got his seat, and he admitted his prospects for the vice-presidency were bright. From McKinley sources I hear it is the plan to subdue Evans' vice-presidential bee by making him permanent chairman of the convention and to have the money plank at the bar.

It was thus enabled to identify this gathering as a Republican convention. H. P. HALL.
