It is pleasing to note that Mrs. Garnet A. Hobart also accepts the nomination.

Henry M. Tolk will discover ere long whether he is a political Moses or a political Dennis.

The girl who lights her fire with kerosene may get her ticket for Paradise before the Fourth of July.

The cloud which is booked to gather at Chicago July 7 appears to have a silver lining a foot thick.

A whole lot of Republicans are showing a disposition to jump on the St. Louis platform with both feet.

Who cares whether McKinley makes protection the issue or not? The people are going to make money the issue.

Charles A. Towne proposes to get himself nominated for congress in the Sixth district as an all-around dark horse.

Mr. Cleveland, it was a sort of discourtesy to go fishing before attending to the little matter of appointing a postmaster at St. Paul.

If the duke of Canton should be elected president it is not at all likely that he would be in a hurry to name Thomas C. Platt as secretary of state.

The June wedding is the most popular thing in the matrimony market but the July wedding is just as binding when it comes to the question of alimony.

Subscriber—There will be no yacht races at Como this summer. Yachts do not make good time when they have to come out on the turnpike to turn round.

One thousand Minneapolis bicyclists have gone into politics. Are they going to learn the lesson that it is just as easy to take a header in politics as on a steep hill?

The "As You Like It" column of the Dispatch has been transferred to Rush City, Minn., where it is followed by the good wishes of the entire newspaper fraternity of St. Paul.

The presidential booms of Richard P. Bland and Horace E. Boies are scorching along at about the same rate. Good Democrats, however, hope that the gas in them will run out before they reach Chicago.

It should not be overlooked that the Republicans have probably lost control of the United States senate. The Democrats, Populists and St. Louis deserters can reorganize the senate next December if they so desire.

An Eastern statesman has discovered that crime decreases with the increase of the sale of bicycles. That is easy enough to explain. A whole lot of young men who were formerly out looking for trouble are now out taking evening spins on their wheels.

Everything that can be thought of is being done to popularize knickerbockers. Illustrations are printed to show that William McKinley were them some fifty-two years ago. This is unfair, however, as William were them then under a decree from his mother.

Mr. Taubensack has pulled his hat down over his ears and is letting off his garrulity right through it just as he did in 1892. He says the Populist-Teller combination, if effected, will carry every state west of the Mississippi. What of it, Mr. Taubensack, if somebody else carries every state east of the Mississippi?

Tams Bixby's genius for organization and management is being demonstrated very fully in the reports come from the Republican county conventions.

In Hennepin and Ramsey, as the governor's manager foresaw, the hardest fight would be made in the counties of size, so Tams allowed some people to understand he was anxious to have the conventions held on certain dates.

As to Ramsey, unless the surface indications are all wrong, Gov. Clough will get its votes. This indication is strenuously combated by Clapp's local workers, but a careful review of the situation appears to give Clough all the votes.

by saying there were no bloodhounds in the city, but that Sheriff O'Toole, of Itasca county, with headquarters at Grand Rapids, might be able to furnish the animals. At 6 o'clock a telegram from F. R. Allen, county attorney of Meleed county, was received by Chief Goss, stating that the murderers had been captured near Arlington, and they were in jail.

COMPANY D CALLED OUT. Sent to Glencoe to Protect the Captured Murderers.

At 10 o'clock last night the army was a scene of much confusion. Over a score of members of Company D, the St. Paul tracks, were hurrying into their uniforms in response to a call that might mean a hard night's service. A few minutes after that hour they were observed by a few people marching steadily to the vicinity of the union depot. No martial music of life or drum heralded their movements, for they were off for Glencoe on a business errand.

Gov. Clough called them out in response to urgent messages from the authorities at Glencoe county's capital. Excitement had been running high in that community since the shocking murder of Sheriff Rogers Wednesday evening, and especially after the arrest of the murderers did it assume an ominous phase. Last evening the crowds began to congregate in such numbers about the jail where the men were imprisoned, and so threatening were the murmurs of revenge in the excited throngs that the officials became quite anxious for the safety of their charges. Accordingly the following message was dispatched to Gov. Clough:

"Sheriff Rogers' murderers are in jail. We fear lynching. Can you send special policemen to guard the prisoners? Sheriff Smith, (Signed) F. R. Allen, County Attorney. Gov. Clough was immediately notified by T. R. POLEY, OF AITKIN.

GEORGIA CONVENTION PERMITTED HIS SELECTION, TRUSTING TO THE UNIT RULE.

SEND-OFF FOR SENATOR TELLEN.

Commended to the People of the Country by the Silver Convention.

MACON, Ga., June 25.—The Democratic convention of Georgia has met and adjourned. It was probably the most expeditious work ever done in this state by a convention of such importance. The convention met at noon and adjourned at 4 o'clock, having gone through all the routine within four hours. The convention was called to order by Steve Clay, the chairman of the state committee. The convention hall was crowded from floor to ceiling. The day was the hottest so far this year, and the temperature of the house was up to the top notch. Fortunately there was no excitement and everything passed off like the ticking of a clock. After addresses of welcome from local representatives, Clarence Wilson of Fort Gaines was elected temporary chairman and the clerks of the last house and senate acted as temporary secretaries.

After the appointment of a credentials committee whose work was confined to the seating of three contesting delegates, Steve Clay was elected permanent chairman and the same secretaries were continued in their permanent organization. The committee on resolutions and platform having been appointed the convention took up the nomination of governor and state officers with the following result:

State, A. D. Candler; state treasurer, A. D. Speer; state attorney general, J. W. Terrell; comptroller, W. A. Wright; commissioner of agriculture, R. T. Nesbitt.

All these were renominated with the exception of the state treasurer who retires voluntarily. The delegates at large from the various counties, excepting Patrick, Wadley, Pope, Brown and H. T. Lewis. The platform is as follows:

"Congress has no power to discriminate at the mints against either gold or silver as metals for the coinage of primary money, or against gold or silver coin or the various functions. Such discriminations deprive the citizens of the use of one kind of standard money provided by the constitution for the payment of debt, and we demand the repeal of all laws or parts of laws making such discrimination against either gold or silver as a standard silver dollar to the rank of primary money, which it held prior to 1873 by opening the mints to the coinage of silver on a perfect equality with gold at the ratio of 16 to 1.

Resolved, That we condemn the financial policy which necessitates the increase of the bonded debt of the country in time of peace, to maintain an unnecessary gold reserve or to pay the current expenses of the government. We also condemn a policy which seeks to retire the United States and treasury notes, as they constitute an entirely safe circulating medium based on the faith of the government and backed by the entire wealth of the country. Such a policy would not only intensify the present evil of contraction, but it would also deprive the citizen of a circulating medium in the control of a concentrated money power, above the laws and the will of the people, and foster a concentration of power in the hands of a few individuals through financial control, a doctrine which is a standing menace to our Republican institutions and the liberties of the people, and we demand the repeal of laws which clothe a secretary of the treasury with more than imperial power to issue bonds and increase the public debt, and we demand the repeal of laws without specific authority from congress.

"We favor the payment of the public debt as rapidly as practicable; all money debt, except such as is requisite for the necessities of the government economically administered, should be honestly applied to such payment, and when the obligations of the government expressly state on their face, or the law under which they were issued provides, that they be payable in gold, or in silver, such obligations should be paid in gold or silver coin at the convenience of the government and not at the option of the holder of the obligation."

Resolutions were adopted condemning as un-American and un-democratic any association, political or otherwise, that is guilty of illegal warfare and that is hostile to the citizens on account of religious faith. A resolution was adopted recommending the increase of the number of supreme court judges for the state six.

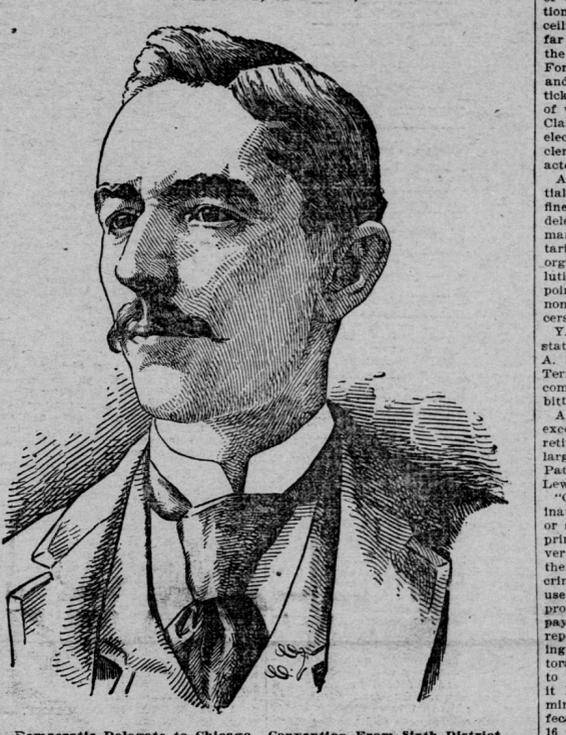

The only furry in the convention arose over the selection of a gold standard Democrat as a delegate to Chicago. The delegate received an overwhelming majority in his district, but a minority report was brought in based on the caucus last night, to the effect that none but true and tried free silver men would be allowed to go from this convention or from any district. Speeches that threatened to break were made on both sides, but the counsels of the conservative element prevailed and the gold standard man was sent rather than break into the right of each district to name its own delegate. The fact that this rule will prevail in all matters coming up at Chicago prevents any fear of a break from the free silver delegation at the national convention.
