KILLED AT BUFFALO.

MISS WINNIE MEGINN, A POPULAR ST. PAUL TEACHER, LOSSES HER LIFE.

VICTIM OF RUNAWAY ACCIDENT.

OMNIBUS HORSES ARE FRIGHTENED AND THE VEHICLE OVERTURNED.

OTHER PASSENGERS ARE HURT.

And the Driver's Injuries Are Reported to Be Quite Serious—Wright County's Tragic.

Miss Winnie Meginn, a teacher in the St. Paul schools was fatally injured in a runaway at Buffalo, Minn., yesterday. She died within half an hour after the accident.

This was the substance of a telegram received in St. Paul from Buffalo, Minn., last evening. Miss Meginn was returning from the depot to the town in Gorman's bus. The team ran away, overturning the bus. In addition to Miss Meginn's injuries one other passenger was injured.

The report of Miss Meginn's untimely death was a severe shock to her sister, Mrs. J. B. Rives, who is at present confined to her bed with sickness, and also to those of her friends in St. Paul who heard the news last night. Miss Meginn was a graduate of the St. Paul high school class of '88, and since then has been connected with the public schools of this city as a teacher. She was for some time a principal of the school at Hazel Park, but recently has been a teacher at the Harrison school. She was twenty-three years old and a general favorite, not only with those whom she associated with in her school work, but also the pupils who came directly under her charge. She left St. Paul about ten days ago to spend her vacation with the family of Richard T. Flournoy, who is connected with the Great Western road. They are summering at Buffalo.

The Meginn family have lived in St. Paul for a number of years and reside at Hazel Park. About three years ago Miss Meginn's father, A. R. Meginn, was appointed lumber agent of the Atchison, Santa Fe and Texas railway, and was obliged by reason of his business to remove with his family to Kansas City. The deceased, however, remained at St. Paul and has been living at the Portland.

Her brother-in-law, J. B. Rives, who lives on Raspberry island, was notified yesterday afternoon that there had been an accident, and that Winnie was seriously injured, but the telegram gave no other information and did not state that she was dead. Her parents at Kansas City were notified last evening of her death, and until they have been heard from no arrangements will be made for the funeral.

O'Halloran and Murphy received a telegram last night informing them that the remains of Miss Meginn would arrive in St. Paul on the morning train.

NO REIGN OF CRIME.

LOCAL POLICE WILL MAKE A HOT BERTH FOR CROOKED CAMP FOLLOWERS.

ALREADY ON THE QUI VIVE.

THEY HAVE ARRANGED FOR THE PRESENCE OF METROPOLITAN "FLY BOYS."

EXTRA PATROLMEN DRAFTED.

Five Score or More Specials Will Be Sworn In For Temporary Duty.

In the matter of proper police arrangements during G. A. R. encampment week both Chief Goss and Chief of Detectives Schwetzer are determined that St. Paul shall not be behind other cities, and if the plan which they have outlined can be put in operation...

It is the intention of Chief Goss to have in the neighborhood of 150 special policemen appointed to serve during the first ten days in September. For the past week he has been in correspondence with the police officials of Louisville as to the arrangements in that city during the encampment last year. According to a letter received yesterday, there were employed in Louisville during the encampment last year 250 specials. This was in addition to the regular force of 280 men and a large number of detectives from other cities.

Chief Goss, however, is of the opinion that 100 specials is all that will be needed here or at any other city. A number of 150. His plan is to bring in from the four sub-stations about half of the regular men on duty at each. These will be added to the force at the central station and will swell the number of regulars to be used for patrol duty to over 100. Only the older and more experienced men will be selected for duty at the central station and the greater part of the specials to be appointed will be used in connection with those of the regular force for duty at the sub-stations. The chief has also been in correspondence with the detective departments of Chicago, St. Louis, Cleveland, Pittsburg, Cincinnati, Milwaukee and Louisville, and a detective from each of these cities will be on duty in St. Paul during encampment week. Mayor Dornan yesterday sent a letter to the O'Connor agency of this city requesting Mr. O'Connor and ex-Chief Clark, who are connected with the agency to confer with him and Chief Goss regarding the employment of specials during the encampment. In addition to these "fly boys" a number of the best men connected with the Pinkerton agencies in Boston, Philadelphia and New York will also be on hand to assist in the corralling of the festive con men, pickpockets and thieves.

It will be seen from these arrangements which have been all but perfected that the city will be well taken care of during the encampment from a police standpoint. The regular detective force of the city, reinforced by the best men from other cities and agencies mentioned, will be under the charge of Chief of Detectives Schwetzer, and those of the crooks who have had an idea that they would be able to reap the harvest in St. Paul during the encampment week will be badly fooled. Chief of Detectives Schwetzer, in speaking of the work to be done by the detective force, says that he has selected every thing would move all right, and those visiting the city, as well as the citizens, would be given satisfactory protection.

At the next meeting of the council a resolution will be introduced asking for an appropriation of \$3,000, which is to be spent in carrying out the plans formulated by Chief Goss for the policing of the city during the first ten days in September. The idea, Chief Goss said, was to have the city set out with a force of 150 specials, and not to take it from the police department fund. As it is now, the police fund would be exhausted before the year was over, and while he did not object to the council's action, he is not in favor of the plan for the purpose he had been informed by Mayor Dornan that Comptroller McCarty had agreed not to interpose any objection to the auditing of the resolution for the \$3,000 needed.

DULUTH WANTS A CUT. Complaint Is Made Against Exorbitant Insurance Rates.

Chauncey E. Richardson, city clerk of Duluth, spent some time yesterday at the state insurance department obtaining some information to be used by the people of Duluth in an effort to obtain a reduction in insurance rates. Duluth is one of the cities which pay higher rates for insurance than any other town, almost in the country, while their fire losses are not in proportion to the amount of premium paid. Mr. Richardson says that he conferred with the compact manager at that place, and with Commission No. 3, in Chicago, but have been unable to procure any satisfaction or any reduction in their rates.
