SIXTH DISTRICT DELEGATES TO THE CONVENTION HOLD A MEETING.

TALK OVER THE SITUATION.

ST. LOUIS COUNTY MEN THINK THAT A DULUTH MAN SHOULD BE CHOSEN.

TO WEAKEN FREE SILVER MORE

In the Present Congressman's Own Home—Judge Morris the Probable Nominee.

The delegates to the state convention from the Sixth Congressional district held an informal meeting in parlor No. 4 at the Ryan hotel last evening to discuss the question of selecting a candidate to run against Congressman Towne next fall, and while no possible candidate received the indorsement of the gathering, the proposition that Congressman Towne must be defeated in the avowed independent campaign which he will make received the indorsement of everyone who voiced his sentiments on the situation.

UP FOR A FIGHT

In a moment, he waved a substitute motion already written out. It provided that the delegates from the judicial districts select their own representatives on the committee, the chair to appoint nine. And it further provided that the chairman and secretary of the committee be selected from among its own members.

Quick as they could talk the Clough men were in arms, and a noisy fight was in the air. Forty men were shouting for recognition, but a strong-lunged Hennepin man moved to table the substitute.

"Will that carry the original with it, if adopted?" asked the alert Jacobson. The chair ruled it would not, and a viva voce vote was taken on the motion to table. The vote was 29 to 11.

"Does that dispose of my amendment?" asked Judge Simpson. "Your amendment was not put," reported the chairman, and the Clough men gave the old leader the laugh.

Just here "Cyclone" Jacobson jumped up on a chair, while Simpson was protesting in vain. "Hold on," shouted Jake. "This is not a riot, and you had better not do it. Judge Simpson has a right to a vote on his amendment. We can vote it down, but let us do it like gentlemen, not like rowdies. Settle this question fairly and rationally."

The majority realized the force of Jacobson's talk and gave Judge Simpson a vote; but they beat his amendment to a standstill, and then adjourned.

SOUND MONEY FIGHT

IT HAS NOT BEEN ABANDONED BY THE ANTI-SILVER WING.

PROGRAMME OF GOLD MEN

THEY WILL APPEAL TO SOUND REASON AND TO PARTY LOYALTY.

BUSINESS MEN TO BE ON HAND.

Big Delegations of Influential Democrats Will Ask the Silverites to Go Slow.

CHICAGO, July 1.—Comptroller Eckels, of the treasury department, said today that he expected Mr. Whitney and others of the anti-silver wing of the party on Friday. Mr. Eckels thinks that after that time, the complexion of sentiment will change somewhat and that the silver people will not have such complete command of the situation as they now appear to have.

While Mr. Whitney is regarded as the leader of the gold forces, they expect to be able to muster a formidable array of distinguished men who will assist him in his efforts to prevent the party throwing itself entirely upon the white metal side of the controversy.

Speaking of the matter to-night, Mr. Eckels said: "Mr. Altgeld will control this convention just as absolutely as he controlled the Peoria convention. His pronouncements seem to carry great weight. The Peoria convention perfectly satisfactory as a candidate for temporary chairman to the silver people. Mr. Altgeld says 'no' and that settles the matter. The Chicago convention will be a different proposition. The gold forces will have their main public headquarters at the Palmer house, Mr. Harrity will possibly locate at the Auditorium Annex. The Palmer house quarter will be opened Friday."

Mr. Whitney does not, evidently, believe that all is yet lost, for in coming here he has taken the advice of Washington Heston, Chicago's postmaster, and almost the solitary representative of the gold standard doctrine of President Cleveland, now on the ground. Mr. Heston wrote to Mr. Whitney Saturday, telling him that a fight for gold would be so much wasted energy, and that, in his opinion, the surest way out of the trouble was to let the silver men have absolute control. The gold forces have already finished their work, the gold standard people could take some action.

In addition to Mr. Whitney, Senators Hill and Murphy, Hon. Charles Tracy, Gov. Flower, Hon. Frederick B. Couderc and ex-Postmaster General Bassell, who are expected from New York, there are Hon. Don M. Dickinson, of Michigan, Gov. Russell, Hon. J. E. Russell and Mayor Quincy, from Massachusetts; Senator Jewett, of New Jersey; Senator Vilas, of Wisconsin; Senator Gray, of Delaware, and many others including large delegations of business men and influential politicians from Indianapolis, Baltimore, Pittsburg, St. Louis, Cincinnati and other cities. It is understood that fifty influential men are coming from Indianapolis alone and that they will send a large delegation. The Illinois gold Democrats will also be present in force.

"I cannot but believe," said Mr. Eckels, after giving this list, "that these men will exert an influence upon the convention. They are all men who have participated in national affairs and all well known Democrats. They will appeal to the convention, in the interest of the business stability of the country, and also for the preservation of the party's integrity. Even the silver leaders must listen if they are Democrats, when it is pointed out to them that the adoption of a free silver declaration means the certain defeat of the party at the polls."

"It will be shown to them, as it can be clearly shown, that in this event they will not only lose every Eastern state, but that they are also sure to lose all the Southern states, such as Maryland, Delaware, West Virginia and Kentucky, where the Republicans have participated in national affairs. They will be a party which is not bound up with the Populists."

"They must also listen to appeals to their reason against the overturning of Democratic precedents, as is proposed to be done in the matter of the abolition of the two-thirds rule. No Democrat can regard such innovations as this, and such as the frequent consultation with the St. Louis bolters, with equanimity, and such proceedings will only encourage the independent movement which is soon to follow them if they are coupled with a free coinage declaration in the platform."

Asked if the gold men would bolt the convention in case of a positive pronouncement for free silver, Mr. Eckels expressed the opinion that there would be no open bolt. "But," he said, "there will be a defection at the polls, which it would be impossible to prevent. The rank and file of the party cannot be made to stand up for the party name if

the party convention insists upon overturning all Democratic precedents. Mr. Eckels thought the gold men would hold out for a declaration for the gold standard. He did not see how this question could be settled. The financial question could be compromised. The gold forces will have their main public headquarters at the Palmer house, Mr. Harrity will possibly locate at the Auditorium Annex. The Palmer house quarter will be opened Friday."

Mr. Whitney does not, evidently, believe that all is yet lost, for in coming here he has taken the advice of Washington Heston, Chicago's postmaster, and almost the solitary representative of the gold standard doctrine of President Cleveland, now on the ground. Mr. Heston wrote to Mr. Whitney Saturday, telling him that a fight for gold would be so much wasted energy, and that, in his opinion, the surest way out of the trouble was to let the silver men have absolute control. CHICAGO, July 1.—The silver delegates appointed on behalf of the silver delegates to confer with the executive committee of the national committee, made its report to the silver delegates tonight. The report was made by Senator Jones, as chairman of the committee. The committee was willing to give the national committee a chance.

MAY DRINK WATER.

But Lake Phalen Parties Must Not Indulge in Beer.

Ald. Lindahl called on the mayor yesterday for a violation of the law regulating the sale of liquor, which took place on the shores of Lake Phalen last Sunday. Ald. Lindahl informed the mayor that a crowd of men organized a picnic party last Sunday and established an out-door bar near Lake Phalen. The beer and whiskey were sold freely, but Ald. Lindahl said that the policemen whose beats were in the vicinity of the picnic grounds, never once interfered with or attempted to stop the sale, and for that reason the alderman came to the conclusion that some special privilege to sell liquors had been extended them.

Mayor Doran assured Ald. Lindahl that such a party was generally considered as soon as the police had reported the matter to him, which they did the next day, he had instructed Capt. Pottger of the Margaret street station not to permit any party of that kind to be given on the lake, and to give no offense or allow any parties to sell intoxicating drinks in his territory without a license.

MINNEAPOLIS MINISTERS.

The initial performance of the Minneapolis Minstrels was given in the court house hall last evening, and proved successful, even beyond the hopes of the company. Maj. W. W. Cooley acted as inter-locutor. F. H. Tenney was tambour and Charles Fairchild, the Minneapolis quartette, composed of Messrs. Churchill, Wood, McCrumish and George, made a great hit with the audience. The Minnetonka quartette, composed of Messrs. Churchill, Wood, McCrumish and George, made a great hit with the audience. The state was quite remarkable considering the state of the weather, and showed that talent is appreciated in the suburban towns, even in hot weather.

PIREWORKS AT COMO.

The increased attendance in the afternoon at Como is due no doubt to the fine music being furnished by Dan's band. This band has been working hard this week, and aided by the hot weather, has drawn many people to the shores of the lake. Concerts will be given every afternoon this week, including the Fourth. On the evening of the Fourth, aside from the band music, a great exhibition of fireworks will be given. The arrangement of the park and lake are particularly well adapted for giving a fireworks display, and it will be given so that thousands can view it nicely.

FARMERS ENJOYED IT.

Mapped Out for Them Yesterday. The joint delegations of farmers from Stevens and Douglas counties, who have been spending the past two days in St. Paul, were treated to a varied and enjoyable programme of entertainment yesterday, which, in addition to its pleasurable aspects, afforded them a practical illustration of the branches of their own business. Yesterday morning the delegates were taken to the Wood Harvesting works on a special car provided for the occasion by General Manager McGowan, of the plant.

The four of inspection over, the visitors were taken to the main office, where they were served with a substantial lunch, during the discussion of which several brief reports were made. Mr. McGowan spoke interestingly upon the manufacture of farm machinery.

The delegations returned to the city at 10 o'clock, and were conveyed to the stock yards, where an exhibition of the methods of handling and shipping cattle was conducted under the direction of M. C. Flower, president of the Stock Company.

Straying at a clover, a short rest was enjoyed at the Company's headquarters, and the visitors were driven to the headquarters for a special trial of the apparatus, a feature arranged for the entertainment by the city of Duluth, but in his opinion there was no ground for such a feeling. Congressman Towne was a strong man and had a large following in the city of Duluth, but any sound money Republican, he thought, was sure of election.

Mr. Howard, of Duluth, thought that

Delegate to the Chicago Convention from the Second District.

by William A. Cant, of Duluth, who briefly outlined the situation in the Sixth district, and while prophesying a victory for the regular nominee, whoever he might be, there was a shade of apprehension in his remarks which the speeches of those following developed into a well defined fear of disaster.

The discussion practically lay between the St. Louis and Wright county representatives by virtue of the fact that it was generally conceded that the man to make the race against Towne should come from one or the other of these counties. The Duluth people want to name the candidate for a number of reasons, first among which is the necessity of breaking the Towne strength in his own city and secondly as a sort of vindication, as they believe that to nominate and elect a man from the city by the lakes will in a measure wipe out the stain of having placed in nomination and supported a candidate whom they consider to have betrayed a trust in holding the platform of his party. With these ends in view the names of City Attorney Benham and that of Judge Page Morris were presented as two "good, straight, sound money" possibilities, either of whom would be able to capture the votes which in the advent of the nomination of a man from some other county would go to Towne.

Mr. Benham, it was stated, has declined to make the run, and in view of this contingency the St. Louis county representatives were a unit in advocating the nomination of Judge Morris. There was, however, no determination taken in the matter and St. Louis county promised undivided support to a candidate from any other portion of the district, though it was emphasized that he must be an exceptionally strong man.

The Wright county representatives evinced rather a hankering after the privilege of naming Congressman Towne's opponent, and dwelt upon the ability of W. E. Calkin to make a successful campaign, though following in the footsteps of St. Louis county and magnanimously promising their best efforts toward the election of any Republican who might secure the nomination.

C. A. French, of Wright county, in addressing the gathering, said that there appeared to be a fear on the part of some that unless a man was nominated from St. Louis county Towne would carry the district, but in his opinion there was no ground for such a feeling. Congressman Towne was a strong man and had a large following in the city of Duluth, but any sound money Republican, he thought, was sure of election.

Mr. Howard, of Duluth, thought that

mocks or croquet, and the social gatherings for study and conference, make the summer days pass most delightfully, as all who have tried it in the last five years can testify.

At this camp there is no daily routine which any one is required to follow, and the only rule except the "golden rule." The management of the camp has planned a daily Bible study, giving a review of His words through the ages, and to this all the campers around the lake are invited. Geo. F. Taylor, of the Minneapolis Y. M. C. A., is secretary of the camp, and will gladly furnish full programme and statement of expenses to all who apply. Parties may bring their own tents and outfit and provide for themselves, or may, if preferred, be entertained by the institute, any such must give the secretary due notice of their coming.
