

HAS HER BOY AGAIN

MRS. LILLIAN ARNE RECOVERS HER CHILD IN THE COUNTRY NEAR PRESCOTT.

INTERESTING CHASE FOR HIM.

DETECTIVE CAMPBELL TRACKED ARNE TO HARRIET, THENCE TO ALMA.

FINALLY LOCATED THE YOUTH.

He Was Hiding in the Woods—Required Hours of a Mother's Pleading.

Mrs. Lillian Arne, of the Colonade, was very happy woman last evening as she drove up to the hotel in a closed carriage. For nesting upon the seat beside her was the fair haired little boy so dear to her, who was taken away last week by her husband, Frank Arne, upon the pretense of an excursion to Lake Minnetonka.

The story connected with the recovery of the child is rather remarkable. Detective Campbell, who was detailed for the work, made the recovery yesterday afternoon, after some very sharp work. Little Ray Arne was the recipient of much attention at the hotel last evening. His mother, Mrs. Arne, held an informal and impromptu reception. The story is as follows:

The first trace was obtained at Lake Harriet, where it was found Mr. Arne and the baby had had luncheon Sunday. They returned at 1:30 p. m. and later took the boat Sidney from St. Paul. Monday a call was made by Campbell on Mr. McMillan, of the union station, who gave the names of 165 conductors who left St. Paul Sunday. Inquiry was made of the gate keepers, who had seen no such parties as described. The search of the train was at last given up as hopeless.

On the evening of the company's office hands happened to go down the river Sunday on the boat and recalled seeing a man and boy about answering the description of Mr. Arne and Ray. A telegram was sent to the captain of the Sidney which reached him at Burlington.

On Tuesday at 4 o'clock stating that a man and a boy answering the description had gotten off at Alma. The first train to Alma was at 7:40 Wednesday. Detective Campbell, taking with him a man who could identify the boy, left on that train and upon arriving at Alma late that afternoon was informed by the proprietor of the Union house that he had seen a man and boy answering the description of Arne and Ray in the city Monday. There was a confusion in the mind of this man, however, owing to the fact of a man and a boy similar in appearance having stopped at his house Monday night.

The following morning, Thursday, it was learned from the proprietor of a man and boy stopped at his hotel all of Monday and Monday night, leaving Tuesday morning. The most convincing proof of this fact was the fact that the former had been heard to call the latter by name.

Arne inquired of the proprietor of the hotel for the name of a prominent Mason and was referred to one of the place. A call was made upon this gentleman by Detective Campbell. His manner indicated that he obligated himself to hold the man and boy for Mr. Arne. He stated that Mr. Arne called upon him Monday, introduced himself as a Mason and requested him to accompany him to the country, which he consented to do. He procured a livery rig in which they drove out into the country and were gone the better part of the afternoon, but returned at 4 o'clock to the hotel where the gentleman told him that Mr. Arne stated that he intended returning to St. Paul the next morning. The mission to the country could not be carried out as the man and boy were not to be seen. Mr. Downer, the conductor, was in St. Paul at 2 p. m. Friday, and Mr. Campbell returned to town and saw him. He recalled the man and boy and said they got off at Prescott. Accompanied by Mrs. Arne, Mr. Campbell left Friday evening for this place. From the proprietor of the hotel at Prescott it was learned that Arne and Ray had breakfast there today a. m. Mr. Arne again made inquiry for a prominent Mason and was referred to a certain gentleman. He, in turn, referred Mr. Arne to another man. The latter lived in the country a few miles.

MONEY TOO SCARCE

MAYOR DORAN'S REASONS FOR OPPOSING AN ISSUE OF \$100,000 BONDS.

TO IMPROVE COUNTY ROADS.

COMMISSIONER GEORGE H. ALLEN FIGURES OUT THAT AN EXPENDITURE OF \$100,000

WOULD HELP THE CITY IN THE END

Minneapolis Now Gets a Good Deal of Trade Because of Ramsey's Poor Roads.

There is a decided difference of opinion among the members of the board of county commissioners as to the propriety of issuing \$100,000 worth of bonds for the purpose of raising the money necessary to macadamize and improve the White Bear and Rice street roads. The majority of the board are in favor of the proposition as was demonstrated at the July meeting when Commissioners Allen, Moritz, McCarron and Wright voted to adopt the recommendation of the committee on roads and bridges to the effect that bonds to the amount of \$100,000 be issued, redeemable, \$10,000 worth a year for ten consecutive years. Mayor Doran, the chairman of the commission and Commissioners Ness and Kellerman opposed the scheme, on the ground that it would, if carried out, impose an unjust and unnecessary burden on the taxpayers.

Though the amount of money needed was provided for in the county tax estimate for the ensuing year, the board of commissioners has not yet formally voted to issue the bonds, and Mayor Doran hopes that at least one of them will change his mind before the final vote is taken, as he is strongly opposed to the scheme. Commissioner Allen on the other hand is convinced that it would be a benefit to the city. As long as the mayor remains in office, it will be difficult to put it through, as the law requires his signature, as chairman of the board of county commissioners, to be affixed to all bonds issued by the city. The Rice street road is a mistake for anybody to stand in the way of such a new improvement.

"It is easy to demonstrate," said Commissioner Allen yesterday, "that the proposed improvements of the White Bear road, the Rice street road from the city limits to the line of the Minneapolis and White Bear road, would in the end lighten instead of increasing the burdens of the taxpayers. It is a mistake for anybody to stand in the way of such a new improvement. FIREMAN IS KILLED

PHILO S. WHITMAN LOSES HIS LIFE TRYING TO BOARD A TRAIN.

WAS SIMPLY AFTER A RIDE

BUT STUMBLER AS HE REACHED THE TRACK, CARS PASSING OVER HIM.

FORMALLY IN THE REGULAR ARMY

Received an Honorable Discharge and Returned to His Occupation as Railway Fireman.

Philo S. Whitman, who recently has been employed as a train fireman on the Northern Pacific railroad, was run over and instantly killed yesterday morning near the Mississippi trestle bridge. Whitman, while not employed, made his home at Irvine, Wis., and the train which ran over him was one running from Minneapolis to that point. Whitman is thought to have intended to board the train at that point, and, knowing the trainmen, concluded to ride over on the train. The freight train was well under way at the point where the accident occurred, and the trainman saw Whitman running toward it as though he intended to board it. He probably stumbled when he reached the tracks, as those who were watching him were shocked to see him fall under the wheels. The train was stopped as soon as possible, but when the trainmen reached Whitman he was dead. Coroner Whitcomb was summoned and held an inquest. A body taken care of by an undertaker. The men who saw the accident incline to the opinion that Whitman was relying on his ability to board the train, as he had done many times before, missed his footing and fell to his death. Whitman was twenty-nine years old and single. He was for several years a fireman on the Chicago & Great Western road. In 1891 he enlisted in the regular army as a member of Company H, Tenth Infantry. He was honorably discharged in June, 1894, and again engaged in his occupation as a train fireman. During the last two years he has been employed as a steady employment, and has, at times, been much depressed. Lately he has been employed as extra fireman and was hopeful of soon securing a permanent position. Coroner Whitcomb was requested by a telegram from E. E. Deason, of Fond du Lac, Wis., to ship the body to that point for interment, and that was done at 7:40 last night.

The colored band which practices each Monday and Thursday evenings in the hall opposite the Grand hotel will give a benefit concert Aug. 12 for the purpose of buying uniforms and instruments. The concert will be given under the management of the director, Mr. English, in Central hall.

The first programme for the Schubert club this year will be given under the direction of Prof. Gerald Towning, of Duluth, and will be made up entirely of his compositions. Time, 8 o'clock. Renard will take part in the programme, and Rebekah McKenzie, who goes abroad immediately after his concert, will be present. The other numbers on the programme will be given by members of the club.

The women of Mahtomed gave a concert at the hotel last evening for the benefit of the Sunday school. Miss Gertrude Sans Souci gave a musical Monday afternoon for the members of her summer class. Mrs. Chas. B. Yale gave a musicale Wednesday evening at her home on Dayton avenue. Solos were given by Mrs. S. Harris and Mr. Kerr, who has recently returned from New York. Miss May Strong played, and numbers were given by the Minneapolis Quartet, and a quartet composed of Mrs. Yale, Mrs. Harris, Miss Burdett and Miss Baker.

NO RELIEF FROM THIS SWeltering Season Is in Sight. The week just ended has been one of extreme high temperature, and sweltering humidity is doubling the length of the day in the week when there is surcease from the demands of the workday world, when one may lounge about in the shade and drink cooling beverages. If Observer Lyons be right in his predictions, and he has been usually correct in his prognostications during the past week—the attendance in city churches will be mighty small today and tomorrow. The outlook is for a continuation of the hot spell, and he will not swear that there may be a change in store tomorrow.

The air was cooler yesterday following the rain and breeze, the temperature yesterday averaged 85 and late in the afternoon the mercury was hugging the 90 mark. The rush to the lakes was the heaviest since the Fourth of July, and everybody who had business down town kept on the shady side of the street.

SUNSTROKE OR PLAIN DRUNK. Unknown Man Tips the Ambulance Driver and Disappears. At 5 o'clock yesterday afternoon the city ambulance was ordered on a hurry call to Seventh and Ramsey streets. Arriving at the locality, a well-dressed man was found sitting on the curbstone, and according to the statements of the bystanders suffering from a sunstroke. He was assisted into the ambulance, and started for his home, somewhere on Grand avenue. The driver of the ambulance, who was seen after his return, said the patient, who was a perfect gentleman, and the driver, a newspaper man, had insisted on leaving the wagon at a point on Grand avenue. The driver, who had his name or address, and as there was way to compel him to do either, the driver did the best he could, and not the patient. The man tipped the driver a piece of silver, said he could get home all right and started off.

A saloonkeeper at 327 East Seventh street, when questioned last evening about a case of sunstroke which had been struck at the neighborhood, said the only thing he had heard of that fitted the case was an intoxicated man who had been taken home in the ambulance. He further ventured the opinion that had the man not been well dressed, the police would have called the patrol wagon and made the charge plain "drunk" instead of sunstroke.

CONCERTS AT COMO PARK.

First Regiment Band Gives Final Programmes Today.

Many people will regret that after today they will not have the opportunity of listening to the band concert that Watson's First Regiment band has been striking at Como park during the past week. The band is a fine one and its concert has proved a great treat to the public.

The band will be in the park this afternoon at 3 o'clock, and the band will make his last appearance this evening at 8 o'clock.

FIELD, SCHLICK & CO. (SUCCESSORS TO FIELD, MAHLER & CO.)

Dollars Doing Double Duty.

They're doing it in many departments of this store, but they're doing more than double duty in the Cloak Room. Our Suit and Skirt buyer is in New York. He sent us on a lot of goods last week from three different makers, which for downright cheapness have never been equalled in this or any other store. Manufacturers are not prophets. They sometimes make more goods than they can sell. And when a cash buyer comes around on pay day they sometimes want the cash a great deal more than Suits and Skirts. That was the situation last week in New York, and that accounts for these unheard-of values in St. Paul.

- Mohair Brilliantine and Sicilian Suits, Jackets lined with Silk throughout, finest Rustle Taffeta-lined Skirts, worth \$15 at wholesale and \$20 at retail, for \$7.75
This compels us to sell all our regular stock Suits that were \$12 and \$15 for \$7.75
French Crepon Dress Skirts that were \$10 at wholesale and \$15 at retail for \$7.50
Mohair Brilliantine and Sicilian Dress Skirts, worth \$12, for \$5.50
Mohair Jacquard and all-wool Jacquard Dress Skirts, finest imported materials, Rustle Taffeta lining, worth \$12.50 and \$14, for \$8.50
A little lot of French Crepon Dress Skirts, lined throughout with Taffeta Silk, worth \$30, for \$15.00
Lots of others at lower prices. But these price quotations will show you how cheap we're selling them. All ready as soon as the store opens.

The Linen Sale. More Linens came last week, and the prices are taking the town by storm. Hotel men, restaurant men, private housekeepers—everybody is looking for Linens in preparation for the G. A. R. Convention. There never was a time when bargains were so plentiful—never a time when we sold so many Linens in mid-summer.

- 65 dozen Bleached Damask Napkins, 1/2 size, regular price \$2.75 a doz., tomorrow only \$1.90
One case extra heavy Marseilles Bed Spreads, large size, hemmed ready for use, actual \$2.50 kinds, tomorrow \$1.88
42" Old Bleach Towels—they wear a lifetime—some of them are soiled, and we want to close them out before the new stock comes in.
50c kinds for 38 cents.
60c kinds for 42 cents.
75c kinds for 55 cents.

U. S. Flags.
A new stock of Standard Bunting Flags, at lowest prices for superior qualities. Special prices for Schools, Societies and Clubs formed by private parties.

SENSATIONAL SILK SELLING.

New Silks by express nearly every day. More than that. There are a number of extra special purchases, all bought below regular prices, which will be sold on smallest margins just to make things boom in the so-called dull season. No woman who has any use for Silks can afford to overlook these special sales.

- New Taffeta Silks in black and white and fancy colored checks, 22 inches wide, worth 75c; tomorrow, 24 cents.
Black Brocade Taffeta Silks, 22 inches wide, worth 85c, for 40 cents.
