Special to the Globe.

MILWAUKEE, Wis., June 12.—The Brewers won their second successive game of the present series from St. Paul to-day in the presence of a small crowd. The locals played one of the best games seen here this season. Barnes pitched an excellent game and kept the visitors down to seven hits. St. Paul was strong in the box where Tony Mullane officiated, but the team rendered very poor support and this lost the game for the apostles.

THIRTEEN FOR THE MILLERS.

KANSAS CITY Gets But One Run in Game.

KANSAS CITY, June 12.—Today's game was little short of a farce so far as the playing of the home team was concerned. They could not hit Anderson's pitching, they fielded like a lot of butter fluff, the Blues were horribly inept in the outfield and the whole team up, besides discouraging the pitcher by having easy flies fall safe to be recorded as strikes, and by allowing nothing to get away from them in the field. Big Bill Schriver again lifted the ball over the fence with the bases filled and thereby clinched the game at an early stage. The most brilliant fielding feature was a great running catch by Lally, which shut off two runs or the Blues. Clark's umpiring was as bad as could be imagined, but as he rested both pitchers on balls and strikes, his poor work did not affect the result. Score:

Diamond Dust.

St. Paul is now in fifth place, five games behind the leader, Detroit. By losing to Milwaukee to-day the Apostles will drop to sixth place where they can safely anchor until they get home, June 19.

What great work is St. Paul team is doing to be sure. It has won four games out of fourteen on the trip.

St. Paul can get on the wrong side of the 500 mark by 6 o'clock Sunday evening.

It is a week to-day since the St. Paul "heavy hitters" won a game.

Who suggested that the St. Paul team come home? It would be more welcome anywhere else.

Minneapolis made 13 runs yesterday. That is the highest Kansas City.

Tony Mullane is getting easier.—Milwaukee Journal.

Wedding of last year's Terre Haute team is playing third base for New Bedford, of the New England league and doing some good hitting and fielding.

Barnes is apparently rounding into form. His work the past week has been a great improvement over that of the early season.

Grand Rapids has a strong team now and will make it hot for some of the leaders. Thornton and Briggs are pitching fast ball and Peers will no doubt add to the strength of that department.

Anon probably wishes that he had held Ace Stewart, now that there is a hole at second.

Jim Manning has come out fat footed and is a poor trader for the Indianapolis franchise to Omaha. The other managers in the league are against it and the league will remain right at Indianapolis.

Brush's talk of losing money with a team in second position and with a good chance for the pennant is all right at Indianapolis.

By Strategy Joyce we win games.

Lew Camp, who was regarded as one of the most promising young infielders when he was a Colt in Anton's stable, will never again regain that company, says the Kansas Herald.

Tom Morrissey, the veteran first baseman, has signed with the Port Atkinson team.

The Detroit team has been shut out of Mt. Clemens for Sunday ball.

The classical Boston Journal, in telling its readers about the watch presented Capt. Manning, says it was inscribed on the back with "In Hoc Scrupulo Jovis Victorious." In plain English it means "In this scupulo Jingo this means." By Strategy Joyce we win games.

The Providence club looked to win the pennant in the Eastern League. It has just closed a very successful trip away from home and is very strong at the bat and in the field.

Mercer says Joyce is such a terrible kicker that he would even raise a stiff argument over an undertaker's bill.—Washington Times.

Milwaukee fans want a blackboard in the park for the scores of the other games in the league by lining.

NORTHFIELD RELAY RACE.

The postponed relay race from Minneapolis to Northfield and return, will be brought off on Sunday, weather permitting. Arrangements made for the event, and announced, will be permitted to stand. The unfortunate mistake of a novice rider made trouble in the first attempt at this relay, while bad weather has prevented anything being done since. It is probable that the run of Sunday will be made in good time, and the runs are in fair condition, and changes have been made as to several positions that will remove the possibility of another such error as the last.

Today will occur the Minneapolis and St. Paul bicycle road race from Deephaven to Minneapolis. There are 25 entries in the event, many of them very fast riders. Messrs. Cutts and Lochren will act as judges of the finish. The Northwestern road race will occur on the 27th.

Assistant sergeants—S. F. Fullerton, state game and fish commissioner; Tans Kirby, chairman, and Harris Richardson, secretary of the state central committee; E. A. T.

NEW I. P. TANGLE

DOUBTFUL IF IT IS WISE TO FORECLOSE AT THE PRESENT TIME.

SALE MAY BE PUT OFF.

THE NEW COMPANY FAILS TO SECURE A CHARTER FROM CONGRESS.

STATE CHARTER MIGHT BE HAD.

It Could Not Confer Many Valuable Rights Held by the Present Company.

NEW YORK, June 12.—There is much discussion among those concerned in the reorganization of the Northern Pacific railroad as to the form of charter the company is to have, or whether it is advisable to foreclose the property at present, in view of the fact that the present congress has failed to give the company a new charter.

A story is afloat in Wall street to the effect that the failure of congress to pass the expected legislation was partly due to the efforts of the bond holders of the Seattle, Lake Shore & Eastern railroad. The resolution authorizing the new charter which was before the committee of congress, stipulated that all property claims against the Northern Pacific were to be settled.

According to the report, the bondholders of the Seattle, Lake Shore & Eastern had a claim of about \$5,000,000, which the Northern Pacific had refused to readjust. The bonds of the Seattle road were guaranteed, principally and interest by the Northern Pacific, and when the former road was sold some time ago, it was bought in by the Northern Pacific for \$1,000,000. The outstanding bond amounted to \$3,000,000.

According to the report, the Seattle bondholders were so indignant that they determined to block things at Washington. It is said that one of their representatives appeared before the committee and explained that they were unable to get any satisfaction from the reorganization committee on the Northern Pacific road. The sale of the Northern Pacific is advertised to take place next month, but as no action in regard to the new charter was taken at this session of congress, it is considered likely that the sale will be postponed. A charter might be obtained from one of the states, but it would lack many of the valuable rights that are enjoyed by the old company under its present charter.

CONVENTION BUSINESS.

Many Special Trains Have Been Contracted For.

Chicago, June 12.—Nearly all of the roads in the Western Passenger association have arranged to run a large number of special trains for the convention at St. Louis. Of the roads running out of Chicago toward St. Louis, the Alton, Burlington and Illinois Central have contracted for most of the traffic. A number of through specials have been taken on all of these roads, and in addition their through trains are crowded to capacity with convention delegates. The Alton has also made arrangements for a large number of delegates from the South and Southwest for the Democratic convention.

Gallop, N. M., June 12.—Senator Stephen M. White, of California, passed through here yesterday on his way from Washington to his home in Los Angeles. When asked about the rumors connecting his name with the Democratic presidential and vice-presidential nomination, he said that he was not a candidate for either office.
