LAW UNTO HIMSELF

MANKATO BANKER, DENIED AN INJUNCTION, PLACES RELIANCE ON A SHOTGUN.

RIGHT OF WAY DISPUTE.

OMAHA ROAD ANXIOUS TO SECURE SOME OF MR. FLETCHER'S LAND.

FAR APART AS TO THE TERMS.

The Railway Company Values the Property at \$2,000 and Mr. Fletcher at \$13,000.

Special to the Globe. MANKATO, Minn., July 21.—L. G. M. Fletcher, president of the savings bank and owner of considerable Mankato real estate, created much excitement today by appearing with a shotgun on the scene of the right of way of the Omaha railway where the company contemplated crossing a disputed piece of land belonging to Fletcher. About two acres are included in the piece and it is located by the new union depot near the river bank. The company's appraisers awarded him \$2,000, but \$13,000 is Fletcher's price. A few days ago Fletcher secured a temporary injunction from the district court, restraining the company from going on the land, but a permanent injunction denied later on. Yesterday the supreme court also denied an injunction. Fletcher thinks the company is not entitled to the rights of way. The case has been watched with unusual interest on account of the prominence of the parties.

MINNEAPOLIS.

OFFICE 29 SOUTH FOURTH STREET.

THIEF IS A FLYER.

She Has Easy Work Defeating Dottie Farnsworth.

Thieft Anderson, the terrible Swede from Chicago, fairly terrified the 5,000 people that had gathered at Athletic park last evening that she is the best of all lady bicycle riders. It was done in such a manner that she no longer remains any longer on the matter. The way she out-spurred Dottie Farnsworth, the two five-mile heats that were run was a revelation. The first race was run on a level, and the second on a hill. At that time Farnsworth held the lead and started on a spur five laps before the finish and stayed in the lead up to the last lap. Then Anderson, by a phenomenal start, passed her and won by forty feet. In the next race the riders started on opposite sides. Considerable interest has since the race was first arranged, as it was understood that this would show the respective endurance. At the report of the starter's pistol both were off like a shot. For two laps they went around without any perceptible gain or loss of time. At the finish of the third lap Anderson showed a gain of a few feet. In the sixth lap she had a lead of twenty feet and gained on several laps. At one time it looked as if Dottie was about to regain, but Anderson, by grand effort, not only held her lead, but augmented it. The first mile was reeled off in 2:36.5. At one mile and eight laps Anderson had a lead of 2:35, which she maintained. Farnsworth's former lady record by one and one-fifth seconds.

Accused of Theft.

McGregor Malton, a traveling photographer of youthful appearance and quite intelligent, was arrested last evening by Detectives Doyle and Howard, and as given by the Central police station blotter, "held for Lumber thieves." The specific charge is larceny. The prisoner is accused of stealing an artist's outfit valued at \$150.

MINNEAPOLIS GLOBULES.

The flour and feed store of M. Whitcomb & Co., 128-130 Fourth street north, was damaged by fire to the extent of \$1,500 last evening. The origin of the blaze is uncertain, but was due presumably to spontaneous combustion.

The Minneapolis letter carriers held their tenth annual picnic at Lake Minnetonka yesterday. If you missed the picnic on two of your mail, the foregoing statement will explain it. Bravely Scotchmen and their bonny wives, daughters, sisters, or sweethearts, as the case might be, filled the Plymouth church last evening to do honor to their national poet, Robert Burns.

A testimonial was tendered last evening in Hennepin Avenue Methodist church to Bishop Charles H. Fowler by the people among whom he has spent four active and useful years. Inspectors Courtney and Morris last evening met a man on First street south who was trying to dispose of a clock. He was unable to tell how it came by it, and was placed under arrest charged with larceny. At the central station he gave the name of Chris Johnson. The clock is a handsome one, of valuable finish, and is being held awaiting a claimant.

Mrs. Mary Summerside, aged eighty-nine years, died yesterday at the residence of her daughter, Mrs. A. E. Merrill, 1516 Harmon place, where she had lived since the death of her husband twelve years ago. The remains of Mrs. Summerside will be taken to Woodland, Wis., where Mr. Summerside is buried, and there interred.

SHINE FOR GLOUCH

THE FIRST REGIMENT ON THE EXHIBITION BEFORE THE GOVERNOR.

SALUTE OF SEVENTEEN GUNS.

THE THIRD REGIMENT, UNITED STATES REGULARS, ALSO IN REVIEW.

UNIQUE REVOLVER CONTEST.

Oscar Olson Takes the Gold Medal—Dozen Militia Records Will be Broken.

Special to the Globe. CAMP LAKEVIEW, July 21.—Gov. Clough and staff arrived at Lakeview this afternoon to go through their duties as militia inspectors. The review and parade of the two regiments given in honor of Minnesota's big executive gun were the best ever seen at Camp Lakeview.

It has been threatening to rain all day here, but first regiment took got the better of the elements and the governor had an almost perfect evening to get his eager eye on the soldierly ability of the North Star state's crack militia regiment.

Immediately on stepping off the train the governor was received by the regulation salute of seventeen guns and was again cordially welcomed by the study sons of Minnesota to their camp. After dining with the staff, the chief executive passed the time before inspection and review in pleasant conversation with his camp friends and on a little tour of inspection through the "White City."

When came the grand review and parade, and a notable one it was indeed. The Third regiment of the Regulars joined with the militia, so that numbers, as well as snap and vigor in the execution of all the movements, made a very striking martial spectacle and one to make one feel proud of our boys in blue. His excellency showed his keen pleasure and gratification at the brilliant work done, and gave free expression to his feelings. After inspection, Gov. Clough and party left for St. Paul.

One feature which is entirely new this year and which has proved gratifying even beyond the highest expectations, has been the revolver commission officers of the First regiment. There were three medals offered, a gold, a silver and a bronze. The gold medal was awarded to Private Oscar Olson, of Company G, he having been deemed sergeant pro tem, in order to qualify him to compete. Private Olson's score of 96 points out of a possible 100 at a distance of 75 and 50 yards is a phenomenal one, for not only does it make him the best of the N. G. M., but his record ranks high among the best in the world. Col. Reeve, to judge from his high words of praise and gratification on presenting the medal, seemed no less pleased than the happy winner himself.

There has been an almost constant round of skirmish shooting during the day. In this contest Company I is coming out far in the lead, getting probably forty-seven sharpshooters out of the fifty-two. Full reports will be in by tomorrow. Camp will be broken Thursday afternoon.

This has been a great shooting encampment, and Lieut. Park, who has charge of the rifle practice, says that a dozen state militia records will be broken.

The guard detail tonight is as follows: Officer of the day, Capt. McQuade, Company A; officer of guard, Lieut. Conrad, Company K; junior officer of guard, Lieut. Clark, Company E.

The detail tomorrow is: Officer of the day, Capt. Robedeau, Company F; officer of guard, Lieut. Hardy, Company H; junior officer of guard, Lieut. Merrill, Company D.

Small arms practice was confined to the two and three hundred yard distances this morning, and some excellent scores were made by the riflemen. They are as follows:

LESS RUST DAMAGE

AN ENCOURAGING FEATURE OF THE CROP REPORT FOR THE WEEK. Th Minnesota crop bulletin issued yesterday by Observer Beals says: The week opened extremely hot, followed during its middle portion by a cool spell, and closed with normal temperatures. Local showers have greatly checked the drouth in the central portions of the state, but it is intensifying in most counties south of the Minnesota river and in the northern portion of the Red river valley. Haying is progressing with unusually heavy yields being secured. The rye harvest is practically completed and barley cutting is well under way. Barley yields are below the average, but the berry is of good color. The general condition of oats is promising and their harvest has just been started. Wheat, as a rule, is not promising, although an improvement in consequence of cooler weather has generally been noted. In the Red river valley the late sown wheat is very poor and some has already been plowed up on account of rust and drouth. The early sown is in better shape and perhaps will give nearly if not quite an average yield. South of the Minnesota average from the head waters of the Red and Minnesota rivers wheat is in fair shape, although damaged some by rust, blight and hoar frost. Complaints of rust continue, but there are less numerous than heretofore. Potatoes are doing fairly well, but in the heaviest producing sections they would be benefited by a heavy rain. Potatoes are growing rapidly, even in the driest sections.

OVATION AT OMAHA.

Non-Partisan Demonstration in Honor of Bryan. OMAHA, Neb., July 21.—Upon the occasion of his first visit to Omaha since his nomination as President, a non-partisan demonstration was given in honor of Mr. Bryan. The demonstration was held at the Omaha Opera House, and was attended by a large number of people. The program consisted of a musical performance, a recitation, and a speech by Mr. Bryan. The demonstration was a great success, and the people of Omaha were very pleased to have Mr. Bryan in their city.

BUTLER TO PRESIDE

Continued from First Page. claimed that the other was composed of men who were not members of the delegations was headed by H. S. Taylor and the other by William Burns, who, as an officer of the American Railway Union, had been expelled from the delegations by Eugene Debs after the Chicago strike.

Speeches were made by both Burns and Taylor, and the convention was adjourned. The delegates to the national convention were elected by a vote of 49 to 18.

The hearing in the Ohio case followed. This controversy applied to the nineteenth Ohio district, involving three district seats and indirectly the seat of one delegate at large. The district consisted of the counties of Adams, Brown, Cuyahoga, Franklin, Hamilton, Lucas, and Warren. The delegates to the national convention were elected by a vote of 49 to 18.

Police were stationed outside the doors of the hall in which the committee were frequently in demand to prevent personal encounters between the contesting delegations from Chicago. There was one fistfight between H. S. Taylor and the leader of the regulars and Fredrick Stedman, of the opposing delegation. The Illinois case was again under consideration in the committee room. The committee had decided to reopen the contest upon the request of the members of the delegations whose seats were not contested and who had unanimously declared that the Taylor faction was entitled to the seats. After an hour's deliberation the committee reversed its decision of this afternoon which gave half a vote to each member of both delegations. They decided tonight by a vote of 30 to 24 to seat the Taylor delegation.

There was considerable feeling in the committee over the contest, and it was especially intense among some of the Chicago people on the outside. They declared that the committee had been packed, and that tonight's action was necessary to sustain Mr. Taubeneck in his position of national chairman. The Taubeneck-Taylor people were very much elated over the result. The ousted faction will press their claims for seats before the committee on credentials. They should still appeal to the court of last resort, the convention itself.

It was finally decided to let the matter go over until tomorrow morning. The "middle of the road men" still assert that they will vote for some other candidate than Butler.

NINE LIVES LOST

BY THE KENTUCKY FLOOD THAT SWEPT BENSON CREEK VALLEY.

TWO HOUSES WASHED AWAY.

FAMILIES SWEEPED TO DEATH WITH NO CHANCE TO MAKE ESCAPE.

TRAMP RETURNED GOOD FOR EVIL

Saved Lives of a Family Where He Was Refused Lodging for the Night.

FRANKFORT, Ky., July 21.—Nine lives were lost as the result of last night's floods, as far as heard from. Gaine's bridge, over Benson creek, was washed away, four miles from town.

The dead are: JAMES BRADLEY, wife and four children. MRS. BRYANT, a widow, and two children.

They lived in a flat along Benson creek which rose so rapidly that the houses were washed away before the occupants knew of their danger. Mrs. Bryant is a daughter of Squire Dan Moore, a candidate for county judge. James Sudduth, a tenant, made a miraculous escape with his family. He lives on Benson creek. He was awakened by the storm and discovered that the creek had swollen and was likely to sweep his house away. He swam over a mile, procured a horse, and the family made their escape from the house only a few minutes before it was washed away by the rush of waters.

Trapped on the Louisville, Cincinnati & Lexington, Louisville & Nashville and Chesapeake & Ohio will go over the Louisville Southern tracks, via Lexington. A half dozen or more county bridges have been washed away. The most valuable one was the one recently constructed over Benson creek at a cost of \$20,000. Hundreds of acres of crops were totally ruined, and it is impossible to even approximate the damage. Trains run on a bridge over so high that it is impossible to transfer passengers by boat or otherwise.

The bodies of Bradley, his wife and two children have been recovered. Many people living in Benson valley left their houses and waded out through mad waters, only escaping a few minutes before the buildings were washed away. The destruction to property in many parts of Franklin county is complete. Damage is estimated at \$100,000 at the lowest figure, and is probably a good deal more. A tramp, who was refused lodging by James Howlett, saved the lives of his family. He stopped in the barn, afterward came to the door and awoke the family just in time for them to get out safely. Coroner Dehoney tonight had an inquest on the bodies recovered, and returned a verdict of accidental drowning. They were James G. Bradley, father; Emma T. wife; Elroy, aged eight; Millie Bryant and children, Elison, aged two; Nora, aged thirteen, and Thomas Massie, colored. The remains of Flora Bradley have not been recovered. Dan Moore ran for the Bryant house and cried to the family to flee for their lives. They were too late.

WASHOUT WRECK.

Twelve Passengers Injured, Two of Them Fatally. CARBONDALE, Ill., July 21.—A disastrous railroad wreck occurred on the Chicago & Texas railroad about one mile south of Murphysboro today. A freight over Big Muddy creek gave way as a bridge over a deep cut and a passenger coach was dished. Twelve persons were more or less injured. Two of them may die. Those most seriously injured are: Scott H. Mohr, of Carbonada, badly cut about the face. George Siebert, of Bloomington, Mo., law broken and seriously injured. Mrs. G. S. Drew, collar bone broken and cut about the face. Mrs. Drew's little girl, quite injured and arm broken.

HUNTING FOR HUBER.

Believed to be in St. Paul With His Fourth Wife. Special to the Globe. MILWAUKEE, Wis., July 21.—The police were tonight asked to locate J. G. Huber, formerly of Hastings, Minn., who was secretly married here by Rev. W. A. Hunsberger on July 14, and who is now believed to be in St. Paul. Huber is a stockholder in the Hennepin County Bank of Minneapolis. Last May his wife died, and he has been unable to visit his daughter, coming here a short time ago. His wife's name is Mrs. Annie K. Huber, a widow, and she is believed to be in St. Paul. His relatives in this city did not know his whereabouts until today. Last Sunday he left, saying he had business in St. Paul, and a letter was received announcing his marriage to Mrs. Huber, who is forty years of age, while he is sixty-three. Huber is a native of St. Paul, Minn., and was a member of the First Baptist church of Chicago. He was married to Mrs. Huber in St. Paul, Minn., and she is a native of Chicago. He is a member of the First Baptist church of Chicago, and she is a member of the First Baptist church of St. Paul, Minn.

GOLD MEN TO MEET

TEN STATES WILL BE REPRESENTED AT A CONFERENCE THIS EVENING.

CALL FOR NEW CONVENTION

TO BE ISSUED AT ONCE BY WESTERN SOUND MONEY DEMOCRATS. MINNESOTA TO BE REPRESENTED. Iowa, Wisconsin, Nebraska, Michigan, Ohio and Indiana Are Among Them.

CHICAGO, July 21.—A meeting of gold standard Democrats will be held at the Auditorium hotel in this city tomorrow night to consider the advisability of issuing a call for a national convention. Ten states will be represented at the meeting, Illinois, Indiana, Ohio, Michigan, Kentucky, Wisconsin, Iowa, Nebraska and Minnesota. Illinois will be represented by Senator John M. Palmer, C. A. Ewing, H. S. Robbins and John P. Hopkins. Charles P. Long, John M. Ethington and Boyd Winchester will be present for Kentucky, while Virgil P. Kline will speak for Ohio. Don M. Dickinson and E. G. Stevenson are coming over from Detroit, and Senator Vilas and Gen. Bragg will be present for Wisconsin. Gen. James O. Broadhead and F. W. Lehman will represent Missouri. J. J. Richardson and Mayor Vollmer, of Davenport, Iowa, will look after Iowa. Euclid Martin and F. W. Vaughan will speak for Nebraska and W. D. Bynum, S. A. Pickins and John P. Krenzler for Indiana.

When the gold standard Democrats of Illinois issued their address to the Democratic party shortly after the Chicago convention, they were acting with the knowledge and approval of the gold standard Democrats in other states, and the meeting tomorrow night is the result of the agitation following the issue of that address. It was not the original intention to call the meeting at so early a date, but ex-Congressman Bynum, of Indiana, has been very energetic in urging that the preliminary meeting be held at an early date, and it was finally set for tomorrow night. There is practically no doubt, the local men say, that the conference will decide to call a convention, and that the call will be issued immediately after the meeting.
